**Addendum to Contract 1328
 2011 Helicopter Application of Herbicides as Site Preparation and Conifer Release
 Treatments**

Washington Department of Natural Resources
 Northwest Region

A change has been made to F.1.h.1 of Contract 1328 regarding approved substitutions of herbicides. Two new substitutions are allowed. The original contract shows the following:

F.1.h.1. Generic herbicides containing identical active ingredient percentages to those specified in the Unit Descriptions may be substituted for brand-name herbicides as follows:

<u>Brand Name Herbicide:</u>	<u>Approved Substitute:</u>
Oust XP EPA # 352-601	Spyder EPA# 228-408 SFM 75 EPA# 81927-26
Oust Extra EPA # 352-622	SFM Extra EPA# 81927-5 Spyder Extra EPA# 228-6902.

New additional substitutions are as follows:

Oust XP EPA # 352-601	Sulfomet EPA# 352-401-85588
Oust Extra EPA # 352-622	Sulfomet Extra EPA# 352-622-85588

These substitutions are pending approval from Forest Practices. Please contact Chris Hankey at 360-854-2811 if you have any questions.

Thank you.
