

FIREFIGHTER PROPERTY PROGRAM

Terms and Conditions

2.01 Equipment Use:

- (1) All FFP equipment shall be refurbished and put into service for firefighting, direct support of firefighting or emergency services programs within one year of acquisition. The Fire District may receive an extension of the one-year time limit for good cause upon written request to DNR prior to the one-year anniversary date. In addition, all FFP equipment must be retained and used in service for a minimum of one year after being put into service.
- (2) If equipment is not put into service within one year, or the Fire District does not receive written approval from DNR for an extension, or the equipment is not retained and used in service for one year after it has been placed into service, then Fire District agrees, if required by DNR, to return equipment and transfer title to DNR, and DNR may suspend the Fire District from future participation in the program.
- (3) Within one year after acquisition, Fire District will provide proof in a form acceptable to DNR that equipment has been put in service.
- (4) Fire District use of FFP equipment must be for its intended purpose. Personal use is prohibited.
- (5) Cannibalization of FFP equipment is prohibited.
- (6) All military or federal governmental exterior logos, insignias, identification numbers, and paint patterns must be removed prior to putting the unit into service.

Inventory Disposal Demilitarization Items: FFP items identified by DOD as requiring demilitarization (DEMIL codes C, D and F) will be tracked and inventoried in the Forest Service Federal Excess Property Management Information system (FEPMIS) until final disposition. The Fire District is required to return those items to the nearest DOD Defense Reutilization Marketing Office (DRMO) Demil site. If a DoD Demil site is not close, the Fire District may be allowed to demil the item on site, through crushing, mutilation, cutting, and to make the item unusable for its original intended use. The Forest Service and DNR will coordinate demilitarization activities through the Distribution Reutilization Policy Director at the Defense Logistics Agency.

Records: The Fire District agrees to provide access to and the right to examine all equipment, records, books, papers or documents for all equipment transferred under the FFP to the US Forest Service, DNR, DOD Office of Inspector General, the Comptroller General of the United States or his authorized representative, and the USDA, including its Office of Inspector General, or authorized representatives. The Fire District is required to maintain property records for a minimum of 5 years after acquisition of all non-consumable FFP property (i.e. registration, insurance, final disposal).
