

January 2, 2015

As manager of a wood mill or operation, you are an important source of information about Washington's wood products industry. You can help us gather data for the **2014 Washington State Mill Survey** which is published every other year by the Department of Natural Resources. The Mill Survey is an economic snapshot of statistics on mill characteristics, production levels, and wood consumption. In recent years its charts and tables have revealed how the industry is adapting to the housing market, construction industry trends and ever-changing global markets,

The Washington Mill Survey includes these wood product sectors:

lumber • log export • pulp • chipping
shake and shingle • post, pole and piling • plywood and veneer

Also for the 2014 edition of the Mill Survey, the **engineered wood** sector has been added. Individual mill data will be kept confidential. If tables reveal statistics of single operations, categories are combined to protect proprietary information.

Attached to this mailing is a blank 2014 questionnaire for your wood products sector. Digital forms (PDF) of the questionnaires are available online at: <http://bit.ly/WaMillSurvey> After you've completed the electronic form, you can save the questionnaire and your responses to your computer as a PDF file. **Then send a copy back to us, using one of the three methods below:**

Postal mail:

Dorian Smith, Economic Analyst
Department of Natural Resources
PO Box 47041,
Olympia, WA, 98504-7041
Email: dorian.smith@dnr.wa.gov
FAX: 360-902-1780

Please answer all questions regarding your operation for the 2014 production year (January-December). If records are not available, just use your best estimates. Since this survey is a "census" (complete coverage), we strive for 100 percent response —no matter the size of the operations. **We would like to receive the forms back by Feb. 13.**

You can check out earlier editions of the Mill Survey at: <http://bit.ly/WaMillSurvey>

If you have any questions please call (360) 902-1026. Thank you for your cooperation.
