

Public Auction Sale of Timber

Book 882

.....

August 2009

WASHINGTON STATE DEPARTMENT OF
Natural Resources

Peter Goldmark - Commissioner of Public Lands

Caring for
your natural resources ...
now and forever

IMPORTANT NOTICES

Natural Resources (DNR)

Governmental Regulatory Actions or Orders

The purchaser assumes the risk of liabilities related to regulatory actions or orders by any government agency that may affect the operability of these timber sales. Such regulatory actions or orders include, but are not limited to, actions taken pursuant to the State Forest Practices Act, Chapter 76.09 RCW, and the Federal Endangered Species Act, 16 U.S.C. §§ 1531-1544. Please see timber sale contract clauses G-066 and G-220 for further information.

Threatened and Endangered Species

DNR cannot verify the presence or absence of **any** threatened or endangered species that may affect the operability of the timber sale. Purchasers must rely on their own assessments.

Export Restricted

All timber purchased under these state DNR contracts shall not be exported outside of the United States until the timber has been processed. Purchasers shall not violate any of the prohibitions in WAC 240-15-015 (relating to the prohibitions on export and substitution), WAC 240-15-025 (relating to reporting requirements), and WAC 240-15-030 (relating to enforcement). If purchasers knowingly violate WAC 240-15-015, purchasers shall be barred from bidding on or purchasing export restricted timber as provided.

Cover photos

Timber Sales in this book are from state trust lands, managed to help build K-12 public schools, state universities, colleges, prisons, mental hospitals, the state Capitol; and to support local services in many counties.

Top left: State Forest Lands are managed to provide revenue to the counties in which they are located such as the Pacific County Courthouse in South Bend, Washington. Northwest Bridge Company of Portland, Oregon completed construction of the courthouse building in June of 1911. One unusual feature of the historic building is an "art glass dome" that crowns the structure. The courthouse is listed on the National Register of Historic Places.

Natural Resources
Doug Sutherland - Commissioner of Public Lands

Certification Opportunities for DNR Timber Purchasers

Certified forests are grown to an approved set of standards which demonstrate environmentally responsible, socially beneficial, and economically viable management practices that promote responsible stewardship and sustainable forestry. This unique commitment to sustainable forestry recognizes that forest landowners play a critical role in ensuring the long-term health and sustainability of our forests.

Forest Stewardship Council (FSC) is an independent, non-profit organization that promotes responsible management of the world's working forests through the development of forest management standards, a voluntary certification system, and trademarks that provide recognition and value to products bearing the FSC label in the marketplace. FSC standards ensure forestry is practiced in an environmentally responsible, socially beneficial, and economically viable way.

Sustainable Forestry Initiative® (SFI) is an independent non-profit organization internationally endorsed and accepted around the world. The SFI program is based on the premise that responsible environmental behavior and sound business decisions can co-exist. Its three-chamber Board of Directors governs all aspects of the SFI program, with equal representation from the environmental, economic and social sectors.

Currently, all Department of Natural Resources (DNR)-managed forested state trust lands in Washington State are certified under the Sustainable Forestry Initiative® (SFI) Standard. Lands within DNR's South Puget Habitat Conservation Plan Planning Unit, located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are dually certified under the Forest Stewardship Council Pacific Coast Regional Standard (FSC) and the SFI Standard.

Certification under each standard (FSC and SFI) involves an inspection audit of the landowner's forest management activities by an independent third-party accredited team to verify that it meets specified forest management principles. If the forest unit complies with the specific standard, the landowner receives a certificate of conformance characterizing their forests as "green." Both standards encourage integration of perpetual growing and harvesting of trees with strong measures to protect wildlife, plants, soil, water, and air quality. Both standards provide a seal of approval that forests certified under these principles are well-managed. The global marketplace recognizes and endorses multiple forest certification standards. Each standard has individual market niches. By being dually certified, DNR can maximize its customer base and provide choices to the consumer.

