# Public Auction Sale of Timber

Book 883

.....  
September 2009

WASHINGTON STATE DEPARTMENT OF  
**Natural Resources**

**Peter Goldmark** - Commissioner of Public Lands

Caring for  
your natural resources ...  
now and forever

# IMPORTANT NOTICES

## *Natural Resources (DNR)*

### **Governmental Regulatory Actions or Orders**

The purchaser assumes the risk of liabilities related to regulatory actions or orders by any government agency that may affect the operability of these timber sales. Such regulatory actions or orders include, but are not limited to, actions taken pursuant to the State Forest Practices Act, Chapter 76.09 RCW, and the Federal Endangered Species Act, 16 U.S.C. §§ 1531-1544. Please see timber sale contract clauses G-066 and G-220 for further information.

### **Threatened and Endangered Species**

DNR cannot verify the presence or absence of **any** threatened or endangered species that may affect the operability of the timber sale. Purchasers must rely on their own assessments.

### **Export Restricted**

All timber purchased under these state DNR contracts shall not be exported outside of the United States until the timber has been processed. Purchasers shall not violate any of the prohibitions in WAC 240-15-015 (relating to the prohibitions on export and substitution), WAC 240-15-025 (relating to reporting requirements), and WAC 240-15-030 (relating to enforcement). If purchasers knowingly violate WAC 240-15-015, purchasers shall be barred from bidding on or purchasing export restricted timber as provided.

### **Cover photos**

Timber Sales in this book are from state trust lands, managed to help build K-12 public schools, state universities, colleges, prisons, mental hospitals, the state Capitol; and to support local services in many counties.

**Top left:** State Forest Lands are managed to provide revenue to the counties in which they are located such as the Pacific County Courthouse in South Bend, Washington. Northwest Bridge Company of Portland, Oregon completed construction of the courthouse building in June of 1911. One unusual feature of the historic building is an "art glass dome" that crowns the structure. The courthouse is listed on the National Register of Historic Places.

Doug Sutherland - Commissioner of Public Lands

## **Certification Opportunities for DNR Timber Purchasers**

Certified forests are grown to an approved set of standards which demonstrate environmentally responsible, socially beneficial, and economically viable management practices that promote responsible stewardship and sustainable forestry. This unique commitment to sustainable forestry recognizes that forest landowners play a critical role in ensuring the long-term health and sustainability of our forests.

Forest Stewardship Council (FSC) is an independent, non-profit organization that promotes responsible management of the world's working forests through the development of forest management standards, a voluntary certification system, and trademarks that provide recognition and value to products bearing the FSC label in the marketplace. FSC standards ensure forestry is practiced in an environmentally responsible, socially beneficial, and economically viable way.

Sustainable Forestry Initiative® (SFI) is an independent non-profit organization internationally endorsed and accepted around the world. The SFI program is based on the premise that responsible environmental behavior and sound business decisions can co-exist. Its three-chamber Board of Directors governs all aspects of the SFI program, with equal representation from the environmental, economic and social sectors.

Currently, all Department of Natural Resources (DNR)-managed forested state trust lands in Washington State are certified under the Sustainable Forestry Initiative® (SFI) Standard. Lands within DNR's South Puget Habitat Conservation Plan Planning Unit, located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are dually certified under the Forest Stewardship Council Pacific Coast Regional Standard (FSC) and the SFI Standard.

Certification under each standard (FSC and SFI) involves an inspection audit of the landowner's forest management activities by an independent third-party accredited team to verify that it meets specified forest management principles. If the forest unit complies with the specific standard, the landowner receives a certificate of conformance characterizing their forests as "green." Both standards encourage integration of perpetual growing and harvesting of trees with strong measures to protect wildlife, plants, soil, water, and air quality. Both standards provide a seal of approval that forests certified under these principles are well-managed. The global marketplace recognizes and endorses multiple forest certification standards. Each standard has individual market niches. By being dually certified, DNR can maximize its customer base and provide choices to the consumer.

**Forest Stewardship Council**

DNR's FSC Certificate number is: BV-FM / COC-080501

**SUSTAINABLE FORESTRY INITIATIVE**

DNR's SFI Certificate number is: 164041

DNR-managed forested state trust lands within the South Puget Habitat Conservation Plan Planning Unit (map below), located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are certified as being in compliance with the Forest Stewardship Council Pacific Coast Regional Standard, which would make that planning unit dually certified under both the FSC and SFI Standards.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the FSC Program and use the Licensed Marks, visit [www.fscus.org](http://www.fscus.org).

To learn more about DNR timber sales certified under this standard, please visit [www.dnr.wa.gov](http://www.dnr.wa.gov).

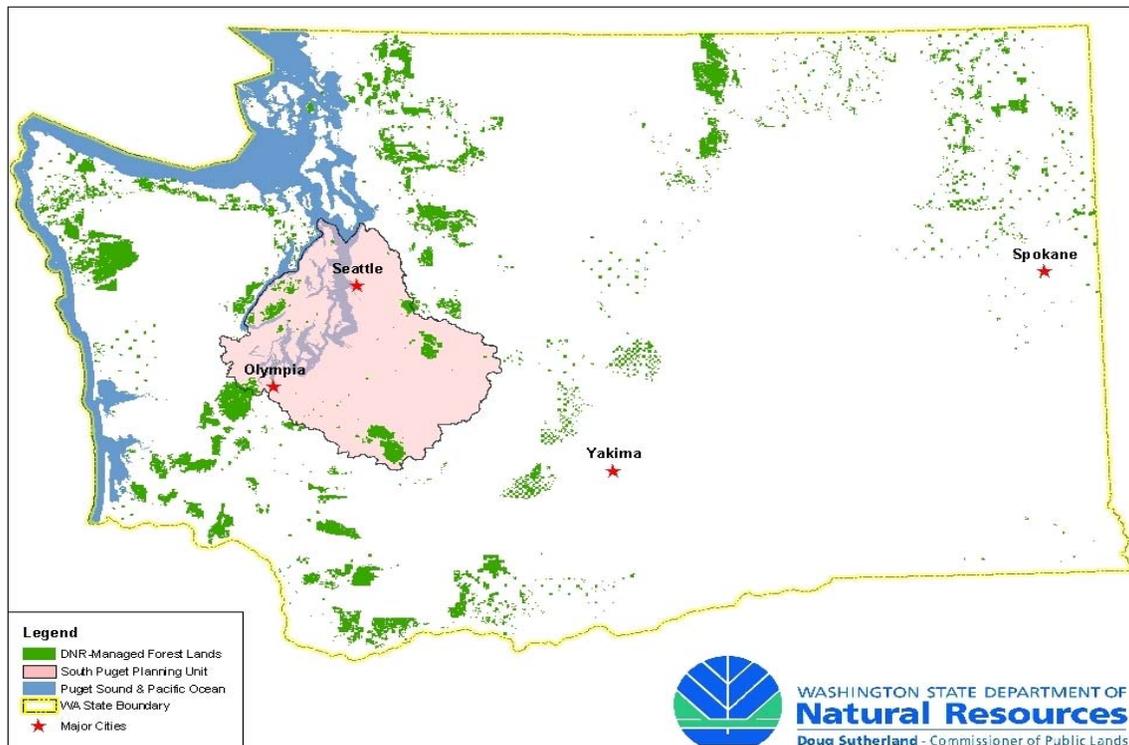

Forest Stewardship Council owns all right, title, and interest in and to the Forest Stewardship Council Program Marks.

All DNR-managed forested state trust lands across the state have been certified as being in compliance with the 2005-2009 Sustainable Forestry Initiative® Program.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the SFI Program and use the Licensed Marks, visit [www.sfiprogram.org](http://www.sfiprogram.org).

To learn more about DNR timber sales certified under this standard, please visit [www.dnr.wa.gov](http://www.dnr.wa.gov).

Sustainable Forestry Initiative, Inc. owns all right, title, and interest in and to the Sustainable Forestry Initiative® (SFI) Program group of service marks and collective membership marks.

To learn more about certification on DNR-managed forested state trust lands, visit <http://www.dnr.wa.gov/BusinessPermits/TimberSales> or contact the following:

## Washington State Department of Natural Resources (DNR)

### Bidder's/Purchaser's Inspection of Sale Area and Forest Products

Acreage estimates and volume estimates contained within each timber notice of sale and each timber sale contract are made only for administrative and identification purposes. Except as expressly provided by the timber sale contract, the purchaser shall be responsible for paying the entire purchase price, even if the actual acreage or timber volume varies from the estimated quantity or volume shown.

All prospective bidders have the opportunity and are expected to inspect the sale area and the forest products located thereon. Bidders shall not rely on any representations by the State including, but not limited to, acreage estimates, volume estimates, appraisal or pre-bid documentation. The successful bidder/purchaser will further warrant that they have entered the timber sale contract without any reliance upon the DNR's volume estimates, acreage estimates, appraisals, pre-bid documentation, or any other representation by the DNR.

*Any timber sale contract arising out of these public auctions will require the successful purchaser to warrant that they are entering the timber sale contract based solely upon their own judgment of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold.*

---

### Exclusion and Disclaimer of Warranties

The PARTIES AGREE that the IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, and ALL OTHER WARRANTIES EXPRESS OR IMPLIED, ARE EXCLUDED from this transaction, and shall not apply to the goods sold. For example, THE FOLLOWING SPECIFIC MATTERS ARE NOT WARRANTED, and are EXCLUDED from this transaction:

- a. *The merchantability of the forest products.* The use of the term “merchantable” in any document is not intended to vary the foregoing.
- b. *The condition of the forest products.* All forest products will be conveyed “AS IS.”
- c. *The acreage contained within any sale area.* Any acreage descriptions appearing in the timber notices of sale, timber sale contract, timber sale map or other documents are estimates only, provided solely for administrative and identification purposes.
- d. *The volume, quality, or grade of the forest products.* The descriptions of the forest products to be conveyed are estimates only, made solely for administrative and identification purposes.
- e. *The correctness of any soil or surface conditions, presale construction appraisals, investigations, and all other pre-bid documents prepared by or for the State.* These documents have been prepared for the State’s appraisal purposes only.
- f. *That the sale area is free from threatened or endangered species, or their habitat.* The State is not responsible for any interferences with forestry operations that result from the presence of any threatened or endangered species, or the presence of their habitat, within the sale area.

g. *That the forestry operations to be performed under this contract will be free from regulatory actions by governmental agencies.* The State is not responsible for actions to enforce regulatory laws, such as the Washington Forest Practices Act (Chapter 76.09 RCW), taken by the Department of Natural Resources or any other agency that may affect the operability of these timber sales.

h. Items contained in any other documents prepared for or by the State.

Please also see timber sale contract clause G-060 for further information.

## **BIDDING PROCEDURES FOR TIMBER AUCTIONS**

---

*The general requirements that follow are a part of all Timber Notices of Sale to be auctioned by the Department of Natural Resources (DNR).*

---

### **General Information**

*The State reserves the right to waive minor irregularities and the right to reject any or all bids.*

A. This book contains the timber notices of sale and maps for each timber sale scheduled to be auctioned. More specific information can be obtained by contacting the appropriate region office at the number listed on the back cover of this book.

B. The timber notice of sale is a summary of sale information. For more specific information, interested parties are encouraged to view the Appraisal Packets on the DNR Internet Site @ [www.dnr.wa.gov](http://www.dnr.wa.gov), this will take you directly to the Product Sales Section. The Appraisal Packets contain **DRAFT** copies of the timber notice of sale, map, contract, road plan, cruise data, precruise and cruise narrative, Forest Practices Application (FPA), Hydraulics Project Approval (HPA).

C. The sale preview packets may be obtained at no charge for individual sales by visiting the appropriate region office.

D. Timber sale contracts contain extensive terms and conditions that will be binding upon successful high bidders. Each bidder should carefully review all terms contained in the appropriate **DRAFT** timber sale contract prior to bidding on a sale, and should review the final contract prior to signing. **DRAFT** timber sale contracts are contained in the preview and presales packets and are available upon request at the respective region office.

E. Sales advertised in this book have not been approved by the Board of Natural Resources and are subject to the Board's approval before they will be sold. The Board meets and approves sales approximately six weeks prior to auction. All sales are subject to confirmation by the DNR under RCW 79.15.120.

F. The State does not guarantee the accuracy of any information contained herein pertaining to particular sales. Therefore, all prospective purchasers are expected to make their own independent inspections and appraisals prior to bidding.

G. If any conflict exists between the information in the Timber Notice of Sale, timber sale map, sale preview packets and that in the timber sale contract, the signed contract will prevail.

H. Timber sales are subject to the Washington State Forest Excise Tax (RCW Chapter 84.33).

I. Within 30 days of sale confirmation, the apparent high bidder will provide to the State the Performance Security specified on each Notice of Sale. The successful bidder also agrees to return a signed contract to the State within 30 days of confirmation. Failure to provide a signed contract to the state within 30 days of confirmation may result in a loss of bidder's rights to the products sold and forfeiture of initial deposit moneys.

J. Each DNR region office has information about sales offered in that region. For further information, contact the respective DNR region office. Region office addresses and telephone numbers appear on the back cover of this booklet.

K. The purchaser assumes the responsibility for any costs associated with extra maintenance or repair levied by a county for any county road used by the purchaser.

## BIDDING PROCEDURES FOR TIMBER AUCTIONS (Continued)

### **Bidding Process**

- A. All timber will be auctioned using the sealed bid method.
- B. Bids submitted on day of auction must be in the bid box at the specified auction location before 10:00 a.m. The respective DNR region office must receive mailed bids by 4:30 p.m., on the last business day before the auction. Bidders assume all risk for the method of delivery.
- C. The DNR has the right to reject bid forms that are completed incorrectly. *All bid forms must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. Revised documents are not permissible.* Bidding instructions are on the back of the Sealed Bid Form. A bid deposit must be included in the sealed bid envelope unless using a Timber Sale Statewide Bid Bond.
- D. All bids must include the completed Sealed Bid Form and bid deposit.
- E. Bids will be opened in each respective region in the order in which sales appear in the Public Auction Sale of Timber book (alphabetically by county and by agreement number).
- F. If a tie bid occurs, the names of the tie bidders will be placed in a hat and the successful bidder will be determined by a drawing.
- G. For sales offered on a stumpage basis, the apparent high bidder on a particular sale will have the option of withdrawing additional sealed bids submitted for any remaining sales to be auctioned. The apparent high bidder must exercise this option within two minutes after the apparent high bidder is announced. This option is not available for sales offered on a delivered basis.

---

### **Auction Time and Location**

Auctions will start at 10:00 a.m. and close at 4:00 p.m. on the date and at the location specified in each Timber Notice of Sale.

