# NOTICE TO BIDDERS

**You are invited to bid on this Contract and are advised to examine the planting Units prior to bidding.**

## Register to receive payments

In order to receive payment for services or products provided to a state agency, you must register with the Statewide Payee Desk. When you register you may choose to have your payments directly deposited to your bank or mailed to you as a check.

### How do I register to receive payments?

1. Open the [Instructions for Statewide Payee Registration](#).
2. Use the instructions to complete the [Statewide Payee Registration](#). Please note that incomplete or illegible forms will be returned and may delay payments, so we recommend that you use the instructions and complete the form on line.
3. If you need clarification for the W-9 section of the Registration, review the [General Instructions for the W-9](#).
4. Print both pages. Sign the Deposit Authorization on page 1 if you have chosen direct deposit and sign the W-9 on page 2.
5. Be sure to save a copy for your records.
6. For faster service, scan and email the signed forms to [payeehelpdesk@ofm.wa.gov](mailto:payeehelpdesk@ofm.wa.gov).

If you cannot scan the form you can fax it to 360-664-3363  
or mail to:  
Statewide Payee Desk  
P.O. Box 43113  
Olympia, WA 98504-3113

Note that we will need to create a NEW registration for you if you are changing:

- the LEGAL NAME by which you report to the IRS
- the EIN or the SSN for the legal name
- the IRS reporting type for the legal name (corporation, LLC, sole proprietor, etc.)

### Bid Delivery

The bid shall be delivered to the Department's Region Office in an envelope marked "Sealed Bid" and addressed to the Department's Region Manager as specified on page 2 Notice to Bidders. No facsimiled, e-mailed, or other non-original form of bids will be considered by the Department.

Bids will be accepted until **11:00 am on Wednesday, December 28, 2011** at which time and place all bids will be opened and read aloud. Individuals who wish to request special accommodations for the bid opening (e.g., sign language, interpreters, Braille, etc.) should contact the Department ten (10) Working days prior to the scheduled bid opening.

## **NOTICE TO BIDDERS (continued)**

The sealed bid envelope should be prepared in the following manner:

Addressed to: Ben R. Cleveland, Region Manager  
Northwest Region

In Care Of: Chris Hankey  
Northwest Region Intensive Management Forester  
Washington State Department of Natural Resources  
919 North Township Street  
Sedro Woolley, WA 98284

Upper left corner: Bidder's Address

Lower left corner: Tree Planting – “Sealed Bid”  
Invitation to Bid/Contract Number: 1339

Questions pertaining to this Invitation to Bid can be answered by contacting Chris Hankey at 360-854-2811. Oral explanations, interpretation, or instructions given before the award will not be binding.

The Department reserves the right to amend this Invitation to Bid/Contract by giving written notification to all known bidders at least seven (7) days prior to bid opening.

**SPECIAL NOTICES:**

Seedling pick-up locations and times for NW Region are the Sedro Woolley Cooler (NW Region main office) or the Indian Ridge Cooler (approximately 8 miles southeast of Arlington) no earlier than 07:00 AM.

Term of contract (weather dependent) is from Tuesday, January 17, 2012- Friday, April 20, 2012.

Weather permitting, work must begin on the start date identified above unless alternative plans are approved by the Contract Administrator.

**A PREWORK IS REQUIRED ONCE AN AWARD HAS BEEN MADE (SEE CLAUSE 2-10).**

**A \$1000 BID DEPOSIT IS REQUIRED WITH THIS BID OPENING (SEE CLAUSE 1-07).**

**Gate Access:** All gates associated with this contract will use locks that require a F1-3 key. This key is available from the NW Region main office in Sedro Woolley. For access information, please call Chris Hankey at 360-854-2811. He will put you in contact with the appropriate field forester.

State holidays are on Monday, January 16<sup>th</sup> and Monday, February 20<sup>th</sup>. No contract work will be allowed.

Please note long walk-ins and closed/abandoned roads as identified on Unit Maps. Closed roads are based on the best available information, but potential contractors should verify access before bidding.

Western redcedar have been treated with Plant Skydd (bloodmeal) as a browse deterrent. MSDS is available upon request.

Species and stock substitutions are allowed (see Clause 2-26). Price adjustments are only made for plug stock (P+0) less than 10 cu. in. The plug stock specified for this contract are at least 10 cu. in. No price adjustment will be made for substituting 1+1, P+1 or 2+0 stock for that size plug stock for the duration of this contract.

This contract requires a 12 person planting crew (does not include the non-planting foreman).

**Transportation of Planting Stock - The Contractor will be responsible for transportation of planting stock from the designated delivery spots to the planting units unless other arrangements are detailed on the Unit Description or at the Pre-Work Conference (Clause 2-10). Trees shall be transported in a covered vehicle other than crew transport (a van, enclosed truck, or pickup with a canopy). Plastic tarps are not acceptable. Shelving or sufficient floor space shall be available so that tree containers are not stacked more than five high without intermediate support. Any unplanted seedlings will be returned by the contractor to the tree cooler or trailer daily.**

**SPECIAL NOTICES (continued):**

**Hospitals: It is the contractor's responsibility to identify appropriate hospitals for any emergency care required. The following is a courtesy list and should be verified by any potential contractor.**

