

## Appendix B: Figures

Figure B-1. Marbled murrelet occupied sites on lands managed by Washington State Department of Natural Resources.

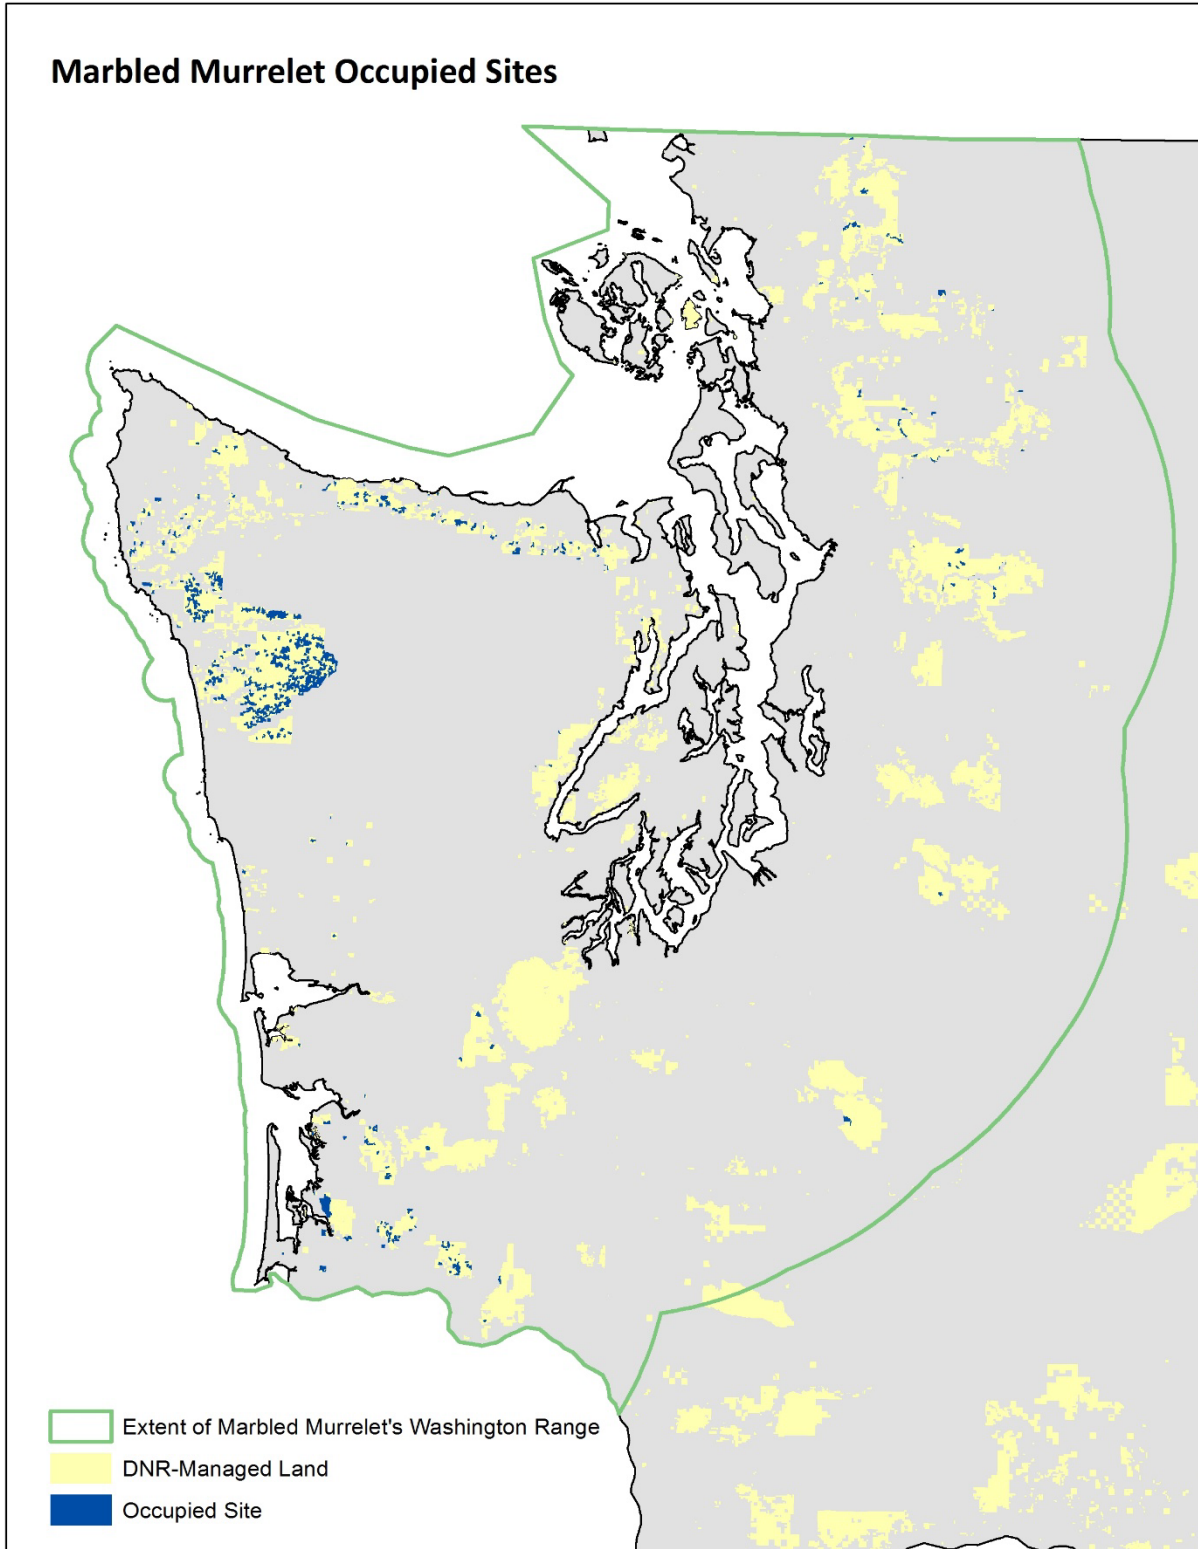

Figure B-2. Marbled murrelet Special Habitat Areas designated as part of Washington State Department of Natural Resources' long-term marbled murrelet conservation strategy.

