

Washington State Department of Natural Resources (DNR)

Bidder's/Purchaser's Inspection of Sale Area and Forest Products

Acreage estimates and volume estimates contained within each timber notice of sale and each timber sale contract are made only for administrative and identification purposes. Except as expressly provided by the timber sale contract, the purchaser shall be responsible for paying the entire purchase price, even if the actual acreage or timber volume varies from the estimated quantity or volume shown.

All prospective bidders have the opportunity and are expected to inspect the sale area and the forest products located thereon. Bidders shall not rely on any representations by the State including, but not limited to, acreage estimates, volume estimates, appraisal or pre-bid documentation. The successful bidder/purchaser will further warrant that they have entered the timber sale contract without any reliance upon the DNR's volume estimates, acreage estimates, appraisals, pre-bid documentation, or any other representation by the DNR.

Any timber sale contract arising out of these public auctions will require the successful purchaser to warrant that they are entering the timber sale contract based solely upon their own judgment of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold.

Exclusion and Disclaimer of Warranties

The PARTIES AGREE that the IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, and ALL OTHER WARRANTIES EXPRESS OR IMPLIED, ARE EXCLUDED from this transaction, and shall not apply to the goods sold. For example, THE FOLLOWING SPECIFIC MATTERS ARE NOT WARRANTED, and are EXCLUDED from this transaction:

- a. *The merchantability of the forest products.* The use of the term “merchantable” in any document is not intended to vary the foregoing.
- b. *The condition of the forest products.* All forest products will be conveyed “AS IS.”
- c. *The acreage contained within any sale area.* Any acreage descriptions appearing in the timber notices of sale, timber sale contract, timber sale map or other documents are estimates only, provided solely for administrative and identification purposes.
- d. *The volume, quality, or grade of the forest products.* The descriptions of the forest products to be conveyed are estimates only, made solely for administrative and identification purposes.
- e. *The correctness of any soil or surface conditions, presale construction appraisals, investigations, and all other pre-bid documents prepared by or for the State.* These documents have been prepared for the State’s appraisal purposes only.
- f. *That the sale area is free from threatened or endangered species, or their habitat.* The State is not responsible for any interferences with forestry operations that result from the presence of any threatened or endangered species, or the presence of their habitat, within the sale area.
- g. *That the forestry operations to be performed under this contract will be free from regulatory actions by governmental agencies.* The State is not responsible for actions to enforce regulatory laws, such as the Washington Forest Practices Act (Chapter 76.09 RCW), taken by the Department of Natural Resources or any other agency that may affect the operability of these timber sales.
- h. Items contained in any other documents prepared for or by the State.

Please also see timber sale contract clause G-060 for further information.

BIDDING PROCEDURES FOR TIMBER AUCTIONS

The general requirements that follow are a part of all Timber Notices of Sale to be auctioned by the Department of Natural Resources (DNR).

General Information

The State reserves the right to waive minor irregularities and the right to reject any or all bids.

- A. This book contains the timber notices of sale and maps for each timber sale scheduled to be auctioned. More specific information can be obtained by contacting the appropriate region office at the number listed on the back cover of this book.
- B. The timber notice of sale is a summary of sale information. For more specific information, interested parties are encouraged to view the Appraisal Packets on the DNR Internet Site @ www.dnr.wa.gov, this will take you directly to the Product Sales Section. The Appraisal Packets contain **DRAFT** copies of the timber notice of sale, map, contract, road plan, cruise data, precruise and cruise narrative, Forest Practices Application (FPA), Hydraulics Project Approval (HPA).
- C. The sale preview packets may be obtained at no charge for individual sales by visiting the appropriate region office.
- D. Timber sale contracts contain extensive terms and conditions that will be binding upon successful high bidders. Each bidder should carefully review all terms contained in the appropriate **DRAFT** timber sale contract prior to bidding on a sale, and should review the final contract prior to signing. **DRAFT** timber sale contracts are contained in the preview and presales packets and are available upon request at the respective region office.
- E. Sales advertised in this book have not been approved by the Board of Natural Resources and are subject to the Board's approval before they will be sold. The Board meets and approves sales approximately six weeks prior to auction. All sales are subject to confirmation by the DNR under RCW 79.15.120.
- F. The State does not guarantee the accuracy of any information contained herein pertaining to particular sales. Therefore, all prospective purchasers are expected to make their own independent inspections and appraisals prior to bidding.
- G. If any conflict exists between the information in the Timber Notice of Sale, timber sale map, sale preview packets and that in the timber sale contract, the signed contract will prevail.
- H. Timber sales are subject to the Washington State Forest Excise Tax (RCW Chapter 84.33).
- I. Within 30 days of sale confirmation, the apparent high bidder will provide to the State the Performance Security specified on each Notice of Sale. The successful bidder also agrees to return a signed contract to the State within 30 days of confirmation. Failure to provide a signed contract to the state within 30 days of confirmation may result in a loss of bidder's rights to the products sold and forfeiture of initial deposit moneys.
- J. Each DNR region office has information about sales offered in that region. For further information, contact the respective DNR region office. Region office addresses and telephone numbers appear on the back cover of this booklet.
- K. The purchaser assumes the responsibility for any costs associated with extra maintenance or repair levied by a county for any county road used by the purchaser.

BIDDING PROCEDURES FOR TIMBER AUCTIONS (Continued)

Bidding Process

- A. All timber will be auctioned using the sealed bid method.
- B. Bids submitted on day of auction must be in the bid box at the specified auction location before 10:00 a.m. The respective DNR region office must receive mailed bids by 4:30 p.m., on the last business day before the auction. Bidders assume all risk for the method of delivery.
- C. The DNR has the right to reject bid forms that are completed incorrectly. *All bid forms must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. Revised documents are not permissible.* Bidding instructions are on the back of the Sealed Bid Form. A bid deposit must be included in the sealed bid envelope unless using a Timber Sale Statewide Bid Bond.
- D. All bids must include the completed Sealed Bid Form and bid deposit.
- E. Bids will be opened in each respective region in the order in which sales appear in the Public Auction Sale of Timber book (alphabetically by county and by agreement number).
- F. If a tie bid occurs, the names of the tie bidders will be placed in a hat and the successful bidder will be determined by a drawing.
- G. The apparent high bidder on a particular sale will have the option of withdrawing additional sealed bids submitted for any remaining sales to be auctioned. The apparent high bidder must exercise this option within two minutes after the apparent high bidder is announced.

Auction Time and Location

Auctions will start at 10:00 a.m. and close at 4:00 p.m. on the date and at the location specified in each Timber Notice of Sale.

Bid Deposits

- A. Required bid deposits are listed on each Timber Notice of Sale.
 - B. Bid deposits must be in the form of cash, certified check, cashiers' check, money order or bid bond.
 - C. Bid bonds may be either a Timber Sale Statewide Bid Bond or a Timber Sale Per Sale Bid Bond.
 - D. All bid deposits shall be submitted by the person or entity submitting the bid and made payable to the Department of Natural Resources. **Third party deposits will not be accepted.**
-

Timber Sale Per Sale Bid Bonds

- A. The Per Sale Bid Bond shall guarantee payment of the bid deposit **within ten days of auction.**
- B. The balance between the bid bond and the Initial Deposit payment is due by 4:30 p.m., **on the day of auction.**
- C. Additional forms and instructions for a Per sale Bid Bond are available at any DNR region office.

Timber Sale Statewide Bid Bond

- A. Statewide Bid Bonds shall guarantee payment of the Initial Deposit on any statewide timber sale while the bond is in effect.
- B. The Statewide Bid Bond must be received by the Department of Natural Resources, Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction date. The bond shall be in the amount of \$150,000.00.
- C. The bidder must supply a list of persons authorized to bid using the bond. Bid bonds are subject to approval by the Department of Natural Resources.
- D. Successful bidders using a Statewide Bid Bond must pay the total Initial Deposit payment (10 percent of the total bid price) **by 4:30 p.m. on the day of auction.**
- E. A Statewide Bid Bond cannot be used to secure the Initial Deposit payment due the day of auction.
- F. Additional forms and instructions for a statewide bid bond are available at any DNR region office.

Payments

The initial deposit for a sale is 10% of the total bid value as submitted by the apparent high bidder (25% if the bidder is a defaulter as defined under WAC 332-140-300) and never less than \$5,000.00 for lump sum sales. For Lump Sum sales appraised at less than \$5,000.00, the entire bid value is due on day of auction.

- a. Apparent high bidders using cash, certified check, cashiers' check or money order as a bid deposit must pay the total Initial Deposit amount by 4:30 p.m. on auction day.
- b. Apparent high bidders using a Timber Sale Per Sale Bid Bond as a bid deposit must pay the difference between the bid deposit and the total initial deposit by 4:30 p.m., on the day of auction. The bid bond amount must be replaced with a certified check, cashier's check, bank draft, cash, money order, or wire transfer within ten days of the auction.
- c. Apparent high bidders using a Timber Sale Statewide Bid Bond must pay the entire

Initial Deposit amount by 4:30 p.m. on the day of auction.

Fees due on the day of sale must be paid by 4:30 p.m.

All payments must be in the form of a certified check, cashier's check, bank draft, cash, money order or wire transfer.

Eligibility to Bid

In order to bid on State timber sales you must be:

- 18 years of age (or have a co-signer who meets the eligibility requirements),
- Licensed to do business in the State of Washington,
- Eligible to bid on Export Restricted timber, and
- Capable of meeting all contract obligations.

Authorized Representatives

Companies may only use company officers or authorized representatives to bid on State sales, sign State documents or sign checks. A list of authorized representatives and their specific authorities must be submitted in writing to the Department of Natural Resources Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction. A company owner or officer must sign this submittal.

Within 30 days of confirmation date the successful bidder agrees to furnish Performance Security acceptable to the State in the amount specified on the Notice of Sale. Performance Security must guarantee performance of all provisions of the contract and payment of any damages caused by operations under the contract or resulting from the successful bidders noncompliance with any rule or law.

Bidder's Warranty and Bid Signature

By signing and submitting this bid as an offer to purchaser forest products from the State, the Bidder hereby warrants to the State that they have had an opportunity to fully inspect the sale area and the forest products being sold. Bidder further warrants to the State that they enter this bid based upon their own judgments of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold. Bidder also warrants to the State that they enter this bid without any reliance upon the volume estimates, acreage, appraisals, pre-bid documentation, or any other representation by the Washington State Department of Natural Resources.

_____ Date _____
(Signature of Authorized Representative submitting this bid)

(Print **name and title** of Authorized Representative submitting this bid)

Note: all sales are subject to confirmation by the Commissioner of Public Lands (Refer 79.15.120)

Instructions For Completing Sealed Bid Form

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks on bid form must be completed including the bid bond number if the bidder is relying upon a bid bond for bid deposit.

For more specific information, contact the appropriate region office.

In-Person Bids

- A. Sealed bids must be in auction box before 10:00 a.m. on the day of auction at the location specified in the Timber Notice of Sale.
 - B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be on the bid bond and timber sale contract. The bid form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope.
 - C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
 - D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.
-

Mailed Bids

- A. Bids that are mailed are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED". The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The Sealed Bid Form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope.
- B. Bids that are mailed will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery. The DNR assumes no responsibility for any delays caused by any delivery service.
- C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
- D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.

Initial Deposit:

Lump Sum Sales - Initial Deposit must equal 10% of the total bid submitted.
(25% if the bidder is a defaulter as defined under WAC 332-140-300)

Weight Scale Sales - Initial Deposit must equal 10% of the bid per ton multiplied by the total sale estimated tonnage. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Scribner MBF Scale Sales - Initial Deposit must equal 10% of the bid per MBF multiplied by the total sale MBF. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

STATEWIDE BID BOND

Bond Number _____

_____ of _____,
(Principal's Name) (City, State)

hereinafter called PRINCIPAL, and _____ hereinafter called SURETY,

a corporation organized under the laws of the State of _____, and authorized to transact surety business in the State of Washington, as SURETY, are held and firmly bound jointly and severally to the State of Washington, Department of Natural Resources, hereinafter called the STATE, in the sum of \$150,000.00 Dollars, lawful money of the United States of America. The PRINCIPAL binds itself, its heirs, executors, administrators, successors, and assigns, and the SURETY binds itself, its successors, and assigns, all jointly and severally.

This bond shall be governed by the laws of the State of Washington. In the event of a lawsuit involving this bond, a venue shall be proper only in Thurston County Superior Court.

Signed, sealed and dated this _____ day of _____, ____.
(month) (year)

This statewide bid bond may be used for bidding between the following dates:

Starting: _____

Ending: _____

It Is Hereby Understood and Agreed:

If PRINCIPAL is an apparent high bidder, PRINCIPAL shall before 4:30 p.m., on day of sale, pay to the STATE the amount of the initial deposit in the form of a certified check, cashier's check, bank draft, cash or money order, then this agreement shall be void for the sale on which the payment is made; otherwise, it will remain in force.

SURETY will make payment to the STATE within ten days after demand by the STATE if the PRINCIPAL shall fail to make timely payment as described above.

The SURETY may cancel this bond by sending a written notice to the STATE, not less than forty-five days before a cancellation date; liability shall terminate as to acts or omissions of the PRINCIPAL that occur after the cancellation date.

The PRINCIPAL and the SURETY executed this bond on the date first mentioned.

NOTES: A separate bid form is required for each log sort bid and must be delivered in a separate envelope. Photocopies of this bid form may be used. Each photocopy must have original signatures. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion. All sales are subject to confirmation by the Commissioner of Public Lands as per RCW 79.15.100.

LOG SORT SEALED BID SUPPLEMENTAL INFORMATION FORM

(Print Company Name)

(Sale Name)

(Agreement Number)

(Sort Number)

Log Manufacturing Specifications:

Enter one or more preferred log lengths for each log length range below. For Ponderosa Pine saw log sorts, enter one or more preferred log lengths for at least two log length ranges listed below.	Bidder's Preferred Log Lengths (Log lengths exclude trim) Minimum of 4 log lengths required. Minimum 2 required for Ponderosa Pine.
12 ft. through 20 ft.	
22 ft. through 30 ft.	
32 ft. through 40 ft.	