<b>Item 1</b>	<b>St. Joseph Hospital, 2901 Squalicum Parkway, Bellingham Ph: 360-734-5400</b>
<b>Item 1</b>	<b>United General Hospital: 1971 Highway 20, Sedro Woolley Ph: 360-856-6021</b>
<b>Item 1</b>	<b>Skagit Valley Medical Center, 1415 E Kincaid St, Mt. Vernon Ph: 360-424-4111</b>
<b>Item 1</b>	<b>Cascade Valley Hospital, 330 S Stillaguamish Ave, Arlington Ph: 360-435-2133</b>
<b>Item 1</b>	<b>Valley General Hospital, 14701 179th St. SE, Monroe Ph: 360-794-7497</b>
<b>Item 1</b>	<b>Providence General Hospital. 14th and Colby Ave., Everett Ph: 425-261-2000</b>

## DEFINITIONS

- A. 'Compliance Forester' means the Department staff identified in the Pre-Work Conference (2-10) who perform the compliance inspections, approve Work, and recommend payment to the Contract Manager, manages the Work Schedule (2-11), and assists with Seedling distribution.
- B. 'Contract' means this Invitation to Bid, Bid Form, award letter, the Pre-Work Conference checklist and all supporting documents such as Unit completion forms and payment invoices.
- C. 'Contract Manager' means the Department staff that processes this Contract, makes payments, provides and facilitates dispute resolution, provides technical advice to the Compliance Forester, and is the first point of contact for questions relating to this Contract or interpretation of Work. The Contract Manager may perform the duties of the Compliance Forester.
- D. 'Contractor' means the bidder who was awarded this Contract.
- E. 'Department' means the Department of Natural Resources of the State of Washington, acting through an authorized employee.
- F. 'Designated Contract Representative(s): Those individuals designated by the Contractor on The Pre-Work Form during the Pre-Work Conference (2-10, 2-11)
- G. 'Force Majeure' means those acts that are unforeseeable and beyond the control of either party to the Contract. Acts of Force Majeure include, but are not limited to: acts of God, the public enemy, or fire or other casualty. Force Majeure may result in an equitable adjustment in the time period to complete the Contract.
- H. 'Item' means a Unit or group of Units for award. Contracts are award by individual item, and separate items in the same Contract may be awarded to different Contractors.
- I. 'Trees' and 'Seedlings', identify tree-Seedlings to be planted under the terms of this Contract. Used interchangeably to conform with standard industry terminology. Trees are the product supplied by the Department, while Seedling refers to the age of the product supplied.
- J. 'Pre-Work Conference' is the meeting between the Department and the Contractor after award of the Contract is made but prior to commencement of work. Details agreed upon in this meeting are signed off by both the Department and the Contractor and become part of the Contract.
- K. 'Region Manager' means the designated Department staff responsible for managing the affairs of the Department in designated large geographic areas. The Region Manager may perform the duties of the Contract Manager.
- L. 'Work Schedule' means the approved timeline for how the requirements of this Contract will be fulfilled by the Contractor. The Work Schedule is agreed upon during the Pre-Work Conference by both the Department and the Contractor.
- M. 'Unit' is the individual geographical area that the Work is to be done on. Each Unit is specifically identified by number on the Bid Form, the Unit Description, and corresponding Unit Map.
- N. 'Work' means the services the Contractor is required to complete satisfactorily in this Contract.
- O. 'Unit Bid Price' is the rate per acre or per 1000 Trees written in the Unit Bid Price column of the Bid Form (Section IV).

# SECTION I: INSTRUCTIONS TO BIDDERS AND CONTRACT AWARD

## Bid Preparation

### 1-01 Unit Inspection

Bidders are expected to examine this entire Invitation to Bid/Contract and are urged to inspect the Unit(s) prior to submission of its bid. Bidder acknowledges through submission of its bid that it has ascertained the nature and location of the Work and investigated and satisfied itself as to the general and local conditions which can affect the Work or its cost, including but not limited to:

- A. Conditions bearing upon transportation, disposal, handling, and storage of materials;
- B. The availability of labor, water, electric power, and road;
- C. Uncertainties of weather, river stages, tides, or similar physical conditions at the Unit;
- D. The confirmation and conditions of the ground;
- E. Seasonal conditions that may affect the timing and use of materials needed for the Work;  
and
- F. The character of equipment and facilities needed to complete the Work.

Any failure of the bidder to take the actions described in this clause will not relieve the bidder from responsibility for properly estimating the cost of satisfactorily performing the Work.

### 1-02 Bid Form Requirements

Bids must be submitted on the Bid Form (Section IV).

- A. Bids should include all costs related to the completion of the Work.
- B. If there are multiple Items to be awarded, the bidder may choose to bid on any combination of Items. A bidder may also bid on all Items or any combination of Items with the specification that all Items awarded be restricted to a specified total acreage. That acreage limit must be entered in the space provided on the Bid Form and must be at least as large as the largest Item for which a bid is submitted.
- C. A Unit Bid Price and a Unit Total must be entered for all of the Units in any Item the bidder is bidding on. For Items being offered on a per acre basis, the Unit Total is calculated by multiplying the 'per acre' Unit Bid Price times the Unit acres. For Items being offered on a per thousand basis, the Unit total is calculated by multiplying the per thousand Unit Bid Price times the quantity of Seedlings divided by 1000. All Unit Totals within an Item must be summed and entered as the Item Total. In the event of an error in the extension of Unit Totals or Item Totals, the individual Unit Bid Price shall prevail.
- D. All Bid Forms must be signed in ink. If the bid is made by a corporation, it shall be signed by the corporation's authorized designee. Unsigned bids will be rejected.