Forest Stewardship Council

DNR's FSC Certificate number is: BV-FM / COC-080501

SUSTAINABLE FORESTRY INITIATIVE

DNR's SFI Certificate number is: 164041

DNR-managed forested state trust lands within the South Puget Habitat Conservation Plan Planning Unit (map below), located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are certified as being in compliance with the Forest Stewardship Council Pacific Coast Regional Standard, which would make that planning unit dually certified under both the FSC and SFI Standards.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the FSC Program and use the Licensed Marks, visit www.fscus.org.

To learn more about DNR timber sales certified under this standard, please visit www.dnr.wa.gov.

Forest Stewardship Council owns all right, title, and interest in and to the Forest Stewardship Council Program Marks.

All DNR-managed forested state trust lands across the state have been certified as being in compliance with the 2005-2009 Sustainable Forestry Initiative® Program.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the SFI Program and use the Licensed Marks, visit www.sfiprogram.org.

To learn more about DNR timber sales certified under this standard, please visit www.dnr.wa.gov.

Sustainable Forestry Initiative, Inc. owns all right, title, and interest in and to the Sustainable Forestry Initiative® (SFI) Program group of service marks and collective membership marks.

To learn more about certification on DNR-managed forested state trust lands, visit <http://www.dnr.wa.gov/BusinessPermits/TimberSales> or contact the following:

Washington State Department of Natural Resources (DNR)

Bidder's/Purchaser's Inspection of Sale Area and Forest Products

Acreage estimates and volume estimates contained within each timber notice of sale and each timber sale contract are made only for administrative and identification purposes. Except as expressly provided by the timber sale contract, the purchaser shall be responsible for paying the entire purchase price, even if the actual acreage or timber volume varies from the estimated quantity or volume shown.

All prospective bidders have the opportunity and are expected to inspect the sale area and the forest products located thereon. Bidders shall not rely on any representations by the State including, but not limited to, acreage estimates, volume estimates, appraisal or pre-bid documentation. The successful bidder/purchaser will further warrant that they have entered the timber sale contract without any reliance upon the DNR's volume estimates, acreage estimates, appraisals, pre-bid documentation, or any other representation by the DNR.

Any timber sale contract arising out of these public auctions will require the successful purchaser to warrant that they are entering the timber sale contract based solely upon their own judgment of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold.

Exclusion and Disclaimer of Warranties

The PARTIES AGREE that the IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, and ALL OTHER WARRANTIES EXPRESS OR IMPLIED, ARE EXCLUDED from this transaction, and shall not apply to the goods sold. For example, THE FOLLOWING SPECIFIC MATTERS ARE NOT WARRANTED, and are EXCLUDED from this transaction:

- a. *The merchantability of the forest products.* The use of the term “merchantable” in any document is not intended to vary the foregoing.
- b. *The condition of the forest products.* All forest products will be conveyed “AS IS.”
- c. *The acreage contained within any sale area.* Any acreage descriptions appearing in the timber notices of sale, timber sale contract, timber sale map or other documents are estimates only, provided solely for administrative and identification purposes.
- d. *The volume, quality, or grade of the forest products.* The descriptions of the forest products to be conveyed are estimates only, made solely for administrative and identification purposes.
- e. *The correctness of any soil or surface conditions, presale construction appraisals, investigations, and all other pre-bid documents prepared by or for the State.* These documents have been prepared for the State’s appraisal purposes only.
- f. *That the sale area is free from threatened or endangered species, or their habitat.* The State is not responsible for any interferences with forestry operations that result from the presence of any threatened or endangered species, or the presence of their habitat, within the sale area.

g. *That the forestry operations to be performed under this contract will be free from regulatory actions by governmental agencies.* The State is not responsible for actions to enforce regulatory laws, such as the Washington Forest Practices Act (Chapter 76.09 RCW), taken by the Department of Natural Resources or any other agency that may affect the operability of these timber sales.

h. Items contained in any other documents prepared for or by the State.

Please also see timber sale contract clause G-060 for further information.

BIDDING PROCEDURES FOR TIMBER AUCTIONS

The general requirements that follow are a part of all Timber Notices of Sale to be auctioned by the Department of Natural Resources (DNR).