Minimum log trim: _____ inches.

Additional Log or Pole Length Information:

To provide additional preferred cutting information you may attach a separate sheet or "Cutting card".

Log Delivery Information:

1) Designate the point of delivery and address (must be a street address)

(Location Name)

(Street Address)

(City, State and Zip)

2) Designate the state approved Weighing and Scaling facility closest to the point of delivery.

(Location Name)

(Street Address)

(City, State and Zip)

3) Driving instructions:

Write a brief driving instruction narrative describing the most likely or usual and accustomed Haul Route used by trucks delivering logs from this sale area to your designated point of delivery above: (i.e. hwy 12 west, to I-5 north, to hwy 6 west, to Boistfort Rd. south)

Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion. Additional terms or conditions requested by the bidder on or attached to the Log Sort Sealed Bid or Supplemental Information Forms are informational only and non-binding.

Instructions for Completing the Log Sort Sealed Bid and Supplemental Information Forms.

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form(s) provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks including Agreement Number, Sort Number, Bid amount (per mbf or ton as appropriate for the sort), Bid deposit amount and type. Signatures and date on bid form must be completed including the bid bond number if bidder is relying upon a bid bond for bid deposit.

Bids may not be accepted if a completed '**Log Sort Sealed Bid Supplemental Information Form**' is not included with the approved '**Log Sort Sealed Bid Form**'.

For more specific information, contact the appropriate region office.

In-Person Bids

- A. Sealed bids must be in auction box or auction envelope before 10:00 a.m. on the day of sale at the location specified in the notice of sale.
- B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same as the name on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope, please.
- C. Sealed bid envelopes must contain the following:
 1. A completed Log Sort Sealed Bid form;
 2. A completed Supplemental Information form; and
 3. A bid deposit

Mailed Bids

- A. Mail-in bid envelopes are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED." The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope, please.
- B. Mail-in or otherwise delivered bids will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery they chose. The DNR assumes no responsibility for any delays caused by any delivery service.
- C. Sealed bid envelopes must contain the following:
 1. A completed '**Log Sort Sealed Bid Form**';
 2. A completed '**Log Sort Sealed Bid Supplemental Information Form**' and;
 3. A bid deposit

MINIMUM BID: \$95.00/MBF (est. value \$472,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$94,400.00 **SALE TYPE:** MBF Scale

EXPIRATION DATE: December 31, 2009 **ALLOCATION:** Export Restricted

TIMBER NOTICE OF SALE

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$47,200.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Shovel with cable pulling abilities and tracked skidder. Shovels must be capable of yarding logs from the steep sides and bottoms of the RMZ's using a cable. Tracked skidders must be able to elevate the leading end of the logs while skidding. Approximately 12% shovel with cable assist, 7% shovel only, and 81% shovel and/or tracked skidder. Tracked skidders are not permitted in Unit #1 and Units #10 through #17, or on slopes over 35%. No equipment allowed on slopes over 35% in Units #10 through #17.

Additional Harvest Info:

Units #1 through #4 (clearcut units): Blowdown trees with butts outside the RMZ or leave tree areas may be taken if there is no paint on them. If there is only blue paint on the tree it must be left. If there is both orange and blue paint, then the orange painted portion may be removed and the blue painted portion must be left.

Units #5 through #9 (partial cut): All down and leaning trees may be taken. Blowdown trees with butts outside the RMZ may be taken if there is no paint on them. If there is only blue paint on the tree it must be left. If there is both orange and blue paint then the orange painted portion may be removed and the blue painted portion must be left.

Units #10 through #17 (RMZ units): On slopes above the incised draws, all down and leaning trees will be removed. Within the incised draws, blowdown and leaning trees located on the upper portions of the slope more than 25 feet from the stream may be removed. Trees that fall within 25 feet of the stream are marked with orange paint to take and blue paint to leave. Trees that bridge the stream are marked with blue paint on the portions of the tree that are required to be left and orange paint on the portions of the tree that may be taken. Falling and Yarding will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator for Units #10 through #17

ROADS: 32.11 stations of required construction. 4.72 stations of optional construction. 143.60 stations of required pre-haul maintenance. 26.39 stations of required post-haul abandonment. Purchaser maintenance on the PA-F-2800 road, all new construction, all abandonment roads and pre/post-haul maintenance roads. Timber haul restricted from Unit 1 on the PA-F-2870 road from November 1 through April 30. Rock haul, pre-haul maintenance and road construction will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Sale acreage was 16% photo traversed and 84% GPS'd. Sale units were cruised using a variable plot sample with a BAF of 20.00 on a 400 x 240 foot grid for Units #1 and #3, a BAF of 25.00 on a 400 x 240 foot grid for #2, a BAF of 54.00F on a 400 x 240 foot grid for Unit #4; a fixed plot sample with a BAF of 20.00 on a 330 x 300 foot grid for Units #5 through #9; a BAF of 20 on a 300 x 300 foot grid for Units #10 through #14, a BAF of 20.00 on random spacing for Units #15 through #17, right of way used variable plot samples with a BAF of 46.94F at 300 feet apart and a BAF of 54.45F at random plots.

FEES: \$50,059.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

MINIMUM BID: \$17.50/ton (est. value \$579,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** Tonnage Scale

EXPIRATION DATE: August 31, 2010 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$57,900.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Ground based harvesting equipment is restricted to slopes of 35% or less. See Clause H-140 and Schedule L for further Harvesting Specifications, and Schedule A for further Leave Tree Specifications. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Falling and Yarding will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

TIMBER NOTICE OF SALE

ROADS: 4.42 stations of required construction. 54.55 stations of required reconstruction. 31.58 stations of optional construction. 7.50 stations of optional reconstruction. 76.22 stations of required pre-haul maintenance. 63.28 stations of road abandonment, if road is built. Rock is available at no charge from the State's Barnes Drive Quarry in Sec. 16, T10N, R02W, W.M. Purchaser shall obtain rock from the existing pit floor in the Barnes Drive Quarry to produce 1124 cubic yards truck measure of shot rock. Purchaser shall crush rock from existing shot rock in the Barnes Drive Quarry to manufacture 6156 cubic yards truck measure of 4 INCH MINUS rock. On the EP-500 and EP-700 roads, gates will be supplied by the State and are available at the Cedar Creek Correction Facility located in Section 11, Township 16 North, Range 4 West, W.M. Purchaser shall transport the gates to the installation sites and install the gates. Each post of the gates shall be anchored by 2.5 cubic yards of concrete. Purchaser shall install an Eco-Block Backwall on the EP-500 bridge in accordance with the Road Plan. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Unit #1, #4, #5, and #7 sale acres were determined by GPS. All other Unit acreages were determined by aerial photo. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 100% ground-based.

FEES: \$54,338.25 is due on day of sale. \$1.31 per ton is due upon removal. These are in addition to the bid price.

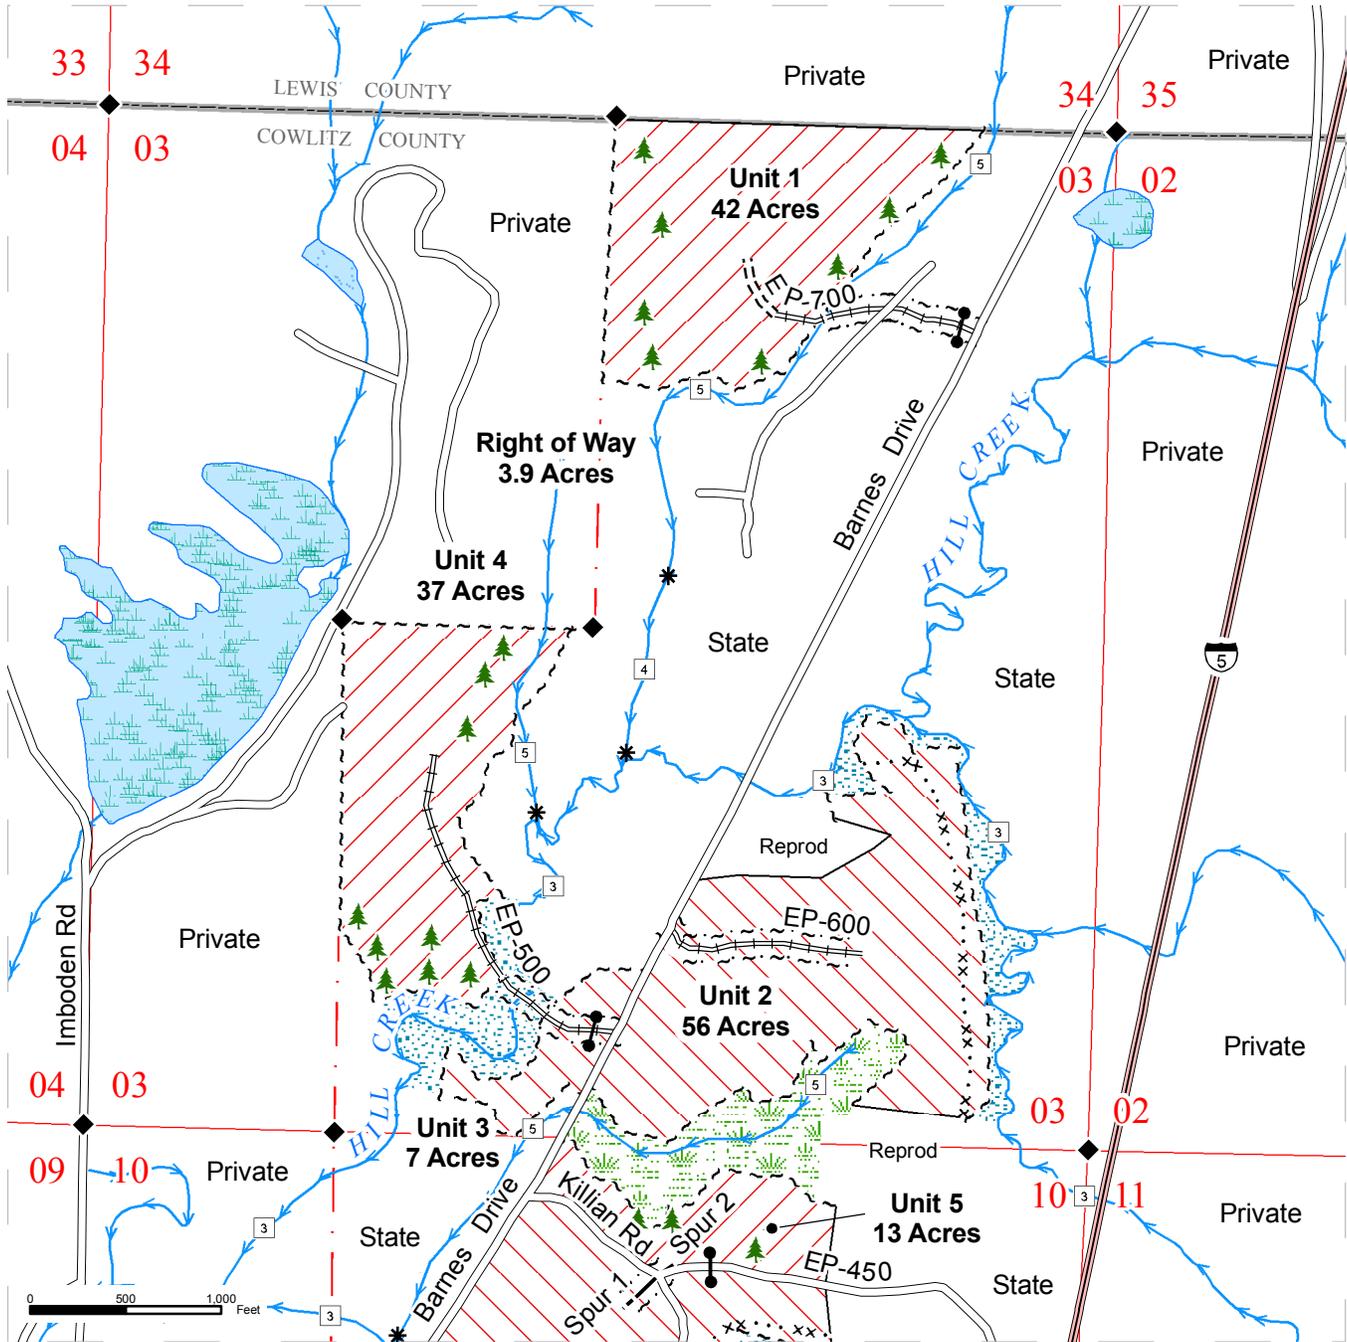

SPECIAL REMARKS: All gates are locked with a PCP 1-1 lock. All gate keys may be obtained from the Region Office. Areas of root rot identified by the fallers or the Contract Administrator shall be marked around the perimeter by high stumping or marking the top of the stump with an "X" in Units #1, #4, #5, and #7. Gas line will only be crossed at locations approved by the Contract Administrator. Purchaser shall provide a written Extreme Hazard Abatement plan prior to the beginning of logging operations. As per the Bald Eagle Nest Site Management Plan dated 2/14/2008, the harvest of Units 7 and 8 will be postponed until after June 1, 2009.

Totals			2278	13226		\$673,266.00	

BID METHOD: Sealed Bids **UNIT OF MEASURE:** Tonnage scale

EXPIRATION DATE: December 31, 2008 **ALLOCATION:** Export Restricted

PAYMENT SECURITY: To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

BIDDING PROCEDURES: A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the Southeast Region Office in Ellensburg, WA. Phone number (509) 925-8510.

HARVEST AND

TIMBER NOTICE OF SALE

DELIVERY COSTS: Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Haul Cost + ARRF). Use the following rates for estimating taxable stumpage: Harvest Cost = tons (\$27.00 estimated ,). Haul Cost = (tons)(\$2.63) + tons(\$0.16 x C miles) + tons (\$0.14 x A miles)). ARRF = \$22.25/mbf.

SPECIAL REMARKS: The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing costs. All tonnage loads will be weighed at State approved scaling locations. The State reserves the right to determine where logs are authorized to be weighed.