---

### **Bid Deposits**

- A. Required bid deposits are listed on each Timber Notice of Sale.
- B. Bid deposits must be in the form of cash, certified check, cashiers' check, money order or bid bond.
- C. Bid bonds may be either a Timber Sale Statewide Bid Bond or a Timber Sale Per Sale Bid Bond.
- D. All bid deposits shall be submitted by the person or entity submitting the bid and made payable to the Department of Natural Resources. **Third party deposits will not be accepted.**
-

## **Timber Sale Per Sale Bid Bonds**

- A. The Per Sale Bid Bond shall guarantee payment of the bid deposit **within ten days of auction.**
- B. The balance between the bid bond and the Initial Deposit payment is due by 4:30 p.m., **on the day of auction.**
- C. Additional forms and instructions for a Per sale Bid Bond are available at any DNR region office.

## **Timber Sale Statewide Bid Bond**

- A. Statewide Bid Bonds shall guarantee payment of the Initial Deposit on any statewide timber sale while the bond is in effect.
- B. The Statewide Bid Bond must be received by the Department of Natural Resources, Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction date. The bond shall be in the amount of \$150,000.00.
- C. The bidder must supply a list of persons authorized to bid using the bond. Bid bonds are subject to approval by the Department of Natural Resources.
- D. Successful bidders using a Statewide Bid Bond must pay the total Initial Deposit payment (10 percent of the total bid price) **by 4:30 p.m. on the day of auction.**
- E. A Statewide Bid Bond cannot be used to secure the Initial Deposit payment due the day of auction.
- F. Additional forms and instructions for a statewide bid bond are available at any DNR region office.

---

## **Payments**

The initial deposit for a sale is 10% of the total bid value as submitted by the apparent high bidder (25% if the bidder is a defaulter as defined under WAC 332-140-300) and never less than \$5,000.00 for lump sum sales. For Lump Sum sales appraised at less than \$5,000.00, the entire bid value is due on day of auction.

- a. Apparent high bidders using cash, certified check, cashiers' check or money order as a bid deposit must pay the total Initial Deposit amount by 4:30 p.m. on auction day.
- b. Apparent high bidders using a Timber Sale Per Sale Bid Bond as a bid deposit must pay the difference between the bid deposit and the total initial deposit by 4:30 p.m., on the day of auction. The bid bond amount must be replaced with a certified check, cashier's check, bank draft, cash, money order, or wire transfer within ten days of the auction.
- c. Apparent high bidders using a Timber Sale Statewide Bid Bond must pay the entire

Initial Deposit amount by 4:30 p.m. on the day of auction.

---

**Fees due on the day of sale must be paid by 4:30 p.m.**

All payments must be in the form of a certified check, cashier's check, bank draft, cash, money order or wire transfer.

---

**Eligibility to Bid**

In order to bid on State timber sales you must be:

- 18 years of age (or have a co-signer who meets the eligibility requirements),
- Licensed to do business in the State of Washington,
- Eligible to bid on Export Restricted timber, and
- Capable of meeting all contract obligations.

**Authorized Representatives**

Companies may only use authorized representatives or company officers to bid on State sales, sign State documents or sign checks. A list of authorized representatives and their specific authorities must be submitted in writing to the Department of Natural Resources Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction. A company owner or officer must sign this submittal.

**State of Washington

**Note: all sales are subject to confirmation by the Commissioner of Public Lands (Refer 79.15.120)**

## Instructions For Completing Sealed Bid Form

---

*All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks on bid form must be completed including the bid bond number if the bidder is relying upon a bid bond for bid deposit.*

*For more specific information, contact the appropriate region office.*

---

### In-Person Bids

- A. Sealed bids must be in auction box before 10:00 a.m. on the day of auction at the location specified in the Timber Notice of Sale.
  - B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be on the bid bond and timber sale contract. The bid form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope.
  - C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
  - D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.
- 

### Mailed Bids

- A. Bids that are mailed are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED". The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The Sealed Bid Form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope.
  - B. Bids that are mailed will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery. The DNR assumes no responsibility for any delays caused by any delivery service.
  - C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
  - D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.
- 

### Initial Deposit:

**Lump Sum Sales** - Initial Deposit must equal 10% of the total bid submitted.  
(25% if the bidder is a defaulter as defined under WAC 332-140-300)

**Weight Scale Sales** - Initial Deposit must equal 10% of the bid per ton multiplied by the total sale estimated tonnage. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

**Scribner MBF Scale Sales** - Initial Deposit must equal 10% of the bid per MBF multiplied by the total sale MBF. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

**State of Washington**  
**Department of Natural resources**  
**Peter Goldmark, Commissioner of Public Lands**

**STATEWIDE BID BOND**

Bond Number \_\_\_\_\_

\_\_\_\_\_ of \_\_\_\_\_,  
(Principal's Name) (City, State)

hereinafter called PRINCIPAL, and \_\_\_\_\_ hereinafter called  
SURETY,

a corporation organized under the laws of the State of \_\_\_\_\_, and authorized to transact surety business in the State of Washington, as SURETY, are held and firmly bound jointly and severally to the State of Washington, Department of Natural Resources, hereinafter called the STATE, in the sum of \$150,000.00 Dollars, lawful money of the United States of America. The PRINCIPAL binds itself, its heirs, executors, administrators, successors, and assigns, and the SURETY binds itself, its successors, and assigns, all jointly and severally.

This bond shall be governed by the laws of the State of Washington. In the event of a lawsuit involving this bond, a venue shall be proper only in Thurston County Superior Court.

Signed, sealed and dated this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_.  
(month) (year)

This statewide bid bond may be used for bidding between the following dates:

Starting:

Ending:

**It Is Hereby Understood and Agreed:**

If PRINCIPAL is an apparent high bidder, PRINCIPAL shall before 4:30 p.m., on day of sale, pay to the STATE the amount of the initial deposit in the form of a certified check, cashier's check, bank draft, cash or money order, then this agreement shall be void for the sale on which the payment is made; otherwise, it will remain in force.

SURETY will make payment to the STATE within ten days after demand by the STATE if the PRINCIPAL shall fail to make timely payment as described above.

The SURETY may cancel this bond by sending a written notice to the STATE, not less than forty-five days before a cancellation date; liability shall terminate as to acts or omissions of the PRINCIPAL that occur after the cancellation date.

The PRINCIPAL and the SURETY executed this bond on the date first mentioned.

## **Instructions for Completing Timber Sale PerSale (s) Bid Bond**

- A. This form is authorized for use as bid guaranty to qualify for bidding on Washington State Department of Natural Resources timber sales.
- B. The Timber Sale Per Sale Bid Bond may be used as bid guaranty on more than one timber sale auction held the same date at the same location.
- C. The full legal name and business address of the PRINCIPAL must be the same as will appear on the bidding record and timber sale contract. The bond must be signed by an authorized person, the name typed or printed, and title shown. If PRINCIPAL is a corporation, a second officer must sign in the space to the left of the signature of the officer executing for the PRINCIPAL.
- D. The full legal name and business address of the SURETY must be inserted where indicated. The bond must be signed by an authorized person. Additionally, the name must be typed or printed below the signature and the title must be shown. If this person is not an officer of the corporation, evidence of authority must be submitted.
- E. If the SURETY does not have a Washington State office or resident agent, but is authorized to transact surety business in the State of Washington as Surety, it may leave the local office signature block blank.
- F. The date of the bid bond must not be later than the auction date.
- G. **The State reserves the right to reject incomplete or *incorrect* bid bond forms, making such forms unacceptable as guaranty.**

\_\_\_\_\_  
(Street Address)

\_\_\_\_\_  
(City, State and Zip)

**Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion. Additional terms or conditions requested by the bidder on or attached to the Log Sort Sealed Bid or Supplemental Information Forms are informational only and non-binding.**

## **Instructions for Completing the Log Sort Sealed Bid and Supplemental Information Forms.**

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form(s) provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks including Agreement Number, Sort Number, Bid amount (per mbf or ton as appropriate for the sort), Bid deposit amount and type. Signatures and date on bid form must be completed including the bid bond number if bidder is relying upon a bid bond for bid deposit.

Bids may not be accepted if a completed '**Log Sort Sealed Bid Supplemental Information Form**' is not included with the approved '**Log Sort Sealed Bid Form**'.

**Required log lengths for tonnage sorts:** Preferred log lengths for tonnage sawlog sorts shall include the following plus any additional lengths identified on the Bid Supplemental Information form:

<b>Species Type</b>	<b>Preferred Lengths</b>
Conifer Sorts	16', 20', 24', 26', 32', 40'
Hardwood Sorts	18', 20', 26', 28', 30', 36', 38', 40'

For more specific information, contact the appropriate region office.

### **In-Person Bids**

- A. Sealed bids must be in auction box or auction envelope before 10:00 a.m. on the day of sale at the location specified in the notice of sale.
- B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same as the name on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope, please.
- C. Sealed bid envelopes must contain the following:
  1. A completed Log Sort Sealed Bid form;
  2. A completed Supplemental Information form; and
  3. A bid deposit

### **Mailed Bids**

- A. Mail-in bid envelopes are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED." The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope, please.
- B. Mail-in or otherwise delivered bids will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery they chose. The DNR assumes no responsibility for any delays caused by any delivery service.
- C. Sealed bid envelopes must contain the following:
  1. A completed '**Log Sort Sealed Bid Form**';
  2. A completed '**Log Sort Sealed Bid Supplemental Information Form**' and;
  3. A bid deposit

**TIMBER NOTICE OF SALE**

**SALE NAME:** OCEANSPRAY

**AGREEMENT NO:** 30-084262

**AUCTION:** September 24, 2009 starting at 10:00 a.m., **COUNTY:** Clark  
Pacific Cascade Region Office, Castle Rock, WA

**SALE LOCATION:** Sale located approximately 8 miles north of Camas, WA

**PRODUCTS SOLD  
AND SALE AREA:**

All timber, except leave trees tagged out with yellow leave tree area boundary tags, leave trees marked with blue paint, and all down timber greater than 36 inches in diameter, bounded by the following: timber sale boundary tags, reprod, and special management tags in Unit 1; timber sale boundary tags, reprod, special management tags and property line in Unit 2. Additionally, all orange painted trees in Unit 2 are included as products sold, except those trees within the RMZ thinning areas marked with double orange bands of paint or an 'S', which are not included as products sold on part(s) of Sections 25 and 26 all in Township 3 North, Range 3 East, Sections 31 all in Township 3 North, Range 4 East, W.M., containing 133 acres, more or less.

**CERTIFICATION:** This sale is certified under the Sustainable Forestry Initiative Standard (cert no: 164041)

**ESTIMATED SALE VOLUMES AND QUALITY:**

Species	Avg DBH	Ring Count	Total MBF	MBF by Grade								
				1P	2P	3P	SM	1S	2S	3S	4S	UT
Douglas fir	21.4	7	5,506				19		4,161	1,122	204	
Red alder	12.9		40							8	32	
Sale Total			5,546									

**MINIMUM BID:** \$752,000.00 **BID METHOD:** Sealed Bids

**PERFORMANCE SECURITY:** \$100,000.00 **SALE TYPE:** Lump Sum

**EXPIRATION DATE:** October 31, 2011 **ALLOCATION:** Export Restricted

**BID DEPOSIT:** \$75,200.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

**HARVEST METHOD:** Ground based equipment, which shall be restricted to dry soil conditions only. See clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Ground Based Yarding will not be permitted from October 1 to May 31 unless authorized in writing by the Contract Administrator.

**ROADS:** 53.68 stations of optional construction. 77.84 stations of required pre-haul maintenance. 39.68 stations of required medium road abandonment. Rock for construction or pre-haul maintenance under this contract may be obtained at no cost to the Purchaser from the L-1020 Rock Pit located in Section 31, Township 3 North, Range 04 West, W.M. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator.

## TIMBER NOTICE OF SALE

---

### ACREAGE DETERMINATION

**CRUISE METHOD:** The sale acres were determined by GPS in Units 1 & 2. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 100% ground-based.

