IMPORTANT NOTICES

Natural Resources (DNR)

Governmental Regulatory Actions or Orders

The purchaser assumes the risk of liabilities related to regulatory actions or orders by any government agency that may affect the operability of these timber sales. Such regulatory actions or orders include, but are not limited to, actions taken pursuant to the State Forest Practices Act, Chapter 76.09 RCW, and the Federal Endangered Species Act, 16 U.S.C. §§ 1531-1544. Please see timber sale contract clauses G-066 and G-220 for further information.

Threatened and Endangered Species

DNR cannot verify the presence or absence of **any** threatened or endangered species that may affect the operability of the timber sale. Purchasers must rely on their own assessments.

Export Restricted

All timber purchased under these state DNR contracts shall not be exported outside of the United States until the timber has been processed. Purchasers shall not violate any of the prohibitions in WAC 240-15-015 (relating to the prohibitions on export and substitution), WAC 240-15-025 (relating to reporting requirements), and WAC 240-15-030 (relating to enforcement). If purchasers knowingly violate WAC 240-15-015, purchasers shall be barred from bidding on or purchasing export restricted timber as provided.

Timber Sales in this book are from state trust lands, managed to help build K-12 public schools, state universities, colleges, prisons, mental hospitals, the state Capitol; and to support local services in many counties.

Top left: State Forest Lands are managed to provide revenue to the counties in which they are located such as the Pacific County Courthouse in South Bend, Washington. Northwest Bridge Company of Portland, Oregon completed construction of the courthouse building in June of 1911. One unusual feature of the historic building is an "art glass dome" that crowns the structure. The courthouse is listed on the National Register of Historic Places.

Certification Opportunities for DNR Timber Purchasers

Certified forests are grown to an approved set of standards which demonstrate environmentally responsible, socially beneficial, and economically viable management practices that promote responsible forestry. This unique commitment to responsible forestry recognizes that forest landowners play a critical role in ensuring the long-term health and sustainability of our forests.

Forest Stewardship Council™ (FSC®) is an independent, non-profit organization that promotes responsible management of the world's working forests through the development of forest management standards, a voluntary certification system, and trademarks that provide recognition and value to products bearing the FSC label in the marketplace. FSC standards ensure forestry is practiced in an environmentally responsible, socially beneficial, and economically viable way.

Sustainable Forestry Initiative, Inc. is an independent non-profit organization internationally endorsed and accepted around the world. The *Sustainable Forestry Initiative® (SFI®)* program is based on the premise that responsible environmental behavior and sound business decisions can co-exist. Its three-chamber Board of Directors governs all aspects of the SFI program, with equal representation from the environmental, economic and social sectors.

Currently, all Department of Natural Resources (DNR)-managed forested state trust lands in Washington State are certified under the 2010-2014 SFI program Standard. Lands within DNR's South Puget Habitat Conservation Plan Planning Unit, located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are dually certified under the FSC-US Forest Management Standard (v1.0) in addition to the 2010-2014 SFI program Standard; making that area certified under both standards.

Certification under each standard involves an inspection audit of the landowner's forest management activities by an independent third-party accredited team to verify that it meets specified forest management principles. If the forest unit complies with the specific standard, the landowner receives a certificate of conformance ensuring that responsible forestry is being practiced. Both standards encourage integration of perpetual growing and harvesting of trees with strong measures to protect wildlife, plants, soil, water, and air quality. Both standards provide a seal of approval that forests certified under these principles are well-managed. The global marketplace recognizes and endorses multiple forest certification standards. Each standard has individual market niches. By being dually certified, DNR can maximize its customer base and provide choices to the consumer.

DNR's FSC certificate number is: BV-FM / COC-080501

DNR's SFI certificate number is: BV-SFIS-US09000572

DNR-managed forested state trust lands within the South Puget Habitat Conservation Plan Planning Unit (located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties) are certified as being in compliance with the Forest Stewardship Council Pacific Coast Regional Standard. This makes DNR's SP Planning Unit dually certified under both the FSC and SFI program Standards.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the FSC Program, visit www.fscus.org.

To learn more about DNR timber sales certified under the FSC Standard, visit www.dnr.wa.gov.