Ground based equipment will be used to harvest this sale. This sale is behind a locked gate. Contact the Region Office for information on accessing this area. The harvester for this sale will be selected after the Sorts are sold.

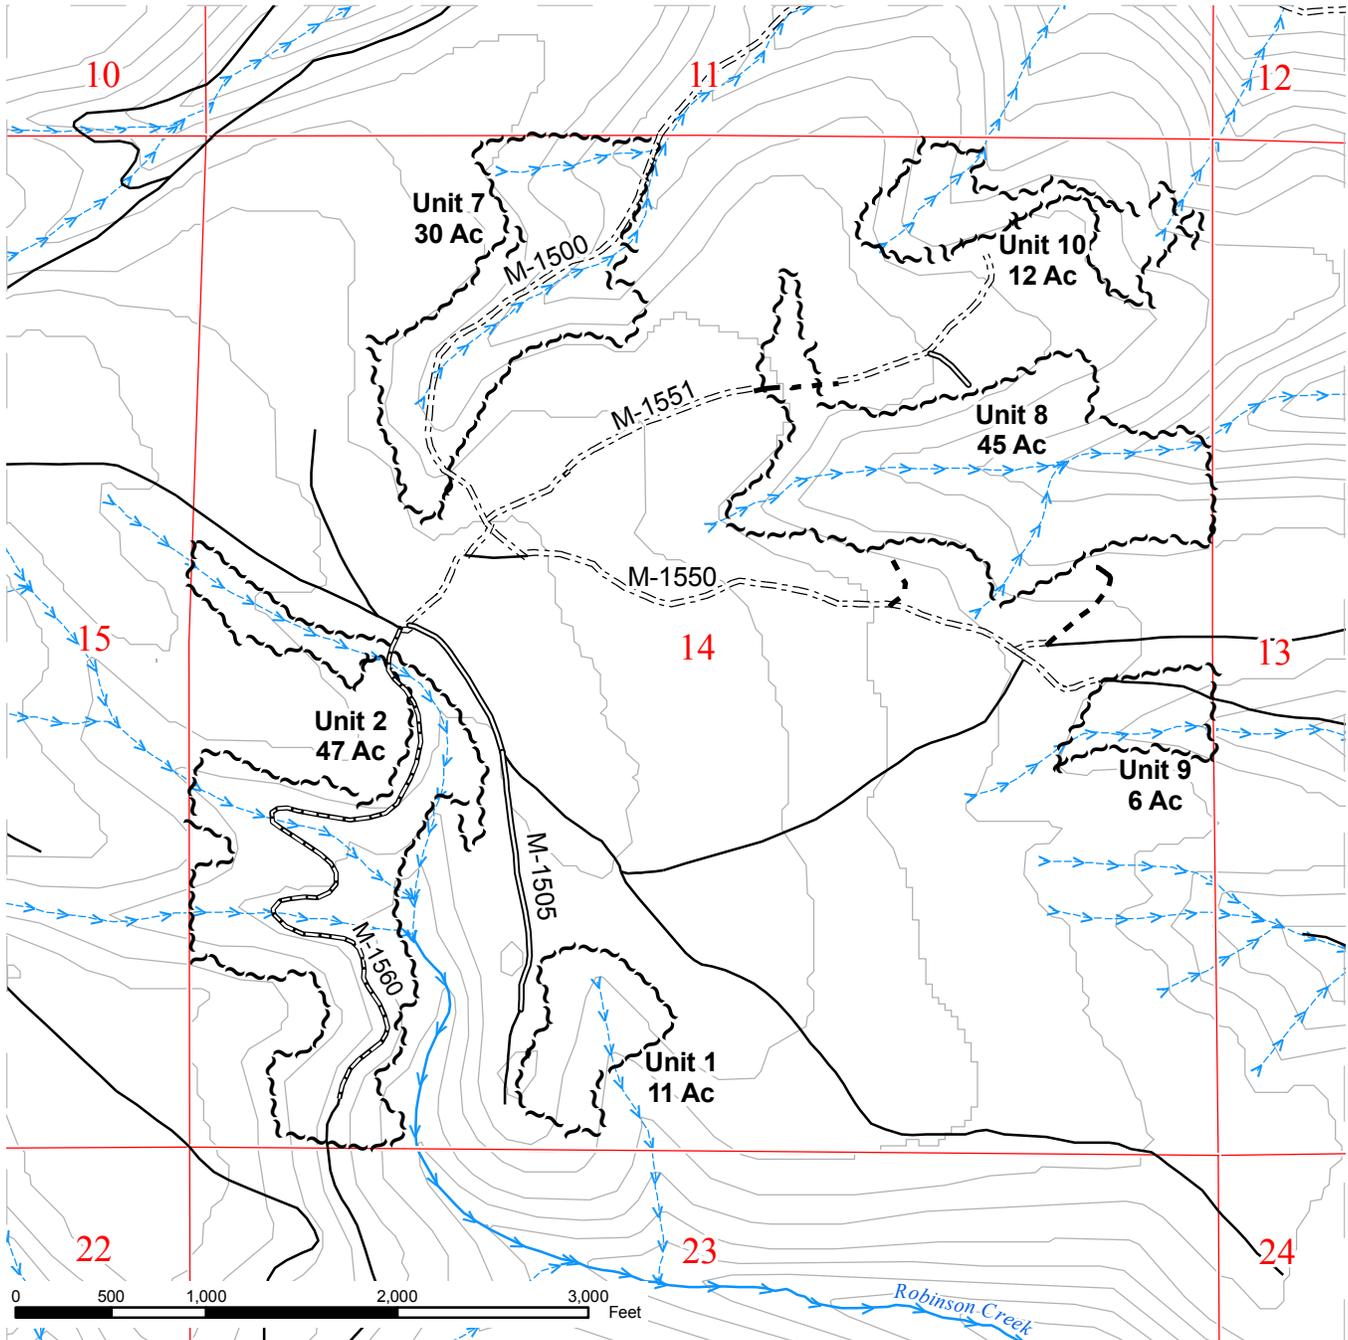

For more information regarding this log sort sale visit our web site:
<http://www.dnr.wa.gov/htdocs/fr/sales/>. If you have questions call Mike Williams at the Southeast Region office at (509) 925-8510.

CONFIRMATION: Final contract award is contingent upon the State's haul cost analysis. Allow up to 3 business days following bid opening for the State to announce the apparent high bidder. Each sort is subject to confirmation following auction. No sorts will be confirmed until at least 10 days after all sorts are successfully auctioned.

TIMBER NOTICE OF SALE

SALE NAME: GRAND AM

AGREEMENT NO: 30-081755

AUCTION: June 17, 2008 starting at 10:00 a.m.,
Southeast Region Office, Ellensburg, WA

COUNTY: Klickitat

SALE LOCATION: Sale located approximately 15 miles north of White Salmon WA

PRODUCTS SOLD

AND SALE AREA: All live standing timber NOT marked with blue paint bounded by white timber sale boundary tags on Unit #1 and all timber bounded by orange right of way boundary tags on part(s) of Sections 10 and 15 all in Township 5 North, Range 10 East, W.M., containing 67 acres, more or less.

ESTIMATED SALE VOLUMES AND QUALITY:

Species	Avg DBH	Ring Count	Total MBF	MBF by Grade									
				1P	2P	3P	SM	1S	2S	3S	4S	UT	
Grand fir	17.5		2,243						822	1,245	176		
Douglas fir	16.3	9	213				1		116	89	7		
Sale Total			2,456										

MINIMUM BID: \$358,000.00

BID METHOD: Sealed Bids

PERFORMANCE

SECURITY: \$71,600.00

SALE TYPE: Lump Sum

EXPIRATION DATE: November 30, 2009

ALLOCATION: Export Restricted

BID DEPOSIT: \$35,800.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Mechanical felling equipment and rubber tired skidder or tractor no larger than a D-6 cat or equivalent. Falling and Yarding will not be permitted from November 1 to April 1 unless authorized in writing by the Contract Administrator due to wet weather conditions.

ROADS: 26.00 stations of required construction. Prospective purchasers should review the road plan in detail. Road construction will not be permitted from November 1 to March 1 unless authorized in writing by the Contract Administrator due to wet weather conditions. The hauling of forest products will not be permitted from November 1 to April 1 unless authorized in writing by the Contract Administrator due to wet weather conditions.

ACREAGE DETERMINATION

CRUISE METHOD: Acres were determined using a GPS. Cruise was done using a variable plot method and graded in 32' logs, except for ponderosa pine which used 16' log grades.

FEES: \$32,540.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Good mechanical logging operation. Over 95% of volume can be machine cut. Tracked skidding equipment may be required to prevent rutting during wet weather conditions. Operator must create at least 400 plantable spots per acre free of excessively deep slash. This is to be accomplished during log skidding and not as post-harvest scarification. No

CRUISE METHOD: Acreage determined using GPS methods. Acreage shown above is net harvest acres in harvest units and external right of ways. There are 526 gross acres which includes other existing road right of ways. All species, except ponderosa pine, 7.0 - 17.5 inches dbh

TIMBER NOTICE OF SALE

cruised to a 4.6 inch dib top. Ponderosa pine 8.0 - 17.5 inches dbh cruised to a 5.6 inch dib top. All species 17.6 inches dbh and greater cruised to 40% of dob at 16 feet.

FEES:

Prior to hauling on the USFS Roads 3550 (Marias Creek Road), 3550-125, and 3550-130, Purchaser will pay \$10,075.00 to the U.S. Forest Service for a Road Use Permit. This requirement may be waived. If waived, Purchaser shall pay the State the amount waived. See Clause P-060. \$40,800.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

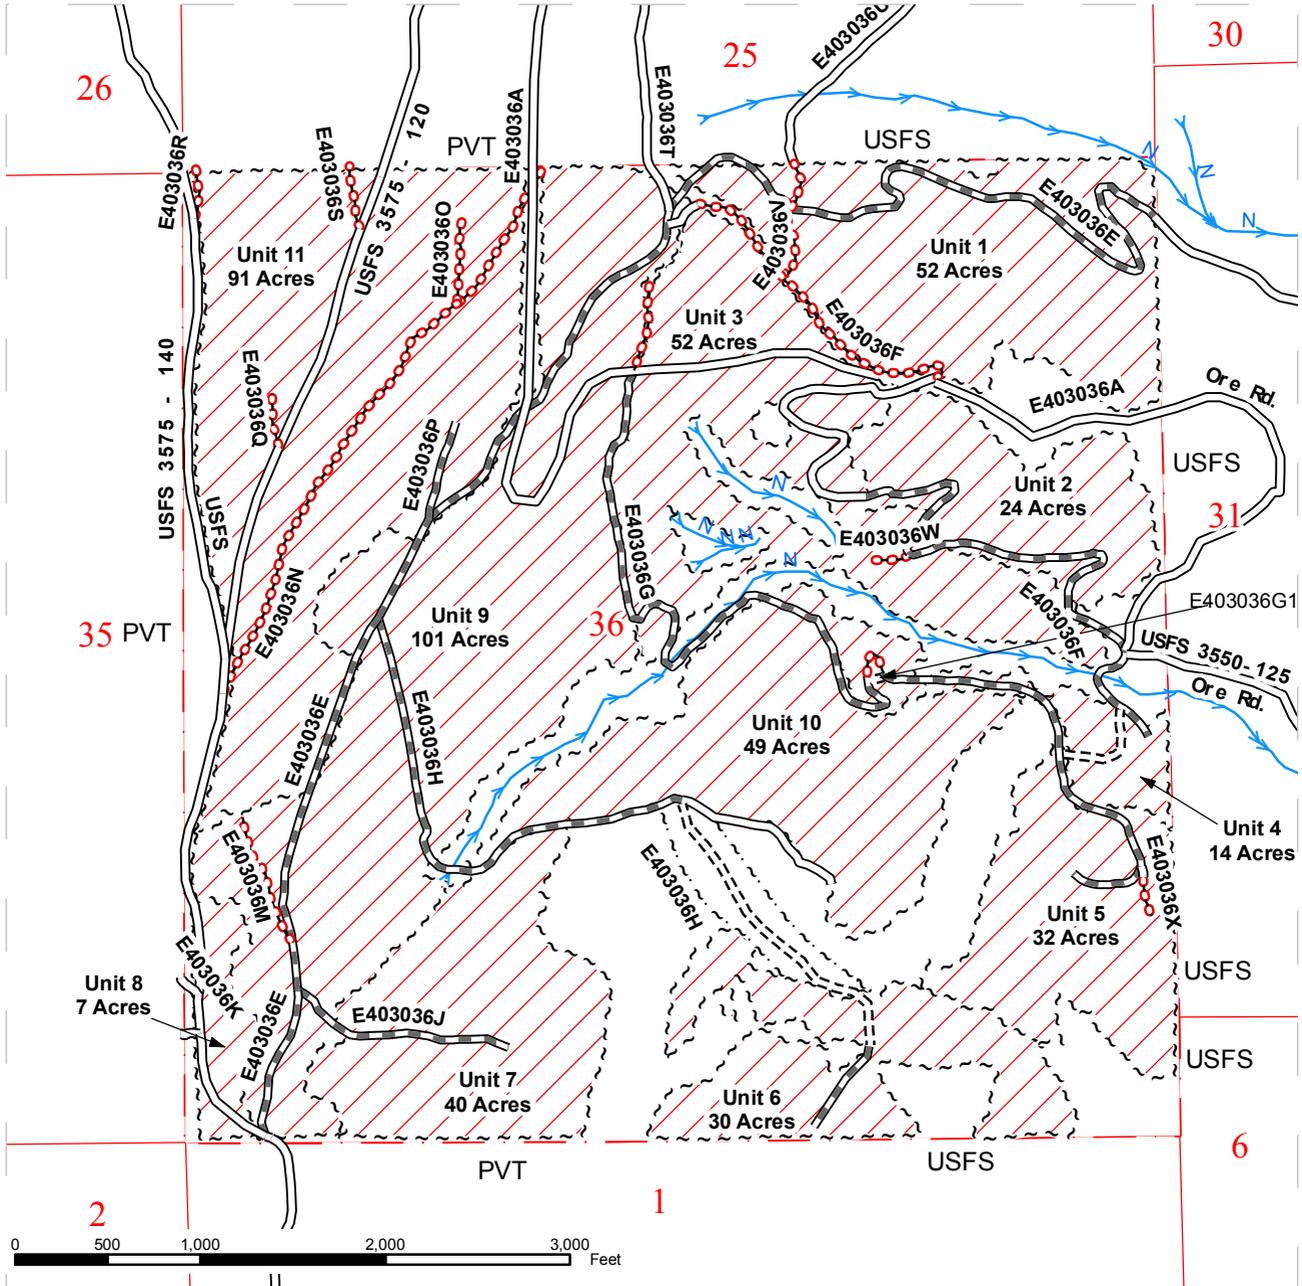

SPECIAL REMARKS:

The Marias Creek Road (USFS Road 3550) will be closed from April 10, 2008 to September 30, 2008. Purchaser's access to the sale prior to auction is available from the Oroville-Toroda Creek and Pontiac Ridge roads during this period. See the Timber Sale Driving Map for complete directions. This sale includes the installation of three gates. See Road Plan for specifications. Purchaser's contractor shall thoroughly clean all skidding, falling, and harvesting equipment prior to entry onto State land to remove contaminated soils and noxious weed seed. Equipment shall be cleaned at a location approved by the Contract Administrator. Timber sale documents are available at the DNR Product Sales website:

Sale Total			7,814									

MINIMUM BID: \$1,786,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: September 30, 2010 **ALLOCATION:** Export Restricted

TIMBER NOTICE OF SALE

BID DEPOSIT: \$178,600.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 25% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED YARDING ONLY) to reduce soil damage and erosion.