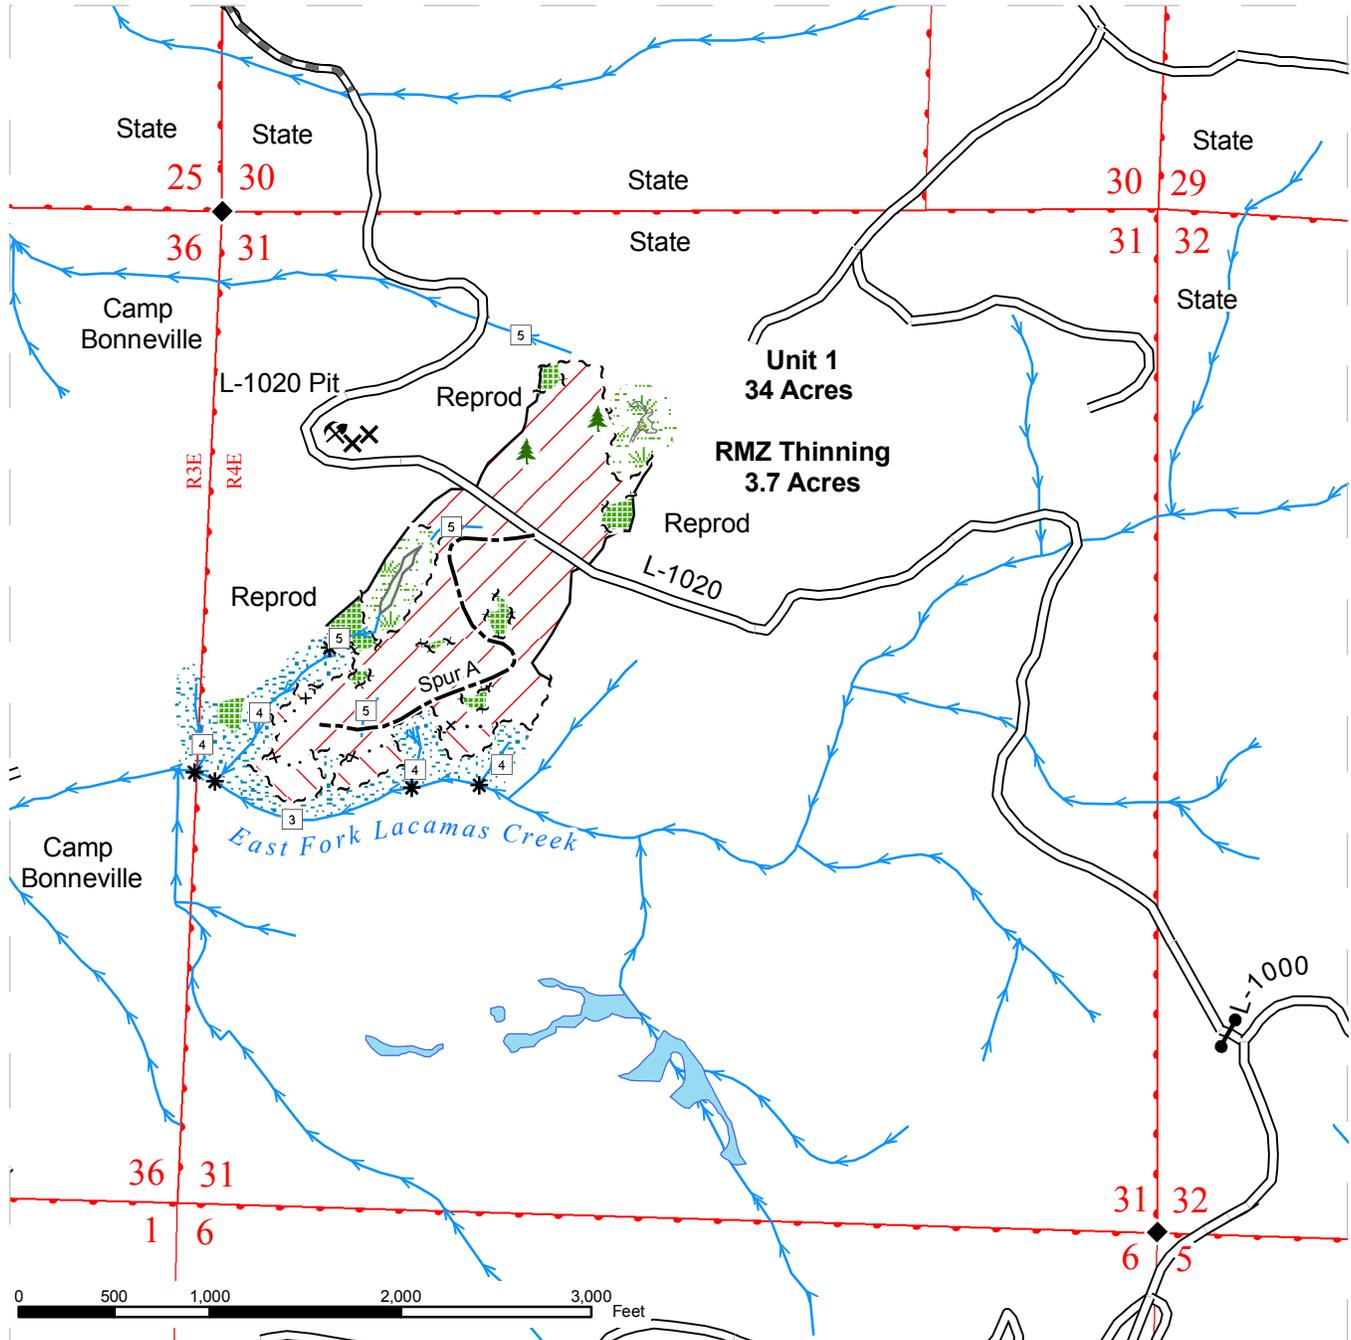

**FEES:** \$73,480.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

**SPECIAL REMARKS:** Thinning units are marked with similar prescriptions. Multiple thinning units were combined (see maps for individual unit delineation). The trees painted with a single orange ring along the north end, running east to west of Unit 2, mark the final cutting line bordering the property/section line. These painted trees will be harvested as part of Unit 2. There are 16 trees painted with a single orange ring approximately 0.25 miles west of Unit 1 and on the east side of the L-1020 Rock Pit; these trees will be included as part of this sale to allow future expansion of the rock pit. There is the potential for mini-peeler quality material on this sale.

**BID DEPOSIT:** \$77,100.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

**HARVEST METHOD:** Shovel, Track skidder, Cable, Highlead, Motorized Carriage and Shot gun. Ground-based harvesting equipment shall be restricted to slopes of 35% and less during dry soil conditions. Tracked Skidder for pole removal only. See clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Ground Based Yarding will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator.

**ROADS:** 49.32 stations of required construction. 25.19 stations of required reconstruction. 16.18 stations of optional construction. 336.37 stations of required pre-haul maintenance. 16.71 stations of required light road abandonment. Rock for construction or pre-haul maintenance under this contract may be obtained at no cost to the Purchaser from the Low Bank Quarry located in Section 15, Township 17 North, Range 04 West, W.M. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator.

## TIMBER NOTICE OF SALE

---

### ACREAGE DETERMINATION

**CRUISE METHOD:** Acreage was determined by GPS. Cruise was completed using variable plot cruise methods. Harvesting activities are estimated to be 15% cable harvesting and 85% ground-based harvesting.

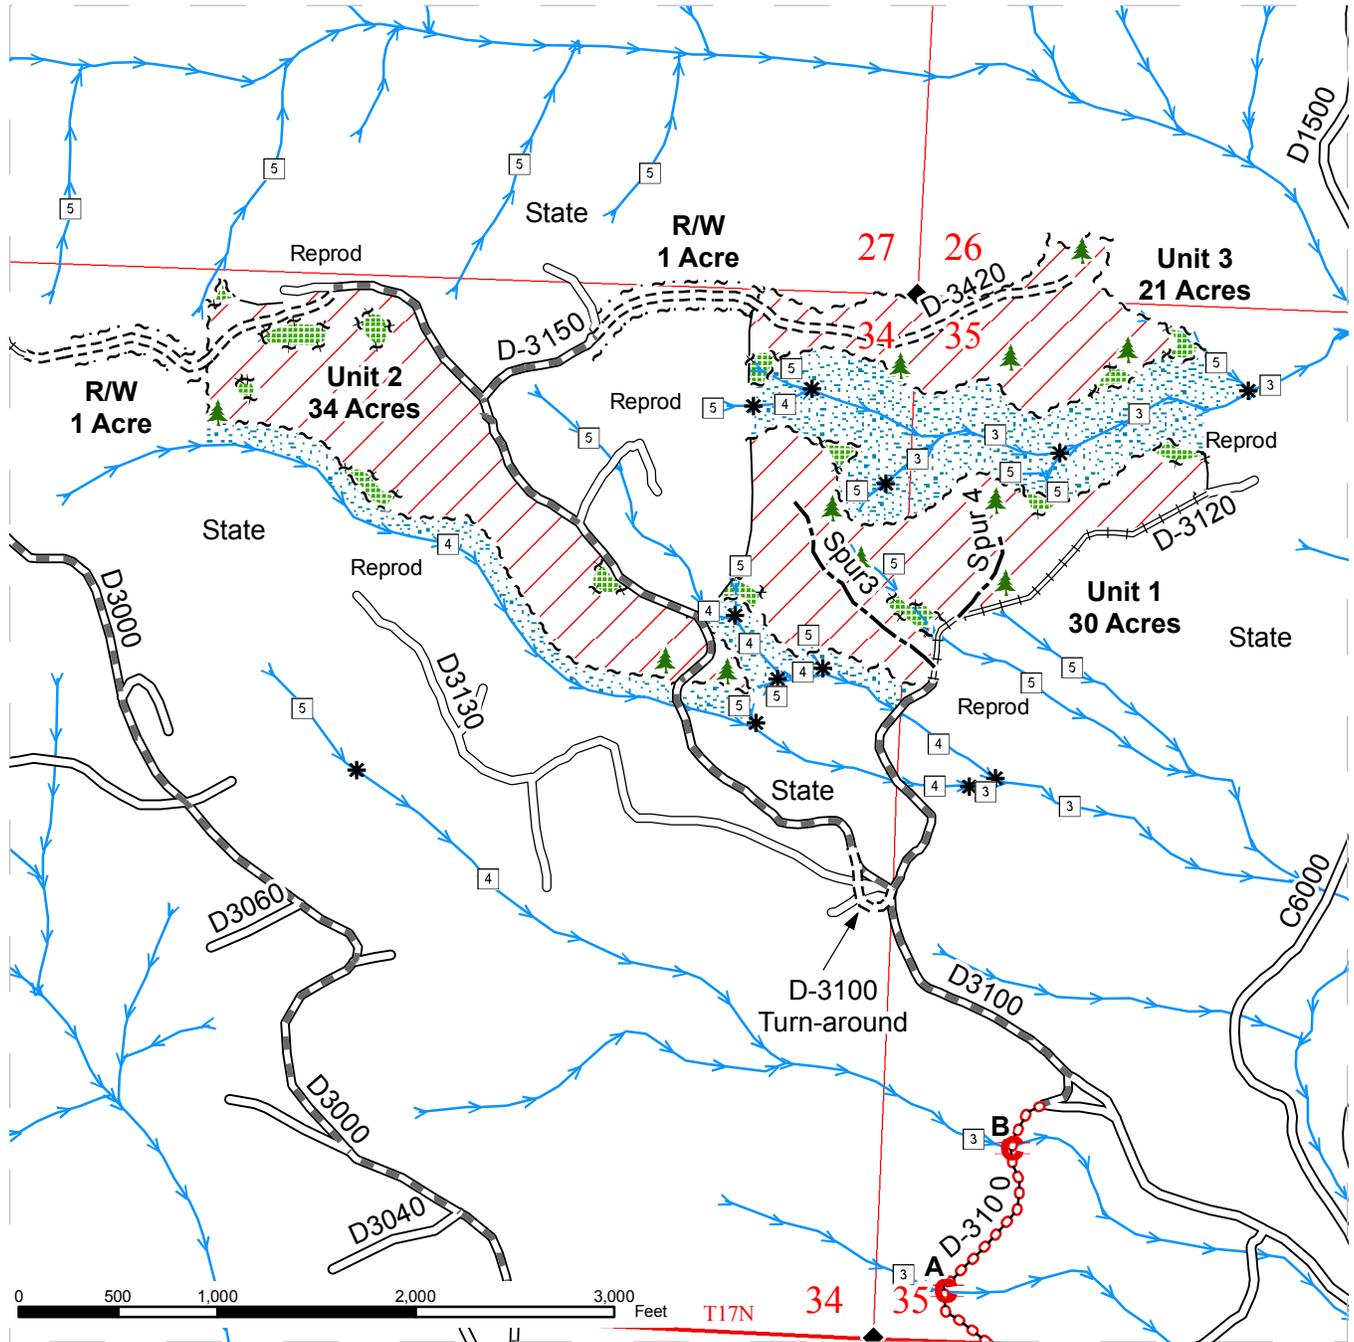

**FEES:** \$74,500.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

**SPECIAL REMARKS:** All units are accessible by existing roads. A PCP 1 key may be needed to unlock the gate at the D-1000/D-3000 junction and at the D-3000/D-2000 junction. See driving map for gate locations. Gate keys can be obtained from the Pacific Cascade Region office. Some of the units have been thinned or poled recently and may have significant amounts of brush in the understory. There is potential for pole and mini-peeler quality products in units.

**EXPIRATION DATE:** October 31, 2010 **ALLOCATION:** Export Restricted

**BID DEPOSIT:** \$54,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

## TIMBER NOTICE OF SALE

**HARVEST METHOD:** Ground based equipment on slopes 30 percent and less. Yarding may be restricted during wet weather if rutting becomes excessive in the opinion of the Contract Administrator. If Purchaser elects to shovel log, shovel logging shall be done in accordance with the attached Schedule A, which is part of this contract.

Falling, yarding and hauling will not be permitted from October 1 to April 30, nor at all on weekends or state recognized holidays unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate between October 1 and April 30, the Purchaser may be required to provide a "Closed Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator. Also, falling, yarding and timber haul will not be permitted weekdays from 7:00 pm to 7:00 am, nor at all on weekends or state recognized holidays, except for in Unit #3.

**ROADS:** 38.94 stations of optional construction. 27.97 stations of optional reconstruction. 43.14 stations of abandonment, if constructed or reconstructed. Cross section designs are available at the South Puget Sound Region office upon request. Purchaser maintenance on the GM-11, GM-11 Ext, AR-3, AR-5, AR-51, AR-52, AR-8, AR-81, AR-81 Ext and Spurs 1, 2, 3 and 4. Designated maintenance on all other roads used.

Road construction and rock haul will not be permitted from October 1 to April 30, unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate between October 1 and April 30, the Purchaser may be required to provide a "Closed Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator. Also, road construction and rock haul will not be permitted weekdays from 7:00 pm to 7:00 am, nor at all on weekends or state recognized holidays, except for in Unit #3.

### ACREAGE DETERMINATION

**CRUISE METHOD:** Unit acreage was determined by traversing boundaries with Garmin GPS. Right of way acreage was determined by taking length times width. Traverse GPS data files are available upon request by emailing [audrey.mainwaring@dnr.wa.gov](mailto:audrey.mainwaring@dnr.wa.gov) or calling Audrey Mainwaring at (360) 802-7001. DNR does not provide technical support or training in the use of GPS data files. Units #1, #2, #4, #5 and #7 were cruised using a variable plot sample with a BAF of 33.61 on a 429x198 foot grid. Units #3 and #6 were cruised using a variable plot sample with a BAF of 27.78 on a 429x198 foot grid. Right of way was cruised by using individual tree sampling.

**FEES:** \$47,594.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

**SPECIAL REMARKS:** Purchaser will be required to acquire and deliver ten eco-blocks (2'x2'x6', approximately 3,600 pounds) to the units and distributed to locations as determined by the Contract Administrator.

There is a designated skid trail within the wetland buffer in Unit #7. This crossing is to be mitigated after use by ripping to 18" in depth the entire length and width of the skid trail within the wetland management zone. No trees, including rub trees, will be removed from the designated skid trail in accordance with contract clause H-140.