FSC A.C. owns all right, title, and interest in and to the Forest Stewardship Council trademarks.

All DNR-managed forested state trust lands across the state have been certified as being in compliance with the 2010-2014 Sustainable Forestry Initiative program Standard.

Bidder's/Purchaser's Inspection of Sale Area and Forest Products

Acreage estimates and volume estimates contained within each timber notice of sale and each timber sale contract are made only for administrative and identification purposes. Except as expressly provided by the timber sale contract, the purchaser shall be responsible for paying the entire purchase price, even if the actual acreage or timber volume varies from the estimated quantity or volume shown.

All prospective bidders have the opportunity and are expected to inspect the sale area and the forest products located thereon. Bidders shall not rely on any representations by the State including, but not limited to, acreage estimates, volume estimates, appraisal or pre-bid documentation. The successful bidder/purchaser will further warrant that they have entered the timber sale contract without any reliance upon the DNR's volume estimates, acreage estimates, appraisals, pre-bid documentation, or any other representation by the DNR.

Any timber sale contract arising out of these public auctions will require the successful purchaser to warrant that they are entering the timber sale contract based solely upon their own judgment of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold.

Exclusion and Disclaimer of Warranties

The PARTIES AGREE that the IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, and ALL OTHER WARRANTIES EXPRESS OR IMPLIED, ARE EXCLUDED from this transaction, and shall not apply to the goods sold. For example, THE FOLLOWING SPECIFIC MATTERS ARE NOT WARRANTED, and are EXCLUDED from this transaction:

- a. ***The merchantability of the forest products.*** The use of the term "merchantable" in any document is not intended to vary the foregoing.
- b. ***The condition of the forest products.*** All forest products will be conveyed "AS IS."
- c. ***The acreage contained within any sale area.*** Any acreage descriptions appearing in the timber notices of sale, timber sale contract, timber sale map or other documents are estimates only, provided solely for administrative and identification purposes.
- d. ***The volume, quality, or grade of the forest products.*** The descriptions of the forest products to be conveyed are estimates only, made solely for administrative and identification purposes.
- e. ***The correctness of any soil or surface conditions, presale construction appraisals, investigations, and all other pre-bid documents prepared by or for the State.*** These documents have been prepared for the State's appraisal purposes only.
- f. ***That the sale area is free from threatened or endangered species, or their habitat.*** The State is not responsible for any interferences with forestry operations that result from the presence of any

threatened or endangered species, or the presence of their habitat, within the sale area.

g. *That the forestry operations to be performed under this contract will be free from regulatory actions by governmental agencies.* The State is not responsible for actions to enforce regulatory laws, such as the Washington Forest Practices Act (Chapter 76.09 RCW), taken by the Department of Natural Resources or any other agency that may affect the operability of these timber sales.

h. Items contained in any other documents prepared for or by the State.

Please also see timber sale contract clause G-060 for further information.

BIDDING PROCEDURES FOR TIMBER AUCTIONS

The general requirements that follow are a part of all Timber Notices of Sale to be auctioned by the Department of Natural Resources (DNR).

General Information

The State reserves the right to waive minor irregularities and the right to reject any or all bids.

A. This book contains the timber notices of sale and maps for each timber sale scheduled to be auctioned. More specific information can be obtained by contacting the appropriate region office at the number listed on the back cover of this book.

B. The timber notice of sale is a summary of sale information. For more specific information, interested parties are encouraged to view the Appraisal Packets on the DNR Internet Site @ www.dnr.wa.gov, this will take you directly to the Product Sales Section. The Appraisal Packets contain **DRAFT** copies of the timber notice of sale, map, contract, road plan, cruise data, precruise and cruise narrative, Forest Practices Application (FPA).

C. The sale preview packets may be obtained at no charge for individual sales by visiting the appropriate region office.

D. Timber sale contracts contain extensive terms and conditions that will be binding upon successful high bidders. Each bidder should carefully review all terms contained in the appropriate **DRAFT** timber sale contract prior to bidding on a sale, and should review the final contract prior to signing. **DRAFT** timber sale contracts are contained in the preview and presales packets and are available upon request at the respective region office.