## Bid Submission

### 1-03 Offer to Contract

Your bid response to this Invitation to Bid/Contract is an offer to Contract with the Department. All offers shall remain firm for a period of 90 calendar days after the bid opening, an Invitation to

Bid becomes a Contract when officially awarded by the Department with the return of a countersigned SECTION V - Offer and Contract Award.

**1-04 Bid Contents**

**The bid shall include the Bid Form (Section IV), the Offer and Contract Award Form (Section V) properly completed and signed, the bid deposit specified in Clause 1-07, Contractor's Declaration of Industrial Insurance Status, and a photocopy of Washington State Farm Labor Contractors License.**

**1-05 Withdrawal of Bid**

A bid may be withdrawn in person by a bidder's authorized representative before the opening of the bids. Bidder's representative(s) will be required to show ID and sign on the bid summary sheet before it will be released.

**1-06 Rejection of Bids**

To be considered, bids must conform to the above requirements, except that the Department may waive informalities and minor irregularities in bids received. The Department reserves the right to reject any or all bids received.

**Bid and Performance and Damage Deposit**

**1-07 Bid Deposit**

A bid deposit of **ONE THOUSAND DOLLARS (\$1,000)** is required. This deposit is for the purpose of assuring the Department that the bidder will accept award of any Items on which the bidder is the lowest responsible bidder. In the event the bidder rejects award of **any Item**, the bidder will forfeit the bid deposit. The bid deposit must be in the form of certified check made payable to the Washington State Department of Natural Resources and include a reference to the bid/Contract number. The bid deposit must be delivered to the Department's Region Office with the delivery of the bid. The bid deposit of a bidder awarded the Contract will be released when the performance/damage deposit has been approved, or the bid deposit may be converted to apply to part or all of the required performance/damage deposits after Contract award. Once all the bids are evaluated and the Contract has been awarded bid deposits will be returned to all unsuccessful bidders.

**1-08 Performance and Damage Deposit**

The bidder awarded the Contract (Contractor) agrees to furnish a performance and damage deposit of ten percent (10%) of the Contractor's total award as stated in the award letter. The deposit shall be in the form of certified check or cashier's check made payable to the Washington State Department of Natural Resources, irrevocable letter of credit, or a savings account assignment. This deposit guarantees performance of this Contract and payment of any damages resulting from Contractor's noncompliance with any Contract provisions or the law. In the event the Department needs to utilize the deposit, Contractor may be required to replace the portion(s) utilized within five (5) business days of receiving written notice from the Department.

**Award of Contract**

**1-09 Lowest Responsible Bidder**

Award of this Contract shall be to the lowest responsible bidder as determined by the Department. In determining the lowest responsible bidder, in addition to price, the following may be considered: (a) the ability, capacity, and skill of the bidder to perform the Contract; (b) the character, integrity,

reputation, judgment, experience, and efficiency of the bidder; (c) whether the bidder can perform the Contract within the time specified; (d) the quality of previous Contract performance with the Department; and; (e) the previous and existing compliance by the bidder with laws relating to the performance of this Contract. The Department's determination that a bidder is not qualified may result in rejection of the bid submitted. **Any contractor who, within the last two years of the start date of this contract, has had unsatisfactory performance resulting in the termination of a Department silviculture contract will not be considered a responsible bidder unless the contractor provides government or forest industry references demonstrating acceptable performance on a minimum of 800 acres of tree planting since the time of the aforementioned termination.**

**1-10 Award Letter**

The Department makes every effort to mail an award letter with instructions and a copy of the executed Contract to the successful bidder within ten (10) business days of bid opening.

**1-11 Conditions on Award**

Within ten (10) business days after the bidder receives their award letter, the Department must receive the performance and damage deposit, and insurance certificate at the Department's Region Office (as per the award letter). The Department may extend upon written request to the Contract Manager, the time allowed for receipt of the above items. If the bidder fails to submit the above items within the time specified, the Department may consider the Contract award rejected and may terminate award of the Contract.

**1-12 Contract Modification or Cancellation**

The Region Manager reserves the right to modify or cancel this Contract in part or whole without cause. The Contractor shall be paid only for Work performed satisfactorily prior to cancellation of the Contract.

## SECTION II: GENERAL PROVISIONS

### Legal Responsibilities

#### 2-01 Compliance with all Laws

The Contractor shall comply with all laws and regulations of the United States, State of Washington, and counties where the Work is. The Contractor will make any payments, contributions, remittances, and reports or statements required under those laws.

#### 2-02 Licenses and Permits

The Contractor shall, without additional expense to the Department, obtain all required licenses and permits necessary for executing the Contract.

#### 2-03 Indemnification and Hold Harmless

To the fullest extent permitted by law, Contractor shall indemnify, defend, and save harmless the State, agencies of the State, and all officers and employees of the State, from and against any and all claims for injuries or death, including claims by Contractor's employees, or for damages arising out of, resulting from, or incident to Contractor's performance or failure to perform the Contract. Contractor's obligation to indemnify, defend and save harmless shall not be eliminated or reduced by any alleged concurrent negligence of the State or its agencies, employees, and officers. Contractor waives its immunity under Title 51 RCW to the extent required to indemnify, defend, and save harmless the State and its agencies, officers, or employees.