General Information

The State reserves the right to waive minor irregularities and the right to reject any or all bids.

A. This book contains the timber notices of sale and maps for each timber sale scheduled to be auctioned. More specific information can be obtained by contacting the appropriate region office at the number listed on the back cover of this book.

B. The timber notice of sale is a summary of sale information. For more specific information, interested parties are encouraged to view the Appraisal Packets on the DNR Internet Site @ www.dnr.wa.gov, this will take you directly to the Product Sales Section. The Appraisal Packets contain **DRAFT** copies of the timber notice of sale, map, contract, road plan, cruise data, precruise and cruise narrative, Forest Practices Application (FPA), Hydraulics Project Approval (HPA).

C. The sale preview packets may be obtained at no charge for individual sales by visiting the appropriate region office.

D. Timber sale contracts contain extensive terms and conditions that will be binding upon successful high bidders. Each bidder should carefully review all terms contained in the appropriate **DRAFT** timber sale contract prior to bidding on a sale, and should review the final contract prior to signing. **DRAFT** timber sale contracts are contained in the preview and presales packets and are available upon request at the respective region office.

E. Sales advertised in this book have not been approved by the Board of Natural Resources and are subject to the Board's approval before they will be sold. The Board meets and approves sales approximately six weeks prior to auction. All sales are subject to confirmation by the DNR under RCW 79.15.120.

F. The State does not guarantee the accuracy of any information contained herein pertaining to particular sales. Therefore, all prospective purchasers are expected to make their own independent inspections and appraisals prior to bidding.

G. If any conflict exists between the information in the Timber Notice of Sale, timber sale map, sale preview packets and that in the timber sale contract, the signed contract will prevail.

H. Timber sales are subject to the Washington State Forest Excise Tax (RCW Chapter 84.33).

I. Within 30 days of sale confirmation, the apparent high bidder will provide to the State the Performance Security specified on each Notice of Sale. The successful bidder also agrees to return a signed contract to the State within 30 days of confirmation. Failure to provide a signed contract to the state within 30 days of confirmation may result in a loss of bidder's rights to the products sold and forfeiture of initial deposit moneys.

J. Each DNR region office has information about sales offered in that region. For further information, contact the respective DNR region office. Region office addresses and telephone numbers appear on the back cover of this booklet.

K. The purchaser assumes the responsibility for any costs associated with extra maintenance or repair levied by a county for any county road used by the purchaser.

BIDDING PROCEDURES FOR TIMBER AUCTIONS (Continued)

Bidding Process

- A. All timber will be auctioned using the sealed bid method.
- B. Bids submitted on day of auction must be in the bid box at the specified auction location before 10:00 a.m. The respective DNR region office must receive mailed bids by 4:30 p.m., on the last business day before the auction. Bidders assume all risk for the method of delivery.
- C. The DNR has the right to reject bid forms that are completed incorrectly. *All bid forms must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. Revised documents are not permissible.* Bidding instructions are on the back of the Sealed Bid Form. A bid deposit must be included in the sealed bid envelope unless using a Timber Sale Statewide Bid Bond.
- D. All bids must include the completed Sealed Bid Form and bid deposit.
- E. Bids will be opened in each respective region in the order in which sales appear in the Public Auction Sale of Timber book (alphabetically by county and by agreement number).
- F. If a tie bid occurs, the names of the tie bidders will be placed in a hat and the successful bidder will be determined by a drawing.
- G. For sales offered on a stumpage basis, the apparent high bidder on a particular sale will have the option of withdrawing additional sealed bids submitted for any remaining sales to be auctioned. The apparent high bidder must exercise this option within two minutes after the apparent high bidder is announced. This option is not available for sales offered on a delivered basis.

Auction Time and Location

Auctions will start at 10:00 a.m. and close at 4:00 p.m. on the date and at the location specified in each Timber Notice of Sale.

