DNR Trailheads:
Two trailheads provide access to DNR trails. These are non motorized, multiple use trails with spurs to Lily and Lizard Lakes. Both lakes offer camping and fishing in a forested setting. The lower trailhead has ample space for unloading horses, while the upper trailhead provides parking for around two vehicles and is used primarily by hikers and mountain bikers.
Note To Map Users:
Extreme care was used during the compilation of this map to ensure accuracy. However, due to changes in ownership and the need to rely on outside information, the Department of Natural Resources cannot accept responsibility for errors or omissions. Therefore, there are no warranties to accompany this material.
Map produced in 2010 by Washington State Department of Natural Resources, Engineering Division, Resource Mapping Cartography. Map information was compiled from DNR Geographic Information System, Northwest Region and other governmental sources.