#### 2-04 Insurance and Workers Compensation

Before commencing Work, the Contractor shall obtain and keep during the term of this Contract the following liability insurance policies, insuring Contractor against liability arising out of its operations, including use of vehicles. Failure to buy and maintain the required insurance may result in termination of the Contract. The limits of insurance, which may be increased by the Department as deemed necessary, shall not be less than as follows:

- A. **Commercial General Liability (CGL) insurance**, with a limit of not less than \$1,000,000 per each occurrence. If such CGL insurance contains aggregate limits, the general aggregate limits shall be at least twice the "each occurrence" limit, and the products-completed operations aggregate limit shall be at least twice the "each occurrence" limit.
- B. **Employer's liability ("Stop Gap") insurance**, and if necessary, commercial umbrella liability insurance with limits not less than \$1,000,000 each accident for bodily injury by accident or \$1,000,000 each employee for bodily injury by disease.
- C. **Business Auto Policy (BAP) insurance**, and if necessary, commercial umbrella liability insurance with a limit of not less than \$1,000,000 per accident, with such insurance covering liability arising out of "Any Auto."

Contractor shall comply with all State of Washington Workers' compensation statutes and regulations. Workers' compensation coverage shall be provided for all employees of Contractor. Except as prohibited by law, Contractor waives all rights of subrogation against State for recovery of damages to the extent they are covered by Workers compensation, employer's liability, commercial general liability or commercial umbrella liability insurance.

All insurance must be purchased on an occurrence basis and should be issued by companies admitted to do business within the State of Washington and have a rating of A- or better in the

most recently published edition of Best's Reports. Any exception shall be reviewed and approved in advance by the Risk Manager for the Department. If an insurer is not admitted, all insurance policies and procedures for issuing the insurance policies must comply with Chapters 48.15 RCW and 284-15 WAC.

The "State of Washington, Department of Natural Resources, its elected and appointed officials, agents and employees" shall be named as an additional insured on all general liability, excess, and umbrella insurance policies.

Before using any rights granted herein, Contractor shall furnish the Department with a certificate(s) of insurance, executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements specified above. Certificate(s) must reference the Contract number **1339** in the time required by Clause 1-11.

The Contractor shall provide the Department written notice before cancellation or non-renewal of any insurance referred to herein, as prescribed in statute (RCW Title 48).

All insurance provided in compliance with this Contract shall be primary as to any other insurance or self-insurance programs afforded to or maintained by State. Contractor waives all rights against State for recovery of damages to the extent these damages are covered by general liability or umbrella insurance maintained pursuant to this Contract.

By requiring insurance herein, State does not represent that coverage and limits will be adequate to protect Contractor, and such coverage and limits shall not limit Contractor's liability under the indemnities in this Contract.

## **2-05 Safety Compliance**

Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Work.

- A. During the Contract performance, Contractor shall protect the lives and health of employees performing the Work and other persons who may be affected by the Work and prevent damage to property at the Unit or adjacent thereto. Contractor shall comply with all applicable laws, ordinances, rules, regulations, and orders of any public body having jurisdiction for the safety of persons or property or to protect them from damage, injury, or loss; shall erect and maintain all necessary safeguards for such safety and protection.
- B. In an emergency affecting the safety or life of its employees or adjoining property, Contractor is permitted to act to prevent such threatened loss or injury. Within 24 hours of any such emergency, Contractor shall notify the Compliance Forester. If directed by the Compliance Forester, within five (5) days of any emergency, an incident report shall be prepared by Contractor and submitted to the Department's Region Manager.

## **2-06 Venue**

Disputes arising under this Contract shall be brought in the State of Washington and the venue shall be Thurston County.

## **2-07 Dispute Resolution**

Before initiating any litigation over the terms of this Contract, the Contractor commits to the following process:

- A. Any concerns or disputes which the Contractor has relating to this Contract shall first be brought to the attention of the Compliance Forester.
- B. If the Compliance Forester is unable to resolve the dispute to the Contractor's satisfaction, the Contractor will notify the Contract Manager in writing of his dispute with specificity. The Contract Manager will review and provide a written suggestion for resolution within ten (10) business days.
- C. If the Contractor is not satisfied with the Contract Manager's response, he will notify the Region Manager in writing of his dispute. The Region Manager will review and set a meeting with the Contractor within fifteen (15) business days, unless the Contractor agrees to a longer period. After the meeting, the Region Manager will provide a written response.

**2-08 Subcontracting**

The Contractor shall not enter into any Subcontract or assignment of this Contract.

**2-09 Nondiscrimination**

During the performance of this Contract, the Contractor shall comply with all federal and State nondiscrimination laws, regulations, and policies.

In the event of the Contractor's noncompliance or refusal to comply with any nondiscrimination law, regulation, or policy this Contract may be rescinded, canceled, or terminated in whole or in part, and the Contractor may be declared ineligible for further Contracts with the Department. The Contractor shall, however, be given a reasonable time in which to cure this noncompliance.

**Contract Work Procedure**

**2-10 Pre-Work Conference**

The Contractor shall attend a Pre-Work Conference before beginning Work. The Compliance Forester will notify the Contractor of the time and place of the Pre-Work Conference.

**2-11 Purpose of the Pre-Work Conference**

The purpose of the Pre-Work Conference is to document the following on the Pre-Work Conference Form:

- A. All required documentation as outlined in sections I and II and listed below have been received from the Contractor, such as insurance forms, prior to beginning Work on this Contract.

Liability Insurance Forms as per Clause 2-04

Performance Deposit as per Clause 1-08

- B. Name(s) and contact information for the Contractor and Designated Contract Representative(s), including all personnel authorized to sign Unit completion forms and payment invoices.
- C. Names(s) and contact information for the Contract Manager and Compliance Forester(s).
- D. The Work plan of operations including the order and time frame in which Work will occur on individual Units or groups of Units within this Contract.
- E. Time interval(s) at which Units will be processed for payment.