ROADS: 59.79 stations of required construction. 1.30 stations of required reconstruction. 15.69 stations of optional construction. 15.69 stations of road to be abandoned if built.

Construction of a 30-foot span gravel decked log stringer bridge. All log stringers shall come from within the timber sale or right-of way boundaries.

Development of an existing hardrock source (CN-2006-0102 Hard Rock Pit) at station 10+00 of the CN-2006-01 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate approximately 1,073 cubic yards of riprap and approximately 7,790 cubic yards of 3-inch-minus ballast rock. This rock is available at no cost on State land.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS and Hand traverse. 183.2 acres gross. 6.4 acres deducted for green tree retention clumps. 176.8 acres net. Cruised using variable plot method. Expansion factor used is 54.45 for Units # 1, 2 and 3; and 40.00 for the WMZ/RMZ. Sighting height is 4.5 feet. Grid size plot spacing is 400 x 200 feet in Units #1, 2, 3 and WMZ/RMZ. Plot ratio cruise count is cruised all in the WMZ/RMZ; and in Units #1, 2, and 3: Douglas-fir and western hemlock were cruised on every third plot while all other species were cruised on every plot. 17 plots were taken in Unit #1; 30 plots were taken in Unit #2; 18 plots were taken in Unit #3; and 10 plots taken in WMZ/RMZ, for a total of 75 plots.

FEES: \$70,326.00 is due on day of sale. \$13.25 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Blue special management tags demarcate the start of RMZ/WMZ thinning areas.

Schedule B
Pink Flamingo RMZ/WMZ Thinning Prescription

RMZ/WMZ Prescription:

Unit 1 Prescription:

All western hemlock between 8-12 inches in diameter will be cut and all hardwoods (cottonwood may be girdled in lieu of being cut, upon approval of the Contract Administrator) will be cut. Harvest all blowdown, except leave a minimum of 10 blowdown trees (entire tree should be left) per acre from the largest diameter classes available. (to be designated by operator and preapproved by Contract Administrator prior to removals in the RMZ).

Unit 2 Prescription:

All western hemlock between 8-16 inches in diameter will be cut and all hardwoods (cottonwood may be girdled in lieu of being cut, upon approval of the Contract Administrator) will be cut. Harvest all blowdown, except leave a minimum of 10 blowdown trees (entire tree should be left) per acre from the largest diameter classes available. (to be designated by operator and preapproved by Contract Administrator prior to removals in the RMZ).

Unit 3 Prescription:

All western hemlock between 6-14 inches in diameter will be cut and all hardwoods (cottonwood may be girdled in lieu of being cut, upon approval of the Contract Administrator) will be cut. Harvest all blowdown, except leave a minimum of 10 blowdown trees (entire tree should be left) per acre from the largest diameter classes available. (to be designated by operator and preapproved by Contract Administrator prior to removals in the RMZ).

Special Thinning Conditions:

In areas where thinning is not necessary, i.e., prescription is met, do not put in yarding corridors or skid trails. These areas must be identified and agreed upon in advance with the Contract Administrator.

Ground yarding corridors:

Corridors are limited to 14 feet wide (including rub trees) and no less than 70 feet apart as measured from the center of the corridor. Where possible, corridors should be located in a manner to minimize the damage to or removal of leave trees. No yarding will take place on slopes greater than 25%.

Cable corridors:

Landings will be located to provide for parallel yarding corridors whenever possible. Corridors will be limited to 12-feet including rub trees. Corridors will be at least 100 feet apart when parallel as measured from the center of the corridors. When radial yarding corridors are required from a central landing, the distance between yarding corridors must be no closer than 100 feet where the corridor leaves the unit as measured from the center of the corridors. Where possible, corridors should be located in a manner to minimize the damage to or removal of leave trees.

When corridors are field located, only leave trees within 3 – 5 feet of the center of the corridor should be removed prior to yarding. Following completion of yarding of each corridor, rub trees within 6 feet of the center of the corridor may be felled and yarded to the landing. It is not required to remove all leave trees from the 12-foot corridor.

Compartments for assessment of damage:

All RMZ/WMZ where thinning will take place will be considered compartments within each unit.

Down wood and snag recruitment:

Three prescription trees per acre (118 total trees) from the largest diameter prescription trees are to be directionally felled toward the nearest stream and left on the ground for down woody debris. The trees to be felled shall be chosen from within 25 feet of the inner zone boundary and felled toward the stream where feasible. The Purchaser must obtain written approval from the Contract Administrator prior to felling these trees. This approval shall specify what method will be used to ensure that these trees are not removed from prescription trees to be harvested. It may be necessary for a faller to hand fell these trees after all other prescription trees have been removed.

Two trees per acre (79 total trees) will be left for future snag and DWD recruitment. These trees are from the largest diameter class of the prescription trees.

CERTIFICATION OF FALLERS AND YARDER OPERATORS

All persons engaged in the felling and yarding of timber must receive certification in writing from the Contract Administrator. Certification may be revoked when the Contract Administrator determines that non-compliance of leave tree selection criteria or cut tree selection criteria is occurring, or excessive damage to leave trees or skid trails is occurring.

When leave tree damage exceeds the limits set forth in clause below, Purchaser shall be subject to liquidated damages set forth below.

LEAVE TREE DAMAGE DEFINITION

Leave tree damage exists when one or more of the following criteria are satisfied as a result of Purchaser's operation:

- a. A leave tree has one or more scars on its trunk exposing the cambium layer, which in total exceeds 100 square inches.
- b. A leave tree top is broken or the live crown ratio is reduced below 30 percent.
- c. A leave tree has more than 1/3 of the circumference of its root system injured such that the cambium layer is exposed.

Excessive damage is established when more than 5 percent of the leave trees are damaged in a unit. The damaged trees will be identified by the Contract Administrator.

LEAVE TREE EXCESSIVE DAMAGE

When Purchaser's operations exceed the damage limits set forth above, Leave Tree Damage Definition, the trees damaged result in substantial injury to the State. The value of the damaged leave trees at the time of the breach is not readily ascertainable. Therefore, Purchaser agrees to pay the State as liquidated damages at the rate of \$100 per tree for all damaged trees in the unit.

The Contract Administrator and faller/harvester operator will jointly review the take tree selection criteria as outlined in Schedule B of the sale contract.

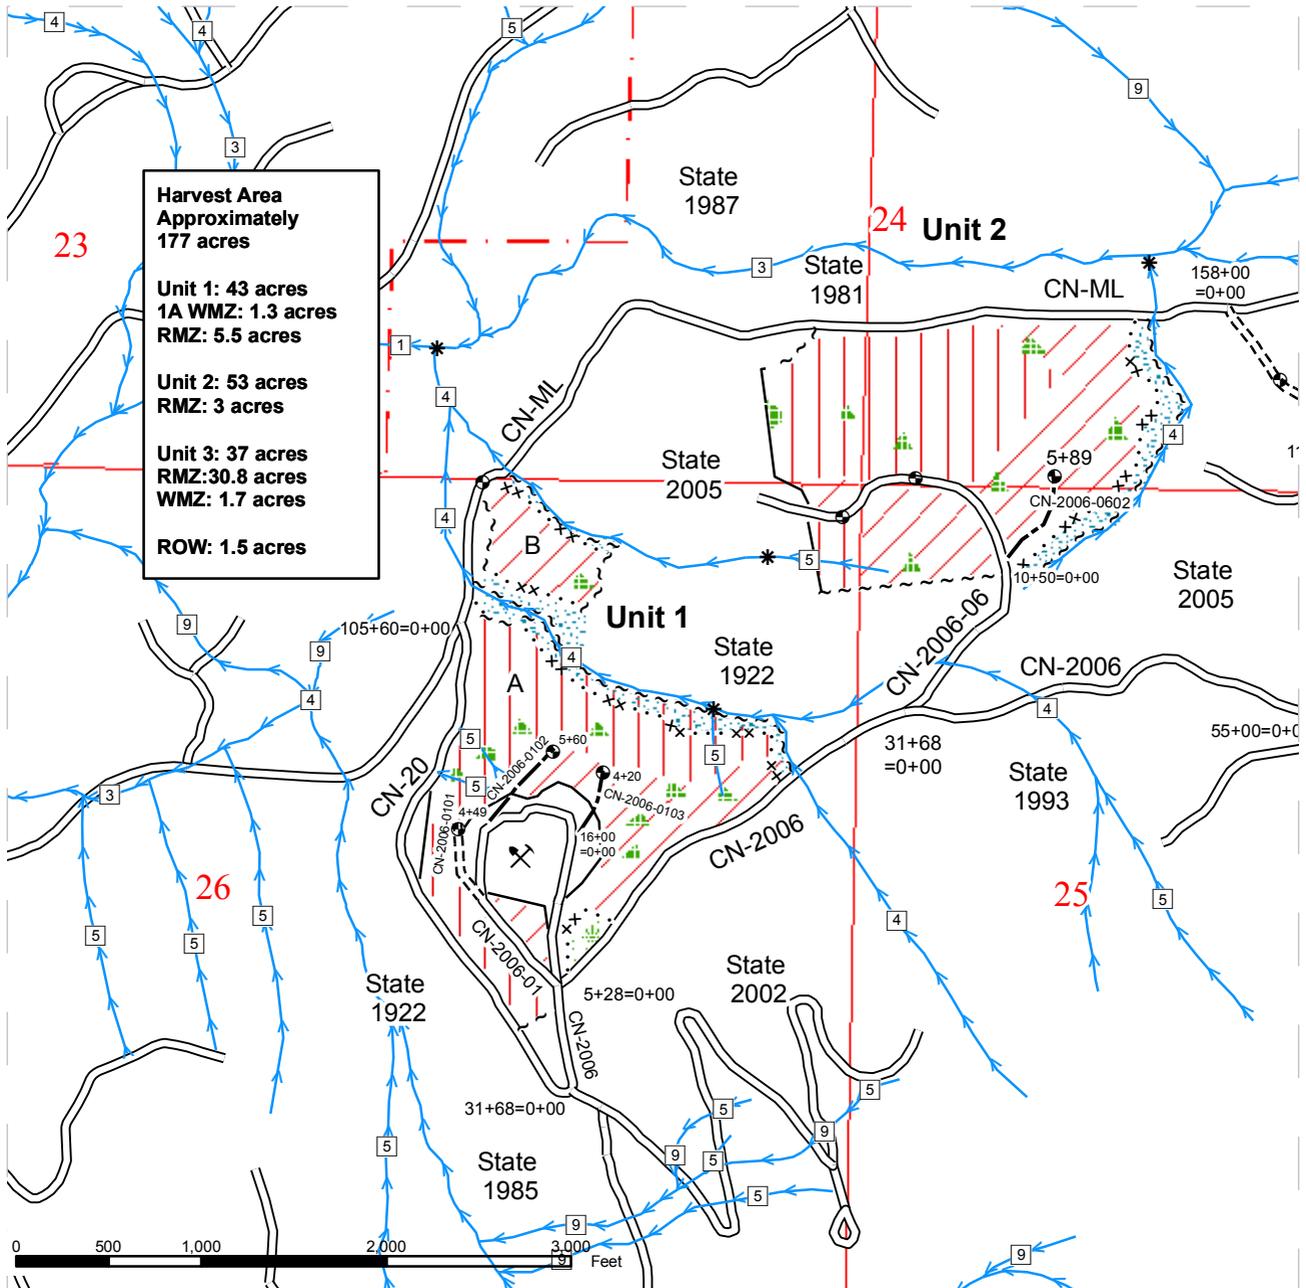

In conjunction with the Contract Administrator, the faller/harvest operator will mark a designated area as a test plot within the sale area boundary. Satisfactory thinning of the test plot completes the certification process.

Certifications will be issued to individuals when they demonstrate to the Contract Administrator their ability to perform within the requirements set forth in the contract.

TIMBER NOTICE OF SALE

SALE NAME: SOUTH PAW FIT Log Sorts AGREEMENT NO: 30-082195 - 30-082196

AUCTION: June 17, 2008 starting at 10:00 a.m., **COUNTY: SPOKANE**
Northeast Region Office, Colville, WA.

SALE LOCATION: Sale located approximately 1 and 13 miles, by road, south of Spokane, WA.

PRODUCTS SOLD AND SALE AREA: All products sold on a delivered log sort basis. Approximately 3,427 Tons will be removed from Units #1, #2, #3, #4, #5 and #6 bounded with pink ribbon and white timber sale boundary tags. Removal will be accomplished using a Schedule "A" for all units. Primary species to remove is ponderosa pine meeting the specifications described below on parts of Section 36, Township 25 North, Range 42 East, W.M. and on parts of Section 16, Township 23 North, Range 43 East, W.M. containing 357 acres, more or less.

