# Terms for Management Suitability

Low Suitability = Areas with long-term considerations.

*These primarily include social / political concerns and areas with leases / easements*

Moderate Suitability = Areas where less mitigation and potential for impact exist compared to low suitability

# Management Criteria

***Communication Sites***

***Rock Sources***

***Utility Easements***

***Adjacent Ownership***

***Correctional Facilities***

***Water Sources & Watersheds***

***Cultural / Archaeological Resources***

Criteria also included

Known  
Cultural / Archaeological Sites

# Snoqualmie Corridor Recreation Plan

## Suitability Matrix

### MANAGEMENT CRITERIA - Long-Term Considerations

	Recreation Facilities	Recreation Trails
<b>Communication Sites</b>	Low Suitability within 1000'	Low Suitability within 300'
<b>Rock Sources</b>	Not Suitable on or within 1000' <sup>1</sup>	Not Suitable on site and within clearing limits <sup>1</sup> Low Suitability within 500' <sup>2</sup>
<b>Utility Easements<sup>3</sup></b>	Low Suitability within Utility Easements.	Low Suitability within Utility Easements.
<b>Lands Adjacent to Other Property</b>	Low Suitability within 100' – consult with adjacent landowners when developing trails or facilities in their vicinity.	Low Suitability within 100' – consult with adjacent landowners when developing trails or facilities in their vicinity.
<b>Proximity to Correctional Facilities</b>	Low Suitability within 1 mile-consult with correctional facility manager	Not Suitable within 500' – consult with correctional facility manager Low Suitability between 500-1000'
<b>Water Sources and Watersheds</b>	Consult with water purveyor for activities planned in these areas	
<b>Cultural / Archaeological Resources</b>	Project proposals will include consultation with affected Tribes and the Department of Archaeology and Historic Preservation consistent with Executive Order 05-05	

<sup>1</sup> Distance could be reduced if no blasting occurs

<sup>2</sup> Could be greater distance depending on terrain and/or road access. These areas need case-by-case evaluations

<sup>3</sup> This information includes broad scale utility easements/leases only. Other site-specific leases and easements will be considered and reviewed on a case-by-case basis for each project.