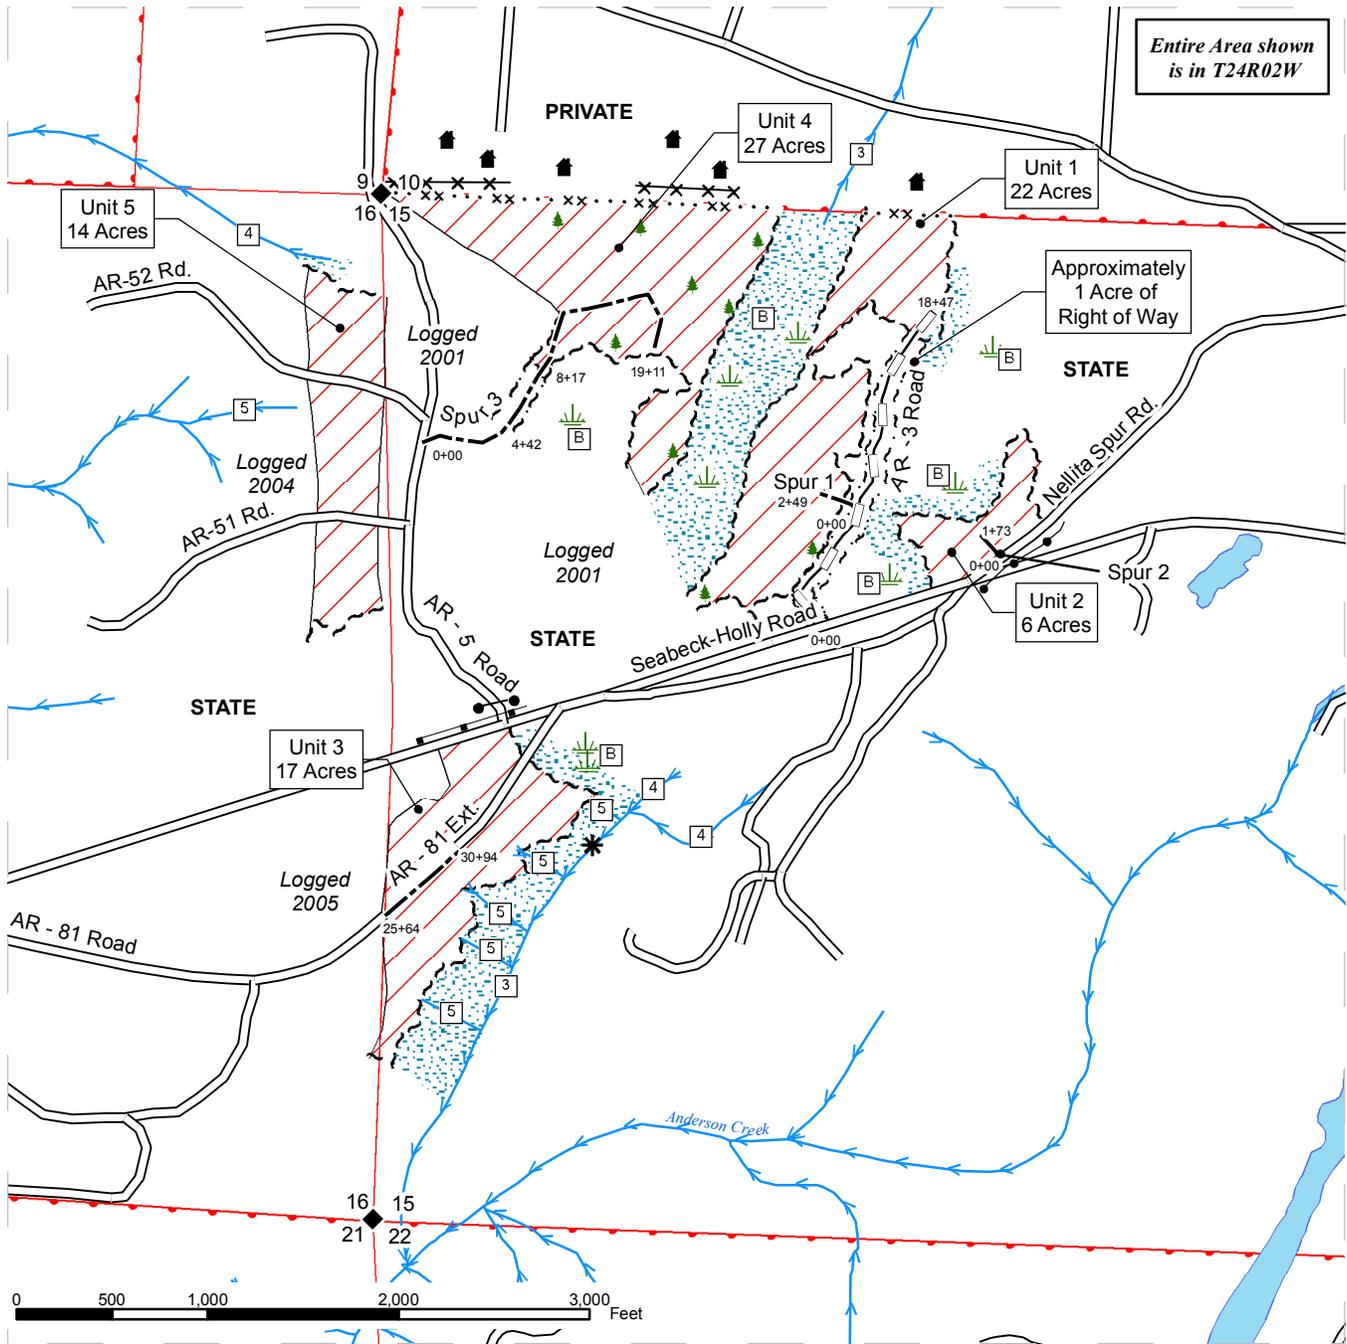

Purchaser assumes responsibility for any county road use permits and for all costs associated with permits and extra maintenance or repair levied by a county for any county road used by the Purchaser.

This sale has extreme hazard abatement requirements.

All species, except ponderosa pine, 7.0 - 17.5 inches dbh cruised to a 4.6 inch dib top. Ponderosa pine 8.0 - 17.5 inches dbh cruised to a 5.6 inch dib top. All species 17.6 inches dbh and greater cruised to 40% of dob at 16 feet.

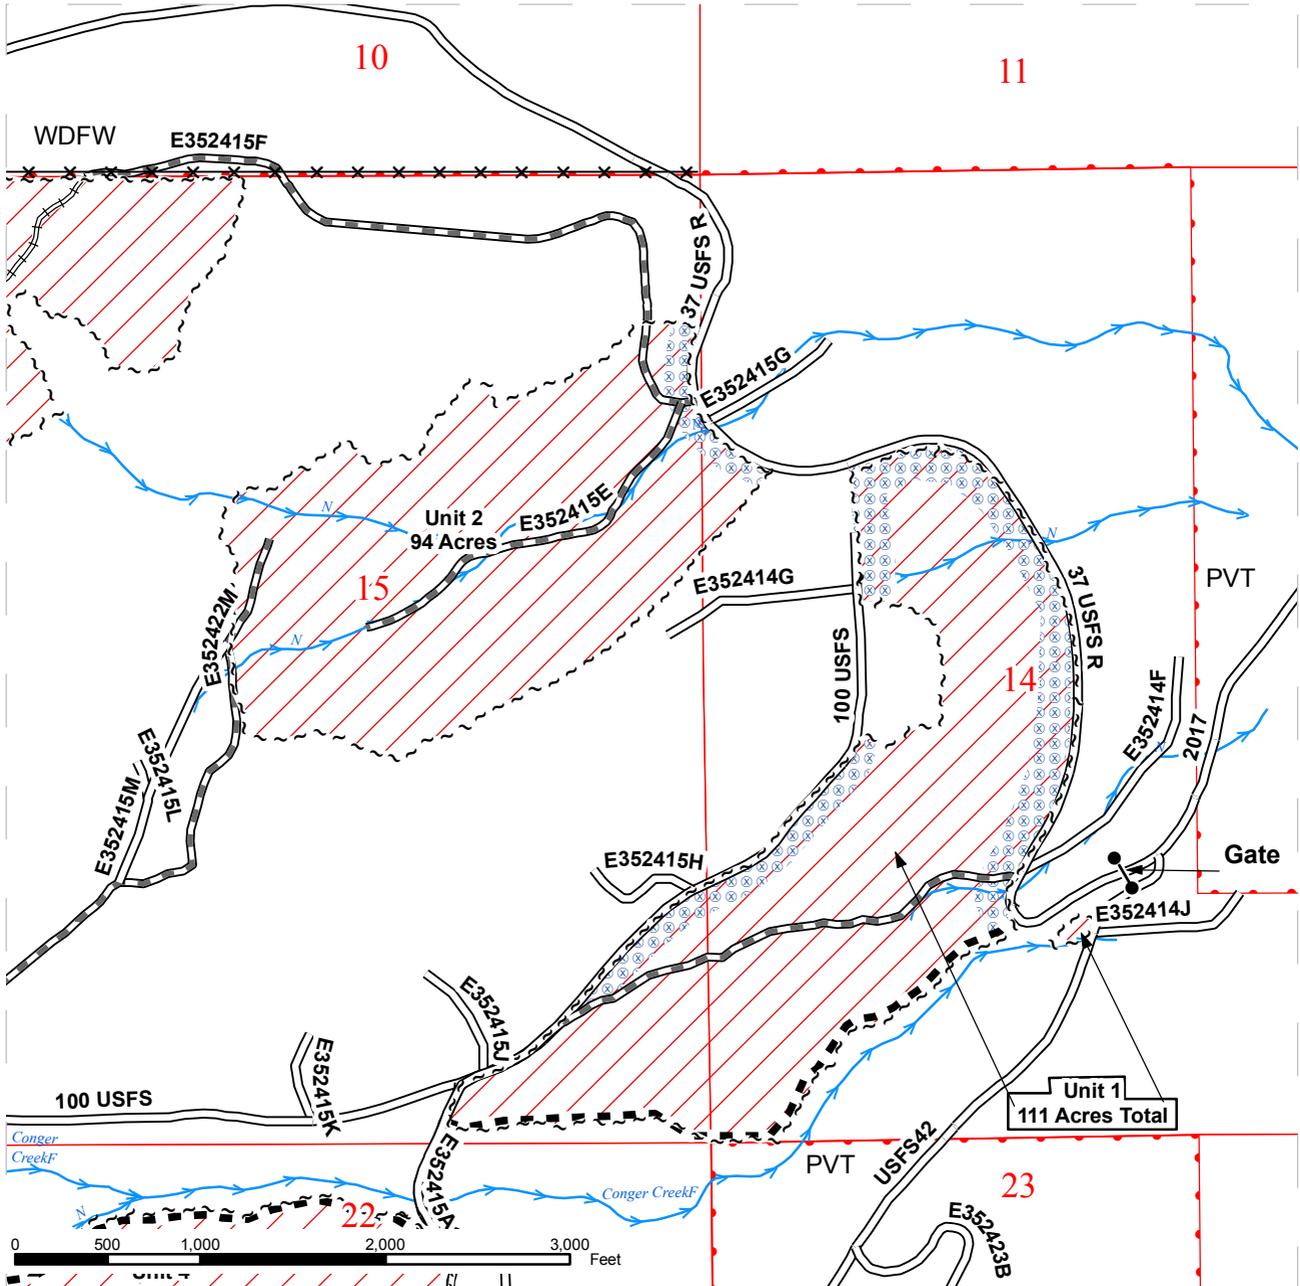

**FEES:** \$42,200.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

**SPECIAL REMARKS:** A locked gate blocks access to a portion of the sale area. Contact the Northeast Region Office for access. Purchaser's contractor shall thoroughly clean all skidding, falling, and harvesting equipment prior to entry onto State land to remove contaminated soils and noxious weed seed. Equipment shall be cleaned at a location approved by the Contract Administrator. Removal of Utility material is available with this timber sale. See Schedule A of the Contract for details. Other documents are available at <http://www.dnr.wa.gov/BusinessPermits/Topics/AppraisalPackets/Pages/Home.aspx>

**TIMBER NOTICE OF SALE**

**SALE NAME:** RCP WALVILLE

**AGREEMENT NO:** 30-084263

**AUCTION:** September 24, 2009 starting at 10:00 a.m., **COUNTY:** Pacific  
Pacific Cascade Region Office, Castle Rock, WA

**SALE LOCATION:** Sale located approximately 7 miles west of Pe Ell, WA

**PRODUCTS SOLD  
AND SALE AREA:**

All timber, except leave trees tagged out with yellow leave tree area boundary tags, leave trees marked with blue paint, snags, pre-existing stumps and pre-existing down wood existing 2 years prior to the day of sale, bounded by the following: timber sale boundary tags in Unit 1 and timber sale boundary tags and the RCP 2070 road in Unit 2 on part(s) of Sections 26, 35 and 36 all in Township 13 North, Range 6 West, W.M., containing 125 acres, more or less.

**CERTIFICATION:** This sale is certified under the Sustainable Forestry Initiative Standard (cert no: 164041)

**ESTIMATED SALE VOLUMES AND QUALITY:**

**MINIMUM BID:** \$1,065,000.00 **BID METHOD:** Sealed Bids

**PERFORMANCE SECURITY:** \$100,000.00 **SALE TYPE:** Lump Sum

**EXPIRATION DATE:** September 30, 2011 **ALLOCATION:** Export Restricted

**BID DEPOSIT:** \$106,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

**HARVEST METHOD:** Shovel, Track skidder and Cable. See Clause H-140 and Schedule L for further harvest specifications. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Ground Based Yarding will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

**ROADS:** 30.91 stations of required reconstruction. 81.21 stations of optional construction. 36.17 stations of required pre-haul maintenance. Rock for construction or pre-haul maintenance under this contract may be obtained at no cost to the Purchaser from the Walville Quarry located in Section 23, Township 13 North, Range 06 West. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator.