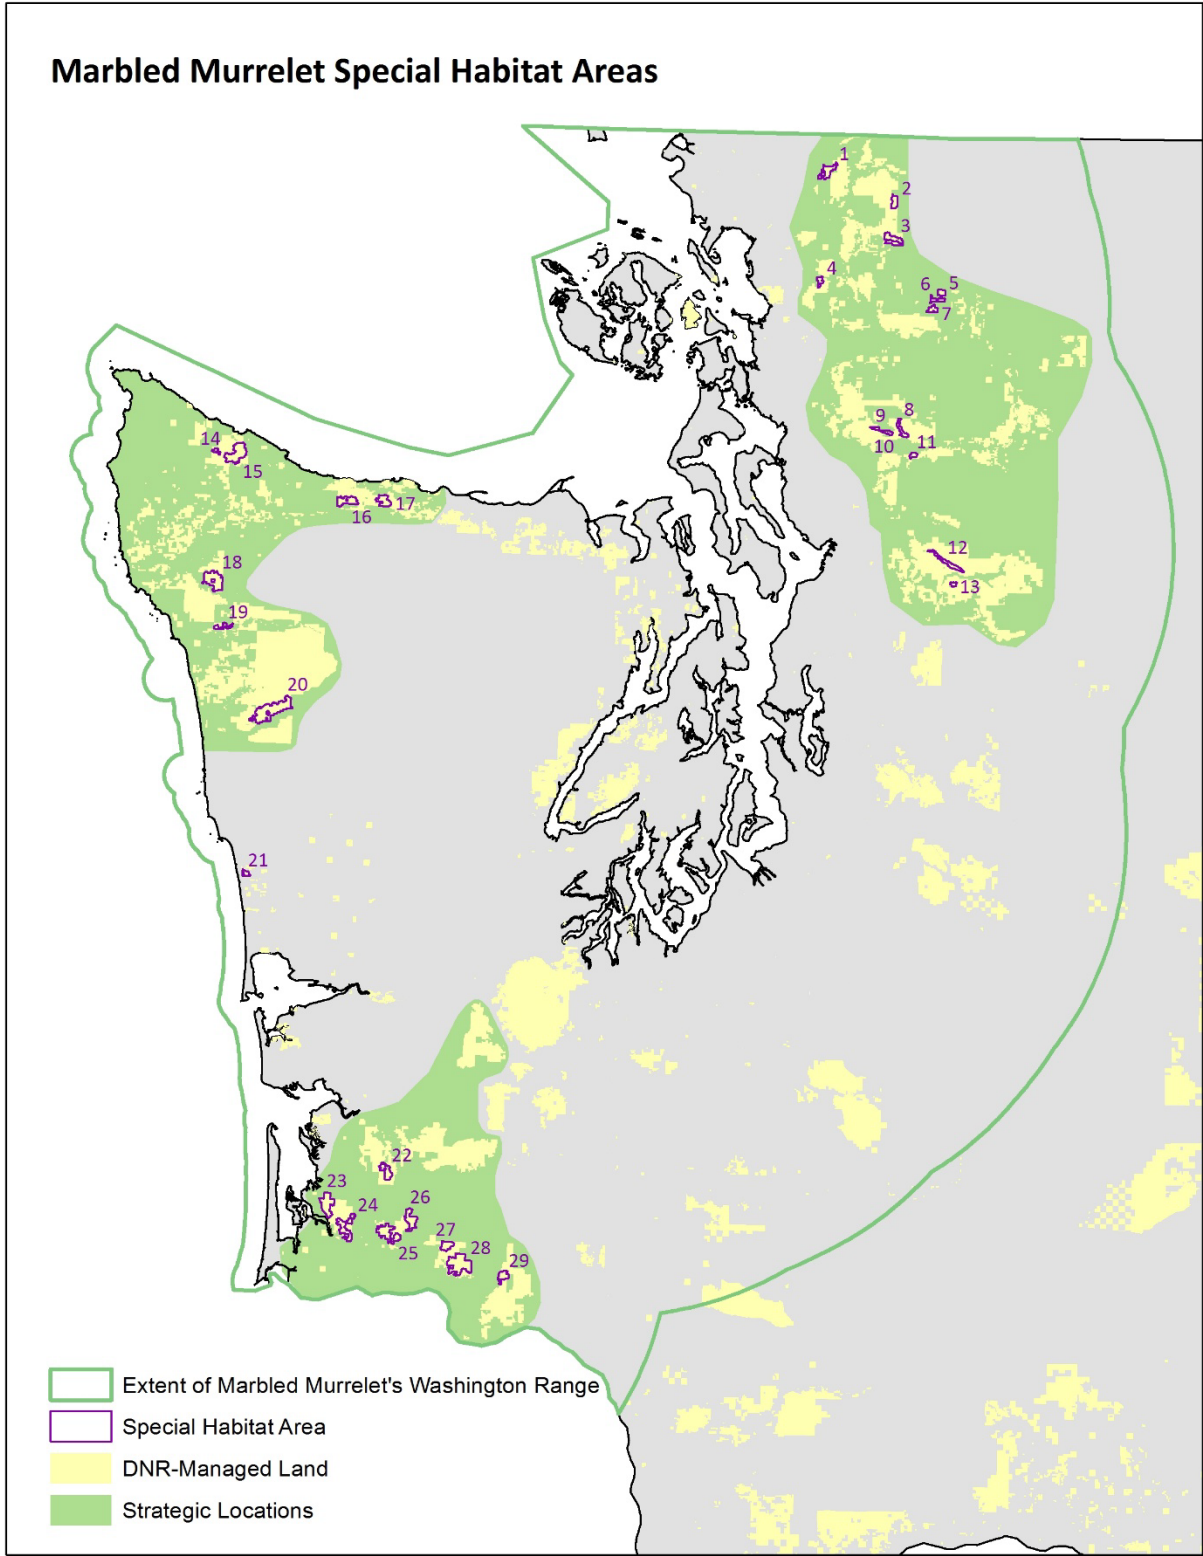

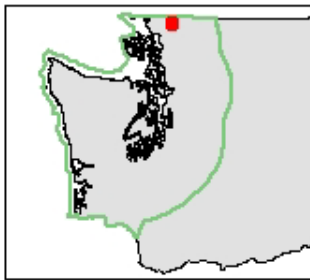

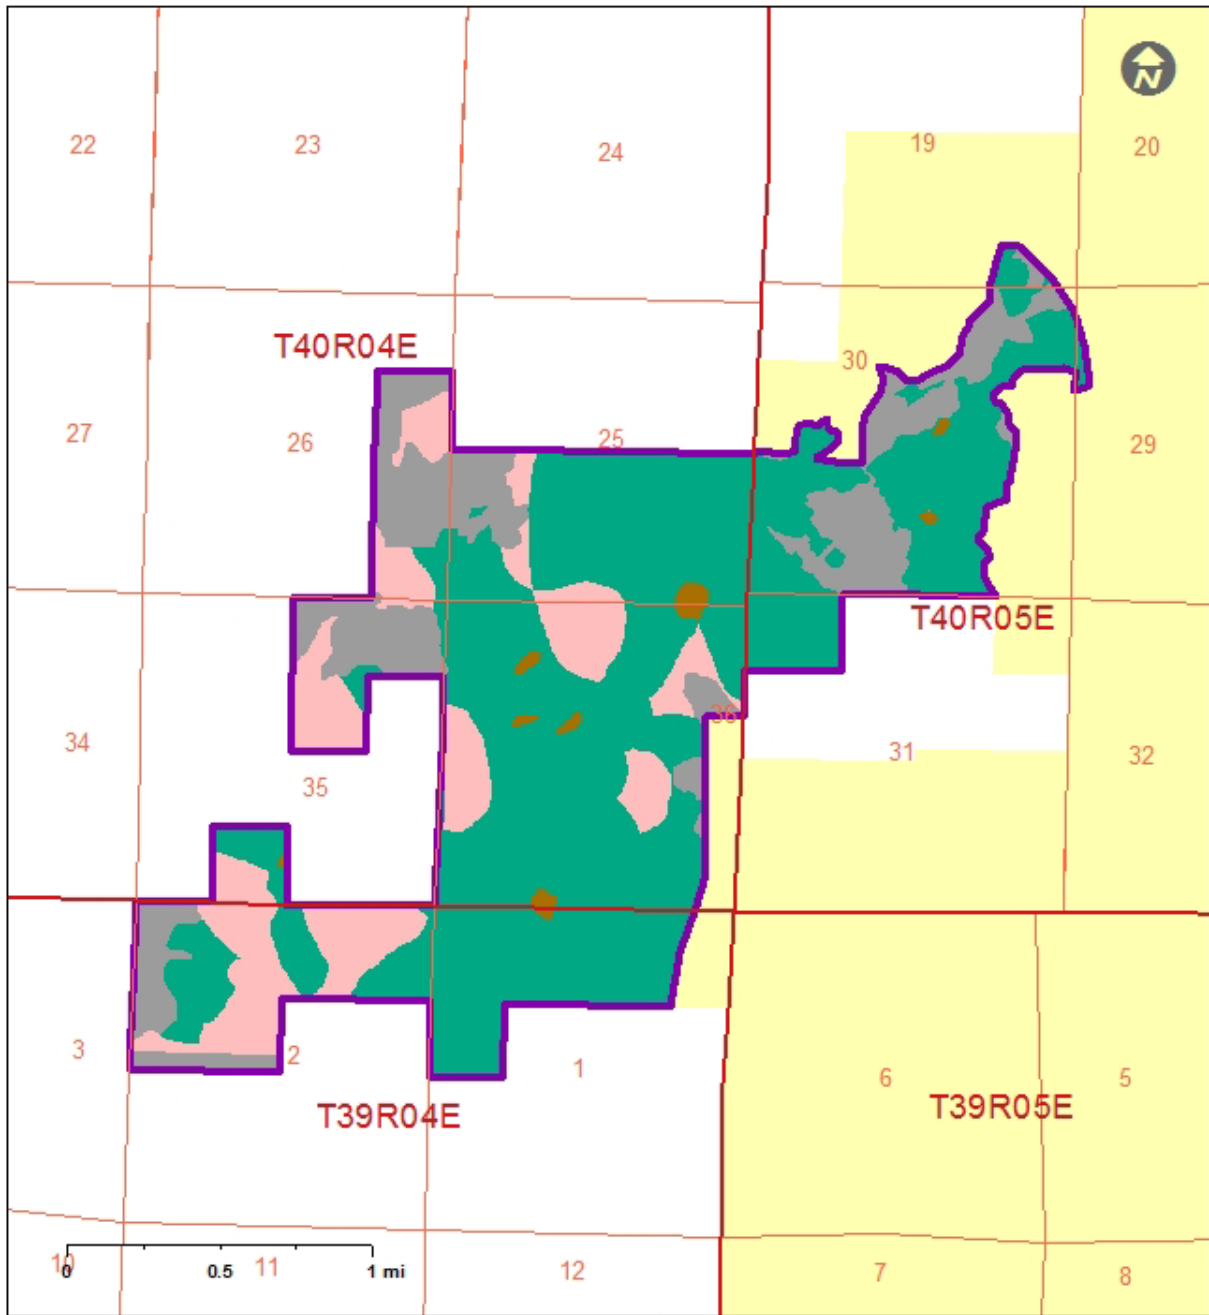

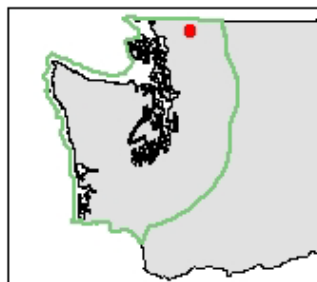

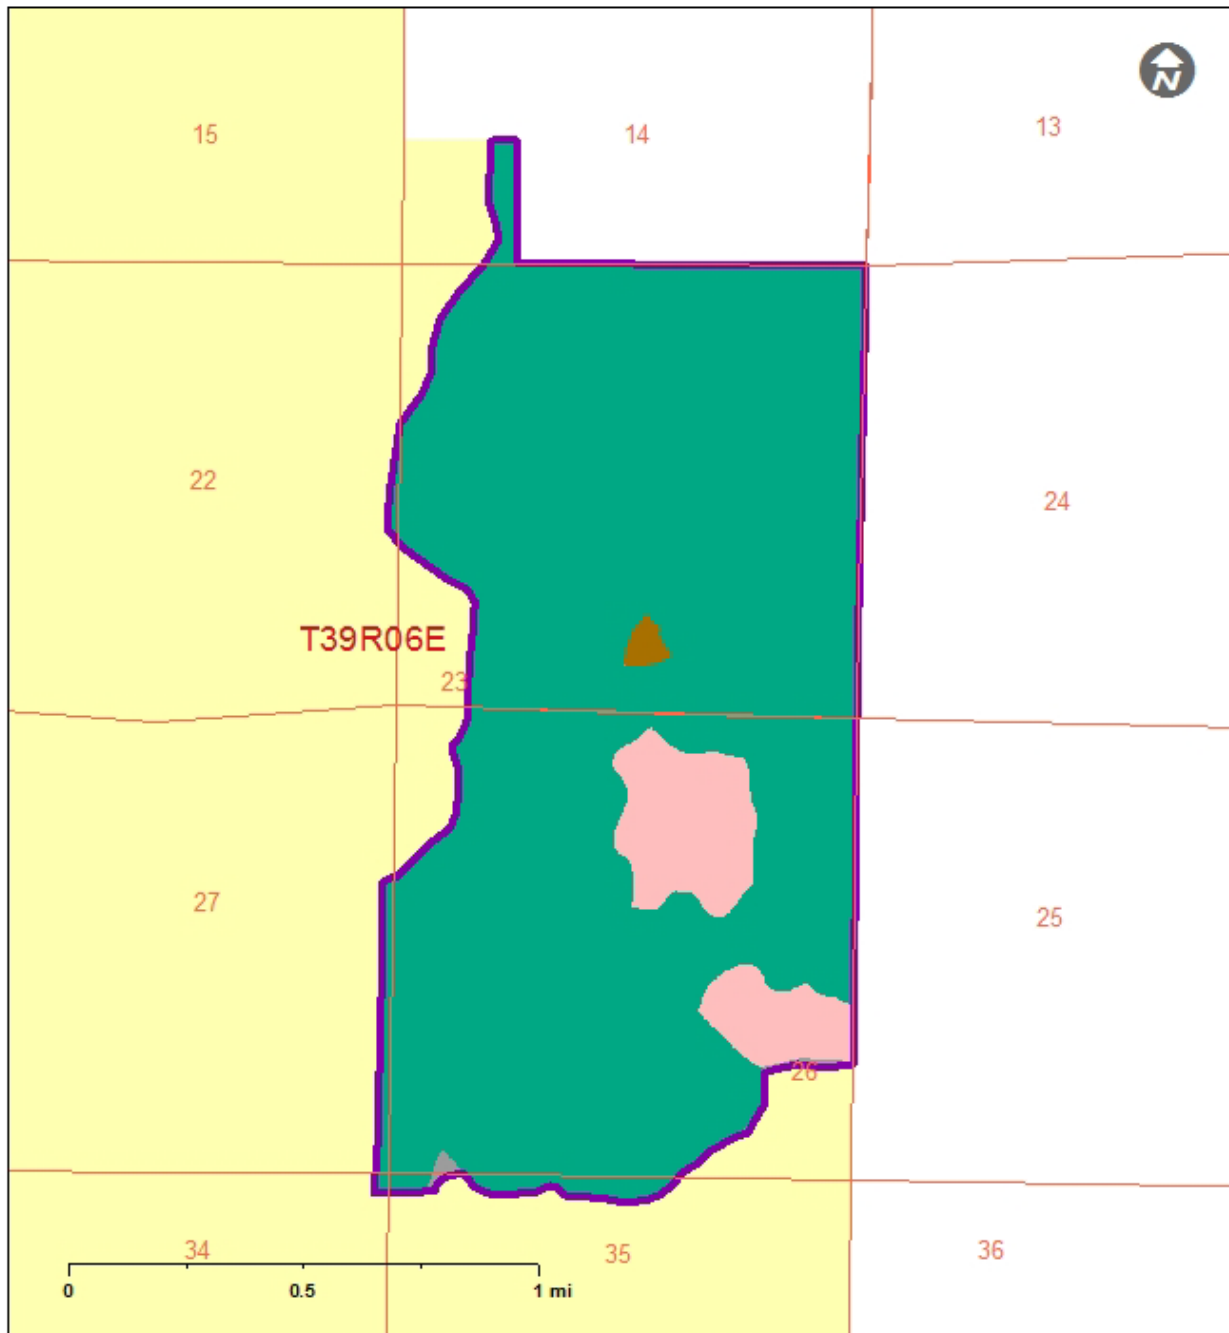

Figure B-3. Sumas Special Habitat Area.

- |                      |                                    |
|----------------------|------------------------------------|
| Townships            | Occupied Site Buffer               |
| Sections             | Occupied Site                      |
| Special Habitat Area | Current Habitat                    |
| DNR-Managed Land     | Future Habitat                     |
|                      | Current and Future Security Forest |
|                      | Non-forested                       |

Figure B-4. Cornell Creek Special Habitat Area.

- |                      |                                    |
|----------------------|------------------------------------|
| Townships            | Occupied Site Buffer               |
| Sections             | Occupied Site                      |
| Special Habitat Area | Current Habitat                    |
| DNR-Managed Land     | Future Habitat                     |
|                      | Current and Future Security Forest |
|                      | Non-forested                       |

Figure B-5. Middle Fork Special Habitat Area.