MINIMUM BID AND ESTIMATED LOG SORT VOLUMES:

Agreement #	Sort #	Species and Sort Specifications	Estimated Volume		Minimum Bid Delivered Prices		Total Appraised Value	Bid Deposit
			mbf	Tons	\$/mbf	\$/Ton		
30-082195	1	Ponderosa pine Sawlogs 11"+ dib	309	1,607	NA	\$66.60	\$107,026.20	\$10,702.62
30-082196	2	Ponderosa pine Sawlogs 6" - 10" dib	280	1,820	NA	\$38.00	\$69,160.00	\$6,916.00
Totals			589	3,427			\$176,186.20	

BID METHOD: Sealed Bids **UNIT OF MEASURE:** Tonnage scale

EXPIRATION DATE: December 24, 2008 **ALLOCATION:** Export Restricted

PAYMENT SECURITY: To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

BIDDING PROCEDURES: A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price, or \$5,000, whichever is greater. Complete bidding procedures and auction information may be obtained from the Northeast Region Office in Colville, WA. Phone number (509) 684-7474.

HARVEST AND DELIVERY COSTS: Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value - (Harvest Cost + Haul Cost). Use the following rates for estimating taxable stumpage: Harvest Cost = tons(\$35.00/ton). Haul Cost = tons(\$2.63) + tons(\$0.16x C miles) + tons(\$0.14 x A miles).

TIMBER NOTICE OF SALE

SPECIAL REMARKS: The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All mbf and tonnage loads will be weighed and all mbf loads will be scaled at State approved scaling locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

For more information regarding this log sort sale visit our web site:

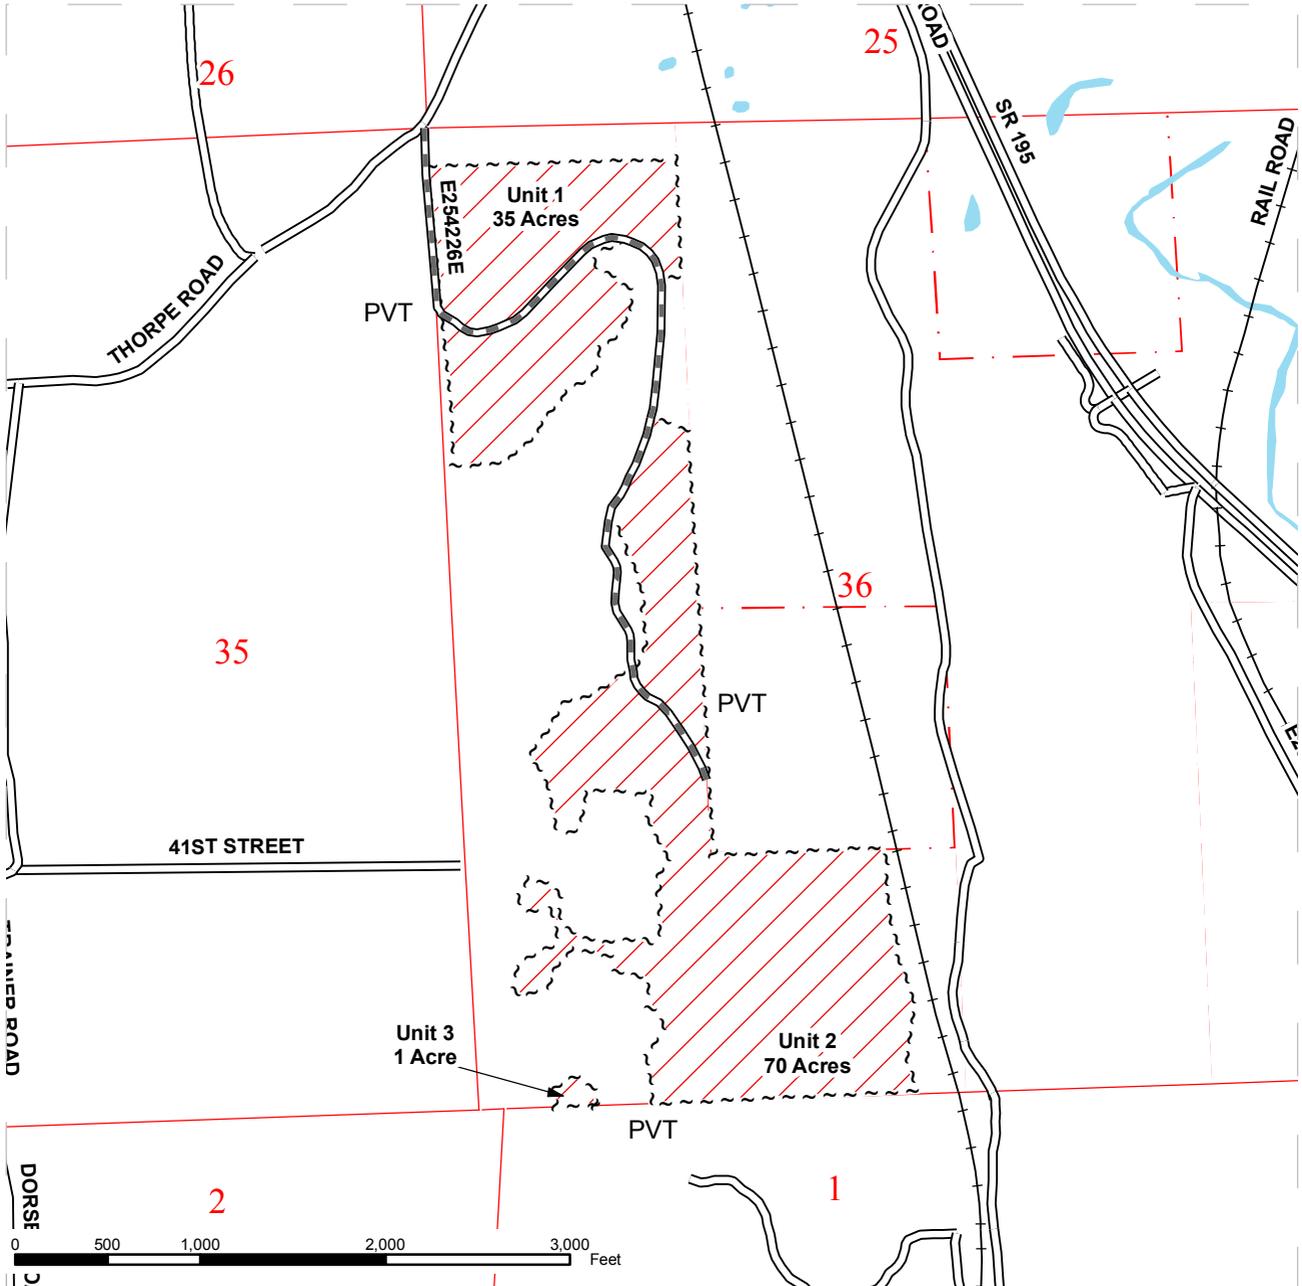

<http://www.dnr.wa.gov/BusinessPermits/Topics/AppraisalPackets/Pages/Home.aspx>. If you have questions call Bob McKellar at the Northeast Region office at (509) 684-7474 or Dave Richards at the Product Sales and Leasing Division Office in Olympia at (360) 902-1365.

CONFIRMATION: Each sort is subject to confirmation following auction. No sorts will be confirmed until at least 10 days after all sorts are successfully auctioned.

The following timing restrictions for marbled murrelet apply to all activity within harvest Units #1 and 2, and all road construction, maintenance, and abandonment along the CL-1170 within the area delineated on the timber sale map: Yarding or operation of heavy machinery, hauling,

TIMBER NOTICE OF SALE

felling or bucking shall not be allowed within 0.25 mile of the wildlife restricted (for marbled murrelet) area delineated on the timber sale map during the daily peak activity periods, one hour before official sunrise to two hours after official sunrise and one hour before official sunset to one hour after official sunset, within the critical nesting season, from April 1 to August 31. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED YARDING ONLY) to reduce soil damage and erosion.

ROADS:

107.01 stations of required construction. 23.49 stations of optional construction. 19.25 stations of existing road to be abandoned. 23.49 stations of road to be abandoned if built.

Development of an existing gravel source (S-1100 Pit) at milepost 0.4 of the S-1100 Road will involve clearing, stripping and processing rock to generate gravel ballast. This rock is available at no cost on State land. Activities at the pit between December 01 and February 15 may occur only during daylight hours from one hour after sunrise to one hour before sunset. This restriction is a condition of the Hatchery/Bear Creek Roost Bald Eagle Management Plan.

Development of an existing hardrock source (Red Mountain Rock Quarry) at milepost 0.5 of the K-1500 Road will involve clearing, stripping and processing rock to generate riprap. Existing stockpiles may be used. This rock is available at no cost on State land. Riprap may also be available from excavation of road construction upon approval of Contract Administrator.

Road construction, and road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation (THIS SHALL NOT BE WAIVED for the CL-1170, Spur U and Spur X roads due to slope stability concerns). The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 187.6 acres gross. 10.8 acres deducted for green tree retention clumps, existing roads and an exclusion area. 176.8 acres net. Cruised using variable plot method. Expansion factors used are 40.00 in the right of way, 46.95 in Units #1 and 2, and 54.45 in Unit #3. Sighting height is 4.5 feet. Grid size plot spacing is 400 x 400 feet in Units #1, 2 and 3. Plot ratio cruise count: cruised all WRC and RA on all plots; all other species is 1:2 in Units #1, 2 and 3; and cruised all in the right of way. 41 plots were taken in Unit #1, 32 plots taken in Unit #2, 12 plots taken in Unit #3, and 6 plots taken in the right of way, for a total of 91 plots.

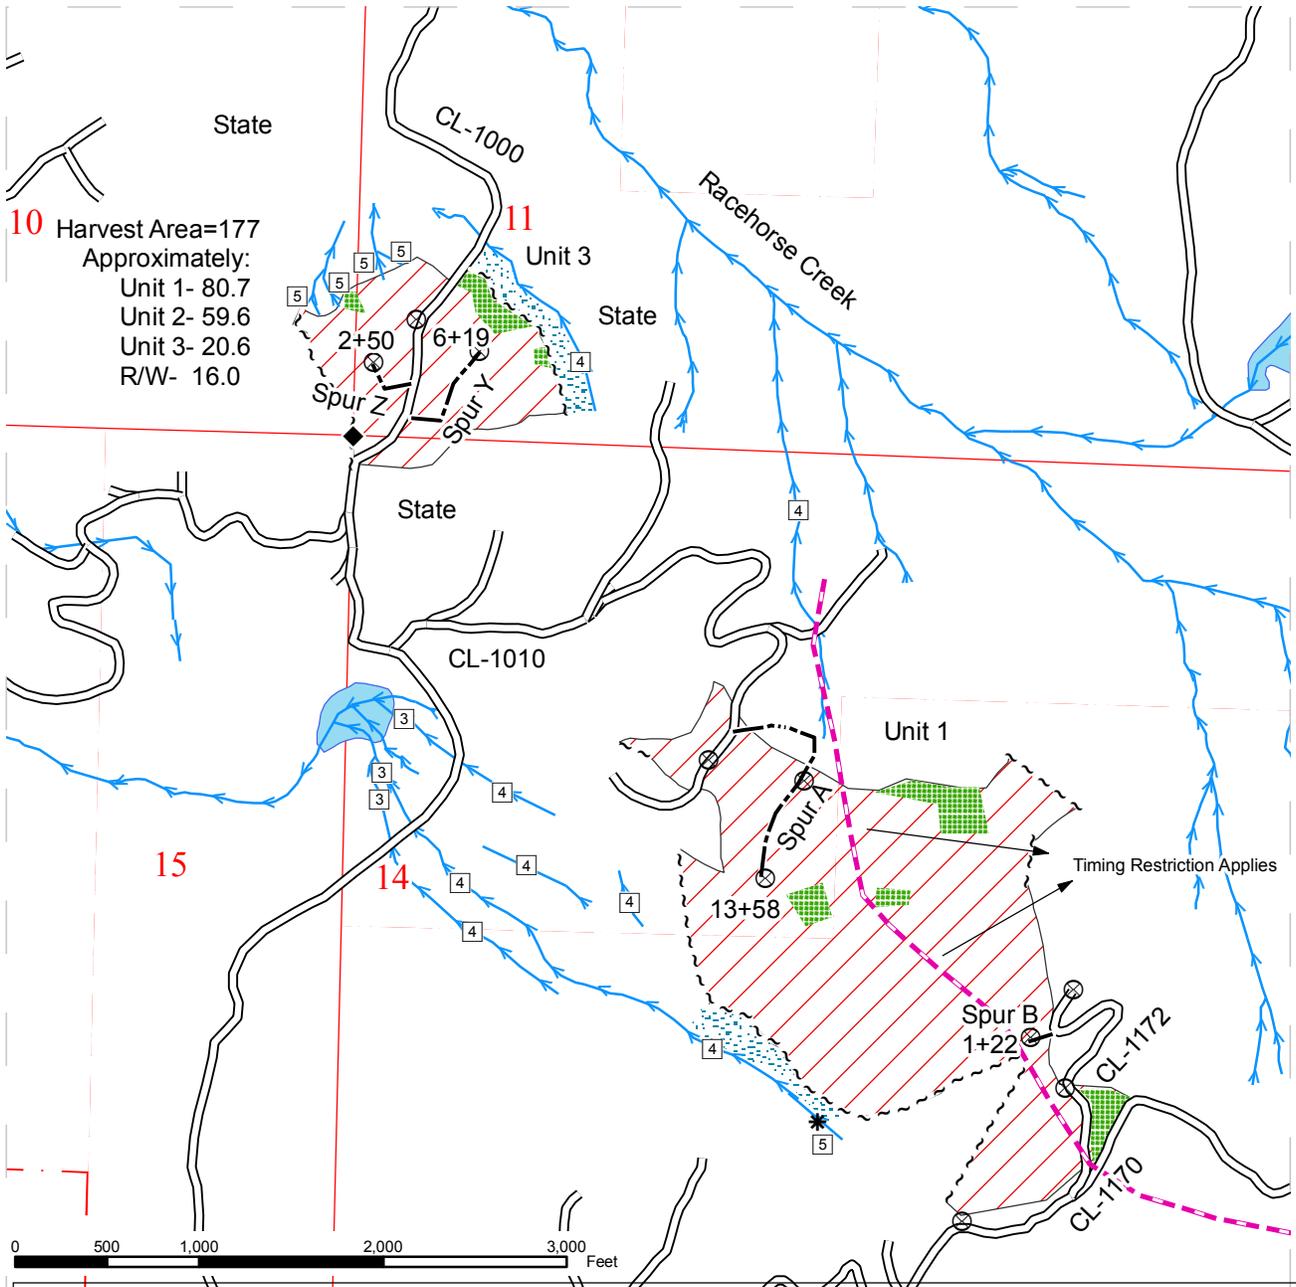

FEES: \$72,119.75 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: See Schedule T for additional timing restrictions.