**ACREAGE DETERMINATION**

## TIMBER NOTICE OF SALE

---

**CRUISE METHOD:** The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 35% ground-based and 65% cable harvesting.

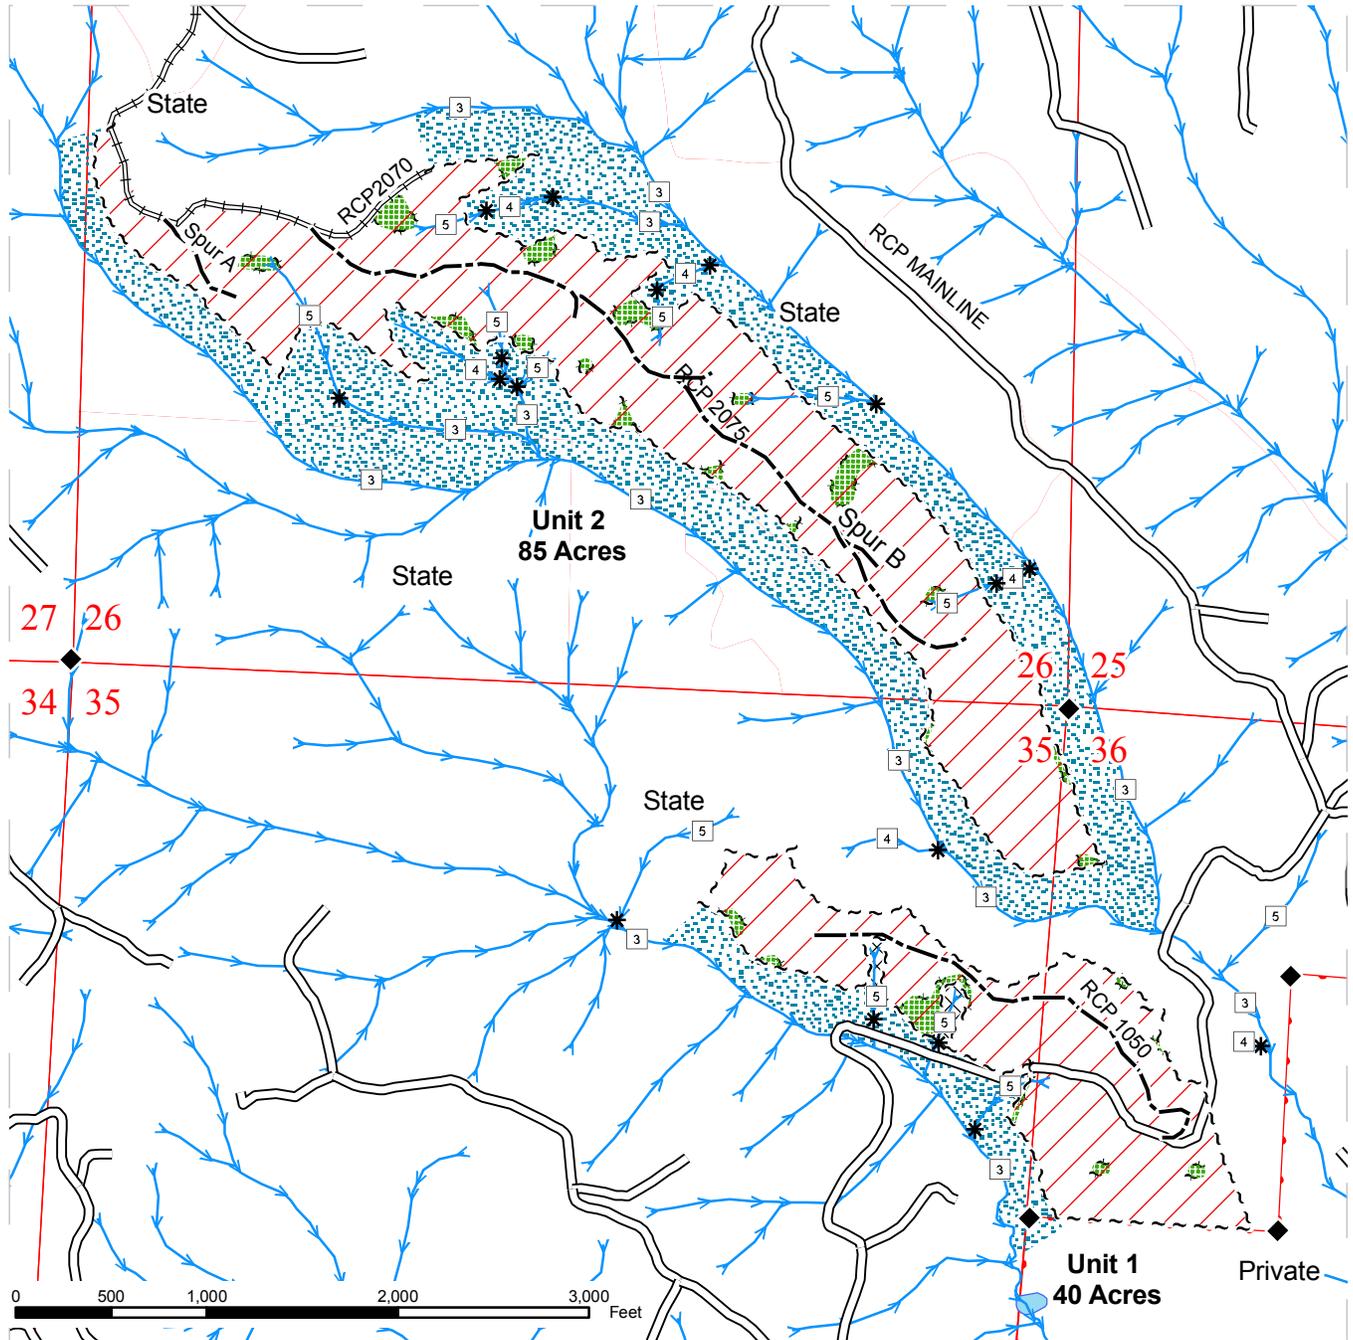

**FEES:** \$100,250.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

**SPECIAL REMARKS:** There are potential poles on this timber sale. Additionally, there is mini-peeler or Hi-Line quality wood on this sale.

**AUCTION:** September 23, 2009 starting at 10:00 a.m., **COUNTY:** Snohomish  
Northwest Region Office, Sedro Woolley, WA

**SALE LOCATION:** Sale located approximately 26 miles east of Arlington

**PRODUCTS SOLD  
AND SALE AREA:**

All forest products as described for removal in Schedule B bounded by white timber sale boundary tags, the BO-ML and BO-16 roads and adjacent harvest stands, except snags and dead and downed cedar in Unit #1.

All forest products as described for removal in Schedule B bounded by white timber sale boundary tags, the BO-ML, BO-10, BO-1008, USFS 18 and existing unnamed spur roads, adjacent harvest stands, and private property, except snags and dead and downed cedar, and blue painted trees in Unit #2.

All forest products as described for removal in Schedule B bounded by white timber sale boundary tags and the USFS 18 Road, except snags and dead and downed cedar in Unit #3.

All timber within designated right-of-way, except that title to the timber within the right-of-way is not conveyed to the Purchaser unless the road segment is actually constructed.

The above described products, on part(s) of Sections 1 all in Township 32 North, Range 8 East, Sections 3, 4, 6 and 9 all in Township 32 North, Range 9 East, W.M., containing 289 acres, more or less.

**CERTIFICATION:** This sale is certified under the Sustainable Forestry Initiative Standard (cert no: 164041)

**EXPIRATION DATE:** September 30, 2011 **ALLOCATION:** Export Restricted

**BIDDABLE SPECIES:** Douglas fir

**BID DEPOSIT:** \$41,100.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

**HARVEST METHOD:** Cable; cable or shovel or forwarder or tracked machine on slopes 30% or less.

## TIMBER NOTICE OF SALE

---

Falling and yarding will not be permitted during the bark slippage season, unless authorized in writing by the Contract Administrator. This season is estimated to run from April 1 to July 15, but will vary dependent on weather conditions. If permission is granted to operate during the bark slippage season, the Purchaser will be required to provide a plan outlining mitigation measures. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

**ROADS:**

2.70 stations of required construction. 35.29 stations of required reconstruction. 93.29 stations of optional construction. 70.60 stations of existing road to be abandoned. 93.29 stations of road to be abandoned if built.

Development of an existing gravel source (Barco Gravel Pit) at station 84+70 of the BO-ML Road will involve clearing, stripping, and processing rock to generate gravel ballast. This rock is available at no cost on State land.

Development of a proposed hardrock source (SG-40 Hardrock Source) at station 3+50 of the SG-40 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate 3-inch-minus ballast, riprap and shot rock. This rock is available at no cost on State land.

This project is estimated to need approximately 674 cubic yards of riprap and approximately 7,723 cubic yards of ballast rock.

Road construction, road reconstruction, road inactivation, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

**ACREAGE DETERMINATION**

**CRUISE METHOD:** Acres determined by GPS traverse. 289 acres net. Cruised using variable plot method. Sighting height is 4.5 feet.

**FEES:** \$55,000.75 is due on day of sale. \$1.32 per ton is due upon removal. These are in addition to the bid price.

**SPECIAL REMARKS:** 1. Utility price for P-024 clause is \$2.00 per ton.

**Schedule B**  
**Thinning Prescription Texas T**

Unit 1 (Compartment 1):

Cut all red alder

Cut western hemlock and Douglas-fir 7-16 inches dbh

There is a 3.1 acre hardwood patch at the west edge of the unit next to the type 3 stream. Within this patch, cut all red alder and bigleaf maple 7-20 inches dbh, but no conifers .

Unit 2 (Compartment 2):

Cut all red alder

Cut bigleaf maple 7-16 inches dbh

Cut western hemlock and Douglas-fir 7-16 inches dbh

Unit 2 (Compartment 3):

Cut all red alder

Cut bigleaf maple 7-14 inches dbh

Cut western hemlock and Douglas-fir 7-12 inches dbh

Unit 2 (Compartment 4):

Cut all red alder

Cut bigleaf maple 7-14 inches dbh

Cut Douglas-fir 7-9 inches dbh

Unit 2 (Compartment 5):

Cut all red alder

Cut bigleaf maple 7-18 inches dbh

Cut western hemlock 7-12 inches dbh

Cut Douglas-fir 7-14 inches dbh

Unit 2 (Compartment 6):

Cut all red alder

Cut bigleaf maple 7-18 inches dbh

Cut western hemlock and Douglas-fir 7-12 inches dbh

Unit 3 (Compartment 7):

Cut western hemlock 14-18 inches dbh and Douglas-fir 7-16 inches dbh

**SPECIAL THINNING CONDITIONS**

Where the prescription would leave an opening greater than 25-foot radius from any potential conifer take tree, the purchaser must leave a conifer take tree from the largest diameter, largest crown class, best form, and un-damaged. Species preference in order of importance: RC, DF, WH.

In areas where thinning is not necessary, i.e., prescription is met, do not put in yarding corridors or skid trails. These areas must be identified and agreed upon in advance with the Contract Administrator.

Upland snag recruitment:

In unit 3, one Douglas-fir tree per acre, 19 total trees are to be topped above 20 feet high on the bole (by hand or mechanical methods). Two Douglas-fir trees per acre, 38 total trees are to be girdled with a double girdle approximately at breast height for future recruitment. The girdles should be at least six inches apart and extend through the cambium of the tree.

The topped and girdled trees are to be from the 20-26 inch diameter classes. This is the component needed for the stand to attain Sub-mature NRF habitat characteristics.

**GROUND-BASED YARDING CORRIDOR REQUIREMENTS (IN ADDITION TO THOSE OUTLINED IN H-140):**

Ground-based yarding corridors will be limited to 14 feet including rub trees. Corridors will be located to provide for parallel yarding corridors to the extent possible, and will be located at least 70 feet apart as measured from the center of the corridors. Where possible corridors should be located in a manner to minimize the damage to, or removal of, leave trees. No yarding will take place on slopes greater than 30%. The corridors are to be marked by the purchaser and approved by the Contract Administrator prior to harvest.

Unit 3

Ground-based yarding corridors will be limited to 14 feet wide, including rub trees. Corridors shall be laid out to avoid (minimize) removing trees from 18–26 inches DBH. Absolutely no trees greater than 26 inches DBH are to be removed in the corridors. This is to encourage meandering corridors and will be located at least 70 feet apart as measured from the center of the corridors. Where possible corridors should be located in a manner to minimize the damage to, or removal of, leave trees. No ground-based yarding will take place on slopes greater than 30%. The corridors are to be marked by the purchaser and approved by the Contract Administrator prior to harvest.

Cable corridors:

Landings will be located to provide for parallel yarding corridors whenever possible. Corridors will be limited to 12 feet wide, including rub trees. Corridors will be at least 100 feet apart when parallel as measured from the center of the corridors. When radial yarding corridors are required from a central landing, the distance between yarding corridors must be no closer than 100 feet where the corridor leaves the unit as measured from the center of the corridors. Where possible corridors should be located in a manner to minimize the damage to, or removal of, leave trees. When corridors are field located, only leave trees within 3 – 5 feet of the center of the corridor should be removed prior to yarding. Following completion of yarding of each corridor, rub trees within 6 feet of the center of the corridor may be felled and yarded to the landing. It is not required to remove all leave trees from the 12-foot corridor.

Certification of Fallers and Yarder Operators (additional requirements beyond those outlined in H-011)

The Contract Administrator and faller/harvester operator will jointly review the take tree selection criteria as outlined in Schedule B of the sale contract. In conjunction with the Contract Administrator, the faller/harvest operator will mark a designated area as a test plot within the sale area boundary. Satisfactory thinning of the test plot completes the certification process. Certifications will be issued to individuals when they demonstrate to the Contract Administrator their ability to perform within the requirements set forth in the contract. Certification may be revoked when the Contract Administrator determines that non-compliance of leave tree selection criteria, or excessive damage to leave trees or ground-based yarding corridors is occurring.

Excessive damage for leave trees is defined in clause H-012.

Excessive ground-based yarding corridor damage is defined in clause H-140.

#### DAMAGE COMPARTMENTS

Determination of damage will be calculated by comparing the percentage of damaged trees to the total number of standing trees. Compartment divisions for assessment of damage are designated on the attached Damage Compartment Map.

#### RIPARIAN STRATEGY IMPLEMENTATION:

Down wood and snag recruitment:

For each riparian thinned acre, 5 trees will be treated. A "Texas T Compartment" map is available that designates the number of trees per riparian zone to be treated.

Three trees per acre (132 total trees) are to be directionally felled toward the nearest stream and left on the ground for down woody debris. The trees to be felled shall be chosen from within 25-50 feet from the stream. These trees shall be felled toward the stream where feasible. The Purchaser must obtain written approval from the Contract Administrator prior to felling trees in the riparian area. This approval shall specify what method will be used to ensure that these trees are not removed with prescription trees to be harvested. It may be necessary for a faller to hand fell these trees after all other prescription trees have been removed.

Two trees per acre (88 total trees) will be girdled, in a manner approved by the Contract Administrator, for future recruitment. These are trees from the largest diameter class of thinned trees.