F. Clarification of any unique requirements or conditions of the Work within this Contract prior to commencing Work.

**2-12 Work Delay**

Contractor shall promptly notify the Compliance Forester of any actual or anticipated event which is delaying or could delay the Work, including the expected duration of the delay, the anticipated effect of the delay on the schedule, and the action being or to be taken to correct the problem. The notification does not relieve Contractor of its obligation to complete the Work within the time required by this Contract.

**2-13 Non-conformances with Work Schedule**

If Contractor is not in conformance with the Work schedule for reasons other than acts of Force Majeure, Contractor shall bring its activities into conformance with the schedule or request the Compliance Forester to revise the schedule to reconcile with the actual progress of the Work. The Compliance Forester may require a meeting prior to granting the revision. A revision to the schedule shall not change the timing for any other Unit unless expressly authorized. In the event the Contractor stops Work or if the initial start-up is delayed for a period of one (1) week or more, a new Pre-Work Conference shall be held.

**2-14 Work Days**

Work shall only proceed on regular Monday through Friday work days. Work on weekends or designated State holidays require permission from the Compliance Forester.

**2-15 Breach of Contract**

Nonperformance, unsatisfactory performance, or willful violation of Contract requirements by the Contractor shall constitute breach of Contract and the Department may extend the Contract and collect liquidated damages, terminate the Contract with forfeiture of the performance and damage deposit, or declare breach of Contract and make a claim for actual damages suffered by the Department. Any delay or failure of performance by the Department or Contractor, other than the payment of money, shall not constitute a breach if the cause was the result of Force Majeure.

**2-16 Washington State Forest Fire Protection Requirements**

The Contractor and employees shall be familiar with the Washington State Forest Fire Protection Requirements and adhere to them. These requirements are found in:

[Revised Code of Washington Chapter 76.04](#)

**2-17 Inspection**

The Department may inspect the Units for adherence to regulations and presence of fire tools. Any inspections by the Department shall not limit Contractor's liability for failure to adhere to applicable regulations.

**2-18 Spark Arresters**

All spark emitting engines will be equipped with approved spark arresters.

**2-19 Open Fires**

The Contractor shall not build any open fires at any time of the year on the Contract area without first obtaining permission from the Compliance Forester.

**2-20 Removal of Merchantable Products**

Contractor is prohibited from removing merchantable or potentially merchantable products from the Units. A separate agreement with the Department is required for removal of Christmas trees, boughs, brush pickings, decorative shrubs or trees, firewood, poles, posts and other merchantable or potentially merchantable material.

**2-21 Garbage**

Contractor shall dispose of garbage brought onto State lands in garbage disposal areas meeting all State, county, and local requirements. Garbage includes equipment maintenance, abandoned equipment, containers, and other expended materials.

**2-22 Camping**

Contractor is prohibited from using or authorizing its employees to use State lands, landings, or roads for camping

## Section II: Specifications for the Activity

### 2-23 Precedence between Sections

If specific requirements of the Unit Description found in Section III conflict with the Specifications for the Activity in this section of the Contract, the Unit Description of Section III will prevail. Otherwise, this Section controls Contractual activities.

### 2-24 Workers, Supervision and Equipment

The Contractor shall provide:

- A. All Workers meeting the minimum crew size identified in Section III- Unit Description and discussed at the Pre-Work Conference;
- B. Adequate crew supervision, including at least one qualified non-planting, English speaking foreperson per ten (10) person crew, unless otherwise allowed by the Compliance Forester. The foreperson must have one season (at least three (3) months) of tree planting experience. Documentation of a foreperson’s experience shall be provided to the Department upon request; and
- C. Specific tool requirements are detailed in Section III-Unit Description.
- D. Contractor will supply vehicle that ensures Seedlings shall be transported in a covered, unheated compartment, such as an enclosed truck or pickup with canopy. Tarps are not acceptable covering for transport. Shelving or sufficient floor space shall be available so that Seedling containers are not stacked more than five high without intermediate support.

### 2-25 Seedling Supply

The Department will supply Seedlings. If the Department’s supply of Seedlings is temporarily interrupted, it could cause a delay for the Contractor. If needed, the Contract will be extended to permit completion, pursuant to the authorization in Clause 2-12.

### 2-26 Substitution of Type of Seedling Stock Types

If the Department has to substitute Seedlings, adjustment of per acre or per thousand Unit bid price will be made based on the stock type of the new Seedlings pursuant to the following schedule:

Stock Type as Per Bid Invitation	Substitute Stock Type	Percent Adjustment
1+1 or P+1 or P+1/2 Or 2+0 or 1+0 or P+0( $\geq 10\text{in}^3$ )	P+0 ( $< 10\text{in}^3$ )	-10%
P+0 ( $< 10\text{in}^3$ )	1+1 or P+1 or P+1/2 Or 2+0 or 1+0 or P+0 ( $\geq 10\text{in}^3$ )	+10%

Table 1: Substitution of Seedling Stock Types

In the event that more than one stock type of Seedlings are required for a planting Unit, the adjustment in Unit bid price will be prorated based on the acreage planted with each stock type. In such cases, the entire Unit will use the adjusted price.