DRIVING DIRECTIONS:

From Deming, travel east for 2.8 miles on Highway 542. Turn east (right) on Mosquito Lake road and travel for 1.0 miles, turn north (left) on the North Fork road and travel 2.4 miles to the end of the County road. At this point, it becomes the S-1000. Continue traveling on this road for 1.9 miles to the junction just before the Racehorse Creek bridge. Turn south (right) onto the CL-1000 road and travel 0.7 miles to station 0+00 of spur Z in Unit 3. Continue on the CL-1000 for 0.3 miles to it's junction with the CL-1010. Turn left onto the CL-1010 and travel for 0.7 miles to station 0+00 of spur A in Unit 1. Back on the CL-1000, continue for 0.9 miles to the private gate, and then continue for 1.1 miles to the junction with the CL-1100. Turn left (uphill) onto the CL-1100 and travel for 0.8 miles where the CL-1100 becomes the CL-1170 (at the northernmost of 2 abandoned spurs to the left, near each other). Continue on the CL-1170 for 1.0 miles to its end and station 59+35 of new construction of the CL-1170 road heading east toward Unit 2.

TIMBER NOTICE OF SALE

SALE NAME: *Beetle Mania FIT Log Sorts* **AGREEMENT NO:** *30-082065 - 30-082069*

AUCTION: June 17, 2008, starting at 10:00 a.m.,
Southeast Region Office, Ellensburg, WA.

COUNTY: Yakima

SALE LOCATION: Sale located approximately 30 miles west of Yakima WA.

PRODUCTS SOLD AND SALE AREA:

All delivered timber, meeting the specifications described below; on parts of Section 7 of Township 11 North, Range 14 East, Section 4 of Township 11 North, Range 13 East and Section 34 of Township 12 North, Range 13 East W.M., containing 744 acres, more or less.

MINIMUM BID AND ESTIMATED LOG SORT VOLUMES:

Totals			4931	38805		\$1,823,829	

BID METHOD: Sealed Bids

UNIT OF MEASURE: Tonnage scale

EXPIRATION DATE: December 31, 2008

ALLOCATION: Export Restricted

PAYMENT SECURITY:

To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

BIDDING PROCEDURES:

A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the Southeast Region Office in Ellensburg, WA. Phone number 509-925-8522.

HARVEST AND DELIVERY COSTS:

Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Haul Cost + ARRF). Use the following rates for estimating taxable stumpage: Harvest Cost = tons (\$27.00 estimated). Haul Cost = (tons)(\$2.63) + tons(\$0.16x C miles) + tons(\$0.14 x A miles)).

TIMBER NOTICE OF SALE

SPECIAL REMARKS: The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing costs. All tonnage loads will be weighed at State approved scaling locations. The State reserves the right to determine where logs are authorized to be weighed.

This is a high elevation sale and snow machines may be necessary to access the site. There are three locked gates that access this sale. Contact the region office for information on accessing these gates. The harvester will be selected after the Sorts are sold.

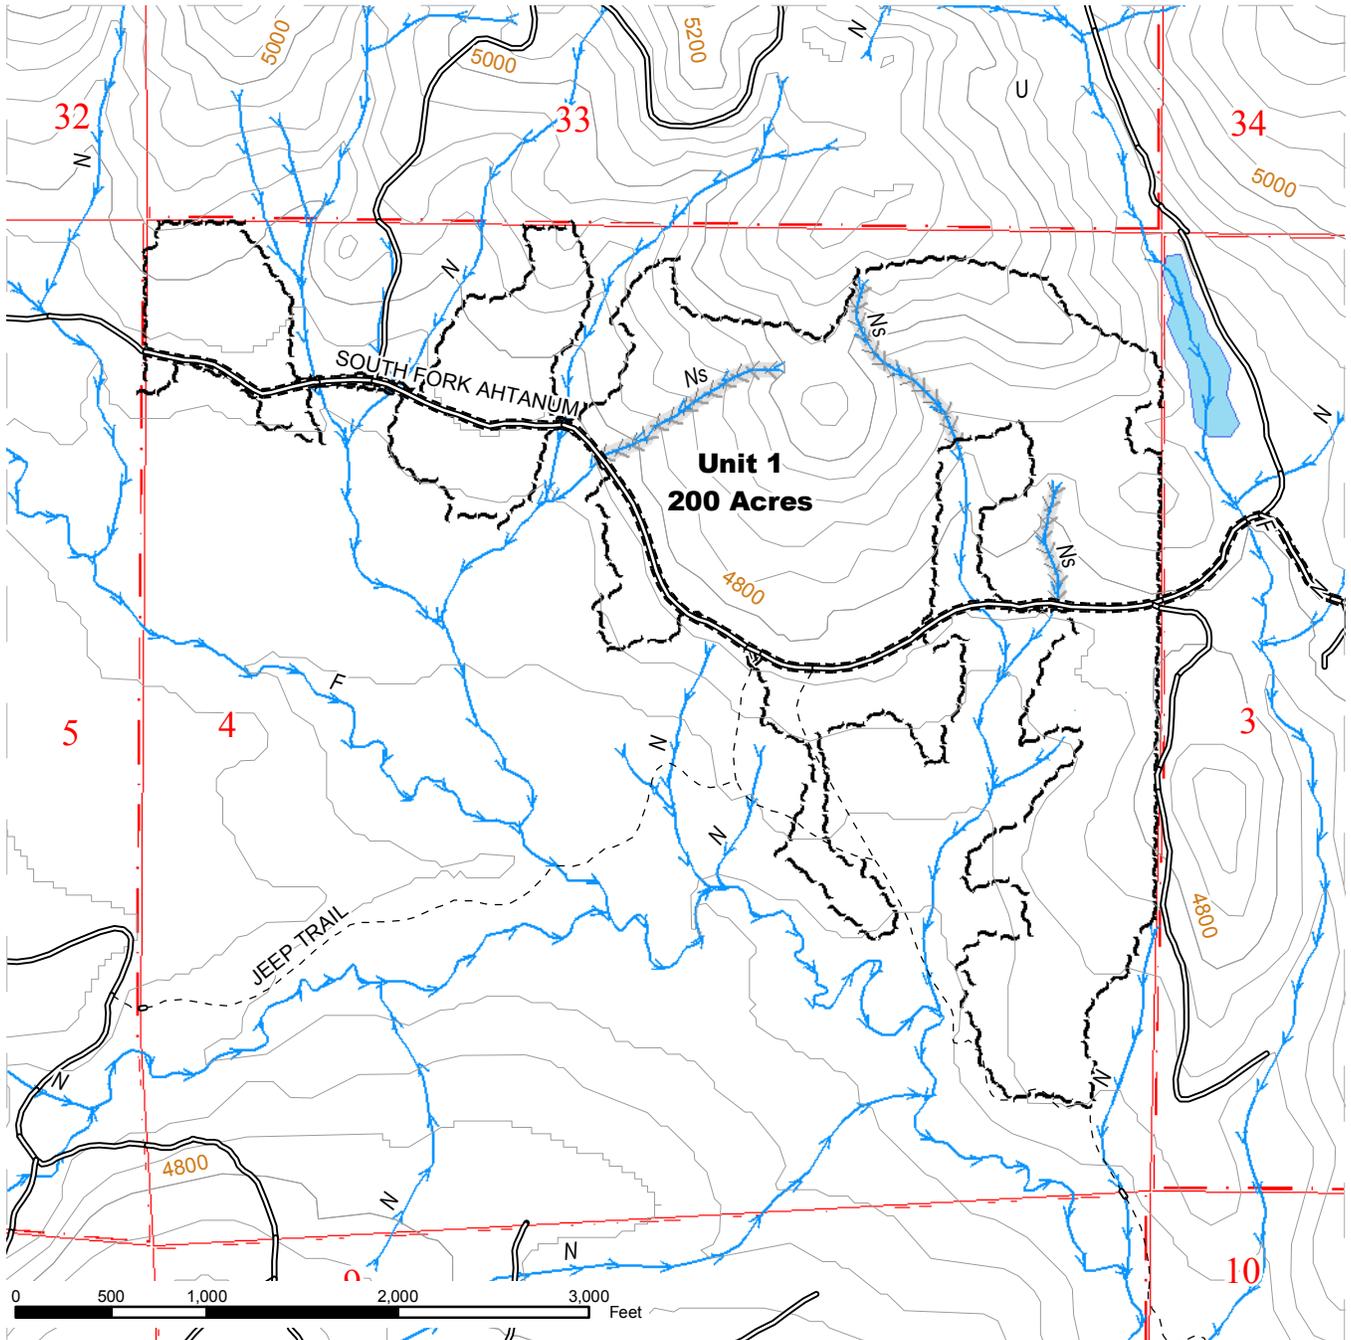

For more information regarding this log sort sale visit our web site:
<http://www.dnr.wa.gov/htdocs/fr/sales/>. If you have questions call Mike Williams at the Southeast Region office at 509-925-0973.

CONFIRMATION: Final contract award is contingent upon the State's haul cost analysis. Allow up to 3 business days following bid opening for the State to announce the apparent high bidder. Each sort is subject to confirmation following auction. No sorts will be confirmed until at least 10 days after all sorts are successfully auctioned.

TIMBER NOTICE OF SALE

SALE NAME: NEMAH A-LINE BD

AGREEMENT NO: 30-082220

AUCTION: June 19, 2008 starting at 10:00 a.m., **COUNTY:** Pacific
Pacific Cascade Region Office, Castle Rock, WA

SALE LOCATION: Sale located approximately 3 miles southeast of Nemah, WA

PRODUCTS SOLD AND SALE AREA: All timber, except leave trees to be marked by the Purchaser, legacy snags (existing 3 years prior to the day of sale), pre-existing stumps and pre-existing down timber existing 5 years prior to the day of sale, bounded by pink flagging, reprod and the A-Line road in Unit #1 on part(s) of Sections 36 all in Township 12 North, Range 10 West, W.M., containing 6 acres, more or less.

ESTIMATED SALE VOLUMES AND QUALITY:

Species	Avg Ring DBH Count	Total MBF	MBF by Grade									
			1P	2P	3P	SM	1S	2S	3S	4S	UT	
Hemlock		307				6			77	169	55	
Douglas fir		3							1	2		
Red alder		1										1
Red cedar		1								1		
Spruce		1								1		
Sale Total		313										

MINIMUM BID: \$11,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$2,200.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: December 31, 2008 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$1,100.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Shovel and tracked harvesting equipment being restricted to slopes of 35% and less during dry soil conditions. See clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator.

ROADS: 2.50 stations of optional construction. Commercial Pit-Run rock for construction under this contract may be obtained from any commercial source as approved in writing by the Contract Administrator. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from September 30 to June 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GIS delineation. The sale volume was estimated using inventory data. Harvesting activities are estimated to be approximately 100% ground-based harvesting.

This sale is on lands certified under the Sustainable Forestry Initiative® program.

MINIMUM BID: \$63/MBF (est. value \$173,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$60,000.00 **SALE TYPE:** MBF Scale

EXPIRATION DATE: October 31, 2010 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Hemlock

BID DEPOSIT: \$17,300.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Ground based or cable equipment on slopes 35 percent and less. Cable yarding on slopes greater than 35 percent and in the required cable area in Unit #1 as shown on the timber sale map. If Purchaser elects to shovel log, shovel logging shall be in accordance with the attached Schedule A, which is part of this contract. Yarding may be restricted during wet weather conditions if excessive rutting occurs in the opinion of the Contract Administrator. Falling and Yarding will not be permitted from November 1 to May 31 unless authorized in writing by the Contract Administrator, nor at all on weekends or state recognized holidays.

TIMBER NOTICE OF SALE

ROADS: 28.40 stations of optional construction. 5.74 stations of optional reconstruction. 359.04 stations of required pre-haul maintenance. 5.55 stations of abandonment, if constructed. Cross section designs are available at the South Puget Sound Region office upon request. Purchaser maintenance on the 58 Road and Spur 40. Designated maintenance on all other roads used. Road construction will not be permitted from November 1 to May 31 unless authorized in writing by the Contract Administrator, nor at all on weekends or state recognized holidays. The hauling of forest products will not be permitted from November 1 to May 31 unless authorized in writing by the Contract Administrator, nor at all on weekends or state recognized holidays.

ACREAGE DETERMINATION

CRUISE METHOD: Acreage was determined by GPS. Units #1, #1A, #1B and #2 were cruised using a variable plot sample with a BAF of 54.45/full on a 396x165 foot grid. Right of way was cruised using a variable plot sample with a BAF of 54.45/full.