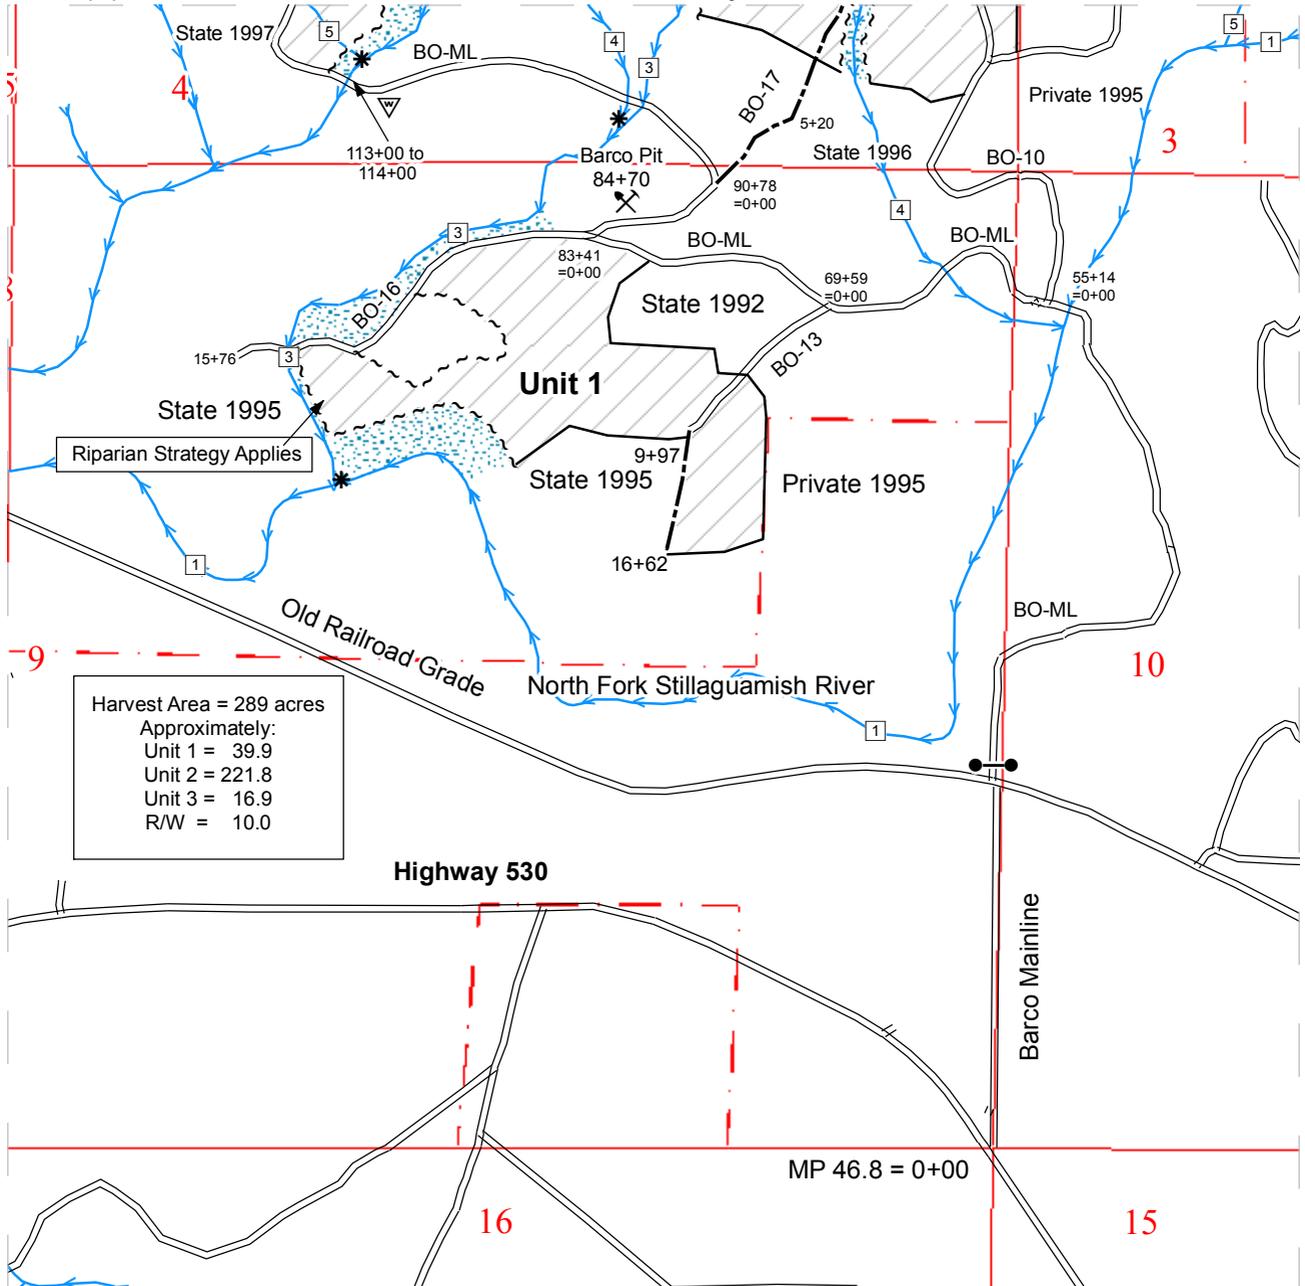

#### RMZ Corridors

No trees within the riparian core zone (25 feet per stream side) may be removed. Trees may be cut within the inner zones for corridors, but must be left on site. Full suspension is required on any typed stream crossing. Any rub trees in the corridors are to be left standing and not felled. Corridor felled trees may count towards required 5 trees per acre (above) if approved in advance by Contract Administrator.

WASHINGTON STATE DEPARTMENT OF  
**Natural Resources**

## TIMBER NOTICE OF SALE

---

State approved scaling locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

For more information regarding this log sort sale visit our web site:

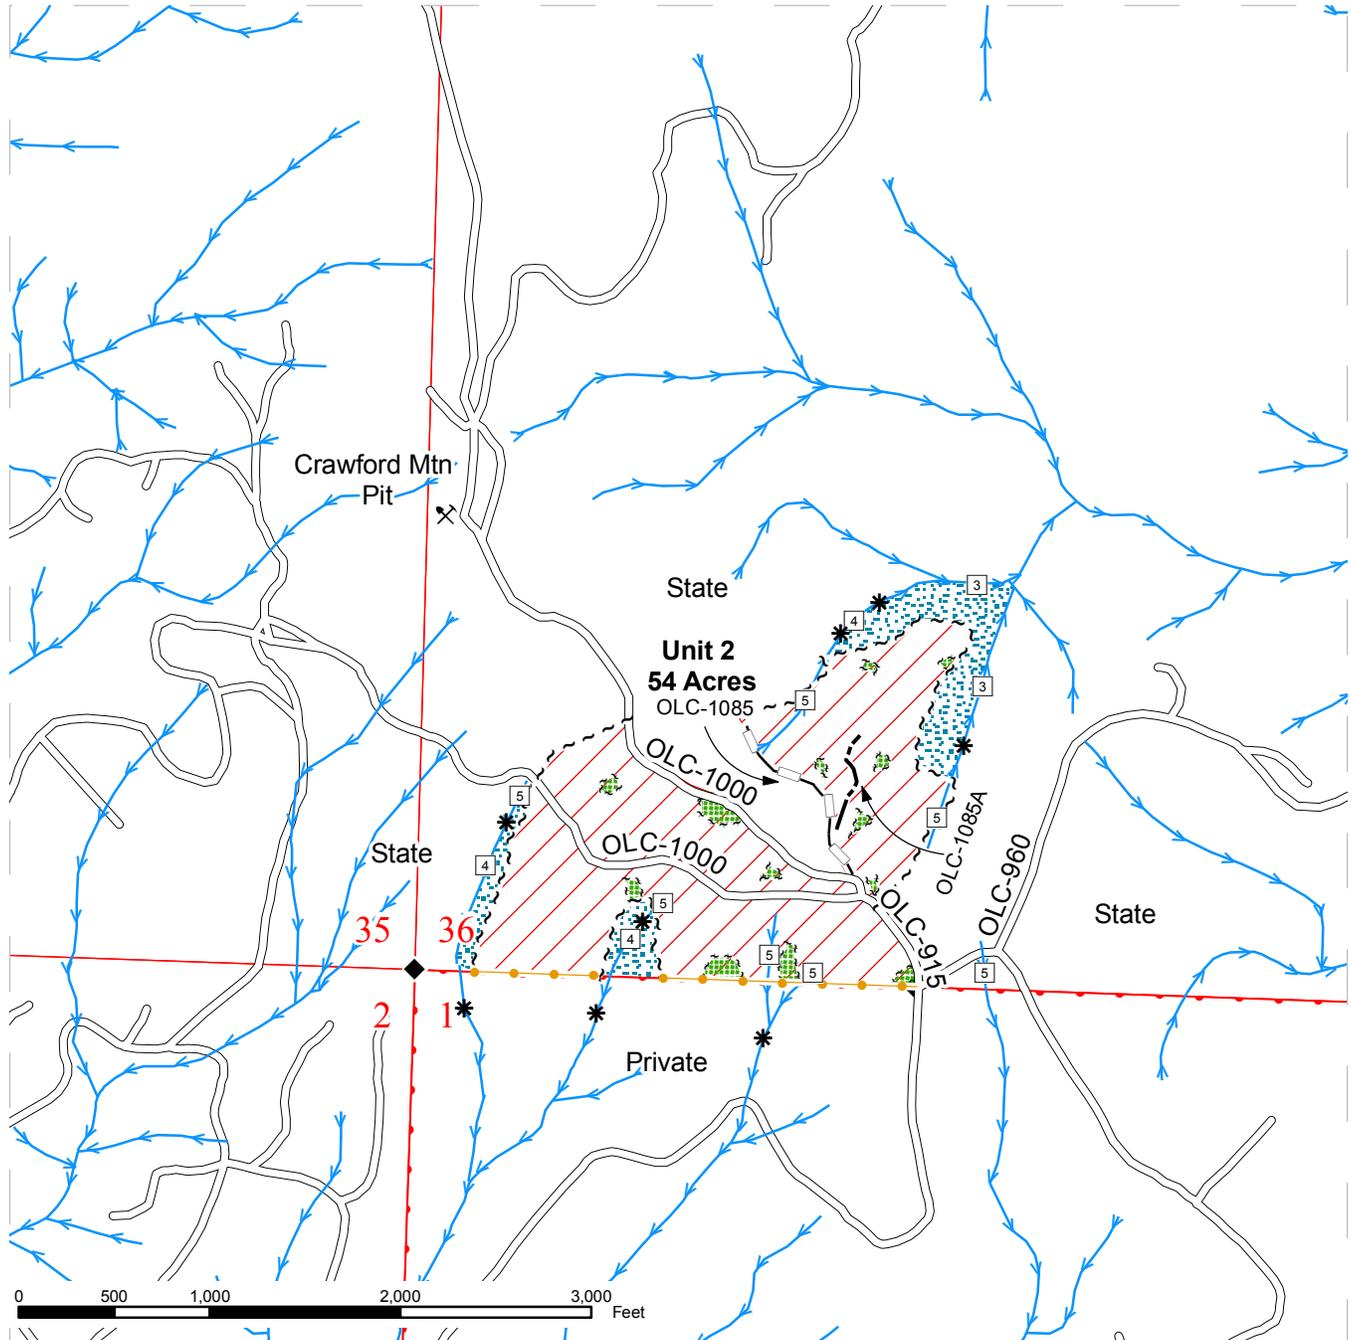

<http://www.dnr.wa.gov/htdocs/fr/sales/>. If you have questions call Bob Johnson at the Pacific Cascade Region office at 360-577-2025 or Steve Teitzel at the Product Sales and Leasing Division Office in Olympia at 360-902-1741.

**CONFIRMATION:** Each sort is subject to confirmation following auction. No sorts will be confirmed until at least 10 days after all sorts are successfully auctioned. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

**UNIT 3:** Turn Right onto the OLC-1201 to access unit 3, go 0.4 miles and unit 3 will be on your right.

**TIMBER NOTICE OF SALE**

**SALE NAME: DOG GONE**

**AGREEMENT NO: 30-078975**

**AUCTION:** September 22, 2009 starting at 10:00 a.m., **COUNTY:** Lewis  
South Puget Sound Region Office, Enumclaw, WA

**SALE LOCATION:** Sale located approximately 8 miles southwest of Ashford.

**PRODUCTS SOLD AND SALE AREA:** All timber bounded by white timber sale boundary tags, except those trees marked with blue paint, on part(s) of Sections 5 all in Township 14 North, Range 6 East, W.M., containing 40 acres, more or less.

**CERTIFICATION:** This sale is certified under the Sustainable Forestry Initiative Standard (cert no: 164041) and the Forest Stewardship Council Standard (cert no: BV-FM/COC-080501)

**ESTIMATED SALE VOLUMES AND QUALITY:**

Species	Avg DBH	Ring Count	Total MBF	MBF by Grade								
				1P	2P	3P	SM	1S	2S	3S	4S	UT
Douglas fir	16.2	6	793				11		382	324	76	
Hemlock	12.7	6	785						152	477	156	
Red alder	11.3		29							5	24	
Red cedar	14.4		12							10	2	
Sale Total			1,619									

**MINIMUM BID:** \$144,000.00 **BID METHOD:** Sealed Bids

**PERFORMANCE SECURITY:** \$75,000.00 **SALE TYPE:** Lump Sum

**EXPIRATION DATE:** October 31, 2010 **ALLOCATION:** Export Restricted

**BID DEPOSIT:** \$14,400.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

**HARVEST METHOD:** Ground based equipment on slopes 40 percent and less and cable equipment on slopes greater than 40 percent. Ground based yarding may be restricted during wet weather conditions if excessive rutting occurs in the opinion of the Contract Administrator. If Purchaser elects to shovel log, shovel logging shall be in accordance with the Shovel Logging Specifications as identified in Schedule A, which is part of this contract.

Timber haul will not be permitted from November 1 to May 31, nor at all on weekends or state recognized holidays unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate between November 1 and May 31, the Purchaser may be required to provide a "Closed Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator. Also, timber haul will not be permitted on weekends or state recognized holidays.

**ROADS:** 2.09 stations of required reconstruction. 46.83 stations of optional construction. 170.00 stations of pre-haul maintenance. 27.54 stations of abandonment, if constructed. Cross section designs are available at the South Puget Sound Region office upon request. Purchaser maintenance on the 24 Road from station 115+43 to 172+09, 241 and 246

## TIMBER NOTICE OF SALE

---

Roads and Spur 1 tie in, Spur 1 and RR Spur. Designated maintenance on all other roads used.

Road construction and rock haul will not be permitted from November 1 to May 31, nor at all on weekends or state recognized holidays unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate between November 1 and May 31, the Purchaser may be required to provide a "Closed Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator. Also, road construction and rock haul will not be permitted on weekends or state recognized holidays.

### ACREAGE DETERMINATION

**CRUISE METHOD:** Acreage was determined by traversing boundaries by GPS. Traverse GPS data files are available upon request by emailing [audrey.mainwaring@dnr.wa.gov](mailto:audrey.mainwaring@dnr.wa.gov) or calling Audrey Mainwaring at (360) 802-7001. DNR does not provide technical support or training in the use of GPS data files. The unit was cruised using a variable plot sampling with a BAF of 40.00/Full with a sighting height of 4.5 feet on a 330x165 foot grid.

**FEES:** \$21,452.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

**SPECIAL REMARKS:** Purchaser shall pull vine maple and leave roots exposed and detached from the soil in the ground based harvest area.

Timing restrictions will be placed on the unit due to the existence of Marbled Murrelet habitat near the sale boundaries. The restrictions will apply to all harvesting, road construction and hauling activities and will be in place from April 1 through August 31, lasting from 1 hour before sunrise to 2 hours after sunrise and from 1 hour before sunset to 1 hour after sunset, except for pre-haul maintenance on the 24 Road, as per WAC 222-30 Timber Harvesting.

Purchaser must enter into a Road Use Permit with the United States Forest Service for hauling on the 85 Road prior to the pre-work meeting. The Purchaser must provide the DNR a copy of the executed permit. The fee for the Road Use Permit is approximately \$5,176.75 based on an estimated timber haul volume of 1,619 MBF with payment required prior to timber haul. Contact George Schaefer (United States Forest Service) at (360) 497-1156 for additional Road Use Permit information.

Access could be limited due to snow accumulation in the higher elevations.