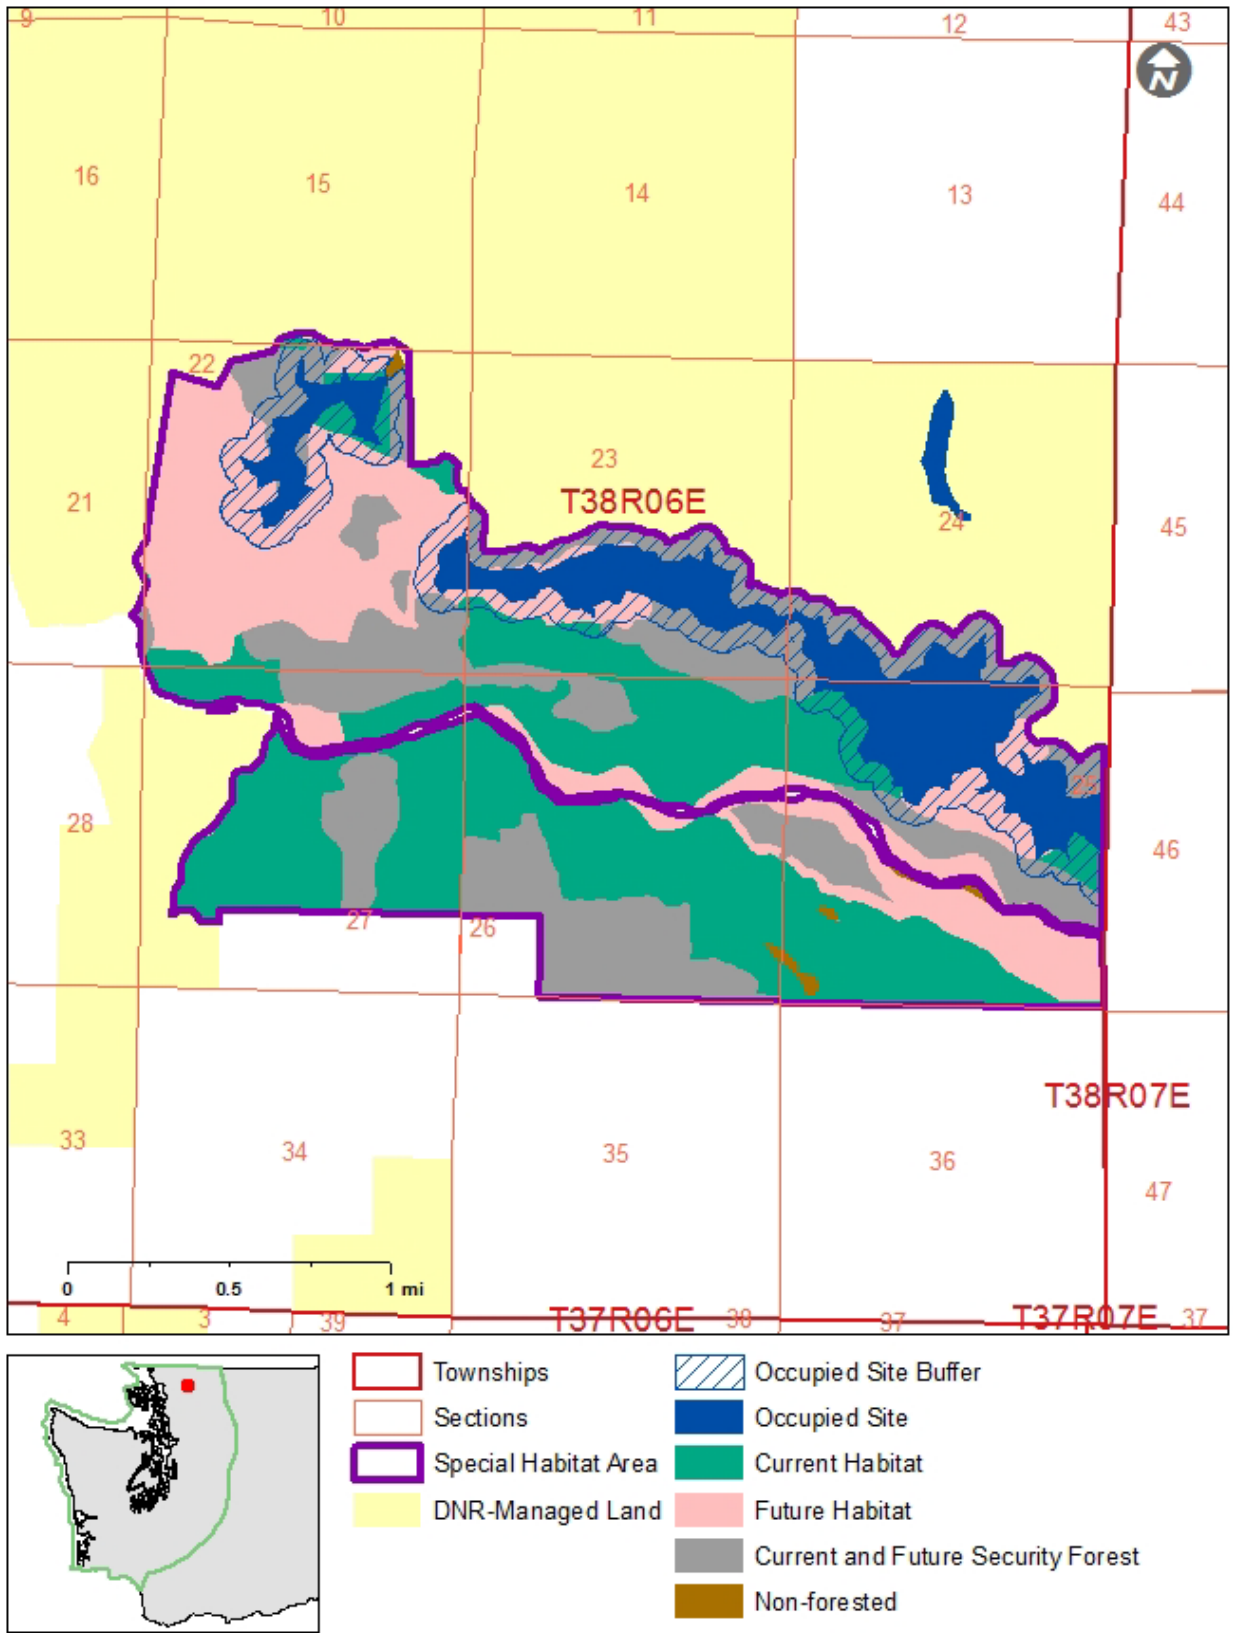

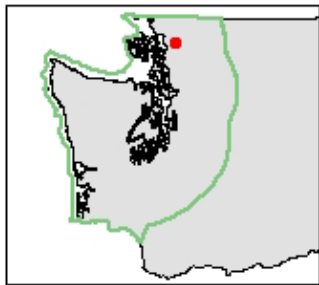

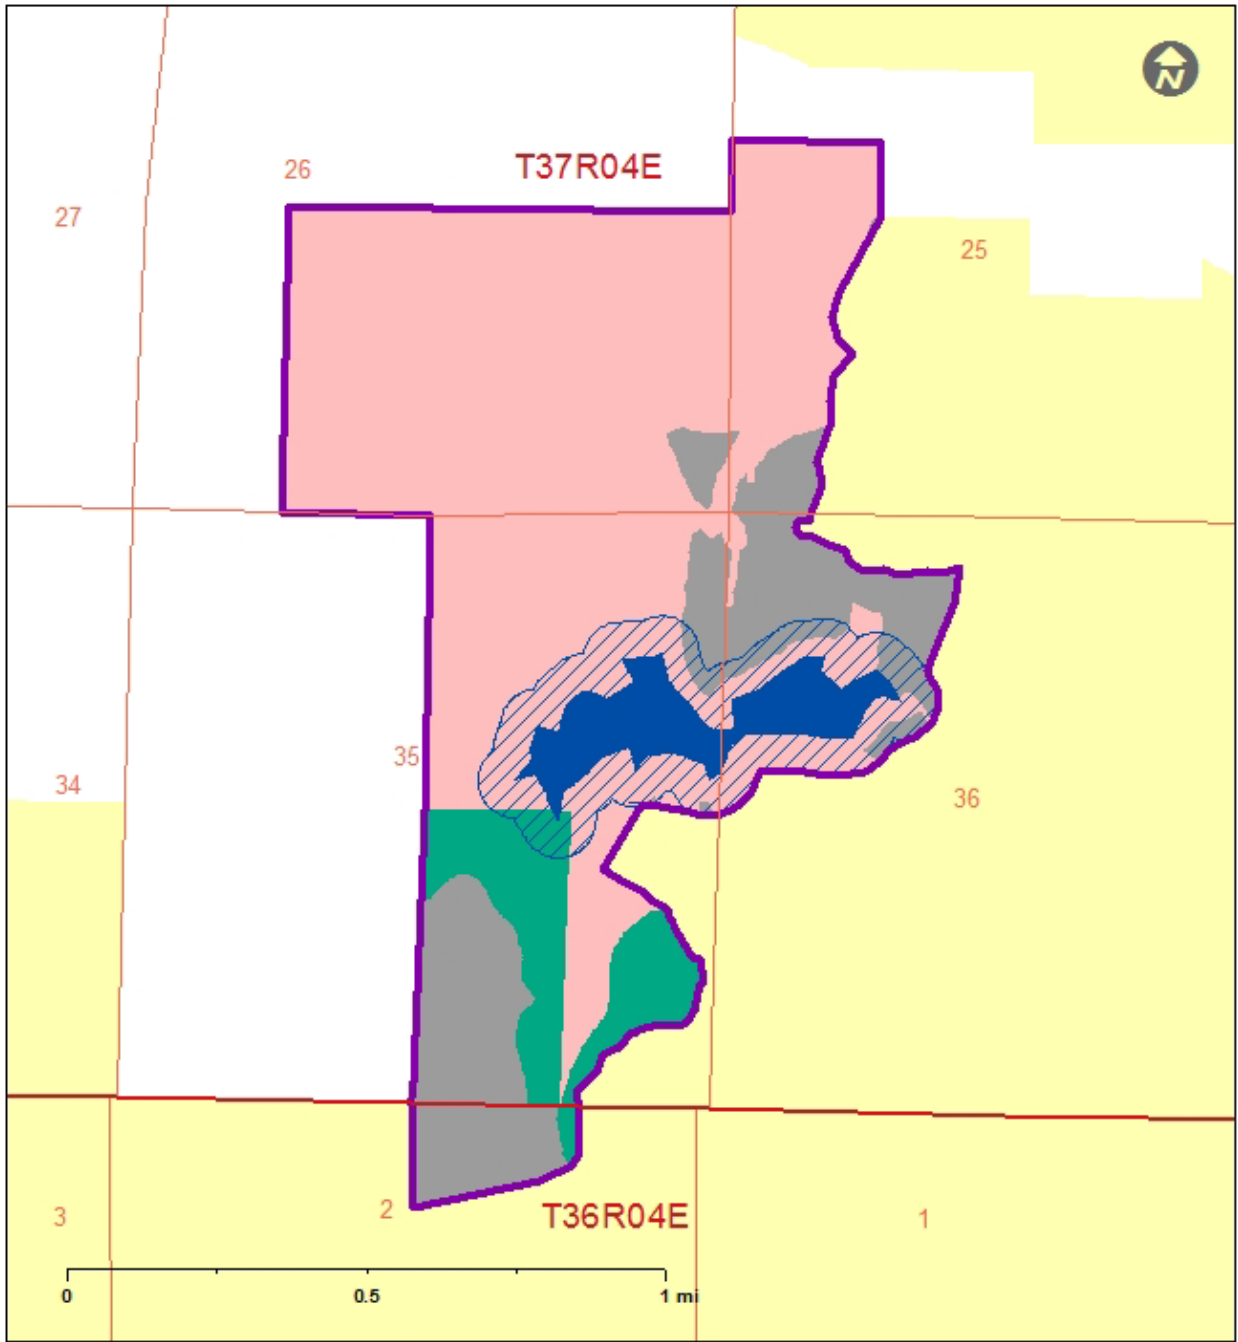

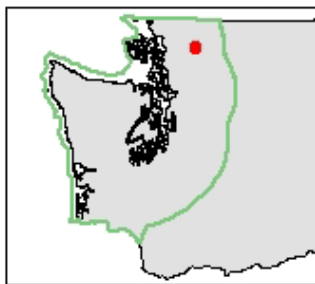

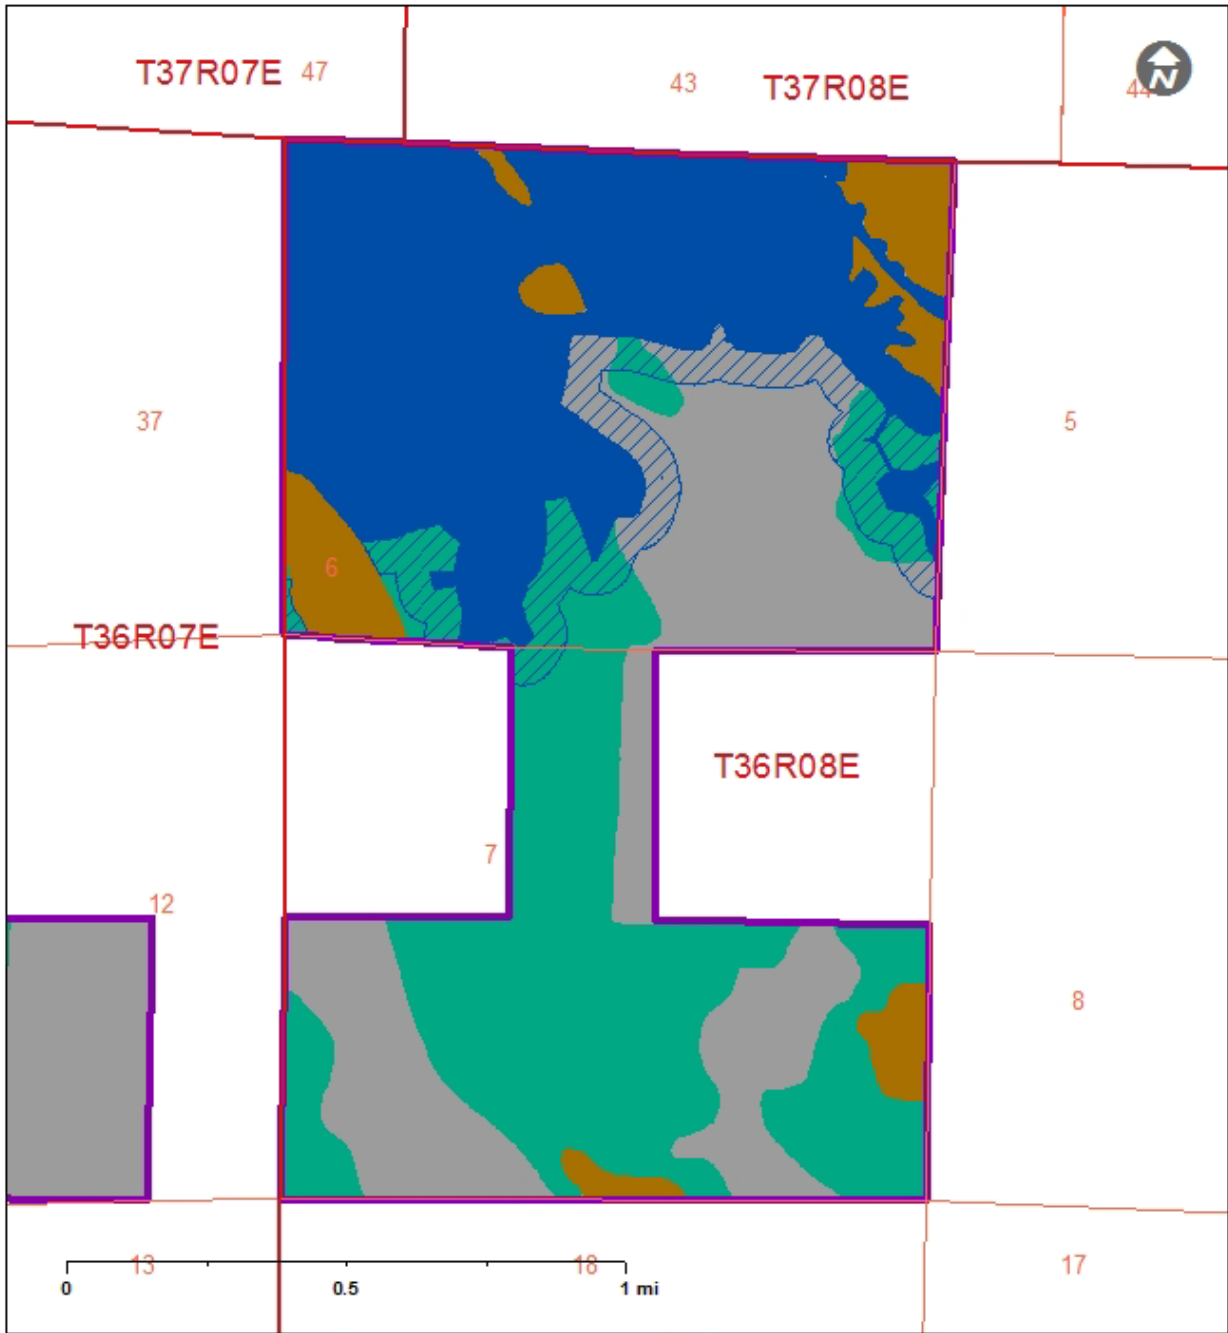

Figure B-6. Lake Whatcom Special Habitat Area.

- |                      |                                    |
|----------------------|------------------------------------|
| Townships            | Occupied Site Buffer               |
| Sections             | Occupied Site                      |
| Special Habitat Area | Current Habitat                    |
| DNR-Managed Land     | Future Habitat                     |
|                      | Current and Future Security Forest |
|                      | Non-forested                       |