### 2-27 Weather Conditions

Planting operations will be halted when the Compliance Forester determines weather conditions are injurious to the Seedlings. Weather conditions during which the Department may not allow planting include, but are not limited to:

- A. Air temperature of less than 32 degrees F (32°F) or greater than 65 degrees F (65°F);

- B. Wind velocity greater than twenty (20) miles per hour;
- C. Soil frozen more than one-half (1/2) inch deep;
- D. Snow cover greater than one (1) inch; or
- E. Less than 50 percent Relative Humidity (RH)

## **2-28 Seedling Care During Transportation and Handling**

The Contractor shall comply with the following specifications for Seedling care during transportation and handling:

- A. Seedling containers shall be carefully handled at all times. No throwing, dropping, crushing, etc.
- B. Containers of Seedlings shall be shaded from the sun and shielded with a reflective tarp from drying winds.
- C. Containers of Seedlings shall be stored in a manner that will provide air circulation around each container. When containers are stored in snow banks, snow shall be placed around each container.
- D. Seedlings will be distributed to the Workers so that no more than one container of Seedlings will be open at the assembly point at one time.
- E. Opened Seedling containers shall be immediately resealed. The Contractor shall supply tape and/or stapler to reseal and have them available on the Work site at all times.
- F. Seedlings carried by a Worker shall be in a planting bag and arranged for easy removal of one Seedling at a time. Planting bags shall not be overfilled. Seedlings should be placed in planting bags without shaking or removing soil from the roots. Seedlings should be placed in the planting bag by cupping the roots and guiding the roots into the bag. Seedlings should not be grabbed at the root collar and stuffed into the planting bag.
- G. Seedlings shall not be removed from the planting bag before a planting hole has been prepared.
- H. Seedlings shall be planted as received without pruning or culling, unless directed to do so by the Compliance Forester.
- I. If mold, dry roots, freezing, dying, or evidence of other injury is observed, the condition shall be immediately reported to the Compliance Forester. If available, other stock should be used until the Compliance Forester has examined the damage.
- J. At the end of the Work day, Seedlings which have been distributed but not planted shall be sealed and returned to the cooler.
- K. Contractor shall keep Seedlings free from damage at all times, including but not limited to: drying, heating, smothering, freezing, drowning, or mechanical injury.

## **2-29 Line Planting Method**

The "line" method of planting will be used by planting crews, unless otherwise permitted by the Compliance Forester. Each planter will only plant one (1) line at a time on each pass. Each line will be at the "Average Spacing" given in Clause 2-30A.

## **2-30 Spacing and Number of Seedlings**

Seedlings shall be planted as follows:

### **A. Specified Average Spacing**

Seedlings shall be planted over the Unit at an average spacing (see table below) which will meet the Unit Description's specifications for Seedlings required per acre after planting.

Table 2: Average Spacing Table

Seedlings Required Per Acre After Planting	Maximum Planting Spots Allowed Per Inspection Plot	Average Spacing (Feet)
100	2	20.9 x 20.9
150	3	17.0 x 17.0
200	4	14.8 x 14.8
250	5	13.2 x 13.2
300	6	12.0 x 12.0
350	7	11.2 x 11.2
400	8	10.4 x 10.4
450	9	9.8 x 9.8
500	10	9.3 x 9.3
550	11	8.9 x 8.9
600	12	8.5 x 8.5
650	13	8.2 x 8.2
700	14	7.9 x 7.9
750	15	7.6 x 7.6

**B. Variation to Specified Average Spacing**

The spacing of individual Seedlings may vary within the limits of the minimum Seedling distance where needed to locate a planting spot, so long as average spacing is maintained.

**C. Minimum Seedling Distance**

Seedlings shall not be planted closer than the minimum Seedling distance specified in the Unit Description (Section III) from:

1. Another Contractor planted Seedling;
2. An acceptable natural Seedling; or
3. An acceptable previously planted Seedling.

Acceptable natural or previously planted Seedlings are conifer Seedlings which are at least six (6) inches tall, well formed, and vigorous.

**Contractor will ignore natural seedlings in their spacing decision unless directed differently by the Compliance Forester at the Pre-Work Conference.**

**2-31 Planting Spots**

Where available, Seedlings shall be planted near stumps, logs, dead brush, or other dead shade to provide protection from animal damage, drying winds, and solar radiation.

**2-32 Plantable Spots**

The number of plantable spots available will be calculated for each inspection plot (2-35) as follows:

- A. Maximum allowable planting spots (Clause 2-30(A) - Table 2: Average Spacing Table) per inspection plot minus unplantable spots.

- B. Unplantable spots are those that do not meet the conditions for clearing in 2-33A or are closer than the minimum distance specified in the Unit Description (Section III).

## **2-33 Satisfactorily Planted Seedlings**

Seedlings must meet the following criteria to be considered satisfactorily planted. Satisfactorily Planted Seedlings are used in the analysis of The Compliance Inspection (Clause 2-35) done by the Compliance Forester and are used to determine payment for Work completed (Clause 2-38).

### **A. Preparation of Planting Spot**

Preparation for planting a Seedling shall include the clearing and/or scalping to mineral soil to a minimum diameter of one (1) foot located as near the center of the planting spot as is practicable.

1. 'Clearing' means the removal of duff up to eight (8) inches deep, loosely compacted slash up to two (2) feet deep, and other accumulations such as rock, rotten wood, snow, and ice which can be removed by kicking, dragging, or the use of a planting tool.
2. 'Scalping' means the removal of sod and vegetation less than two (2) feet tall with a base diameter of one-fourth (1/4) inch or less.