FEES: \$24,327.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS:

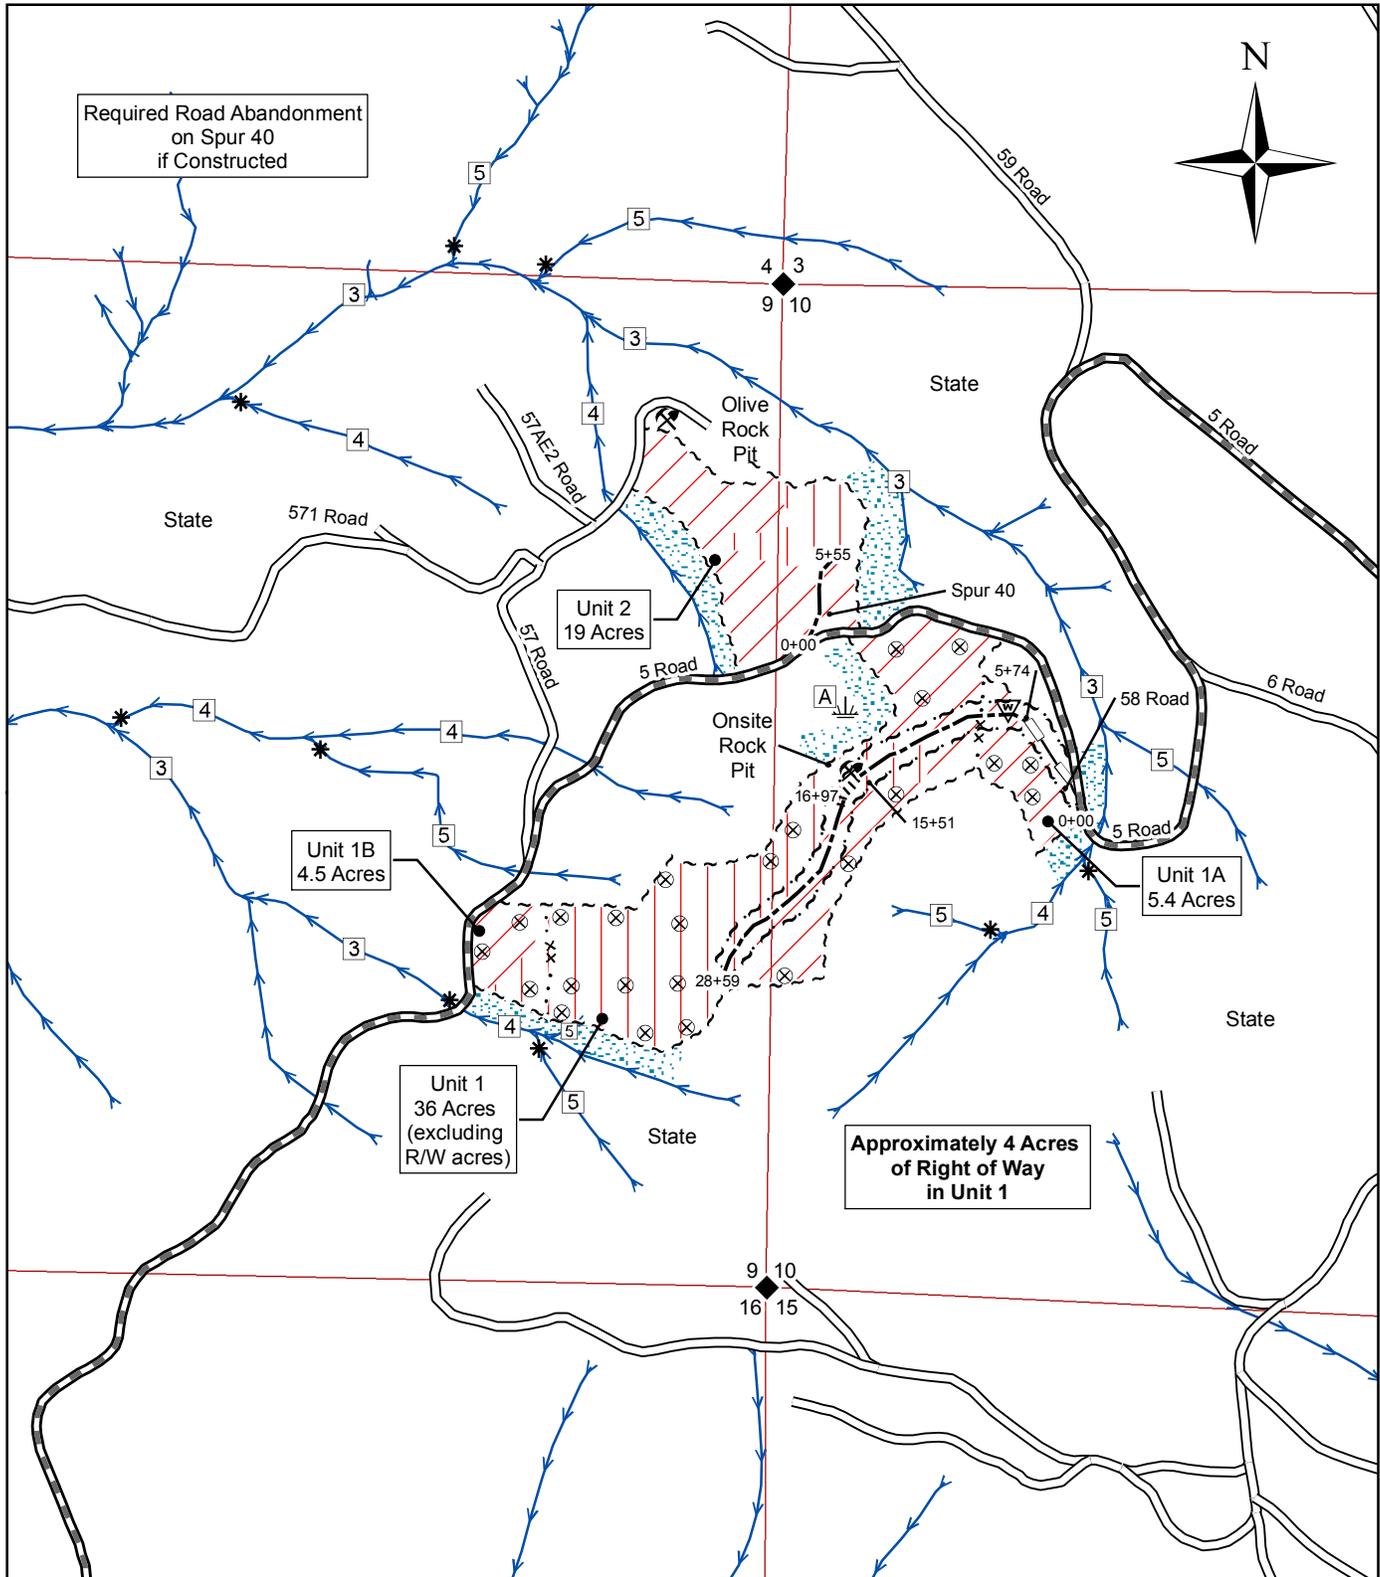

- This sale has an extreme hazard abatement requirement.
- Timing restrictions will be in effect in Unit #1 prohibiting falling, yarding, road construction, operation of heavy equipment and timber hauling during Critical Nesting Season (April 1 through August 31) during Daily Peak Activity of the Marbled Murrelet which is from 1 hour before sunrise to 2 hours after sunrise and 1 hour before sunset to 1 hour after sunset per WAC 222-30-060.
- See Road Plan Clause 8.4-8 for gate closure periods.
- On cable yarding portions a slack pulling carriage with lateral yarding capabilities of at least 75 feet and intermediate supports may be needed.
- Purchaser shall pull vine maple and leave roots exposed and detached from the soil in the ground based harvest area in Unit #2. Purchaser shall cut vine maple and sever from the stump in the cable harvest area in Unit #2.
- Blue painted trees in Units #1, #1A and #1B were for a previous sale and should be ignored for this sale.

TIMBER NOTICE OF SALE

SALE NAME: MILLS CREEK THINNING

AGREEMENT NO: 30-078828

AUCTION: June 16, 2008 starting at 10:00 a.m., **COUNTY:** Skagit
Northwest Region Office, Sedro Woolley, WA

SALE LOCATION: Sale located approximately 7 miles northeast of Sedro-Woolley, WA.

PRODUCTS SOLD AND SALE AREA:

All timber, except for designated leave trees as described in schedule B, bounded by white timber sale boundary tags and blue special management tags in Unit 1.

All timber, except trees marked with blue paint on the bole and root collar, bounded by blue special management unit boundary tags and white timber sale boundary tags in Unit 2.

All trees marked with blue special management tags, except trees marked with blue special management tags and blue paint, located along the south boundary of Unit 1. All timber marked by yellow paint within 30 feet of the centerline of the TH-ML Road between station 41+11 and station 115+45, except that the title to the timber is not conveyed to the Purchaser unless the related road segment is actually constructed. All timber bounded by orange right of way tags, except that title to the timber within the right of way tags of the corresponding road is not conveyed to the Purchaser unless the related road segment is actually constructed. The above described products on part(s) of Sections 17, 18, 19 and 20 all in Township 36 North, Range 5 East, W.M., containing 263 acres, more or less.

ESTIMATED SALE VOLUMES AND QUALITY:

Species	Avg DBH	Ring Count	Total MBF	Total Tons	Price \$/Ton	MBF by Grade								
						1P	2P	3P	SM	1S	2S	3S	4S	UT

Red cedar	14		15	104	\$127.00							10	5	
Sale Total			2,379	18,190										

MINIMUM BID: \$14.7/ton (est. value \$245,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$49,000.00 **SALE TYPE:** Tonnage Scale

EXPIRATION DATE: September 30, 2010 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$24,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or tracked skidder or forwarder on slopes 25% or less. Cable yarding systems will be equipped with a clamping carriage having minimum side pull capabilities of 50 feet and must accommodate rigging of intermediate supports in Unit 1, unless authority to use other equipment is granted in writing by the Contract Administrator.

TIMBER NOTICE OF SALE

Cutting and yarding will not be permitted during the bark slippage season unless authorized in writing by the Contract Administrator. This season is estimated to run from April 1 to July 15 but will vary dependent on weather conditions. If permission is granted to operate during the bark slippage season the purchaser will be required to provide a plan outlining mitigation measures. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED YARDING ONLY) to reduce soil damage and erosion.

ROADS:

31.45 stations of required construction. 19.05 stations of required reconstruction. 19.40 stations of optional reconstruction. 5.50 stations of existing road to be abandoned.

Development of an existing gravel source (Steam Donkey Pit) at station 6+50 of the MI-13 Road will involve processing rock to generate approximately 5,235 cubic yards of gravel ballast. This rock is available at no cost on State land.

Development of an existing hardrock source (Doc Spratley Pit) at station 23+00 of the ML-ML Road will involve drilling, shooting, and processing rock to generate approximately 303 cubic yards of riprap. This rock is available at no cost on State land.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD:

Acres determined by GPS traverse. 262.9 acres net. Cruised using fixed plot method. Expansion factor used is 1/20 acre. Sighting height is 4.5 feet. Plot ratio cruise count is cruised all. 61 plots were taken in Unit #1 PC, 14 plots were taken in Unit #1 Corridors, 5 plots were taken in the SMU and 6 plots taken in the R/W, for a total of 86 plots.

FEES:

1). Purchaser shall furnish the State with a check made payable to Longview Fibre Company in the amount of \$500.00 on the day of sale for permit #55-081068, for road use. 2). \$31,521.75 is due on day of sale. \$1.18 per ton is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Utility price for P-024 Clause is \$2.00 per Ton.

Schedule B
Mills Creek Thinning Prescription

Designated leave trees for Unit 1

1. Leave 95-105 trees per acre across entire unit (including yarding corridors). The residual stand must have a Relative Density (RD) of greater than or equal to 35. Openings created by felling trees shall not exceed 30 feet between leave trees. If natural openings in the stand exceed this distance, sufficient trees shall be left on the perimeter of the opening to maintain the appropriate trees per acre and relative density as determined by compliance plots described in compliance methods.

2. Leave all trees greater than 20" DBH unless the trees are diseased or deformed as defined in "Leave Tree Criteria" below.

3. Leave all western redcedar and any hardwoods unless they are located in yarding corridors or skid trails. Western redcedar may be counted toward the required leave tree numbers and relative density requirements. Hardwoods will not be counted toward the required leave tree numbers and relative density requirements.

4. The remainder of the leave trees will be selected by the following criteria using the following criteria:

Leave trees will be selected by comparing their characteristics with other trees in the stand. Leave trees will be the "best trees" from the largest diameter classes available and evenly distributed across the harvest unit.

The "best trees" are defined as follows: having the fullest and most vigorous crowns, be free of disease or deformation, having the best form (i.e. tallest trees, straightest boles, and smallest limb diameters.)

Definitions:

Diseased tree: any tree that is infested with Dwarf Mistletoe to the point that at least 2/3's of its crown contains witch brooms.

Deformed Tree: any tree that has forked tops, broken tops, or severe cat faces (bark removed on more than half of the circumference of the tree).

5. Riparian Management Zone (RMZ) special attributes:

- Commercial thinning of RMZs shall follow timber sale prescription as outlined above.

- No harvest shall occur within 25 feet or more of type 3 and 4 waters as bounded with white timber sale boundary tags.

•5 trees per RMZ acre shall be selected from the first 25 to 50 feet outside the “No-harvest” 25-foot zone and felled towards the typed water to serve as down wood (DW) as designated by the following:

•There is a total of 23.1 RMZ acres in Unit 1, and a total of 115 trees to be felled to serve as DW.

Stream Type	Average Distance Between DW Trees	Acceptable Distance Range	Preferred Species As DW	DW DBH Range
Type 3	50'	30 – 70'	1) Douglas-fir 2) Western hemlock	12-18” DBH
Type 4	90'	60 – 120'	3) Douglas-fir 4) Western hemlock	12-18” DBH

•DW trees shall not count towards the RD target.

•No dead down wood shall be removed. Large dead down wood (>25" diameter) shall be disturbed as little as possible.

•Leave snags where possible. All green tree and snag retention is subject to the safety standards of the Department of Labor and Industries. All snags felled for safety reasons shall remain where they fall.

Yarding requirements for Unit 1.