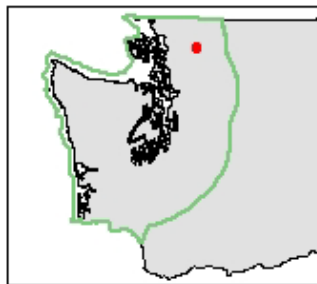

Figure B-7. Lake Shannon East Special Habitat Area.

- |                      |                                    |
|----------------------|------------------------------------|
| Townships            | Occupied Site Buffer               |
| Sections             | Occupied Site                      |
| Special Habitat Area | Current Habitat                    |
| DNR-Managed Land     | Future Habitat                     |
|                      | Current and Future Security Forest |
|                      | Non-forested                       |

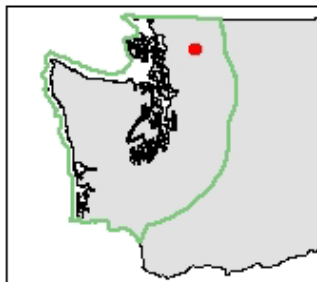

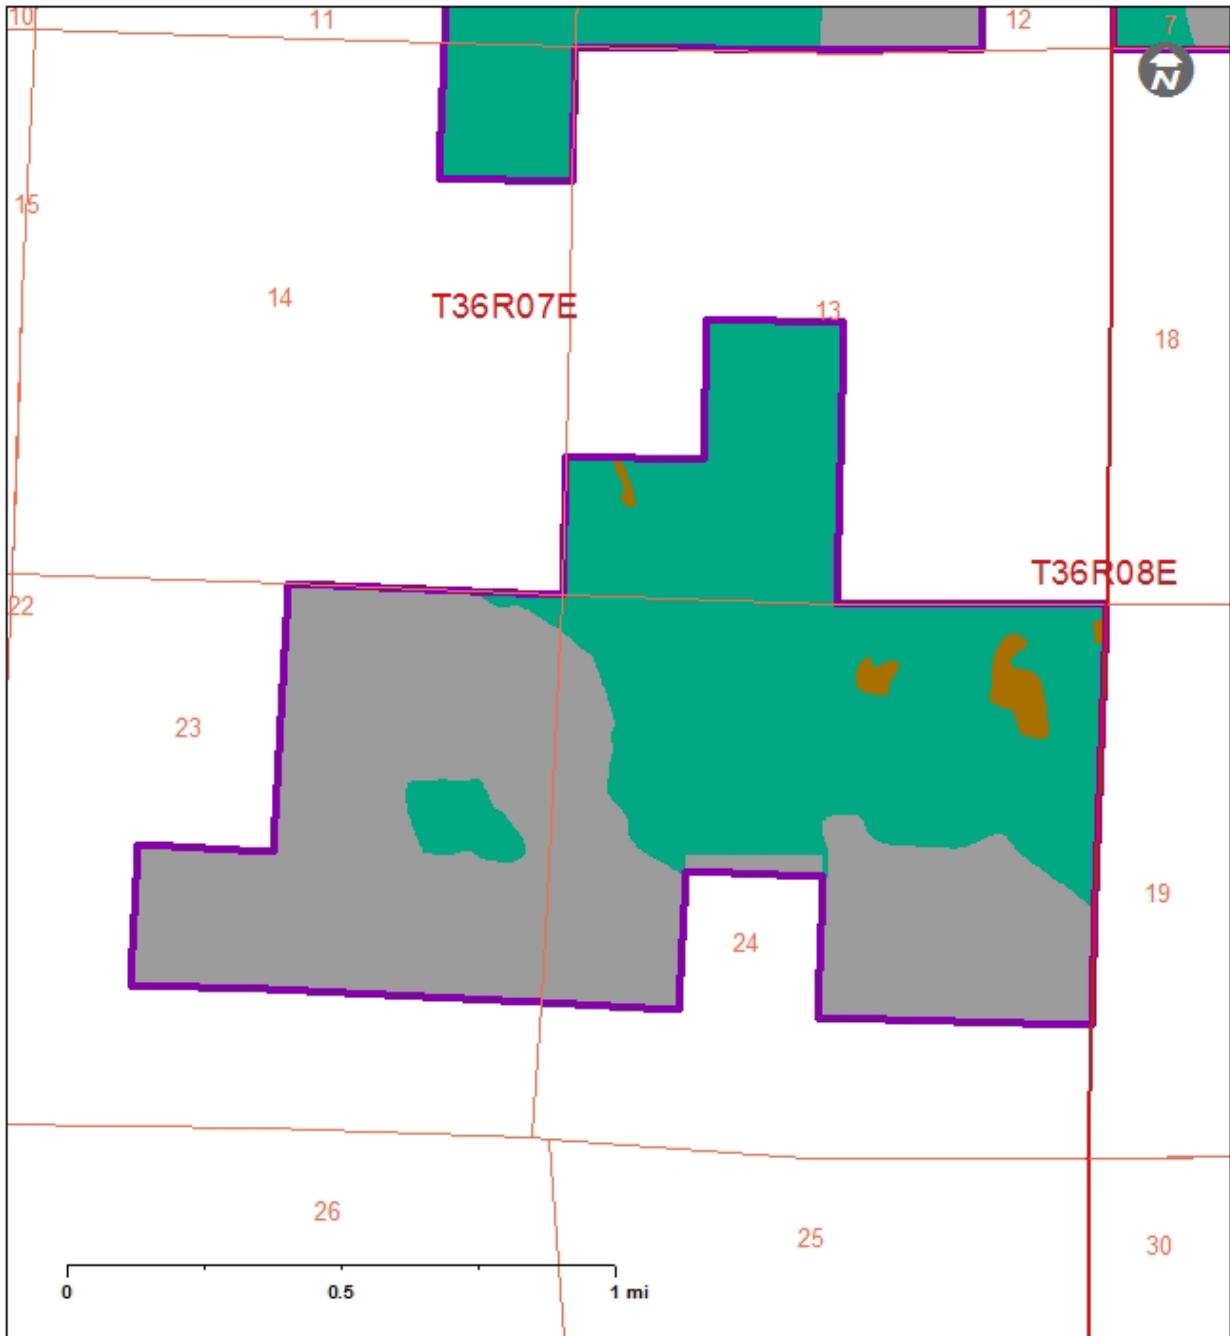

Figure B-8. Lake Shannon West Special Habitat Area.

