Bidders protesting this selection shall follow the procedures described below. DNR will not consider protests that do not follow these procedures. This protest procedure constitutes the sole administrative remedy available to Bidders under this procurement.

All protests must be in writing and signed by the protesting party or an authorized Agent. The protest must state the grounds for the protest with specific and complete statement of the action(s) being protested. A description of the relief or corrective action being requested should also be included. All protests shall be addressed to the RFQQ Coordinator.

Only protests raising one or more factually supportable issues concerning the following subjects shall be considered:

- A matter of bias, discrimination or conflict of interest on the part of an evaluator;

When DNR receives a protest, DNR will hold a protest review. The Commissioner of Public Lands or his delegate will consider all available facts and issue a decision in five (5) business days of receiving the protest. If a protest might affect the interest of other Bidders that submitted a proposal, those Bidders will be given an opportunity to submit its views and any relevant information on the protest to the RFQQ Coordinator.

The final determination of the protest shall:

- Find the protest lacking in merit and uphold DNR's action; or

- Find merit in the protest and provide the DNR options which may include:
 - Correct the errors and re-evaluate all proposals
 - Reissue the solicitation document
 - Make other findings and determine other courses of action as appropriate.

If DNR determines that the protest is without merit, DNR will enter into a contract with the apparently successful contractor.
