Natural Resources
Peter Goldmark - Commissioner of Public Lands

Application for Use of State-owned Aquatic Lands

Applicant Name: City of Granger
County: Yakima County
Water Body: Yakima River
Type of Authorization - Use: Easement for wastewater treatment plant outfall
Authorization Number: 51-091504
Term: Thirty (30) years

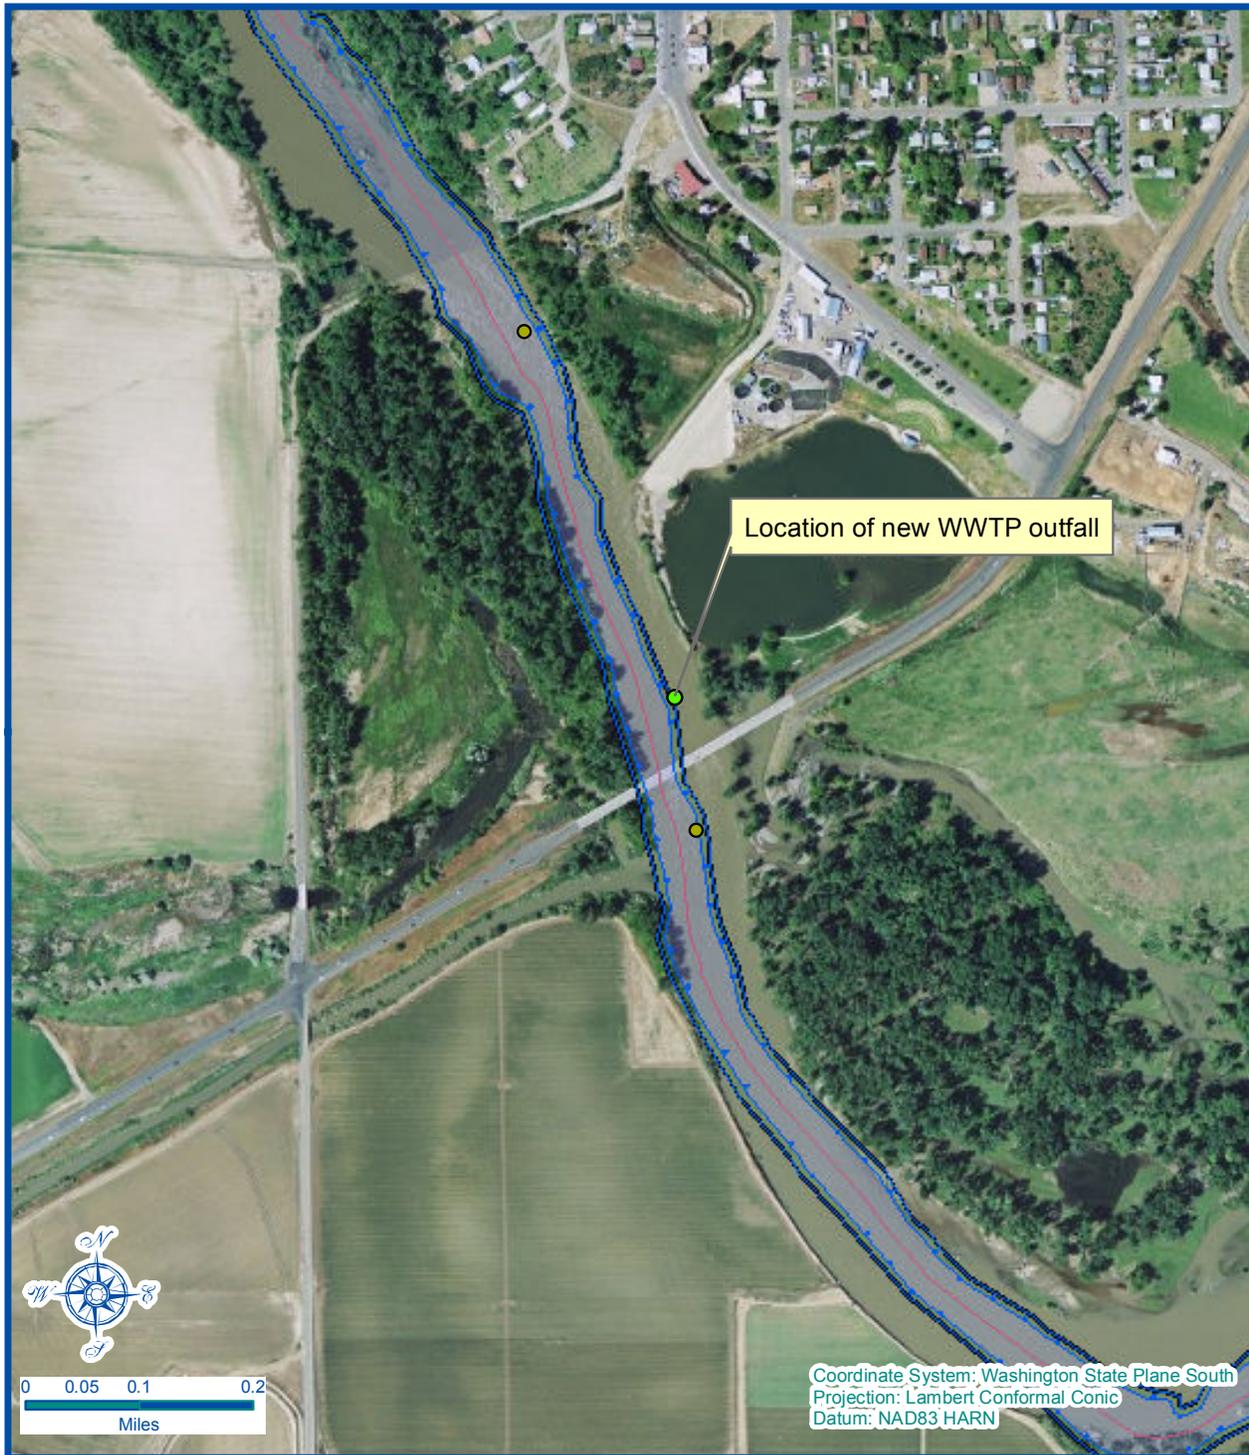

Description: This agreement will allow the use of State-owned aquatic lands for the sole purpose of the relocation of the City of Granger's wastewater treatment outfall. It is located in the Yakima River, in Yakima County, Washington.

The Department of Ecology is requiring the City of Granger to relocate its existing wastewater treatment outfall downstream of its current location. The relocation is to provide better protection of public health by moving the outfall away from a public boat launch. In addition, the relocation will allow for a better mixing zone for the treated effluent from the treatment facility, and also allows the effluent to be differentiated from the Granger Drainage Canal.

City of Granger
Authorization No: 51-091504
Authorized Use: Outfall
Location: Yakima River, Yakima County