- |                      |                                    |
|----------------------|------------------------------------|
| Townships            | Occupied Site Buffer               |
| Sections             | Occupied Site                      |
| Special Habitat Area | Current Habitat                    |
| DNR-Managed Land     | Future Habitat                     |
|                      | Current and Future Security Forest |
|                      | Non-forested                       |

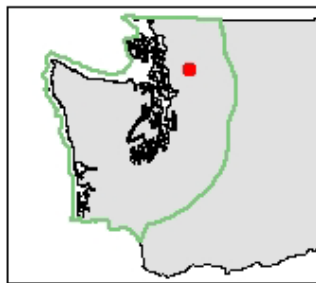

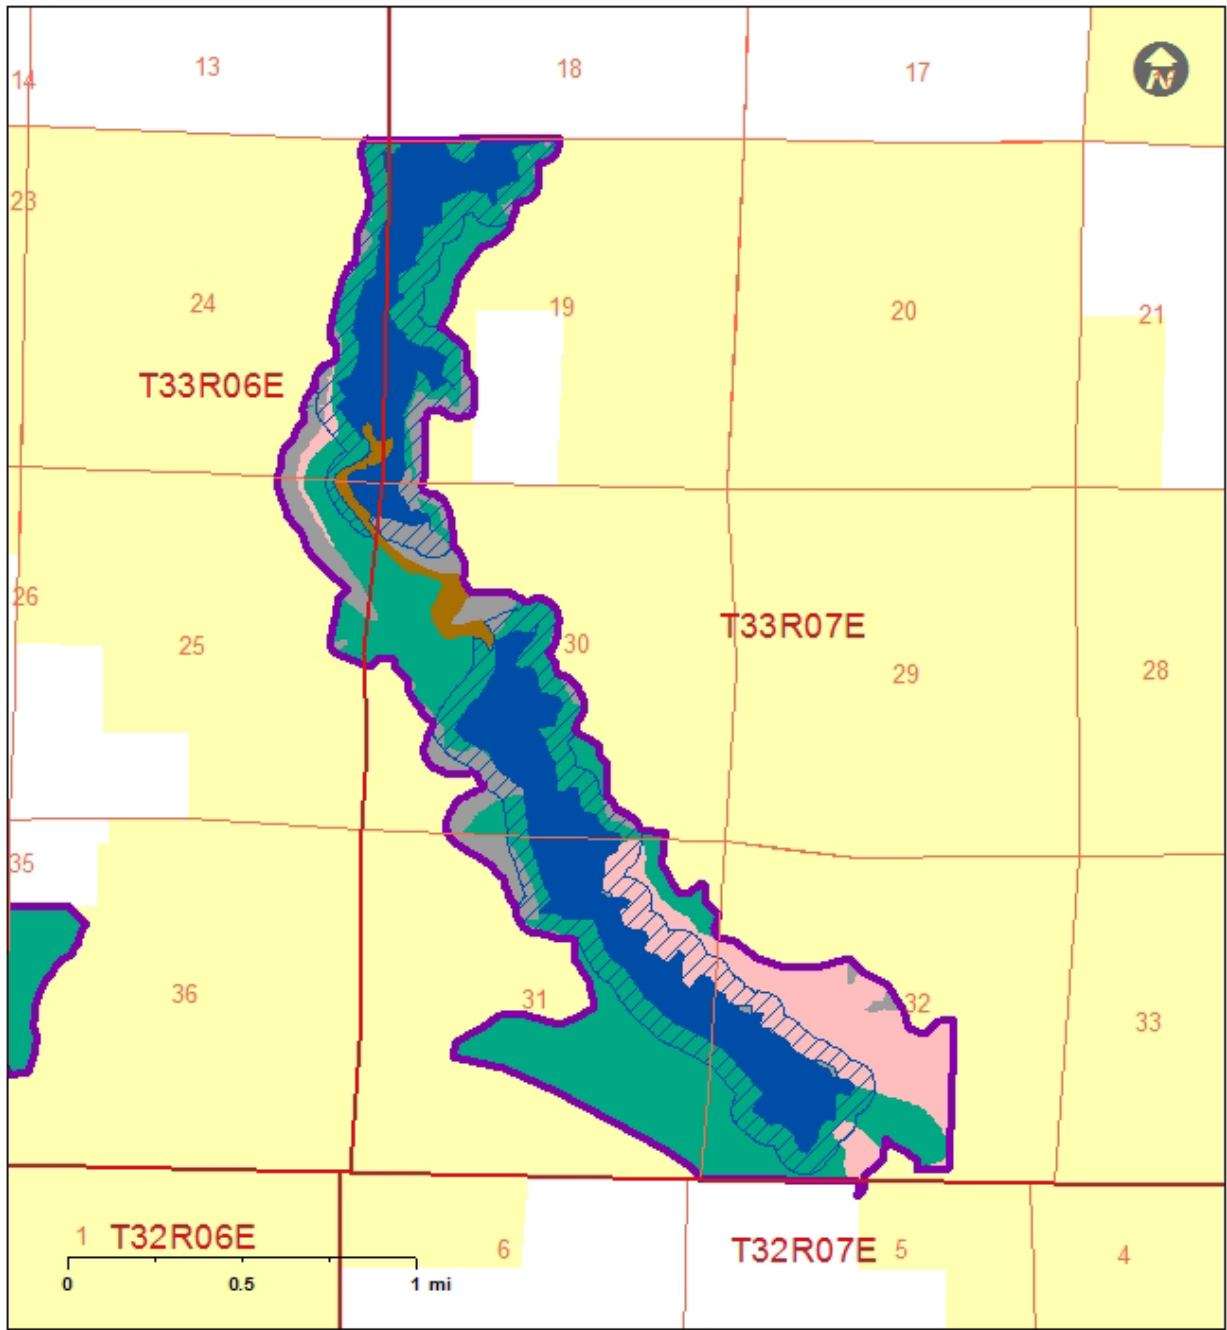

Figure B-9. Lake Shannon South Special Habitat Area.

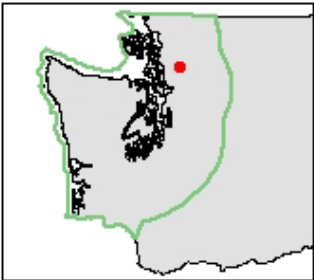

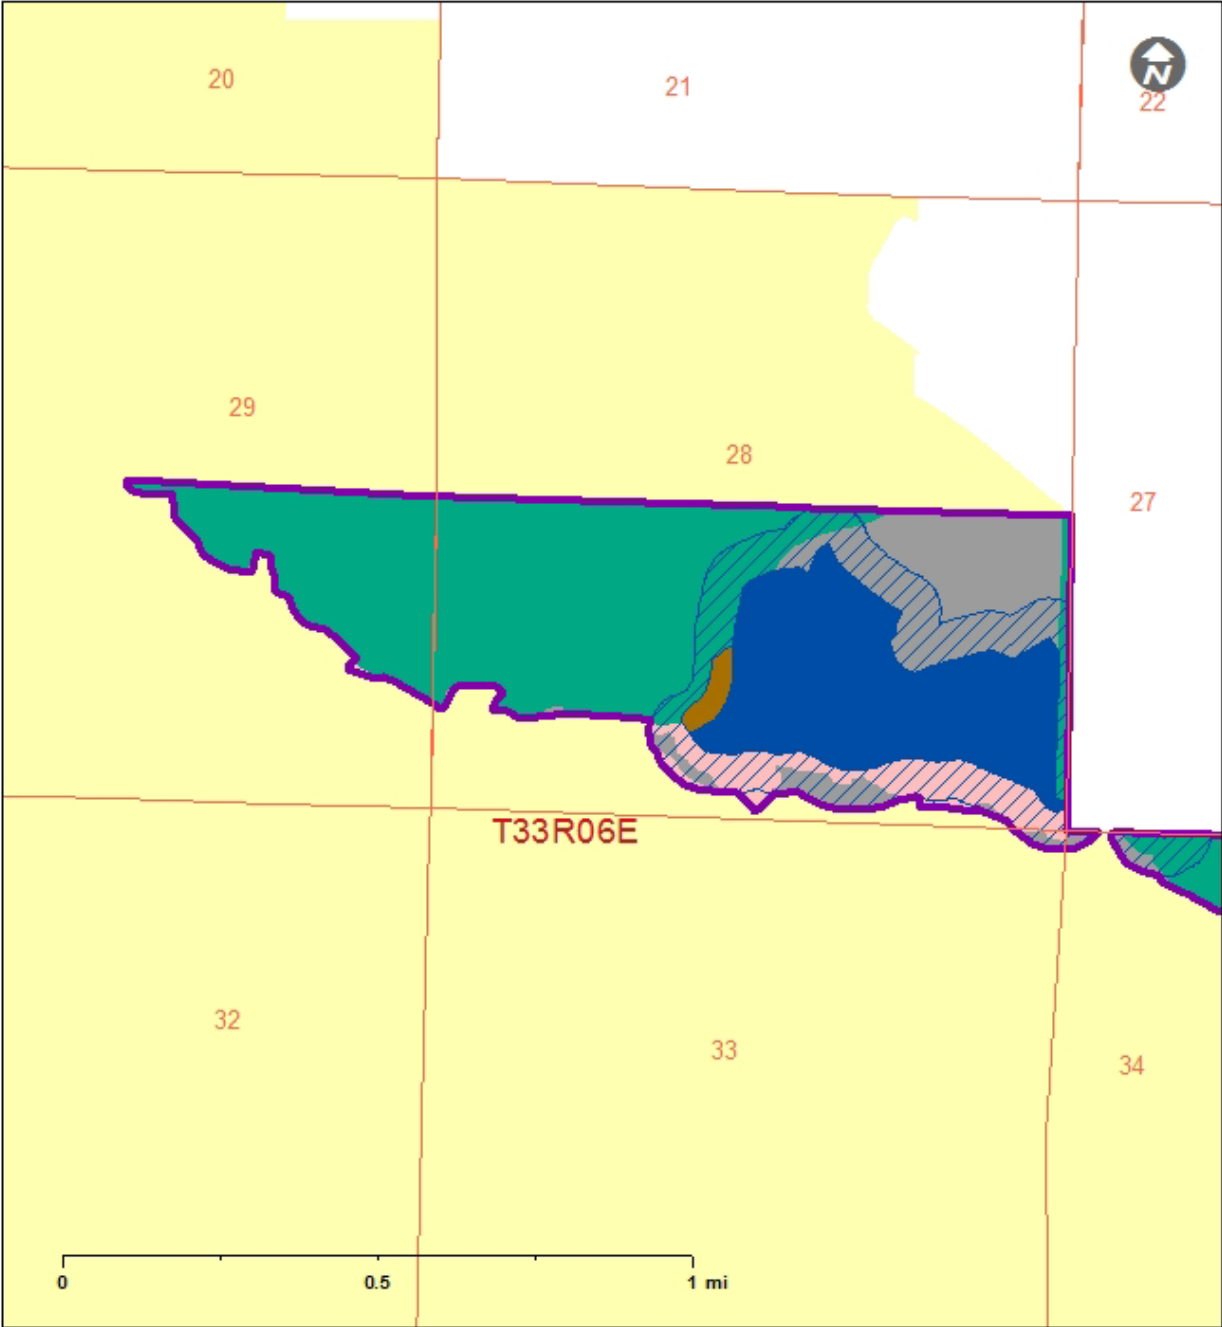

- |                      |                                    |
|----------------------|------------------------------------|
| Townships            | Occupied Site Buffer               |
| Sections             | Occupied Site                      |
| Special Habitat Area | Current Habitat                    |
| DNR-Managed Land     | Future Habitat                     |
|                      | Current and Future Security Forest |
|                      | Non-forested                       |

Figure B-10. Deer Creek Special Habitat Area.