### **B. Planting Hole Location and Preparation**

Planting shall be as follows:

1. The planting hole shall be located in mineral soil and as near the center of the planting spot as is practicable;
2. The planting hole shall be vertical, broken out on three sides, and shall be wide and deep enough to fully accommodate the roots of the Seedling being planted;

### **C. Seedling Placement in Planting Hole**

Seedling placement shall be as follows:

1. All Seedlings shall be suspended near the center of the planting hole with the roots in a near natural arrangement;
2. Seedlings shall be at a depth that after filling, packing and leveling, the soil comes to a point midway between the top lateral roots and the lower needles or branches;
3. The roots shall not be doubled up, twisted, tangled, or bunched;
4. Moist mineral soil shall be filled in and firmly packed around roots. The Seedling should not pull loose after a firm tug on the main stem; and
5. The planted Seedling shall have the main stem and roots vertical and free to grow.

## SECTION II: COMPLIANCE INSPECTION AND PAYMENT

### Compliance Inspection

#### 2-34 Field Inspections

The Compliance Forester will conduct periodic inspections. Inspection plot Work may be done concurrently with planting Work but will be completed no later than five (5) business days after Work completion on the Unit.

#### 2-35 Inspection Plots

The Compliance Forester will use inspection plots using the criteria specified in the Unit Description (Section III) and the Specifications (section II-B) to determine the Contractor's Seedling planting performance rating (Clause 2-36). Inspection plots shall be circular and have a one fiftieth (1/50) acre radius. There will be a minimum sample of five (5) plots, or two (2) plots for every five (5) acres of Unit, whichever is more. The inspection plots will be well distributed over the Unit. The Compliance Forester will examine each inspection plot and record:

- A. **Plantable Spots.** The number of planting spots available under clause 2-32.
- B. **Trees Planted Per Acre.** the number of Contractor planted Trees within the inspection plot.
- C. **Satisfactorily Planted Seedlings.** The total number of Contractor planted Seedlings that meet all applicable specifications of the Unit Description (Section III) and Clause 2-33.
- D. **Dropped or Wasted Seedlings.** The Compliance Forester will record the number of dropped and wasted Seedlings found during the inspection of the Unit.

#### 2-36 Seedling Planting Performance Rating

The rating of Seedling planting performance will be expressed as a percent and will be calculated using the sum (or aggregate) of all inspection plots in a Unit. The total of all recorded values for Satisfactorily Planted Seedlings (Clause 2-33) divided by the total of all recorded values for Plantable Spots (Clause 2-32), multiplied by one hundred (100), equals the Seedling planting performance rating percent:

$$\frac{\text{Total Satisfactorily Planted Seedlings}}{\text{Total Plantable Spots}} \times 100 = \text{Planting Performance Rating \%}$$

### Determination of Payment

#### 2-37 Boundaries

The boundaries depicted on Unit Map (Section III) delineate the planting area. Failure to complete Work to boundaries established by the Department renders work in that Unit unsatisfactorily completed. The planting boundaries will consist of easily identifiable features (including but not limited to roads, streams, or abrupt changes in forest type or age). Flagging will be used for areas where identifiable features are absent. The Contractor is responsible for understanding the location of all boundaries. No consideration will be given for Work that extends beyond Unit boundaries. If Work extends beyond Unit boundaries, charges may be levied against the Contractor by the Department for damages suffered.

#### 2-38 Determination of Payment by Unit

The acceptability and the rate of pay for planting Work performed will be based on the Seedling Planting Performance Rating (Clause 2-36). The Compliance Forester's inspection will determine the rating.

- A. **Satisfactory Planting Performance:** The Work will be satisfactory if the Seedling planting performance rating is between 92 percent and 105 percent.
- B. **Rate of Pay:** The rate of pay is the Unit Bid Price (Section IV). The rate of pay will not exceed the per-acre or per-thousand rate of the Unit Bid Price.

- C. **Unsatisfactory Planting Performance:** The Work will be considered unsatisfactory if the Seedling planting performance rating is greater than 105 percent or less than 92 percent, or the Unit is not planted up to boundaries.
- D. **Reduction in Payment:** The reduction in payment for unsatisfactory Work will be:
1. If the Seedling planting performance is rated less than 92 percent but equal to or greater than 80 percent, the rate of pay will be equal to the Unit Bid Price reduced by 3 percent for every 1 percent the Seedling planting performance rating is less than 92 percent.
  2. If the Seedling planting performance is rated at 79 percent or less, or if the Unit is not planted to boundaries there will be no payment.
  3. If the Seedling planting performance rating is greater than 105 percent, the rate of pay will be equal to the Unit Bid Price reduced by 3 percent for every 1 percent the Seedling planting performance rating is above 105 percent.
  4. The Contract Manager will deduct from the Contractor's payment three dollars (\$3) per Seedling found dropped or otherwise wasted by the Contractor.

## 2-39 Payment Examples

Example A: The Unit Bid Price is \$40 per acre and the Seedling planting performance rating is 90 percent.

The Seedling planting performance rating of 90 percent is two percentage points less than the 92 percent performance limit. A 3 percent reduction for each of the percentage points equals a total reduction in the Unit Bid Price of 6 percent. Therefore, 100 percent minus 6 percent equals a 94 percent rate of pay per acre which is:  $94 \text{ percent} \times \$40/\text{acre} = \$37.60/\text{acre}$ .

Example B: The Unit Bid Price is \$78 per thousand and the Seedling planting performance rating is 80 percent.

The Seedling planting performance rating of 80 percent is 12 percentage points less than the 92 percent performance limit. A 3 percent reduction for each of the percentage points equals a total reduction in the Unit Bid Price of 36 Percent. Therefore, 100 percent minus 36 percent equals a 64 percent rate of pay per thousand which is:  $64 \text{ percent} \times \$78/\text{thousand} = \$49.92/\text{thousand}$ .