E. Sales advertised in this book have not been approved by the Board of Natural Resources and are subject to the Board's approval before they will be sold. The Board meets and approves sales approximately six weeks prior to auction. All sales are subject to confirmation by the DNR under RCW 79.15.120.

F. The State does not guarantee the accuracy of any information contained herein pertaining to particular sales. Therefore, all prospective purchasers are expected to make their own independent inspections and appraisals prior to bidding.

G. If any conflict exists between the information in the Timber Notice of Sale, timber sale map,

sale preview packets and that in the timber sale contract, the **signed contract will prevail**.

H. Purchasers must pay the Forest Excise Tax on the bid price, permanent road construction costs, and other considerations. The tax rate is 5% without the EARR credit and 4.2% with the credit. For more information contact the Department of Revenue, Forest Tax Section at 1-800-548-8829.

I. **Within 30 days of sale confirmation, the apparent high bidder will provide to the State the Performance Security** specified on each Notice of Sale. **The successful bidder also agrees to return a signed contract to the State within 30 days of confirmation.** Failure to provide a signed contract to the state within 30 days of confirmation may result in a loss of bidder's rights to the products sold and forfeiture of initial deposit moneys.

J. Each DNR region office has information about sales offered in that region. For further information, contact the respective DNR region office. Region office addresses and telephone numbers appear on the back cover of this booklet.

K. The purchaser assumes the responsibility for any costs associated with extra maintenance or repair levied by a county for any county road used by the purchaser.

Bidding Process

A. All timber will be auctioned using the sealed bid method.

B. Bids submitted on day of auction must be in the bid box at the specified auction location before 10:00 a.m. The respective DNR region office must receive mailed bids by 4:30 p.m., on the last business day before the auction. Bidders assume all risk for the method of delivery.

C. The DNR has the right to reject bid forms that are completed incorrectly. *All bid forms must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. Revised documents are not permissible.* Bidding instructions are on the back of the Sealed Bid Form. A bid deposit must be included in the sealed bid envelope unless using a Timber Sale Statewide Bid Bond.

D. All bids must include the completed Sealed Bid Form and bid deposit.

E. Bids will be opened in each respective region in the order in which sales appear in the Public Auction Sale of Timber book (alphabetically by county and by agreement number). Sales added after the book is printed will be inserted to retain this order. Sort sales may be auctioned out of this sequence at the State's convenience.

F. If a tie bid occurs, the names of the tie bidders will be placed in a hat and the successful bidder will be determined by a drawing.

G. For sales offered on a stumpage basis, the apparent high bidder on a particular sale will have the option of withdrawing additional sealed bids submitted for any remaining sales to be auctioned. The apparent high bidder must exercise this option within two minutes after the apparent high bidder is announced. **This option is not available for sales offered on a delivered basis.**

Auction Time and Location

Auctions will start at 10:00 a.m. and close at 4:00 p.m. on the date and at the location specified in each Timber Notice of Sale.

Bid Deposits

- A. Required bid deposits are listed on each Timber Notice of Sale.
- B. Bid deposits must be in the form of cash, certified check, cashiers' check, money order or bid bond.
- C. Bid bonds may be either a Timber Sale Statewide Bid Bond or a Timber Sale Per Sale Bid Bond.
- D. All bid deposits shall be submitted by the person or entity submitting the bid and made payable to the Department of Natural Resources. **Third party deposits will not be accepted.**

Timber Sale Per Sale Bid Bonds

- A. The Per Sale Bid Bond shall guarantee payment of the bid deposit **within ten days of auction.**
- B. The balance between the bid bond and the Initial Deposit payment is due by 4:30 p.m., **on the day of auction.**
- C. Additional forms and instructions for a Per Sale Bid Bond are available at any DNR region office.

Timber Sale Statewide Bid Bond

- A. Statewide Bid Bonds shall guarantee payment of the Initial Deposit on any statewide timber sale while the bond is in effect.
- B. The Statewide Bid Bond must be received by the Department of Natural Resources, Product Sales and Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction date. The bond shall be in the amount of \$150,000.00.
- C. Successful bidders using a Statewide Bid Bond must pay the total Initial Deposit payment (10 percent of the total bid price) **by 4:30 p.m., on the day of the auction.**
- D. A Statewide Bid Bond cannot be used to secure the Initial Deposit payment due the day of auction.
- E. Additional forms and instructions for a statewide bid bond are available at any DNR region office.