Cable yarding - Landings will be located to provide for parallel yarding corridors whenever possible. Corridors will be limited to 14-feet including rub trees. Corridors will be at least 100 feet apart when parallel as measured from the center of the corridors. When radial yarding corridors are required from a central landing, the distance between yarding corridors must be no closer than 100 feet where the corridor leaves the unit as measured from the center of the corridors. Where possible corridors should be located in a manner to minimize the damage to or removal of leave trees. When corridors are field located, only leave trees within 3 – 5 feet of the center of the corridor should be removed prior to yarding. Following completion of yarding of each corridor, damaged leave trees within 7 feet of the center of the corridor may be felled and yarded to the landing. It is not required to remove all leave trees from the 14-foot corridor.

Cable yarding - Corridors are limited to 12 feet wide (including rub trees) and no less than 70 feet apart as measured

from the center of the corridor. Where possible corridors should be located in a manner to minimize the damage to or removal of leave trees. No yarding will take place on slopes greater than 25%. See H-13 for other skid trail requirements

Certification of Fallers and Yarder Operator

All persons engaged in the felling and yarding of timber must receive certification in writing from the Contract Administrator. Certification may be revoked when the Contract Administrator determines that non-compliance of leave tree selection criteria or cut tree selection criteria is occurring, or excessive damage to leave trees or skid trails is occurring.

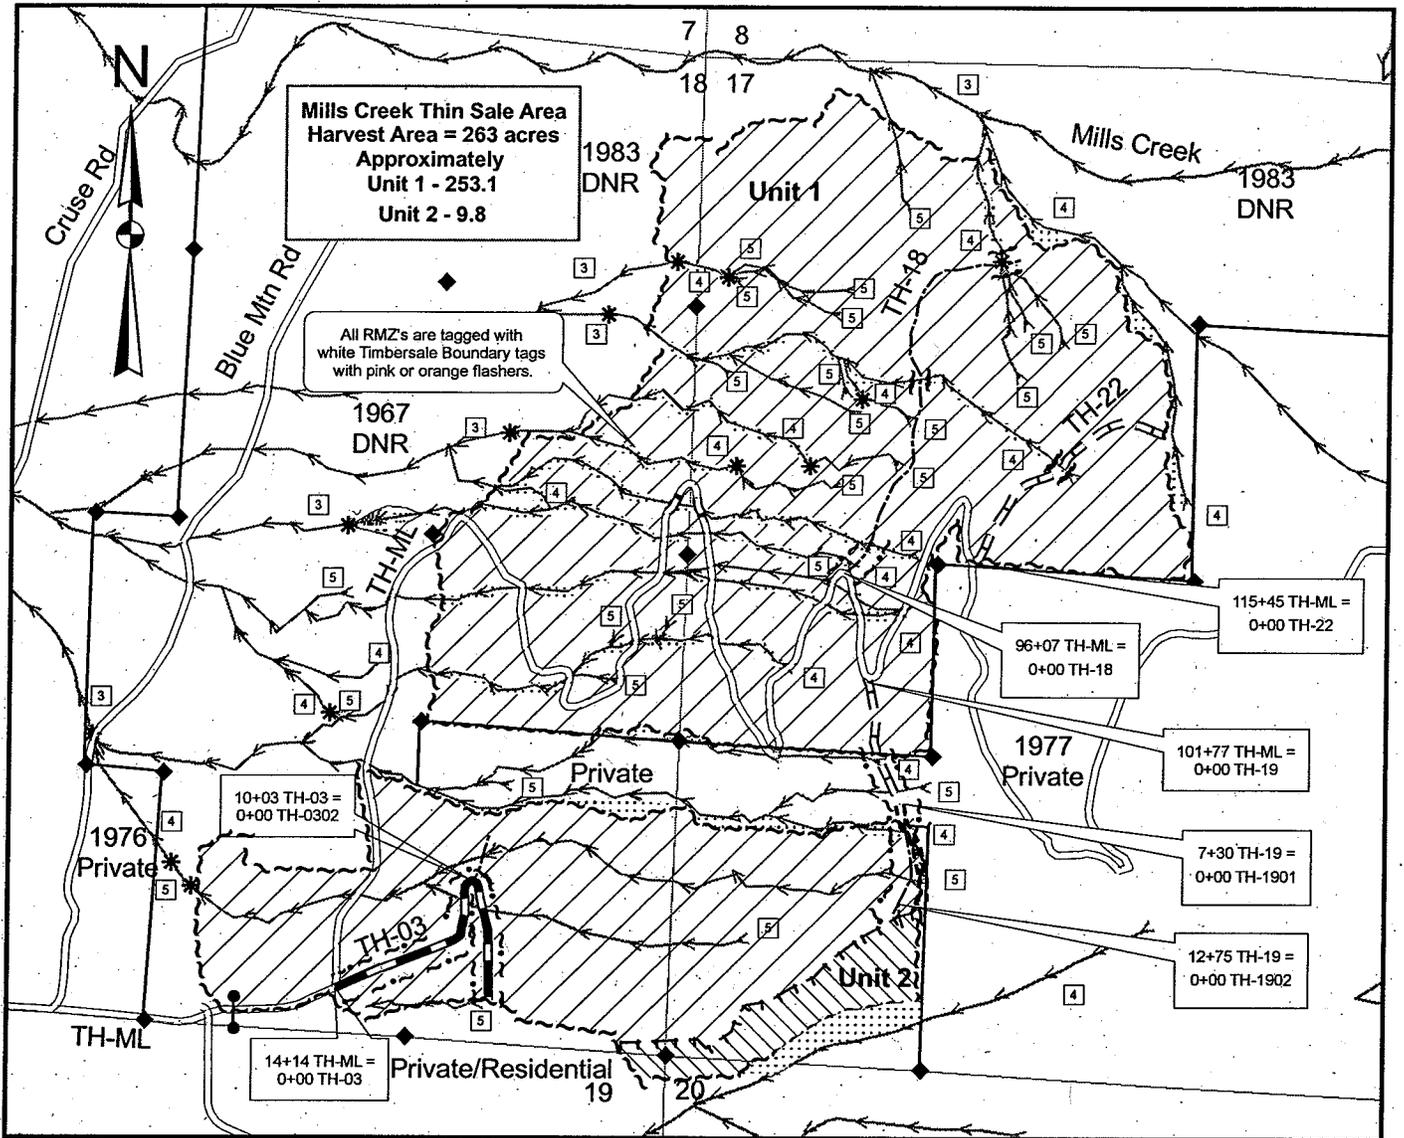

Compliance methods.

1/20 acre fixed radius plots (26.3 feet) will be measured to determine trees per acre. The number of trees in a plot will be multiplied by 20 to determine the trees per acre for that plot. The average of all plots in a unit will determine the trees per acre for that unit. Only trees greater than or equal to 6.5" DBH will be measured.

TIMBER NOTICE OF SALE

SALE NAME: SIDE SLINGER

AGREEMENT NO: 30-081808

AUCTION: June 16, 2008 starting at 10:00 a.m., **COUNTY:** Skagit
Northwest Region Office, Sedro Woolley, WA

SALE LOCATION: Sale located approximately 9 miles north of Sedro-Woolley, WA

PRODUCTS SOLD AND SALE AREA: All timber bounded by white timber sale boundary tags, and adjacent young stands, except trees marked with blue paint on the bole and root collar, and forest products tagged out by yellow leave tree area tags in the Unit. All timber bounded by orange right of way boundary tags on the AM-40 Road. The above described products on part(s) of Sections 1 and 12 all in Township 36 North, Range 4 East, W.M., containing 28 acres, more or less.

ESTIMATED SALE VOLUMES AND QUALITY:

Species	Avg DBH	Ring Count	Total MBF	MBF by Grade									
				1P	2P	3P	SM	1S	2S	3S	4S	UT	
Hemlock	14	7	831						278	420	133		
Douglas fir	23	6	151						120	29	2		
Red alder	14		62						19	24	19		
Red cedar	12		51							41	10		
Silver fir	14		22							20	2		
Birch	12		21							10	11		
Sale Total			1,138										

MINIMUM BID: \$119,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$23,800.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: September 30, 2009 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$11,900.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 25% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS: 10.14 stations of required construction. 2.25 stations of required reconstruction. 36.43 stations of optional construction. 36.43 stations of road to be abandoned if built.

Development of an existing hardrock source (Alger Pit) at station 199+25 of the AL-ML Road will involve drilling, shooting, and processing rock to generate approximately 309 cubic yards of riprap and approximately 2,205 cubic yards of 3-inch-minus ballast rock. This rock is available at no cost on State land.

Development of an existing gravel source (Steam Donkey Pit) at station 6+50 of the MI-13 Road will involve processing rock to generate approximately 1,990 cubic yards of gravel ballast. This rock is available at no cost on State land.

TIMBER NOTICE OF SALE

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 29.4 acres gross. 1.0 acres deducted for green tree retention clumps and 0.1 acres deducted for existing road. 28.3 acres net. Cruised using variable plot method. Expansion factor used is 46.95. Sighting height is 4.5 feet. Grid size plot spacing is 250 x 150 feet in Unit #1 and 500 feet apart in the right of way. Plot ratio cruise count is 1:1 in the Unit and cruised both in the right of way. 31 plots were taken in the Unit, and 2 plots taken in the right of way, for a total of 33 plots.

FEES: (1) Purchaser shall furnish a check to the State made payable to Bloedel Timberlands Development, Inc. in the amount of \$12,330.00, on the day of sale for permit #55-073447. (2) \$15,078.50 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

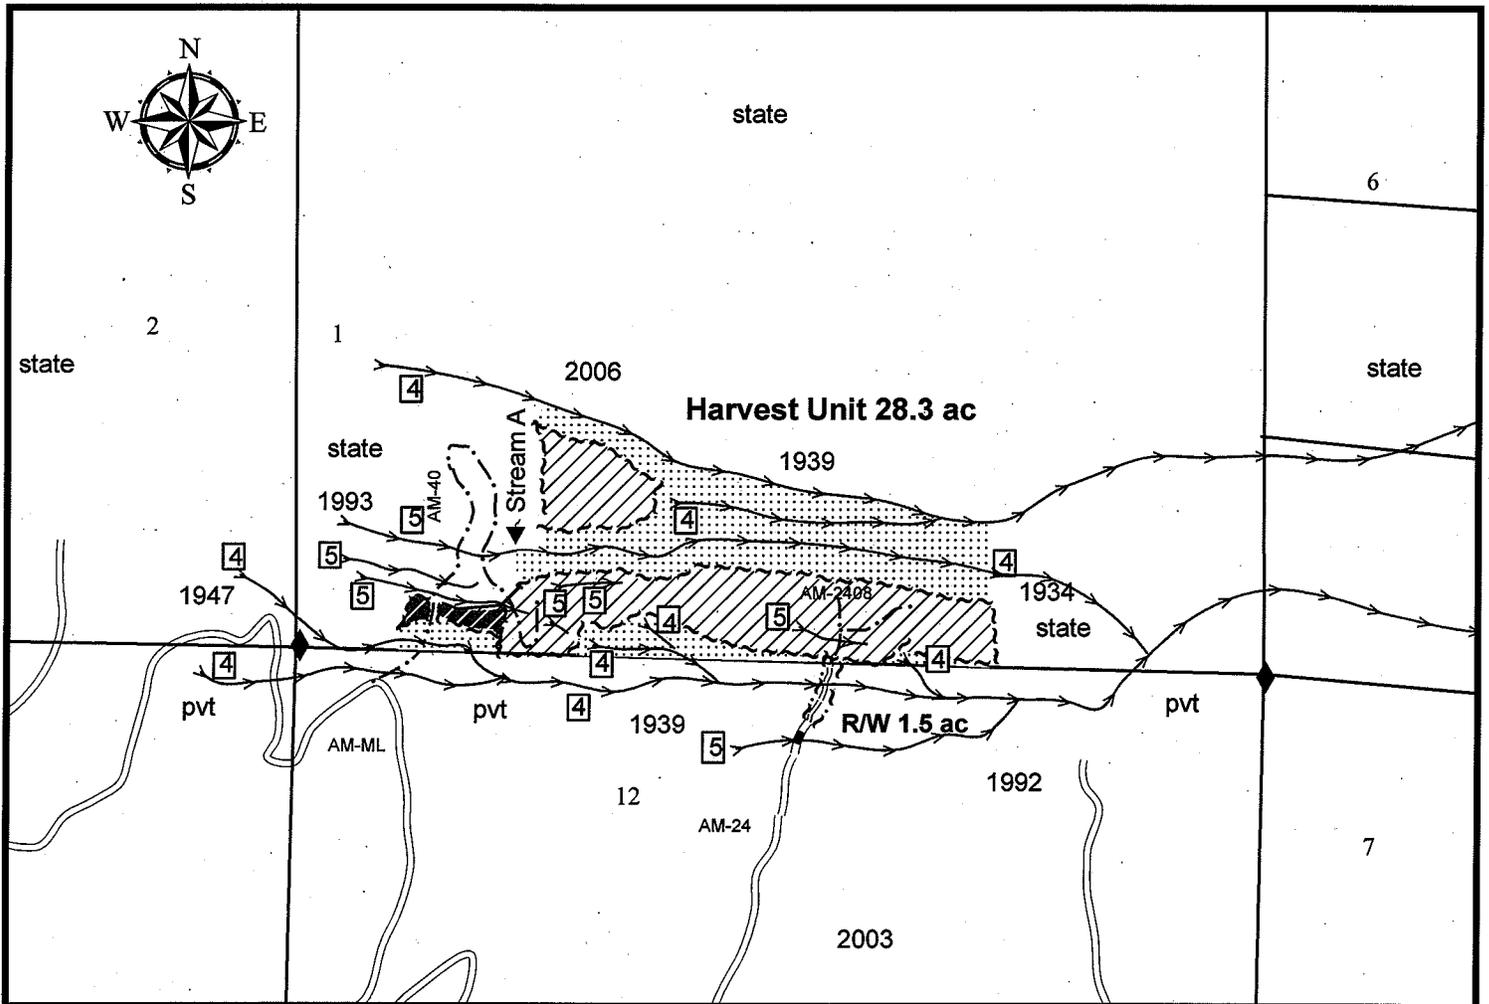

SPECIAL REMARKS: Corridor volume will be considered additional volume, and billed per the G-101 clause.
