Jari has been with the Division of Geology and Earth Resources as an editor since 1991. She is responsible for the editing, design, and production of Division publications, and is expert in Word, Adobe Creative Suite, and other publishing software. Jari has a B.S. in Geology from Washington State University and a B.A. in journalism and art from the University of Hawaii. She has done graduate work in geology at the University of Arizona and University of Hawaii and in photography at USDA Graduate School in Washington, D.C., and the University of Oregon. Jari worked for the Army Corps of Engineers as technical editor, did fashion photography, taught college-level English and journalism, ran a print shop, was copy/production editor for a legal publishing house, and spent most of her pre-DNR years producing public relations materials for a variety of nonprofit organizations.