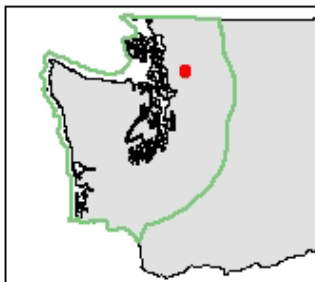

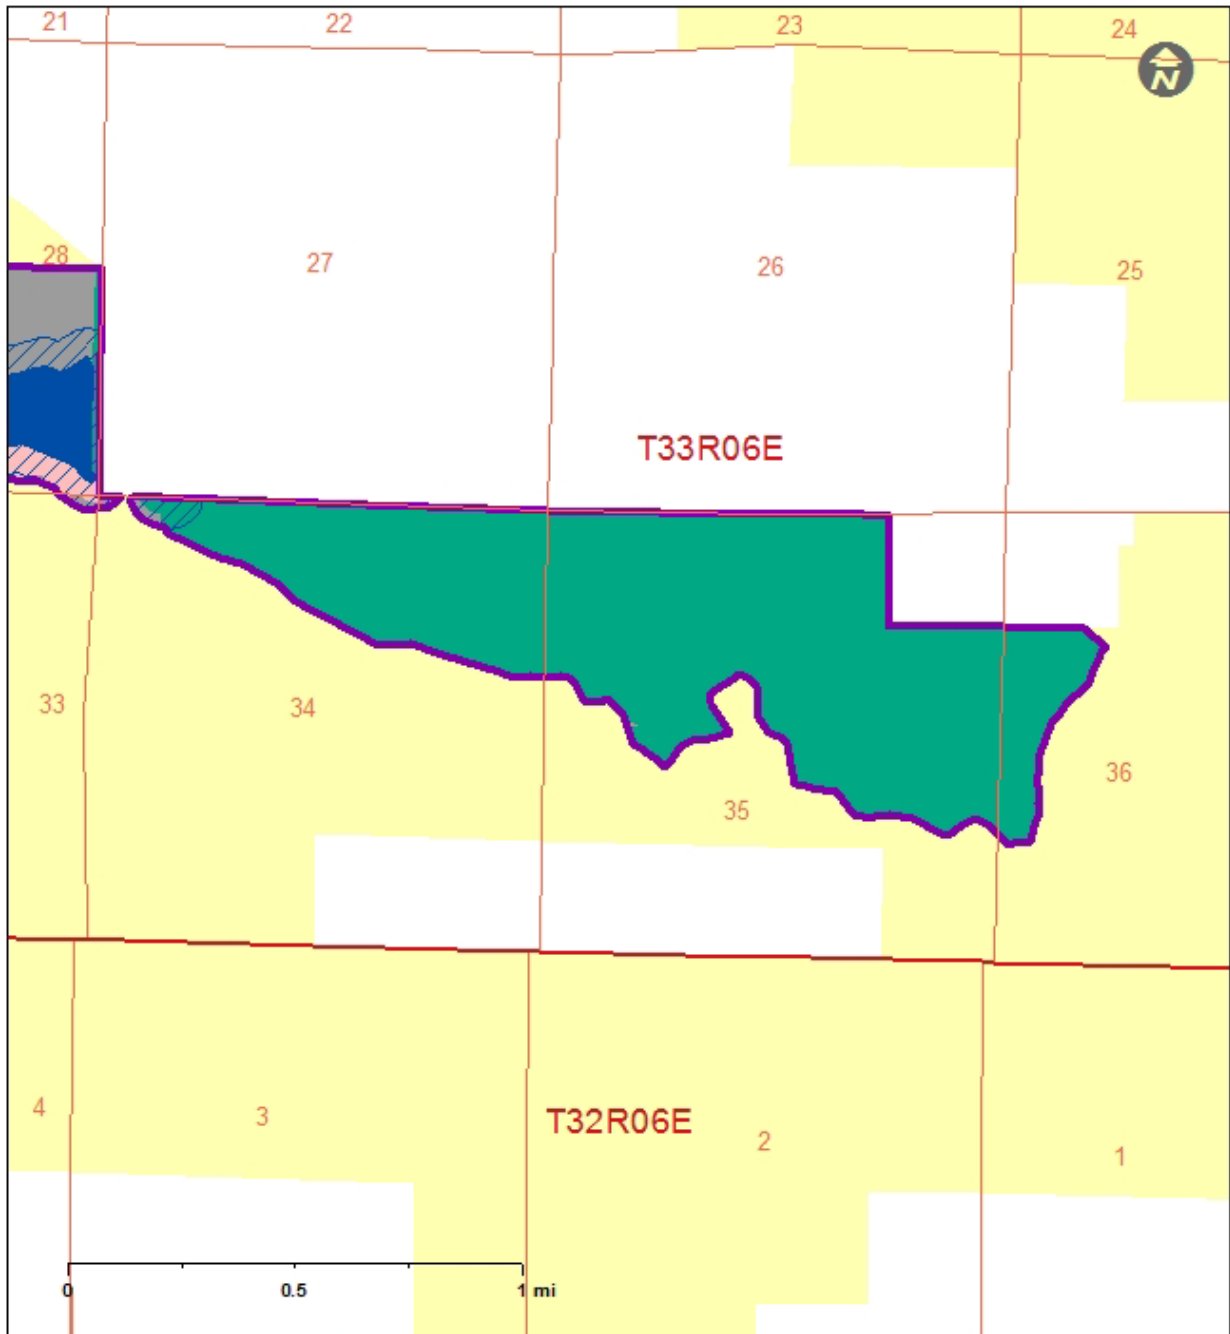

- |                      |                                    |
|----------------------|------------------------------------|
| Townships            | Occupied Site Buffer               |
| Sections             | Occupied Site                      |
| Special Habitat Area | Current Habitat                    |
| DNR-Managed Land     | Future Habitat                     |
|                      | Current and Future Security Forest |
|                      | Non-forested                       |

Figure B-11. Frailey West Special Habitat Area.

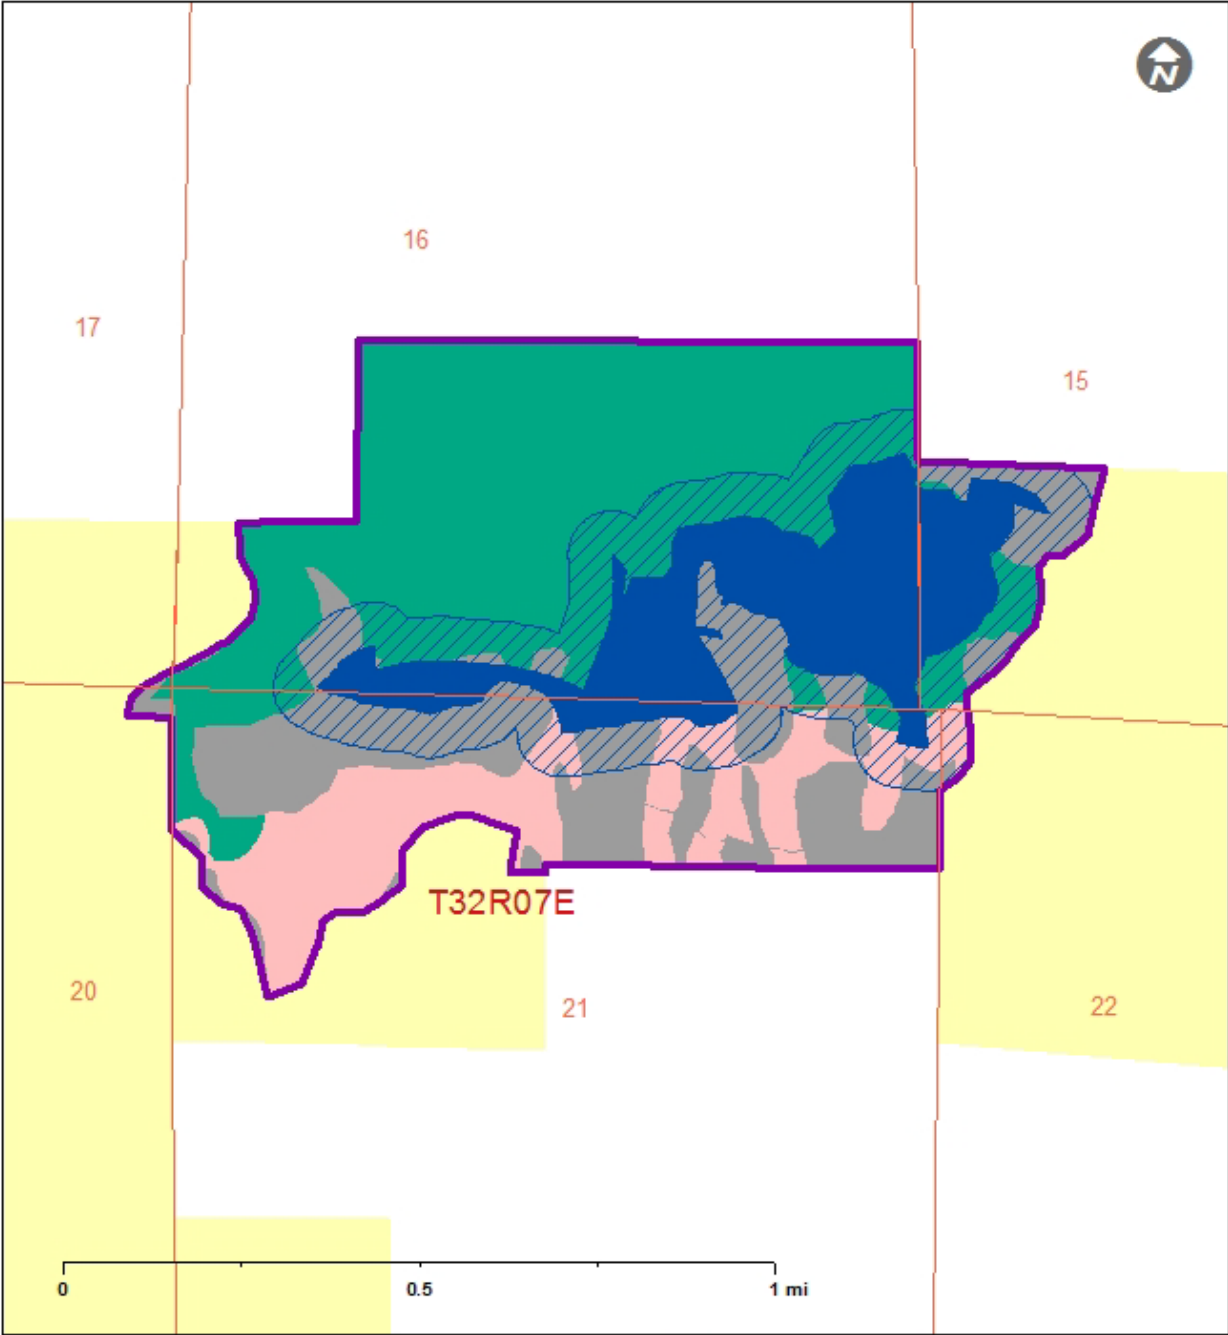

- |                      |                                    |
|----------------------|------------------------------------|
| Townships            | Occupied Site Buffer               |
| Sections             | Occupied Site                      |
| Special Habitat Area | Current Habitat                    |
| DNR-Managed Land     | Future Habitat                     |
|                      | Current and Future Security Forest |
|                      | Non-forested                       |

Figure B-12. Frailey East Special Habitat Area.

