

EDWARD HOBSON INDEX

Edward Hobson was the County Engineer in Hood River County, OR during the 1920's. According to the County Surveyor Dick Arnold, Ed Hobson was more of an engineer than a surveyor. Most of his fieldbooks show this. Three of the books were given to Terry Trantow of Trantow Surveying, Bingen, WA. These books show survey work in Yakima, Klickitat, Benton counties and some in Oregon. We copied (3) books given to Terry and produced an index to the pages of those books, survey related only. The rest of the Hobson books reside at Hood River County Public Works in Hood River, OR. - Smith 12/01/92

The Hobson fieldbook pages are indexed in the Blue Books and the paper copies are in file A-15. - Fitch 3/15/93
