

DETERMINATION OF NONSIGNIFICANCE

Description of proposal: Existing 13-acre mine site (SMRP#70-010958) proposes approximately 90,000 cubic yards of backfilling of the mine floor to pre-existing topographic grade to support subsequent use of residential development. The backfill will be importation of clean, inert soil from local construction projects. This is a reclamation only plan. All mining is complete at the site.

Proponent: Torden Thomsen
PO Box 8478
Lacey WA 98509

Location of proposal, including street address, if any: 9520 Steilacoom Rd SE, Olympia, WA; In a portion of Section 18, Township 18N, Range 01 E, Willamette Meridian

Lead agency:

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21c.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.