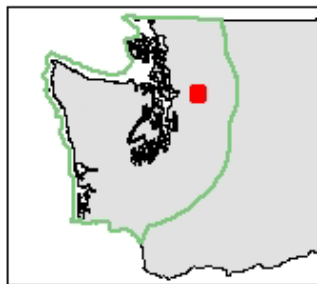

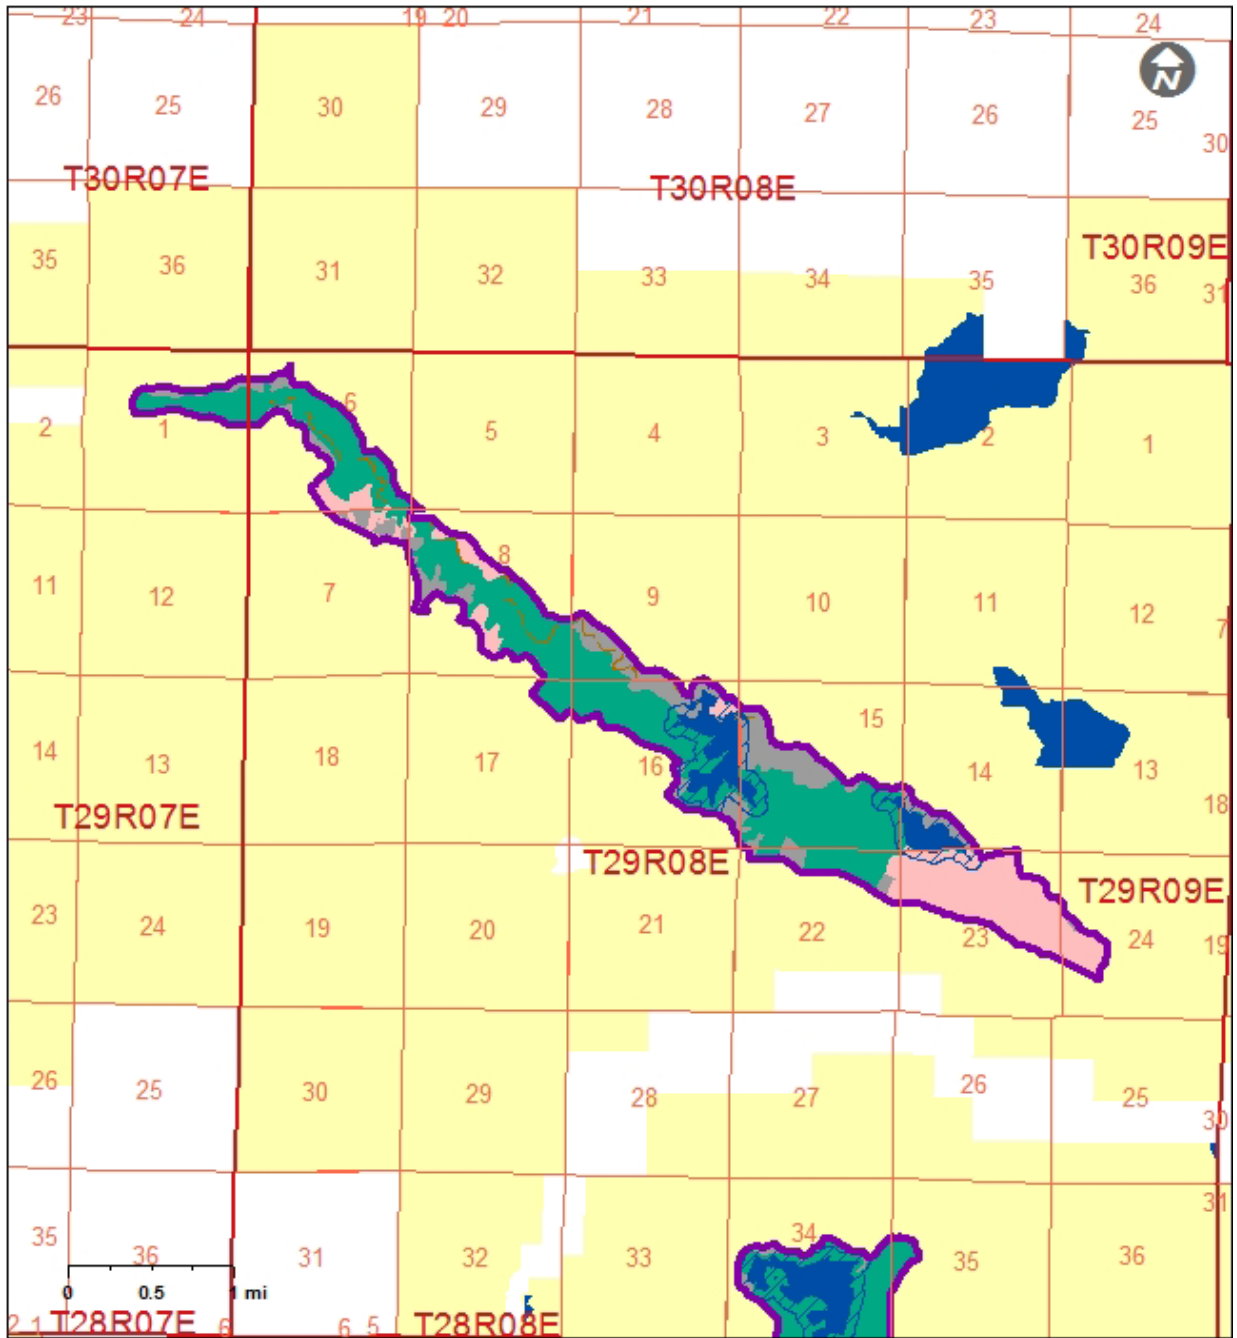

- |                      |                                    |
|----------------------|------------------------------------|
| Townships            | Occupied Site Buffer               |
| Sections             | Occupied Site                      |
| Special Habitat Area | Current Habitat                    |
| DNR-Managed Land     | Future Habitat                     |
|                      | Current and Future Security Forest |
|                      | Non-forested                       |

Figure B-13. Hazel Special Habitat Area.

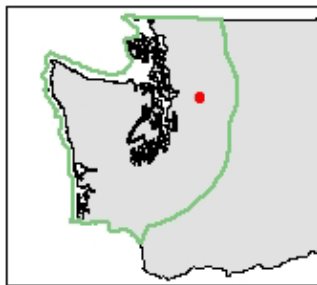

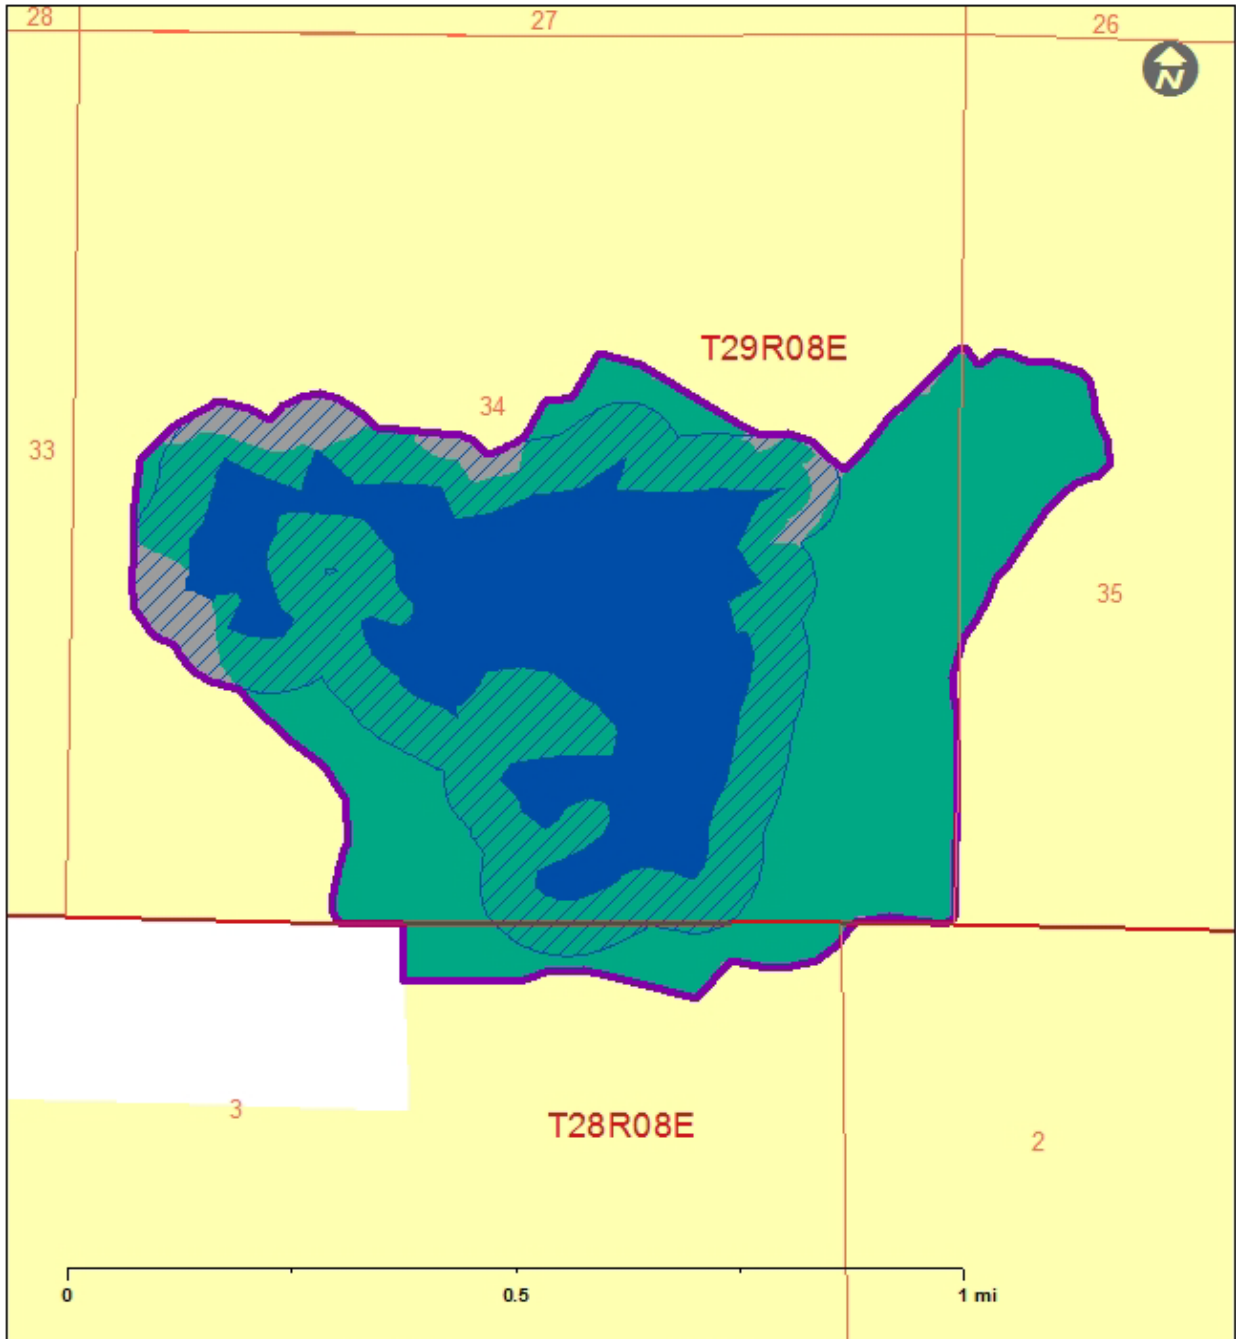

- |                      |                                    |
|----------------------|------------------------------------|
| Townships            | Occupied Site Buffer               |
| Sections             | Occupied Site                      |
| Special Habitat Area | Current Habitat                    |
| DNR-Managed Land     | Future Habitat                     |
|                      | Current and Future Security Forest |
|                      | Non-forested                       |

Figure B-14. Pilchuck River Special Habitat Area.