Bid Deposits

- A. Required bid deposits are listed on each Timber Notice of Sale.
- B. Bid deposits must be in the form of cash, certified check, cashiers' check, money order or bid bond.
- C. Bid bonds may be either a Timber Sale Statewide Bid Bond or a Timber Sale Per Sale Bid Bond.
- D. All bid deposits shall be submitted by the person or entity submitting the bid and made payable to the Department of Natural Resources. **Third party deposits will not be accepted.**
-

Timber Sale Per Sale Bid Bonds

- A. The Per Sale Bid Bond shall guarantee payment of the bid deposit **within ten days of auction.**
- B. The balance between the bid bond and the Initial Deposit payment is due by 4:30 p.m., **on the day of auction.**
- C. Additional forms and instructions for a Per sale Bid Bond are available at any DNR region office.

Timber Sale Statewide Bid Bond

- A. Statewide Bid Bonds shall guarantee payment of the Initial Deposit on any statewide timber sale while the bond is in effect.
- B. The Statewide Bid Bond must be received by the Department of Natural Resources, Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction date. The bond shall be in the amount of \$150,000.00.
- C. The bidder must supply a list of persons authorized to bid using the bond. Bid bonds are subject to approval by the Department of Natural Resources.
- D. Successful bidders using a Statewide Bid Bond must pay the total Initial Deposit payment (10 percent of the total bid price) **by 4:30 p.m. on the day of auction.**
- E. A Statewide Bid Bond cannot be used to secure the Initial Deposit payment due the day of auction.
- F. Additional forms and instructions for a statewide bid bond are available at any DNR region office.

Payments

The initial deposit for a sale is 10% of the total bid value as submitted by the apparent high bidder (25% if the bidder is a defaulter as defined under WAC 332-140-300) and never less than \$5,000.00 for lump sum sales. For Lump Sum sales appraised at less than \$5,000.00, the entire bid value is due on day of auction.

- a. Apparent high bidders using cash, certified check, cashiers' check or money order as a bid deposit must pay the total Initial Deposit amount by 4:30 p.m. on auction day.
- b. Apparent high bidders using a Timber Sale Per Sale Bid Bond as a bid deposit must pay the difference between the bid deposit and the total initial deposit by 4:30 p.m., on the day of auction. The bid bond amount must be replaced with a certified check, cashier's check, bank draft, cash, money order, or wire transfer within ten days of the auction.
- c. Apparent high bidders using a Timber Sale Statewide Bid Bond must pay the entire

Initial Deposit amount by 4:30 p.m. on the day of auction.

Fees due on the day of sale must be paid by 4:30 p.m.

All payments must be in the form of a certified check, cashier's check, bank draft, cash, money order or wire transfer.

Eligibility to Bid

In order to bid on State timber sales you must be:

- 18 years of age (or have a co-signer who meets the eligibility requirements),
- Licensed to do business in the State of Washington,
- Eligible to bid on Export Restricted timber, and
- Capable of meeting all contract obligations.

Authorized Representatives

Companies may only use authorized representatives or company officers to bid on State sales, sign State documents or sign checks. A list of authorized representatives and their specific authorities must be submitted in writing to the Department of Natural Resources Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction. A company owner or officer must sign this submittal.

Within 30 days of confirmation date the successful bidder agrees to furnish Performance Security acceptable to the State in the amount specified on the Notice of Sale. Performance Security must guarantee performance of all provisions of the contract and payment of any damages caused by operations under the contract or resulting from the successful bidders noncompliance with any rule or law.

Bidder's Warranty and Bid Signature

By signing and submitting this bid as an offer to purchaser forest products from the State, the Bidder hereby warrants to the State that they have had an opportunity to fully inspect the sale area and the forest products being sold. Bidder further warrants to the State that they enter this bid based upon their own judgments of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold. Bidder also warrants to the State that they enter this bid without any reliance upon the volume estimates, acreage, appraisals, pre-bid documentation, or any other representation by the Washington State Department of Natural Resources.

