Appendix F. Maps of Marbled Murrelet Conservation Areas by Alternative

Maps in this section are provided at various scales to illustrate proposed conservation areas for each alternative. Maps showing each planning unit are provided for every alternative. In addition, for those alternatives with emphasis areas, special habitat areas, and/or marbled murrelet management areas (MMMAs), “zoomed in” maps are provided to more clearly identify the location of these conservation areas.

Emphasis areas, special habitat areas, and MMMAs are labeled with unique identifiers (names or numbers) for reference purposes only.
Alternative A: OESF planning unit

- Analysis Area
- HCP Planning Units
- Occupied sites and buffers
- LTFC - existing conservation
- LTFC - Marbled Murrelet - specific conservation
- DNR-Managed Land (Not LTFC)
Alternative A: Straits planning unit

I. Analysis Area

- Occupied sites and buffers
- LTFC - existing conservation
- LTFC - Marbled Murrelet - specific conservation
- DNR-Managed Land (Not LTFC)
Alternative A: South Puget planning unit (includes small portion of Yakima planning unit)

Alternative A: Columbia planning unit
Alternative A: Columbia planning unit

- Analysis Area
- HCP Planning Units
- Occupied sites and buffers
- LTFC - existing conservation
- LTFC - Marbled Murrelet - specific conservation
- DNR-Managed Land (Not LTFC)
Alternative A: South Coast planning unit
Alternative B: Straits planning unit
Alternative B: South Puget planning unit (includes small portion of Yakima Planning unit)