Payments

The initial deposit for a sale is 10% of the total bid value as submitted by the apparent high bidder (25% if the bidder is a defaulter as defined under WAC 332-140-300) and never less than \$5,000.00 for lump sum sales. For Lump Sum sales appraised at less than \$5,000.00, the entire bid value is due on day of auction.

- a. Apparent high bidders using cash, certified check, cashiers' check or money order as a bid deposit must pay the total Initial Deposit amount by 4:30 p.m. on auction day.
- b. Apparent high bidders using a Timber Sale Per Sale Bid Bond as a bid deposit must pay the difference between the bid deposit and the total initial deposit by 4:30 p.m., on the day of auction. The bid bond amount must be replaced with a certified check, cashiers' check, bank draft, cash, money order, or wire transfer within ten days of the auction.
- c. Apparent high bidders using a Timber Sale Statewide Bid Bond must pay the entire Initial Deposit amount by 4:30 p.m. on the day of auction.

Fees due on the day of sale must be paid by 4:30 p.m.

All payments must be in the form of a certified check, cashiers' check, bank draft, cash, money order or wire transfer.

Eligibility to Bid

In order to bid on State timber sales you must be:

- 18 years of age (or have a co-signer who meets the eligibility requirements)
- Licensed to do business in the State of Washington
- Eligible to bid on Export Restricted timber
- Authorized to submit bids

Authorized Representatives

Company officers or company authorized representatives may bid on State sales, sign State documents or sign checks. A list of authorized representatives and their specific authorities must be submitted in writing to the Department of Natural Resources, Product Sales and Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction. A company owner or officer must sign this submittal.

TIMBER NOTICE OF SALE

BIDDING

PROCEDURES:

A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the Pacific Cascade Region Office in Castle Rock, WA. Phone number (360) 577-2025.

TIMBER EXCISE

TAX:

Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Estimated Haul Cost + ARRF). For more information contact the Department of Revenue, Forest Tax Section at 1-800-548-8829.

Use the following rates for estimating taxable stumpage: Harvest Cost = \$95 per Mbf for sorts 2-6, \$125 per Mbf for Sorts 9, \$10.00 per ton for Sorts 1 and \$8.00 per ton for Sort 7-8).

Hauling Services Payment Rate per Ton

= (Base Rate + Mileage Rate) x (Contractor's hauling bid factor)

Base Rate = \$2.35 per ton

Mileage Rate = ((\$0.16 x C miles) + (\$0.11 x A miles)) x Fuel Index Factor

ARRF = \$22.25 per mbf.

CONFIRMATION:

Each sort is subject to confirmation following auction. Sorts will not be confirmed until at least 10 days after auction. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

SPECIAL REMARKS:

The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All tonnage loads will be weighed and all mbf loads will be scaled at State approved locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

**PAYMENT
SECURITY:**

To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

TIMBER NOTICE OF SALE

BIDDING

PROCEDURES:

A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the Pacific Cascade Region Office in Castle Rock, WA. Phone number (360) 577-2025.

TIMBER EXCISE

TAX:

Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Estimated Haul Cost + ARRF). For more information contact the Department of Revenue, Forest Tax Section at 1-800-548-8829.

Use the following rates for estimating taxable stumpage: Harvest Cost = [Insert estimated harvest cost \$/mbf or ton here] for sorts 1 - 9, and \$8.00 per ton for sorts 10 and 11).

Hauling Services Payment Rate per Ton
= (Base Rate + Mileage Rate) x (Contractor's hauling bid factor)

Base Rate = \$2.35 per ton

Mileage Rate = ((\$0.16 x C miles) + (\$0.11 x A miles)) x Fuel Index Factor

ARRF = \$22.25 per mbf for Sorts 1 – 11. There are no ARRF fees for Sorts 12 and 13.