_____ Date _____
(Signature of Authorized Representative submitting this bid)

(Print **name and title** of Authorized Representative submitting this bid)

Note: all sales are subject to confirmation by the Commissioner of Public Lands (Refer 79.15.120)

Instructions For Completing Sealed Bid Form

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks on bid form must be completed including the bid bond number if the bidder is relying upon a bid bond for bid deposit.

For more specific information, contact the appropriate region office.

In-Person Bids

- A. Sealed bids must be in auction box before 10:00 a.m. on the day of auction at the location specified in the Timber Notice of Sale.
 - B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be on the bid bond and timber sale contract. The bid form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope.
 - C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
 - D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.
-

Mailed Bids

- A. Bids that are mailed are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED". The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The Sealed Bid Form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope.
 - B. Bids that are mailed will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery. The DNR assumes no responsibility for any delays caused by any delivery service.
 - C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
 - D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.
-

Initial Deposit:

Lump Sum Sales - Initial Deposit must equal 10% of the total bid submitted.
(25% if the bidder is a defaulter as defined under WAC 332-140-300)

Weight Scale Sales - Initial Deposit must equal 10% of the bid per ton multiplied by the total sale estimated tonnage. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Scribner MBF Scale Sales - Initial Deposit must equal 10% of the bid per MBF multiplied by the total sale MBF. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

STATEWIDE BID BOND

Bond Number _____

_____ of _____,
(Principal's Name) (City, State)

hereinafter called PRINCIPAL, and _____ hereinafter called
SURETY,

a corporation organized under the laws of the State of _____, and authorized to transact surety business in the State of Washington, as SURETY, are held and firmly bound jointly and severally to the State of Washington, Department of Natural Resources, hereinafter called the STATE, in the sum of \$150,000.00 Dollars, lawful money of the United States of America. The PRINCIPAL binds itself, its heirs, executors, administrators, successors, and assigns, and the SURETY binds itself, its successors, and assigns, all jointly and severally.

This bond shall be governed by the laws of the State of Washington. In the event of a lawsuit involving this bond, a venue shall be proper only in Thurston County Superior Court.

Signed, sealed and dated this _____ day of _____, _____.
(month) (year)

This statewide bid bond may be used for bidding between the following dates:

Starting:

Ending:

It Is Hereby Understood and Agreed:

If PRINCIPAL is an apparent high bidder, PRINCIPAL shall before 4:30 p.m., on day of sale, pay to the STATE the amount of the initial deposit in the form of a certified check, cashier's check, bank draft, cash or money order, then this agreement shall be void for the sale on which the payment is made; otherwise, it will remain in force.

SURETY will make payment to the STATE within ten days after demand by the STATE if the PRINCIPAL shall fail to make timely payment as described above.

The SURETY may cancel this bond by sending a written notice to the STATE, not less than forty-five days before a cancellation date; liability shall terminate as to acts or omissions of the PRINCIPAL that occur after the cancellation date.

The PRINCIPAL and the SURETY executed this bond on the date first mentioned.

Ponderosa pine sorts: Enter one or more preferred log length for each log length range below

Pole sorts (Distribution): Enter 3 lengths. Attach preferred manufacturing information.

Pole sorts (Transmission): Enter 6 lengths. Attach preferred manufacturing information.

Tonnage sorts: See bid form instructions for required log lengths. Enter additional custom lengths as desired.

Log Length Ranges	Bidder's Preferred Log Lengths (Log lengths exclude trim)
12 ft. through 20 ft.	
22 ft. through 30 ft.	
32 ft. through 40 ft.	
Distribution Poles – 35 ft. through 55 ft.	
Transmission Poles – 60 ft.+	

Additional Log or Pole Length Information:

To provide additional preferred cutting information you may attach a separate sheet or "Cutting card".

Log Delivery Information:

1) Designate the point of delivery and address (must be a street address)

(Location Name)

(Street Address)

(City, State and Zip)

2) Designate the state approved Weighing and Scaling facility closest to the point of delivery.

(Location Name)

(Street Address)

(City, State and Zip)

Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion. Additional terms or conditions requested by the bidder on or attached to the Log Sort Sealed Bid or Supplemental Information Forms are informational only and non-binding.