Example C: The Unit Bid Price is \$40 per acre and Seedling planting performance rating is 107 percent.

The Seedling planting performance rating of 107 percent is two percentage points more than the 105 percent performance limit. A 3 percent reduction for each of the percentage points equals a total reduction in the Unit Bid Price of 6 percent. Therefore, 100 percent minus 6 percent equals a 94 percent rate of pay per acre which is:  $94 \text{ percent} \times \$40/\text{acre} = \$37.60/\text{acre}$ .

## 2-40 Seedling Waste

Dumping, discarding, mishandling or otherwise destroying Seedlings shall be considered a willful violation of the Contract and shall be considered a breach of Contract (Clause 2-15).

## 2-41 Re-work of Unsatisfactory Units

The Compliance Forester may require the Contractor to re-work a Unit which is not rated satisfactory (Clause 2-36). The Compliance Forester may require the rework to be completed prior to starting Work on a new Unit. Reworked areas will be reexamined for Contract compliance, and will replace the previous planting performance rating.

If the Contractor refuses to re-work the Unit, the Department may terminate the Contract and retain the damage and performance deposit. If the Contractor re-works the Unit and it is rated unsatisfactory, the Department may terminate the Contract and the Contractor will be paid only for satisfactorily completed Work prior to termination.

## 2-42 Payment Schedule

Details of the payment schedule will be determined in the Pre-Work Conference (Clause 2-10) and will be set forth in the Work schedule. Payment shall be made as follows:

- A. **L&I Insurance Premiums.** Ten percent (10%) of all payments due Contractors who employ Workers shall be retained by the Department as security for Labor & Industries industrial insurance premiums owed for their Workers. Upon determination that the Contractor has met all financial obligations for industrial insurance premiums related to the Item(s) of this Contract, the 10% retainage will be returned to the Contractor.
- B. **Partial Payment.** The Contractor may request partial payment when part of a Unit is completed. The Contractor or Designated Contract Representative shall sign the Unit completion form after completion of each partial Unit being submitted for payment. The Compliance Forester will make payment recommendations for the invoice and forward the Unit completion form to the Contract Manager for processing.
- C. **Unit Completion Form.** The Contractor or the Designated Contract Representative and the Compliance Forester shall sign a Unit completion form at the conclusion of Work and completion of The Compliance Inspection on each Unit.
- D. **Verification Traverse.** If a Unit's acreage is disputed, the Contractor may request a verification traverse by the Department. The request must be in writing and signed by the Contractor. The Department will base the rate of pay on the acres determined from the verification traverse. If the net acres specified in the Unit Description are correct within plus or minus five percent ( $\pm 5\%$ ) after the verification traverse, the Contractor shall pay for the verification traverse at a rate of ten dollars (\$10.00) per one hundred (100) feet of traversed boundary.

## **Bid Form Requirements**

Bids must be submitted on the Bid Form (Section IV).

- A. If there are multiple Items to be awarded, the bidder may choose to bid on any combination of Items. A bidder may also bid on all Items or any combination of Items with the specification that all Items awarded be restricted to a specified total acreage. That acreage limit must be entered in the space provided on the Bid Form and must be at least as large as the largest Item for which a bid is submitted.
- B. A Unit Bid Price and a Unit total must be entered for all of the Units in any Item the bidder is bidding on. For Items being offered on a per acre basis, the Unit Total is calculated by multiplying the per acre Unit Bid Price times the Unit acres. All Unit Totals within an Item must be summed and entered as the Item Total. In the event of an error in the extension of Unit Totals or Item Totals, the individual Unit Bid Price shall prevail

All Bid Forms must be signed in ink. If the bid is made by a corporation, it shall be signed by the corporation's authorized designee. Incomplete or unsigned bids may be rejected.

Home Phone _____	_____

To whom it may concern:

The purpose of this form is to inform persons engaged in Contracting forest activities of their liabilities under the mandatory provisions of the Industrial Insurance Act, Title 51 RCW.

The law provides benefits for a Worker, injured in the course of his employment, or his family or dependents in case of death of the Worker.

Worker is defined in the law as every person employed by an employer or every person Working under an independent Contract, the essence of which is that person's personal labor.

As one whom Contracts to perform forest activities you may require the assistance of other individuals to complete these Contracts. If such is the case you are required to establish an industrial insurance account with the Department of Labor and Industries and pay the prescribed premium on behalf of your Workers.

In the event you obtain the assistance of another person or persons to perform Work in connection with your Contract, regardless of the circumstances, you should contact the Department of Labor and Industries at one of its statewide service locations or its Olympia headquarters. You will then be provided with the necessary information regarding opening an account, premium rates, and reporting requirements.

The law also provides that any agency or firm that lets a Contract is liable for payment of industrial insurance premiums should the Contractor fail to do so. The agency or firm may also withhold money due the Contractor to insure payment of premium. Consequently, failure to comply with the above requirements could delay payment of retained funds.

Note:

Return one (1) copy of this form as per Clause 1-04.

## SECTION V - OFFER AND CONTRACT AWARD FORM

### OFFER (For Bidder Use Only)

On condition of a Contract award generally within ten (10) business days of bid opening and for the bid price the undersigned hereby offers and agrees to furnish services in compliance with all terms, conditions, and specifications of Invitation to Bid/Contract Number **1339**.