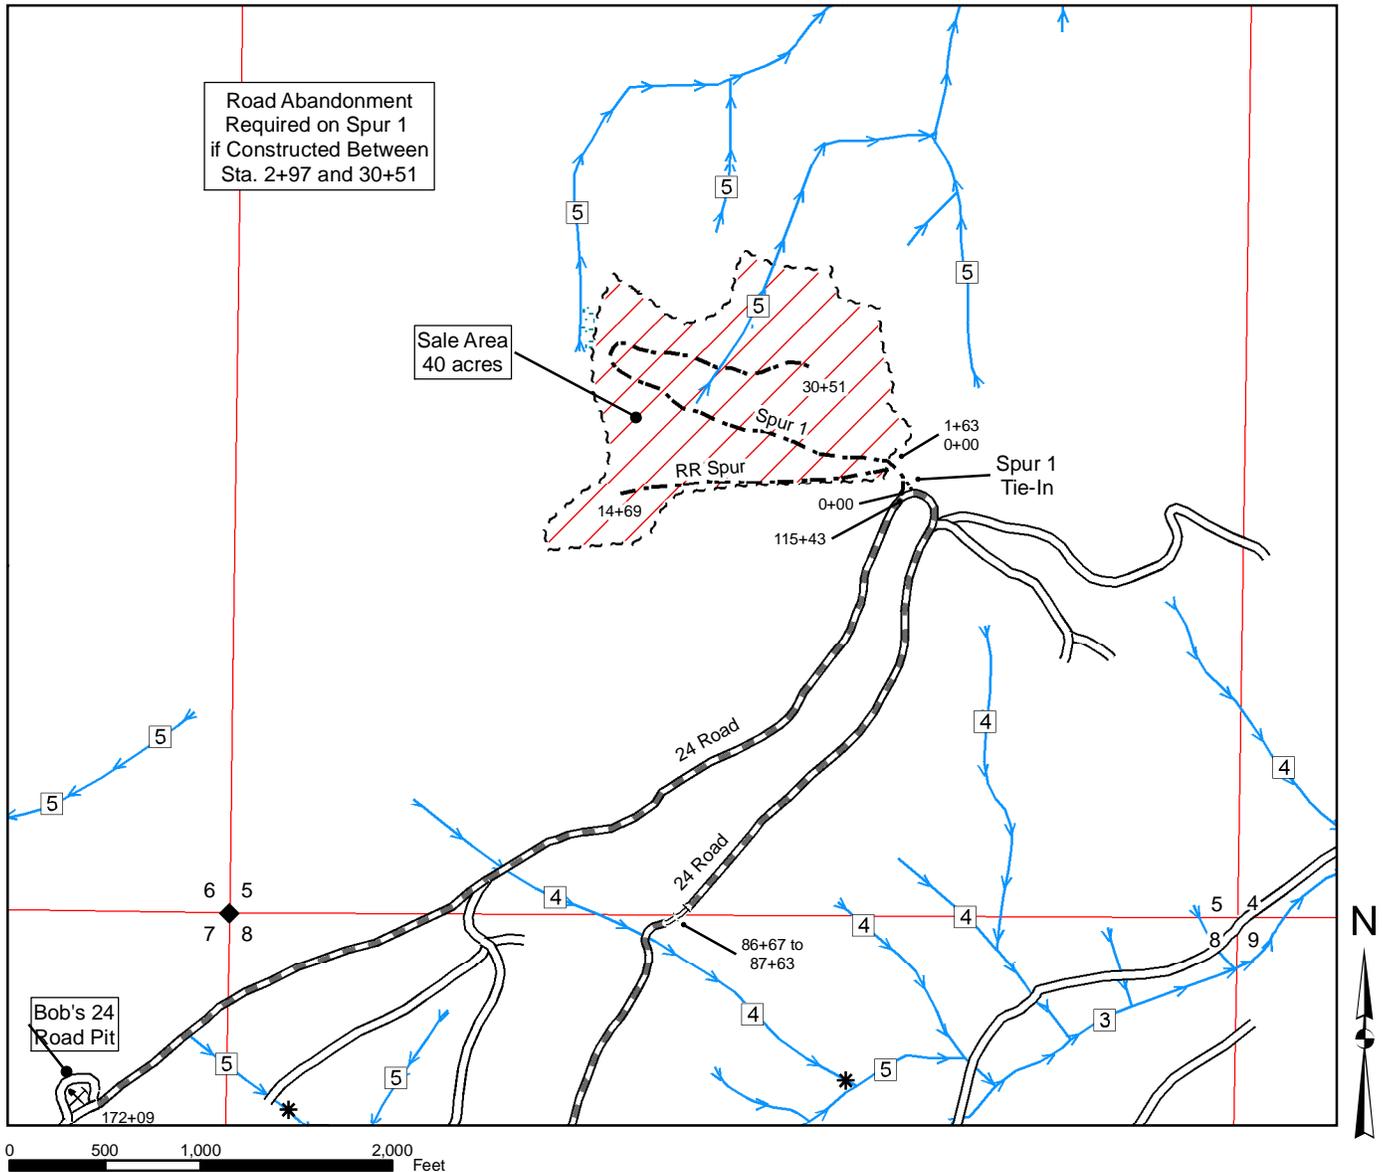

Current Forest Practice conditions restrict hauling on the 2 Road north of the 24 Road intersection. This restriction will be lifted following repair on the 2 Road occurring this summer.

**MINIMUM BID:** \$6,000.00 **BID METHOD:** Sealed Bids

**PERFORMANCE  
SECURITY:** \$1,200.00 **SALE TYPE:** Lump Sum

**EXPIRATION DATE:** October 31, 2010 **ALLOCATION:** Export Restricted

**BID DEPOSIT:** \$600.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

**HARVEST METHOD:** Unit shall be logged with shovel harvesting equipment, and shall be restricted to dry soil conditions. See clause H-140 and Schedule L for further harvest restrictions. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Shovel Yarding will not be permitted from September 1 to May 1 unless authorized in writing by the Contract Administrator.

**ROADS:** 31.68 stations of required pre-haul maintenance. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. The hauling of forest products will not be permitted from September 1 to May 1 unless authorized in writing by the Contract Administrator.

**ACREAGE DETERMINATION**

**CRUISE METHOD:** The sale acres were determined by GPS. The sale area was cruised using a fixed plot cruise method. Harvesting activities are estimated to be 100% ground-based.

**FEES:** \$710.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

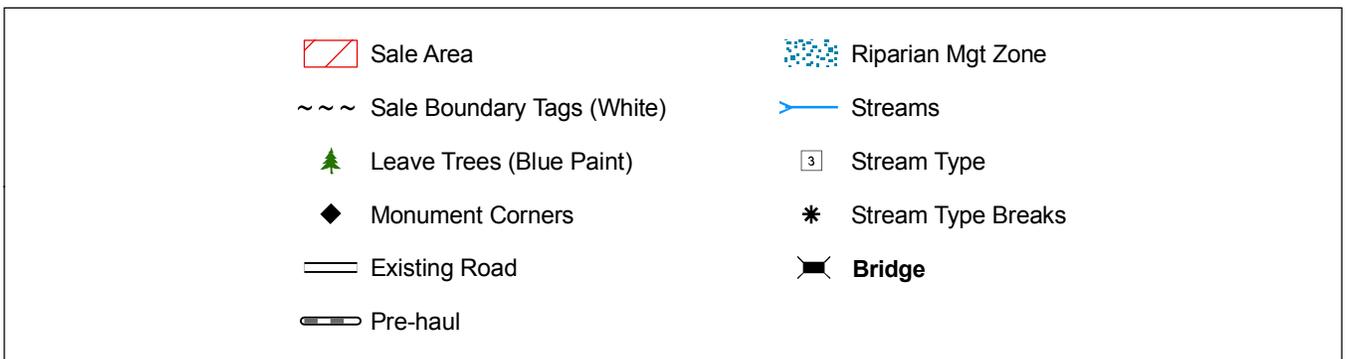

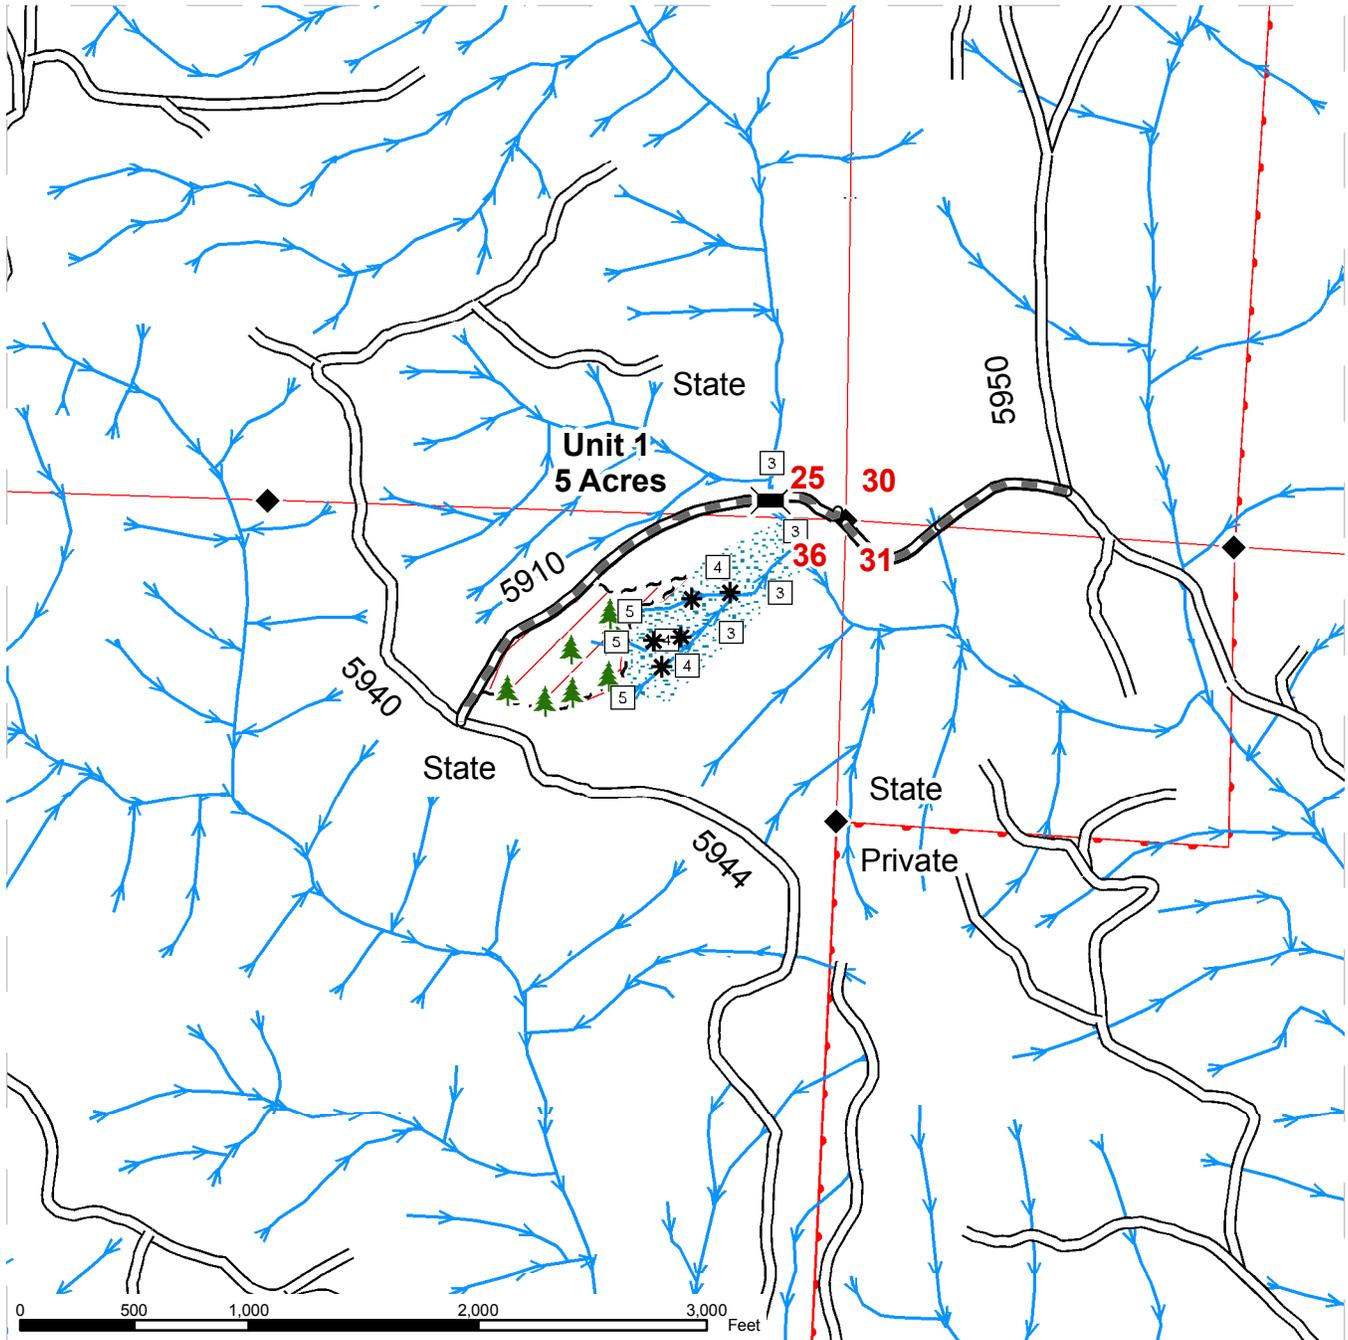

**SPECIAL REMARKS:** None.

**EXPIRATION DATE:** September 30, 2011 **ALLOCATION:** Export Restricted

**BID DEPOSIT:** \$20,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

**HARVEST METHOD:** Cable; cable or shovel on slopes 35% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

## TIMBER NOTICE OF SALE

---

**ROADS:** 91.14 stations of required reconstruction. 134.08 stations of optional construction.  
134.08 stations of road to be abandoned if built.

Development of an existing hardrock source (BR-4602-0502 Hard Rock Pit) at station 9+28 of the BR-4602-05 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate approximately 797 cubic yards of riprap and approximately 13,740 cubic yards of 3-inch-minus ballast rock. This rock is available at no cost on State land.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

### **ACREAGE DETERMINATION**

**CRUISE METHOD:** Acres determined by GPS traverse. 107.9 acres gross. 4.3 acres deducted for green tree retention clumps and 0.7 acre deducted for existing road. 102.9 acres net. Cruised using variable plot method. Expansion factor used is 54.45 in all but 0.8 acre R/W leading to Unit #1 where 40.00 was used. Sighting height is 4.5 feet. Grid size plot spacing is 300 x 300 feet in Unit #1 and RMZ; 280 x 200 feet in Unit #2; 300 x 300 in RMZ; and 500 feet apart in R/W. Plot ratio cruise count is 1:1 in Unit #1 and Unit #2; and cruised all in RMZ and R/W leading to Unit #1. 26 plots were taken in Unit #1, 30 plots taken in Unit #2, 13 plots were taken in RMZ, and 5 plots in right-of-way leading to Unit #1 for a total of 74 plots.