Instructions for Completing the Log Sort Sealed Bid and Supplemental Information Forms.

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form(s) provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks including Agreement Number, Sort Number, Bid amount (per mbf or ton as appropriate for the sort), Bid deposit amount and type. Signatures and date on bid form must be completed including the bid bond number if bidder is relying upon a bid bond for bid deposit.

Bids may not be accepted if a completed '**Log Sort Sealed Bid Supplemental Information Form**' is not included with the approved '**Log Sort Sealed Bid Form**'.

Required log lengths for tonnage sorts: Preferred log lengths for tonnage sawlog sorts shall include the following plus any additional lengths identified on the Bid Supplemental Information form:

Species Type	Preferred Lengths
Conifer Sorts	16', 20', 24', 26', 32', 40'
Hardwood Sorts	18', 20', 26', 28', 30', 36', 38', 40'

For more specific information, contact the appropriate region office.

In-Person Bids

- A. Sealed bids must be in auction box or auction envelope before 10:00 a.m. on the day of sale at the location specified in the notice of sale.
- B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same as the name on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope, please.
- C. Sealed bid envelopes must contain the following:
 1. A completed Log Sort Sealed Bid form;
 2. A completed Supplemental Information form; and
 3. A bid deposit

Mailed Bids

- A. Mail-in bid envelopes are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED." The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope, please.
- B. Mail-in or otherwise delivered bids will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery they chose. The DNR assumes no responsibility for any delays caused by any delivery service.
- C. Sealed bid envelopes must contain the following:
 1. A completed '**Log Sort Sealed Bid Form**';
 2. A completed '**Log Sort Sealed Bid Supplemental Information Form**' and;
 3. A bid deposit

(THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS:

41.72 stations of optional construction. 41.72 stations of road to be abandoned if built.

Development of an existing gravel source (Section 2 Pit) at station 17+93 of the MD-03 Road will involve processing rock to generate approximately 1,545 cubic yards gravel surfacing.

Development of a proposed hardrock source (Snowline Hardrock Pit) at station 4+65 of the SK-3379 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate approximately 206 cubic yards of rip rap and approximately 3340 cubic yards of subgrade ballast rock. This rock is available at no cost on State land.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD:

Acres determined by Hand traverse. 72.5 acres gross. 1.2 acres deducted for green tree retention clumps and 1.5 acres deducted for existing road. 69.8 acres net. Cruised using variable plot method. Expansion factor used is 54.45. Sighting height is 4.5 feet. Grid size plot spacing is 240 x 200 feet in Units 1, 2, RMZ thinning, and right-of-way. Plot ratio cruise count is 1:1 in Units 1, 2, and right-of-way; cruised all in RMZ thinning. Plot 10 plots were taken in Unit 1, 40 plots taken in Unit 2 (including right-of-way), and 7 plots taken in RMZ thinning, for a total of 57 plots.

FEES:

Purchaser shall furnish the State with a check made payable to Sierra Pacific Industries in the amount of \$7,961.00 on the day of sale for permit #55-083192, and road use. \$46,242.50 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS:

1) The SK-3379 from station 28+41 to 41+72 shall be constructed and abandoned between April 1 and October 31 of the same year. This requirement may not be waived.

2) The railcar bridge at station 12+60 of the SK-33 road has a load rating of only 32 tons for an AASHTO Type 3S2 vehicle load. The purchaser may elect to increase the load rating on this bridge to an HS-20 "highway legal" load by installing a prefabricated mid-span support available from Sierra Pacific Industries. However, due to fisheries impacts, this prefabricated mid-span support can only be installed, used, and removed during the seasonal window of April 15 to September 30 of any given year. If the purchaser elects to install the prefabricated mid-span support, then the project will be treated as a reimbursable access road project work order (ARPWO) in the usual fashion.

3) Within the approximately 0.5 acre area bounded by blue special management tags in the southeast corner of Unit #2, ground-based harvest activities will not be allowed from October 31 to June 1. This requirement may not be waived.