- |                      |                                    |
|----------------------|------------------------------------|
| Townships            | Occupied Site Buffer               |
| Sections             | Occupied Site                      |
| Special Habitat Area | Current Habitat                    |
| DNR-Managed Land     | Future Habitat                     |
|                      | Current and Future Security Forest |
|                      | Non-forested                       |

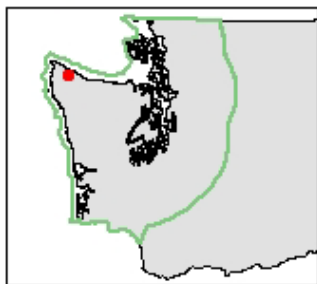

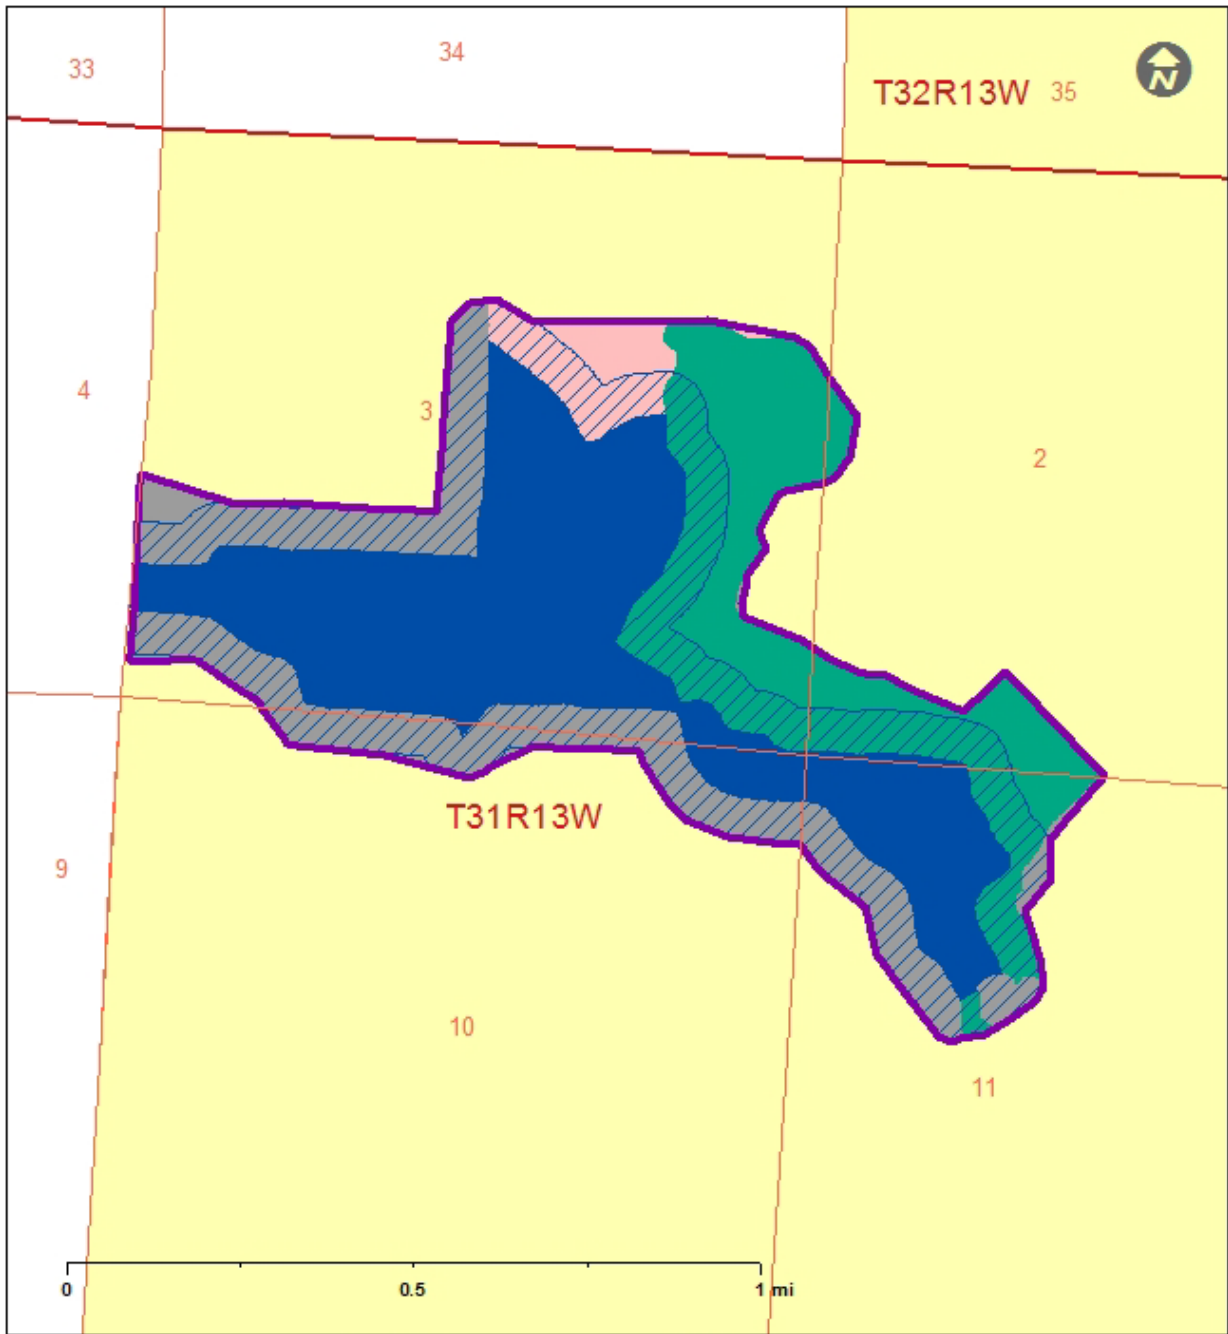

Figure B-15. Marsh Special Habitat Area.

- |                      |                                    |
|----------------------|------------------------------------|
| Townships            | Occupied Site Buffer               |
| Sections             | Occupied Site                      |
| Special Habitat Area | Current Habitat                    |
| DNR-Managed Land     | Future Habitat                     |
|                      | Current and Future Security Forest |

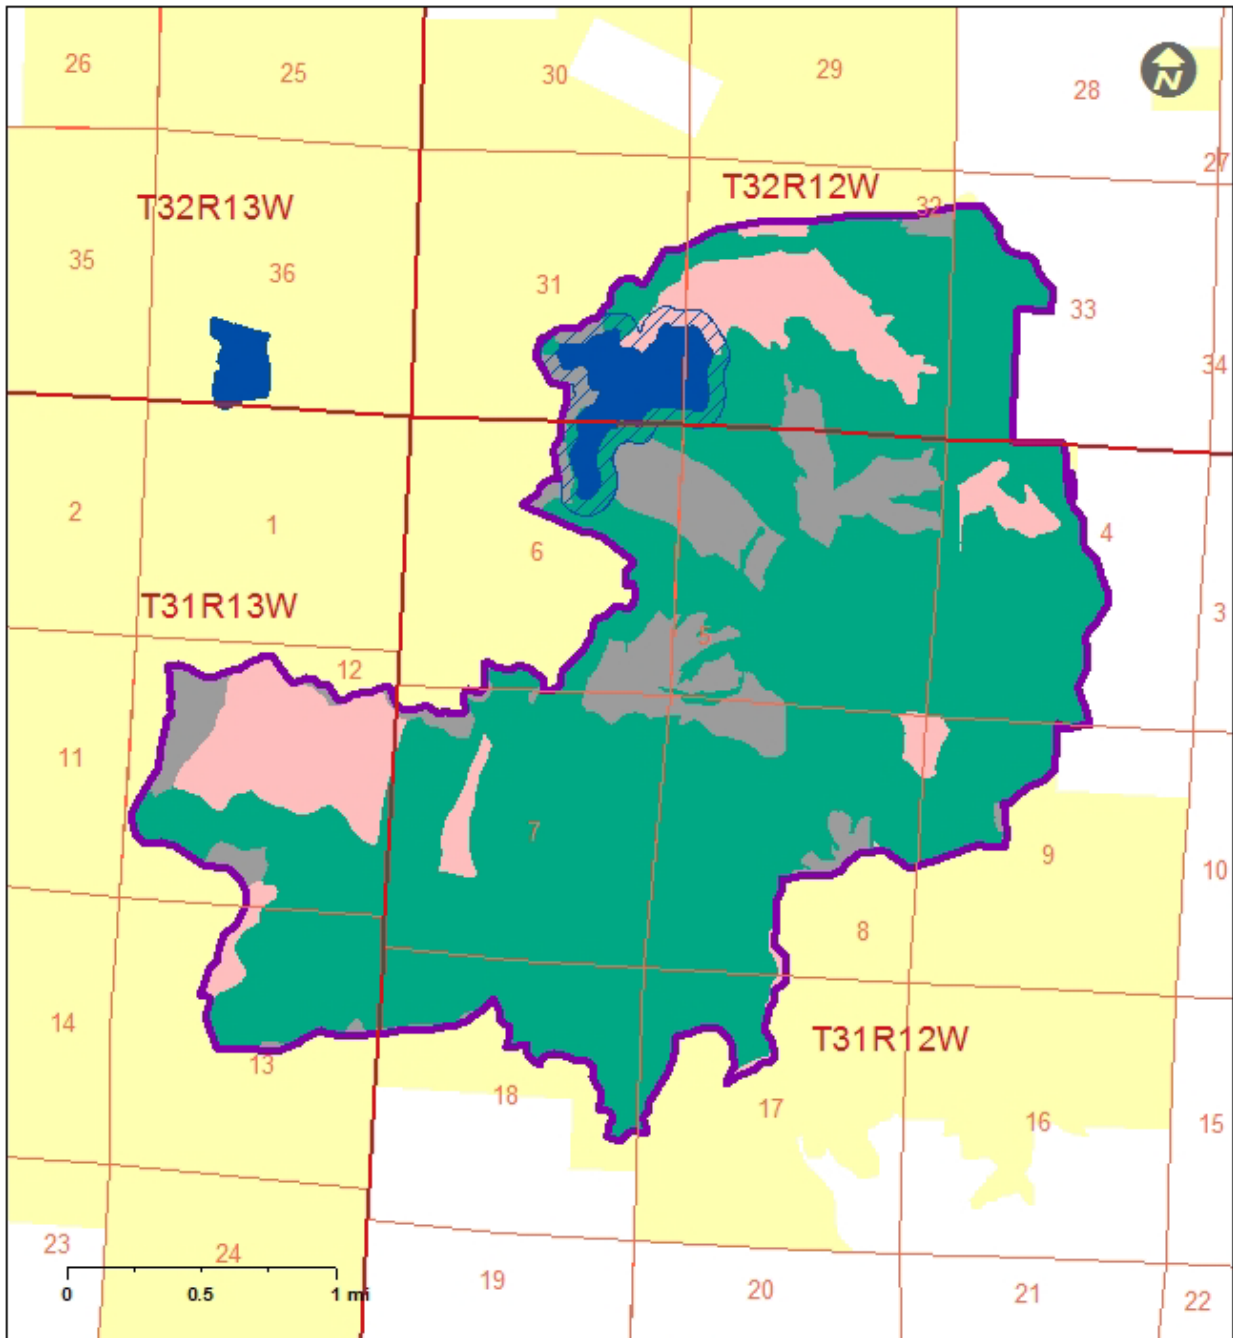

Figure B-16. Clallam West Special Habitat Area.

- |                      |                                    |
