THE RECORDS OF W.G. PEEBLES

The records of W.G. Peebles that reside in this office were donated by Richard (Dick) Sterling, a surveyor in the Grays Harbor area. The records cover the time period 1915-1940. They consist mainly of cruiser's notes and note the existence of legal corners during the course of his work.

The corners are noted in the index in the county corner code system format. The information the index covers can be found in the vault in Box 1 (south wall, bottom shelf).

PLSO NOTE: The location of these files are located at the Department of Natural Resources in Olympia. The box with the copies of the field notes are in room 341 on the south wall, bottom shelf in a boxed marked: W G Peebles & G B Robertson