4) Blue special management tags mark the RMZ boundary..

5) HPA pending with WDFW.

Schedule B
Snowline RMZ Thinning Prescription

Riparian thinning areas are bound by blue special management unit boundary tags on the outer edge and white timber sale boundary tags on the inner edge. Within these special management units, the following take trees may be harvested:

- All timber, except for: an average of 170-180 of the largest trees per acre including yarding corridors. Leave trees must be spaced approximately 16' x 16' apart including yarding corridors.

Additionally, within the special management units, five trees per acre from the largest diameter class removed must be felled and remain on site as down woody debris recruitment. The selected trees must be within 50' of the white timber sale tags within the special management unit. Selected trees must be felled toward the streams where feasible and will be distributed throughout the RMZ thinning units. These trees do not count as leave trees. The trees will be distributed along the affected streams as follows:

Stream	Trees to be felled
F	10
DC	4
E	8
D/CA	15

Cable Corridors:

All proposed corridors must be approved by the Contract Administrator prior to falling trees in the corridor. Corridors will be limited to 12-feet including rub trees. Corridors will be at least 100 feet apart when parallel as measured from the center of the corridors. When radial yarding corridors are required from a central landing, the distance between yarding corridors must be no closer than 100 feet where the corridor leaves the unit as measured from the center of the corridors. Where possible, corridors should be located in a manner to minimize the damage to or removal of leave trees. When corridors are field located, only leave trees within 3 – 5 feet of the center of the corridor shall be removed prior to yarding. Following completion of yarding of each corridor, damaged leave trees within 6 feet of the center of the corridor may be felled and yarded to the landing. It is not required to remove all leave trees from the 12-foot corridor.

Compliance

1/20 acre fixed radius plots (26.3 feet) will be measured to determine trees per acre. The number of trees in a plot will be multiplied by 20 to determine the trees per acre for that plot. The average of all plots in a unit will determine the trees per acre for that unit. Only trees greater than or equal to 6" DBH will be counted towards leave tree targets.

Certification of Fallers and Yarder Operators (additional requirements beyond those outlined in H-011)

The Contract Administrator and faller/harvester operator will jointly review the take tree selection criteria as outlined in Schedule B of the sale contract.

In conjunction with the Contract Administrator, the faller/harvest operator will mark a designated area as a test plot within the Snowline RMZ thinning area boundary. Satisfactory thinning of the test plot completes the certification process.

Certifications will be issued to individuals when they demonstrate to the Contract Administrator their ability to perform within the requirements set forth in the contract.

TIMBER SALE MAP

SALE NAME: Snowline
AGREEMENT#: 83252
TOWNSHIP(S): T36R05E

MINIMUM BID: \$500,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: September 30, 2011 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$50,000.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Shovel, Track skidder and Cable. Ground-based harvesting equipment shall be restricted to slopes of 35% and less during dry soil conditions. Tracked Skidder for pole removal only. Motorized carriage may be needed on parts of Unit 4 and 5. Intermediate supports may be required. In Unit 5, all yellow painted western redcedar trees may be harvested provided the stump is cut at least 3 feet high. See clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Ground Based Yarding will not be permitted from November 1 to April 1 unless authorized in writing by the Contract Administrator.

TIMBER NOTICE OF SALE

ROADS: 24.09 stations of required construction. 24.95 stations of required reconstruction. 48.43 stations of optional construction. 26.04 stations of required pre-haul maintenance. 29.95 stations of required light road abandonment. 5.10 stations of required medium road abandonment. Rock for construction or pre-haul maintenance under this contract may be obtained at no cost to the Purchaser from the Northcraft Quarry located in Section 33, Township 16 North, Range 01 West, W.M. Hauling on the OLC-1200 road from the OLC-1200/OLC-1206 junction south to Skookumchuck Road is subject to authorization by the Contract Administrator. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. The hauling of forest products will not be permitted from January 1 to December 31 unless authorized in writing by the Contract Administrator. The hauling of forest products will not be permitted on the OLC-300, OLC-1000, and OLC-1200 roads during weekends and State recognized holidays, unless authorized in writing by the Contract Administrator .