CONFIRMATION:

Each sort is subject to confirmation following auction. Sorts will not be confirmed until at least 10 days after auction. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

SPECIAL REMARKS:

The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All tonnage loads will be weighed and all mbf loads will be scaled at State approved locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

Timing restrictions will be implemented in the southeast portion of Unit 2 (approximately 1 acre) due to wildlife restrictions, as shown on the Timber Sale Map and Logging Plan Map. Heavy equipment will be restricted from operating one hour before to two hours after official sunrise and one hour before to one hour after official sunset between April 1 and August 31. See WAC 222-30-050, WAC 222-30-060 and WAC 222-70-070.

CERTIFICATION: This sale is certified under the Sustainable Forestry Initiative Standard (cert no: BV-SFIS-US09000572).

BID METHOD: Sealed Bids **UNIT OF MEASURE:** MBF scale/Tonnage scale

EXPIRATION DATE: January 31, 2014 **ALLOCATION:** Export Restricted

PAYMENT SECURITY: To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

BIDDING PROCEDURES: A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the Northeast Region Office in Colville, WA. Phone number (509) 684-7474.

TIMBER EXCISE TAX: Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Estimated Haul Cost + ARRF). For more information contact the Department of Revenue, Forest Tax Section at 1-800-548-8829.

Use the following rates for estimating taxable stumpage: Harvest Cost = \$28.00/ton for sorts 1, 2, 3, 4, 5, 7, 9 and \$34.00/ton for sort 6, and \$13.00/ton for sort 8.

Hauling Services Payment Rate per Ton
= (Base Rate + Mileage Rate) x (Contractor's hauling bid factor)

Base Rate = \$2.35 per ton

Mileage Rate = ((\$0.16 x C miles) + (\$0.11 x A miles)) x Fuel Index Factor

ARRF = \$22.25 per mbf.

TIMBER NOTICE OF SALE

CONFIRMATION: Each sort is subject to confirmation following auction. Sorts will not be confirmed until at least 10 days after auction. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

SPECIAL REMARKS: The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All tonnage loads will be weighed and all mbf loads will be scaled at State approved locations. The State reserves the right to determine where logs are authorized to be scaled and weighed. Locked gate restricts access, contact the Northeast Region Office at (509) 684-7474 for access.

There is approximately 400 tons, or 215 cords, of dead Douglas fir, western larch and green paper birch firewood calculated for Sort #9 (Agreement No. 30-089542).

TIMBER NOTICE OF SALE

CERTIFICATION: This sale is certified under the Sustainable Forestry Initiative Standard (cert no: BV-SFIS-US09000572) .

BID METHOD: Sealed Bids **UNIT OF MEASURE:** MBF scale/Tonnage scale

EXPIRATION DATE: [October 28, 2013](#) **ALLOCATION:** Export Restricted

PAYMENT

SECURITY: To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

BIDDING

PROCEDURES: A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the [Northwest Region Office](#) in [Sedro-Woolley, WA](#). Phone number [360.856.3500](#).

TIMBER EXCISE

TAX: Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is [4.2%](#). For more information contact the Department of Revenue, Forest Tax Section at 1-800-548-8829.

Taxable Stumpage = Total Delivered Value – (Harvest Cost + Estimated Haul Cost + ARRF).

Use the following for estimating taxable stumpage:

Estimated Harvest Cost = $\$(\text{need info}).00/\text{mbf}^*$ for saw logs , $\$(\text{need info}).00/\text{mbf}^*$ for poles, \$8.00/ton for utility).

Estimated Hauling Services Payment Rate per Ton
= (Base Rate + Mileage Rate) x (Contractor's hauling bid factor)

Base Rate = \$2.35 per ton

Mileage Rate = $((\$0.16 \times C \text{ miles}) + (\$0.11 \times A \text{ miles})) \times \text{Fuel Index Factor}$

ARRF = \$22.25 per mbf; \$22.25(tpm) for tonnage

tpm= tons per mbf conversion factor (listed per sort in table above).

CONFIRMATION: Each sort is subject to confirmation following auction. Sorts will not be confirmed until at least 10 days after auction. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

SPECIAL REMARKS: The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All tonnage loads will be weighed and all mbf loads will be scaled at State approved locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

***Note: [Harvesting services bid opening is tentatively scheduled for 05/15/13, which will establish the Contractor's hauling bid factor. Fuel Index Factor is indexed quarterly by the State. Log deliveries are anticipated to be from August through September 30, 2013.](#)**