**FEES:** \$32,701.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

**SPECIAL REMARKS:** 1) Blue special management tags mark the boundary of the RMZ in Unit #1.

**Schedule B**  
**Del Vista Riparian Thinning Prescription**

**PRESCRIPTION:**

Cut all hardwoods and cut western hemlock 8 to 11 inches DBH while maintaining an average of 88 trees per acre (22'x22' spacing). Trees tagged with blue special management tags that meet the prescription are take trees.

**CABLE CORRIDORS:**

Landings shall be located to provide for parallel yarding corridors whenever possible. All corridors shall be field located and approved by the Contract Administrator prior to falling. Corridors shall be limited to 12-feet including rub trees. Corridors shall be at least 100 feet apart when parallel as measured from the center of the corridors. When radial yarding corridors are necessary from a central landing, the distance between yarding corridors must be no closer than 100 feet where the corridor leaves the unit as measured from the center of the corridors.

**GROUND BASE AREAS:**

Corridors in ground base areas shall be limited to length of 30' from the beginning of the RMZ's blue tags. Corridors should not exceed 15' in width. Equipment must remain 30' from the inner zone area white tags.

The majority of timber should be able to be directionally felled toward unit boundary (away from the stream).

**COMPARTMENTS FOR ASSESMENT OF DAMAGES**

(Per contract clauses H-012 and D-040.)

- A        The three northeasterly RMZs.
- B        The three southwesterly RMZs.

**DOWN WOOD AND SNAG RECRUITMENT:**

Five trees per acre for a total of 90, shall be felled from (origin point of where they are felled shall be no greater than 25' from stream) no further than 25' from the inner zone (white tags) toward each stream channel. These trees should be from the dominant DBH classes. This shall be uniformly distributed.

**CERTIFICATION OF FALLERS AND YARDER OPERATORS**

(Additional requirements beyond those outlined in H-011)

The Contract Administrator and faller/harvester operator shall jointly review the take tree selection criteria as outlined in Schedule B of the sale contract.

In conjunction with the Contract Administrator, the faller/harvest operator shall mark a designated area as a test plot within the sale area boundary. Satisfactory thinning of the test plot completes the certification process.

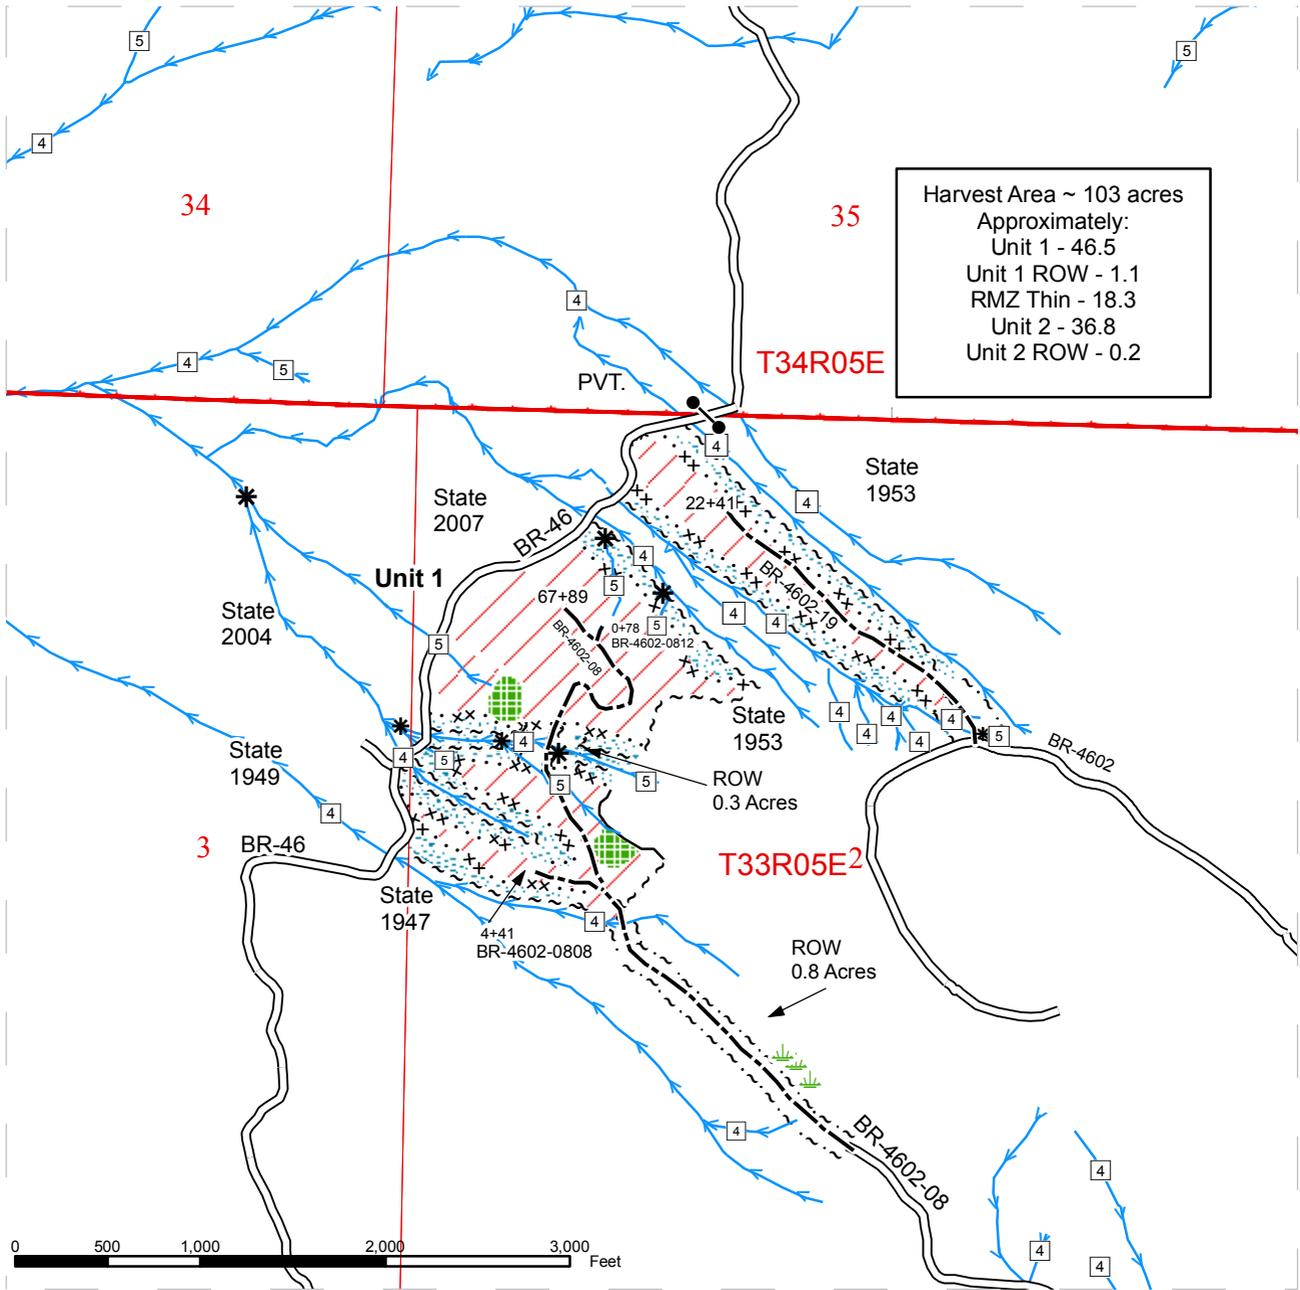

Certifications shall be issued to individuals when they demonstrate to the Contract Administrator their ability to perform within the requirements set forth in the contract.

Permission to deviate in any manner from this prescription must be approved in writing by the Contract Administrator.

**BID DEPOSIT:** \$17,300.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

**HARVEST METHOD:** Cable; cable or shovel on slopes 30% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and erosion.

**ROADS:** 43.22 stations of required construction. 350.12 stations of required reconstruction. 25.09 stations of optional construction. 25.09 stations of road to be abandoned if built. Approximately 26,970 feet of brushing (listed as road reconstruction) are part of the Road Plan. Purchaser shall abate the dust on the BC-1000 (Sta. 0+00 – Sta. 63+04) while hauling.

Development of an existing gravel source (S-1100 Pit) at milepost 0.4 of the S-1100 Road will involve processing rock to generate approximately 2,603 cubic yards of gravel ballast. This rock is available at no cost on State land.

## TIMBER NOTICE OF SALE

---

Development of a proposed hardrock source (BC-1000 Pit) at station 263+70 of the BC-1000 Road will involve clearing, stripping, drilling, shooting and processing rock to generate 138 cubic yards of riprap and 4,438 cubic yards of subgrade ballast rock. This rock is available at no cost on State land.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

### **ACREAGE DETERMINATION**

**CRUISE METHOD:** Acres determined by GPS traverse. 130.9 acres gross. 2.8 acres deducted for green tree retention clumps, 32.1 acres deducted for stream buffers, and 10 acres deducted for slope stability. 86 acres net. Cruised using variable plot method. Expansion factor used is 54.45. Sighting height is 4.5 feet. Grid size plot spacing is 300 x 200 feet in the Unit. Plot ratio cruise count is 1:1 in the Unit. 58 plots were taken.

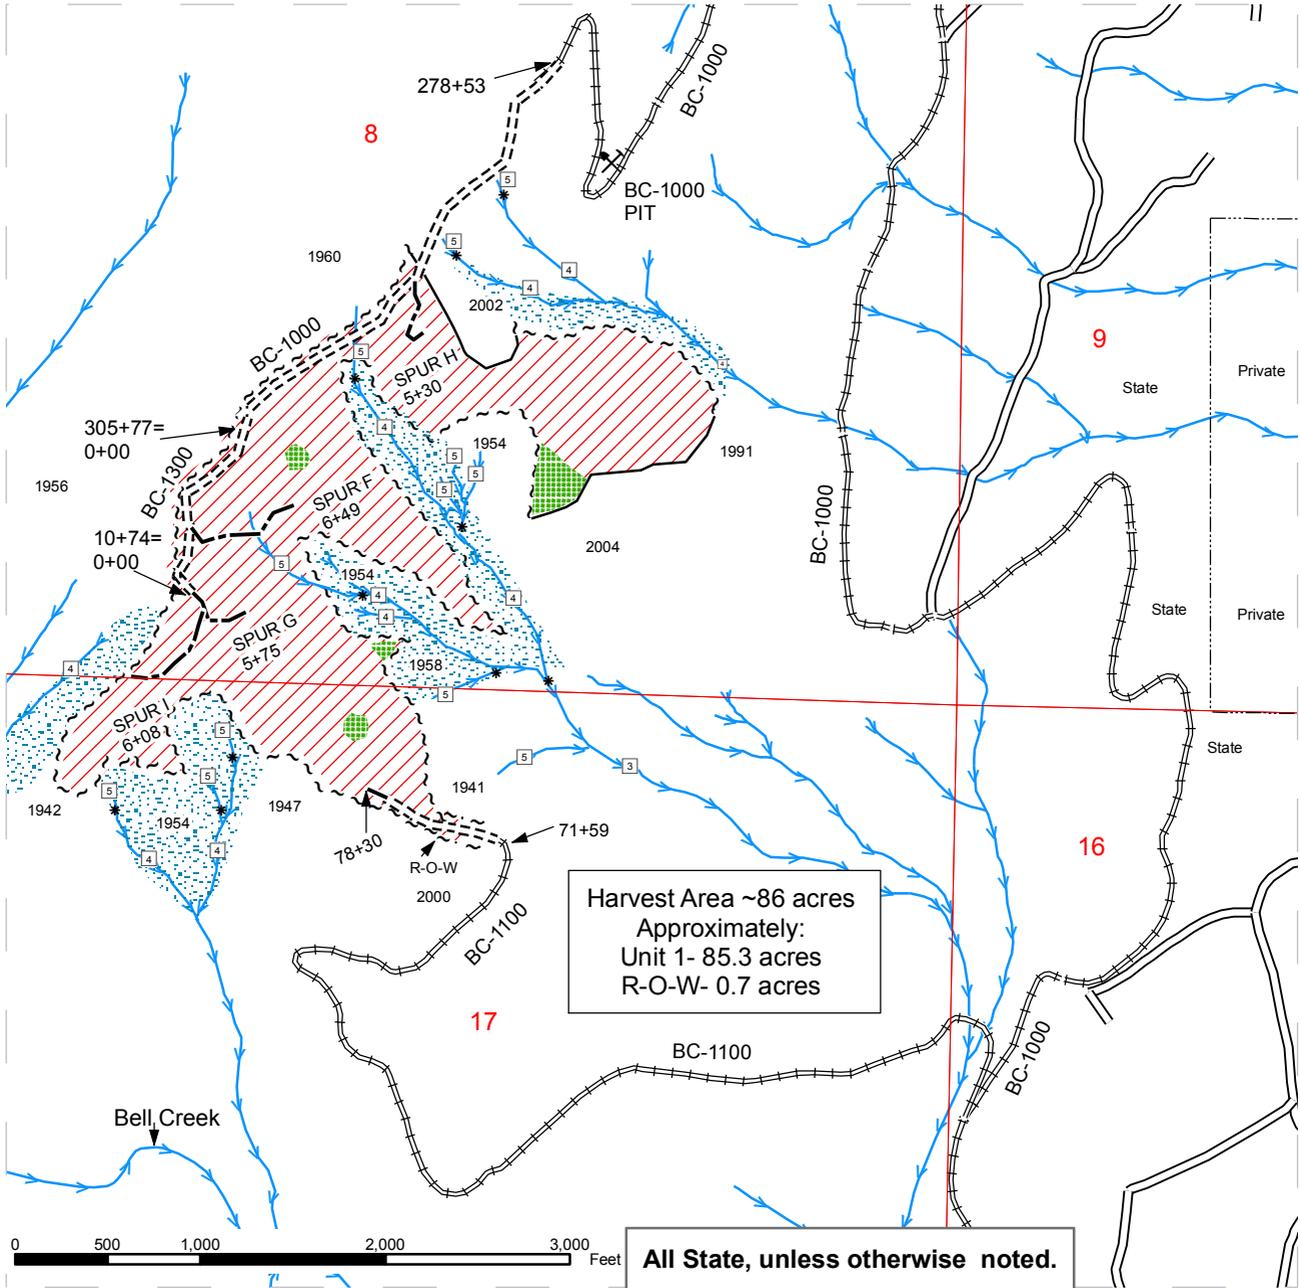

**FEES:** \$27,692.50 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

**SPECIAL REMARKS:** Timing restriction on the S-1100 Rock Pit. Activities at the S-1100 Pit between December 01 and February 15 may occur only during daylight hours from 1 hour after sunrise to 1 hour before sunset.