ACREAGE DETERMINATION

CRUISE METHOD: Acreage was determined by GPS. Cruise was completed using variable plot cruise methods. Harvesting activities are estimated to be 35% cable harvesting and 65% ground-based harvesting.

FEES: \$45,360.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: A PCP 1-1 key may be needed to unlock the gate on the OLC-1000 and OLC-300 roads. See driving map for gate location. Gate keys can be obtained from the Pacific Cascade Region office. Timber sale may contain poles.

BID METHOD: Sealed Bids

UNIT OF MEASURE: Tonnage scale

EXPIRATION DATE: April 1, 2010

ALLOCATION: Export Restricted

PAYMENT SECURITY:

To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

TIMBER NOTICE OF SALE

BIDDING

PROCEDURES:

A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the Northeast Region Office in Colville, WA. Phone number (509) 684-7474.

HARVEST AND

DELIVERY COSTS:

Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Haul Cost).

Use the following rates for estimating taxable stumpage: Harvest Cost = tons(\$26.50/ton, for utility \$8.00/ton). Haul Cost = (tons)(\$2.63) + tons(\$0.16x C miles) + tons(\$0.07 x A miles)).

SPECIAL REMARKS:

The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All mbf and tonnage loads will be weighed and all mbf loads will be scaled at State approved scaling locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

For more information regarding this log sort sale visit our web site:

<http://www.dnr.wa.gov/htdocs/fr/sales/>. If you have questions call Phil Anderson at the Northeast Region office at (509) 684-7474 or Steve Teitzel at the Product Sales and Leasing Division Office in Olympia at (360) 902-1741.

CONFIRMATION:

Each sort is subject to confirmation following auction. No sorts will be confirmed until at least 10 days after all sorts are successfully auctioned. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

Birch		10	25							9	16	
Sale Total			2,003									

MINIMUM BID: \$166,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: \$33,200.00

SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2011

ALLOCATION: Export Restricted

BID DEPOSIT: \$16,600.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

TIMBER NOTICE OF SALE

HARVEST METHOD: Cable; cable or shovel or tracked processor on slopes 25% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS: 12.98 stations of required construction. 55.50 stations of optional construction. 55.50 stations of road to be abandoned if built. Installation of a 35-foot, gravel-deck log stringer bridge.

Development of an existing hardrock source (Breckenridge Pit) at milepost 0.15 of the SA-1850 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate riprap and 3-inch-minus ballast. This rock is available at no cost on State land.

Development of proposed hardrock source (Pine Pit) at station 2+76 of Spur C will involve clearing, stripping, drilling, shooting, and processing rock to generate riprap and 3-inch-minus ballast. This rock is available at no cost on State land.

This proposal is estimated to need approximately 154 cubic yards of riprap and approximately 4,922 cubic yards of 3-inch-minus ballast rock.

Road construction, road abandonment, and the hauling of rock shall not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 72.4 acres gross. 3.1 acres deducted for green tree retention clumps. 4.9 acres WMZ thinning area. 1.7 acres right-of-way. 69.3 acres net. Cruised using variable plot method.

Expansion factor used is 54.45. Sighting height is 4.5 feet. Grid size plot spacing is 240 x 240 feet in Unit #1; and 250 x 250 in Unit #2. Plot ratio cruise count is 1:1 in Units #1 and #2. 30 plots were taken in Unit #1, and 18 plots taken in Unit #2, for a total of 48 plots.

FEES: \$26,539.75 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS:

1. Blue special management tags demarcate the WMZ boundary.
2. There are 8 trees marked with an "S" in orange paint for bridge stringers located within Unit #1 within the right of way of Spur C.
3. Any contract extension shall not apply to the bridge abandonment. The bridge will be abandoned by the original contract termination date.
4. Intermediate support trees may be necessary for some cable settings..
5. HPA pending with WDFW.
